New Hampshire House Passes Bipartisan Budget

Concord, NH: House Speaker Sherman Packard (R-Londonderry) responds to the passage of the state budget bills, HB 1 and HB 2 as amended, by the House on a voice vote:

“Today, the House of Representatives passed a bipartisan budget that is truly for the good of the People. We recognize the importance of keeping the NH Advantage. This budget provides the framework to accelerate and support the success of NH families and businesses.

I want to thank the hard work of the Finance Committee for their diligence in crafting a balanced and responsible budget. It is not easy being a full-time volunteer to ensure the state’s needs continue to be met. I recognize that, and I want to thank all of those who make sacrifices to serve in the legislature, especially those who work day and night on budget matters. We were able to get the work done on time, and we are ready to move forward in the next step of the budget process where this will go to the Senate.”
