NH House and Senate Actively Working on Solution to Energy Crisis

Concord, NH: House Speaker Sherman Packard (R-Londonderry) and Senate Majority Leader Jeb Bradley (R-Wolfeboro) issued the following joint statement in response to soaring energy costs and the anticipated difficulties this winter:

House Speaker Sherman Packard:

“The House and Senate are actively working on a legislative solution to help ease the burden on New Hampshire families as energy prices continue to soar. Our priority is to help secure relief for those who are worried about having to choose between putting food on the table and heating their homes this winter.”

Senate Majority Leader Jeb Bradley:

“I look forward to working with Speaker Packard to address this very real crisis for New Hampshire families. Soaring energy costs are extraordinarily difficult for our state, and I salute Speaker Packard’s leadership.”
