Senate Tables House Bill 360

Concord, NH - Senator Jeb Bradley released the following statement on the Senate's unanimous vote to table House Bill 360, relative to the legalization of marijuana:

"As with any piece of legislation that comes to the floor of the New Hampshire Senate, the first thought is how it will affect our state and our families," stated Senator Bradley.

"With our communities facing the harsh reality of open borders from both the north and the south, the focus needs to remain on protecting Granite Staters. We're seeing record numbers of overdoses and unprecedented lethal drug apprehensions, not to mention specific deaths caused by cannabis laced with Fentanyl. Now is not the time to encourage the use of another uncontrolled substance."
