### **Senate Increases Medication Access for Cancer Patients**

**CONCORD, NH** – Senator Kevin Avard (R- Nashua), released the following statement today on the Senate passing SB 458-FN, relative to the dispensing of certain medications:

“Lifesaving medication shouldn’t be limited to a 30-day supply for cancer patients. This bill increases the dispensing of prescription drugs to a 60-day supply of noncontrolled oral anti-cancer medication. Having a larger supply available for patients will help ease the stress of needing to refill their prescription every month.”
