**DESCRIPTION:**

**FST Mission: We are committed to training, educating, and certifying emergency and community responders to protect the citizens and visitors of New Hampshire.**

Fire Standards Administration & EMS (Acct Unit 40650000) and Fire Standards Instruction (Acct Unit 46520000)

Over the past 10 to 15 years, the role of the fire service and emergency medical services has expanded tremendously. These responsibilities continue to expand based on the changing landscape from natural disasters, terrorism, opioid crisis, active shooter and local public health emergencies. When citizens within the State are confronted with a situation in which they require assistance, the call characteristically goes to the local first responder organization. Local first responders and their agencies rely on the Division as a resource to provide the essential training in these areas as well as guidance and coordination of the emergency medical services (EMS).

The Division's services are unique to any other organization; being the only organization that is nationally accredited for firefighter certification as well as being the licensing organization for EMS. The training and services that are provided cover a vast demographic of first responders from firefighter, EMS providers, law enforcement, public works and citizen volunteers.

Municipalities continue to look to the Division to provide training and certification programs as well as maintaining and improving the EMS system throughout the State. Providing training and education to first responders allows them to maintain and increase the services provided to their citizens.

The cost of training and educating these providers in the state has always been high, with the demand growing, the cost continues to grow. The state-wide need for both basic and specialized training remains very high.

AGENCY	023	SAFETY DEPT
ACTIVITY	FST237010	FIRE STANDARDS - TRNG - EMS

Both fire and EMS training is resource intensive and is required to be delivered throughout the entire state on a local level to be effective. Substantial purchases of basic fire and EMS equipment and consumables are required, as most training programs teach manipulative skills.

The Division is also responsible for statewide management and coordination of EMS and Trauma systems and is accomplished by planning and providing resources for the coordination of the systems. Additionally, the licensure of EMS providers, units, instructors, and EMS dispatchers are all overseen by the Division. Lastly, the Division coordinates and maintains a statewide electronic patient care reporting system for use by EMS, as well as the statewide Trauma Registry. These data repositories are used to research improvements within our EMS system.

Nat'l Fire Acdy & FED Grants (Acct Unit 44570000)

The National Fire Academy dispenses grants to all state training agencies to train first responders in programs developed by the National Fire Academy. These programs are administered and taught by local instructors through the State Fire Academy and these programs are able to be taught throughout the state to make it more accessible to local first responders.

Along with the National Fire Academy grants the Division also received grants through the Assistants for Firefighters grant. This grant enables the Division to purchase additional equipment to support fire and EMS training throughout the State.

Lastly, the Substance Abuse and Mental Health Services Administration (SAMHSA) federal grant was received to develop and implement a novel strategy using first responders to prevent opioid overdoses and facilitate an at-risk person's entrance into treatment. The funds will be used to provide sub grants to communities whereby first responders will perform house calls after an overdose and educate at-risk persons and their support systems on opioid addiction, performing life-saving skills including CPR, rescue breathing, and naloxone administration, and how to access treatment services in their area. The funds will also be used to increase the number of first responders capable of administering naloxone.

Fire Stds & Training Grants (Acct Unit 3340000)

The Division also has received other grants in the past, typically from the Highway Safety Agency or Health and Human Services. These grants are directed to the improvement of the emergency medical service system within the State.

DEPARTMENT	00023	SAFETY DEPT
AGENCY	023	SAFETY DEPT
ACTIVITY	FSF238010	FIRE SAFETY

**STATUTORY BASIS:**

RSA 21-P:4 V, VII, VIII; 21-P:12; 21-P:14; 153; 153:8-a I (d); 153:10-c; 153:11; 153:27-38; 154; 155-A; 160-B & C; 205-C; 225-A; 321-A; 339-F; 541-A and 621:8

**DESCRIPTION:**

**FS Mission: It is the mission of the Division of Fire Safety, Office of the State Fire Marshal to prevent deaths, injury and property loss by promoting a safe fire, building, and hazardous materials environment for the citizens and visitors of New Hampshire through education, engineering, investigation and enforcement.**

AU 66310000: Fire Safety Administration

Our goal in this section is to increase full and part time fire inspection staff to accomplish more life safety and fire inspection activities of state owned buildings so that each state building occupied by the public is inspected by the Division of Fire Safety at least once every five years and high life safety risk occupancies are inspected once or twice per year.

*National Fire Incident Reporting System (NFIRS)*

The NFIRS system collects incident data from fire departments across the state which provides details on the types of incidents that fire departments respond to and it provides the division with data to review what types of fires are occurring in New Hampshire. Our ongoing goal in this section is to provide more outreach programs and increase the number of fire departments reporting into the system, which will provide more accurate data about the fire problem in our state.

*Public Education Program*

The ongoing goal in this section is to provide more public safety outreach programs to the public and 'train the trainer' type programs to the fire service so that participating fire departments can properly provide safety education to the citizens in their communities. These programs also reduce risk to our citizens and visitors to the state through fire and carbon monoxide safety education.

CATEGORY	02	ADMIN OF JUSTICE AND PUBLIC PRTN
DEPARTMENT	00023	SAFETY DEPT
AGENCY	023	SAFETY DEPT
ACTIVITY	FSF238010	FIRE SAFETY

*Building Safety and Construction*

Our goal in this section is to continue and maintain improvement in the time of response to variance requests. These requests can be quite comprehensive and consume large amounts of personnel time researching the request and supporting documents.

The state building permit program is relatively new and additional resources are needed to properly manage the program to reduce time that businesses have to wait for permits and inspections. The goal in this section is to reduce the number of days it takes to issue and complete the inspections for a building permit. Reducing the time that businesses have to wait for a permit and inspections saves them money

*Hazardous Materials Coordinator*

The hazardous materials coordinator and part time assistant personnel provide training to the regional hazmat teams as well as fire service and law enforcement personnel throughout the state to ensure the safety of first responders to hazardous materials incidents and clandestine laboratories. Our goal in this section is to provide additional training in these hazards to our first responders and those in need of this training.

*Investigations*

Fire, explosion, building collapse, and carbon monoxide investigations are complicated and lengthy investigations. Our goal in this section is to audit the open investigations quarterly and continue to evaluate open cases and work productivity to ensure that the cases are being thoroughly investigated and documented properly.

AU 50060000: Mechanical Safety

This section's mission is to provide public safety with respect to mechanical, fuel gas, oil heat, and plumbing systems through safety inspections, licensing compliance and education to protect the residents, citizens and visitors to the state. The goal in this section is to increase total statewide outreach and training programs that are provided to businesses and technicians who are licensed to do this type of work. This will enhance consistency regarding installation and service requirements.

(A) Efficiency Budget Statute/Rule Changes:

Modify RSA 153-A:15 to deposit the sums obtained from fees charged for licensure to the Fire Fund established in RSA 21:P:12-d. Goal #s FST-1 through FST-5 and FS-1 through FS-3 and FS-5 through FS-7.

(B) Additional Statute/Rule Changes: None

(C) Any Other Requests:

The Fire Safety Administration accounting unit 66310000 is funded 53.45% with revenue from the Fire Standards and Training and Emergency Medical Services Fund (established per RSA 21-P:12-d). Agency Efficiency 2020 amount is \$1,958,369 and Agency Efficiency 2021 amount is \$2,045,937. Funding Fire Safety Administration with 100% General Funds will allow the Fire Standards and Training and Emergency Medical Services Fund to fully support the Division of Fire Standards Training and EMS operations long term.

(D) Other Footnote Requests:

*Accounting Unit 5006 - Mechanical Safety* - Establishment of fees by Boards. All Boards and Commissions which have not already established fees for examinations applicants, applicants for a license or registration, a publication which they sell or any other program for which they are specifically authorized to

charge a fee shall adopt rules under RSA 541-A relative to fees for such programs. Such fees shall recover, on an annual or biennial basis, the full cost of the program, including the cost of support and administrative services provided by other agencies, or 125% of the direct cost of the Board or Commission relating to the program, whichever is greater. A Board or Commission which establishes fees for examination applicants may expend such funds for examinations, related services, or supplies as needed, but not to exceed the direct cost of the examination.

*Accounting Unit 5007 - Modular Building Program* - Establishment of fees by Boards. All Boards and Commissions which have not already established fees for examinations applicants, applicants for a license or registration, a publication which they sell or any other program for which they are specifically authorized to charge a fee shall adopt rules under RSA 541-A relative to fees for such programs. Such fees shall recover, on an annual or biennial basis, the full cost of the program, including the cost of support and administrative services provided by other agencies, or 125% of the direct cost of the Board or Commission relating to the program, whichever is greater. Prioritized Need	AMOUNT	SOURCE OF FUNDS	EXPLANATION
1	786,081	H	<b>Information Technology (Acct Unit: 23300000).</b> Additional Class 27 related to Agency Direct Shared DOIT expenses.
2	56,075	H	<b>Equipment Control (Acct Unit: 23200000).</b> A new Stock Clerk III position to re-instate a full time warehouse position that was transferred to CM after layoffs. This position will fill critical role in receiving where workload is currently bottleneck and backloging. Full time permanent assignment of one employee will ensure consistency and accuracy as well as establish a single knowledgeable contact for customers. Position will be cross-trained for other duties to fill in during absences/vacations. Goal # ADM-5
3	63,246	O	<b>Business Office (Acct Unit: 23100000).</b> A new Accountant I position will function in the Accounts Payables area and engage in approvals of field purchase order requests and requests from the Divisions to use their P-Cards. These approvals will relieve the Administrator of the Business Office from engaging in these efforts. Goal # ADM-3

***Department of Insurance (DOI)***

***DOI*** - The mission of the New Hampshire Insurance Department is to "promote and protect the public good by ensuring the existence of a safe and competitive insurance marketplace through the development and enforcement of the insurance laws of the State of New Hampshire. We are committed to doing so in an honest, effective, and timely manner. In pursuit of our mission we will treat all out constituencies in an open, fair, and respectful manner and will strive to uphold the highest professional, ethical and quality standards."

The Department is charged with enforcing the insurance laws of the State of New Hampshire - Title XXXVII, RSA 400-A through RSA 420-N. Within the Department's jurisdiction is the regulation of the life, accident and health insurance markets, as well as the property and casualty insurance markets. The Insurance Department is also responsible for the collection of New Hampshire premium taxes and fees. The Department's administrative operations are funded by an annual assessment of all domestic insurance companies. Premium tax receipts are credited to the General Fund. Title XXXVII, RSA 400-A through RSA 420-N.

**STATUTORY BASIS:**

Title XXXVII, RSA 400-A - RSA 420-K

**DESCRIPTION:**

NHID promotes and protects the public good by ensuring the existence of a safe, competitive insurance marketplace through the development and enforcement of the insurance laws of NH. Our vision is that all residents and businesses of New Hampshire are able to manage risk in a changing world. In order to achieve this mission and vision, the Insurance Department will focus on developing our organizational health and agility, ensuring that we can quickly respond to changing conditions, and that we are able to help stabilize the insurance markets for NH. We will do this by:

- Developing a sound regulatory philosophy of mitigating consumer harms and use it to guide our work.
- Working collaboratively across functional areas and product lines.
- Enhancing awareness of our work in order to increase our effectiveness.
- Developing our team’s leadership skills and capacity at all levels.
- Developing staff & department resources to support excellent, efficient work.

The department is committed to fulfilling its mission with efficient and streamlined processes. Each work unit of the department has created its own goals and objectives that contribute to the success of the agency and its mission. Our overall priority is to minimize consumer harms. We work collectively to develop goals and measures that mitigate consumer harms to the greatest extent practicable. Goals for each work unit will continually evolve to fulfill our mission in an ever changing marketplace.

**Department of Labor**

It is the Mission of the New Hampshire Department of Labor to serve and protect the interests and dignity of the New Hampshire workforce. It is our vision to be recognized as being a proactive and accessible resource to employees & employers; ensuring fair and consistent labor practices; utilizing progressive technologies; having efficient and responsive processes; treating all individuals with respect and courtesy; and being competent and professional.

The Department of Labor helps employers and insurance carriers to operate successfully within New Hampshire's labor laws. We encourage a successful, fair, and safe workplace throughout the Granite State.

**Administration and Support (LAB)**

**LAB-** The Division of Administration and Support AU 60000000 provides Department-wide leadership and vision for the staff and programs of the agency. This division includes the offices of the Commissioner and Deputy Commissioner, as well as centralized functions including finance, budget, human resources, payroll, legal services, and other agency-wide administrative support functions.

RSA: 273, 275, 276-A, 277, 277-A, 278, 279, 281-A, 157-A, 275

**Inspection Division (INS)**

**INS-** To Protect the public safety and economic well-being of New Hampshire's workforce through enforcement and education.

RSA: 273,157-A,157-B, 275, 275-A, 275-E, 275-F, 276-A, 277, 277-B, 2

**Workers' Compensation Division (WKC)**

**WKC-** To protect the rights of all parties by effectively, efficiently, and equitably administering the workers' compensation statute and treating all parties with dignity and respect.

RSA: 281-A, Lab 100-700

**DESCRIPTION:**

**INSPECTION DIVISION –TO PROTECT THE PUBLIC SAFETY AND ECONOMIC WELL BEING OF NEW HAMPSHIRE'S WORKFORCE THROUGH ENFORCEMENT AND EDUCATION.**

Field personnel conduct inspections of establishments for compliance of all laws, handle complaints, assist new businesses, and perform physical inspections of elevators, boilers and pressure vessels. Training for businesses is conducted throughout the year. We hope to increase our number of inspections, and work more collaboratively with employers by encouraging participation in a self- audit program similar to the one instituted by USDOL.

ACTIVITY	WKC261010	WORKERS COMPENSATION

**STATUTORY BASIS:**

RSA 281-A, New Hampshire Workers' Compensation Law; Lab 100-700 + 1500 New Hampshire Administrative Rules relative to Workers' Compensation Statute.

**DESCRIPTION:**

**WORKERS' COMPENSATION DIVISION (WKC) –62000000**

**WKC-** To protect the rights of all parties by effectively, efficiently and equitably administering the workers' compensation statute and treating all parties with dignity and respect.

The Workers' Compensation Division administers the statute, ensures employers retain insurance coverage, oversees the accuracy and timeliness of medical and indemnity claims processed by employers and insurers; administers and adjudicates disputed cases; provides guidance and supervision in rehabilitation of claimants; reviews, approves or rejects employer petitions for self-insurance permits and administers three special funds: special fund for active cases, special fund for second injuries and the administration fund. The division's revenues are drawn from the administration fund assessed against workers' compensation insurance carriers as per RSA 281-A:59. Additionally, the division's administrative and clerical staff provide support to the Compensation Appeals Board (33 members appointed by the Governor and Council). The division currently consists of 45 staff.

*The mission of the State of New Hampshire Department of Employment Security (NHES) is to:*

- *Operate a free public Employment Service through a statewide network of Job and Information Centers, providing a broad range of assisted and self-directed employment and career related services, and labor market information to all customers.*
- *Pay Unemployment Compensation benefits in a timely manner to eligible claimants and collect the tax which funds these payments.*
- *Develop and disseminate labor market information and provide measurements of labor market outcome to assist local and state officials, private employers, educators and trainers and the public in making decisions which promote economic development and the efficient use of state labor resources.*

The State of New Hampshire Department of Employment Security is comprised of three bureaus:

Unemployment Compensation Bureau (UCB)

The mission of the Unemployment Compensation Bureau is to pay benefits to eligible claimants temporarily unemployed or underemployed through no fault of their own, and to collect taxes from employers to fund the benefit payments.

Employment Service Bureau and Operations (ESB)

The mission of the Employment Service Bureau and Operations is to: operate a free public Employment Service which benefits the job seeker, the employer, and the economy, by helping people find work through work search programs, employment information and economic and labor market information; and by assisting employers with job openings, and economic and labor market information which benefits the employer in making informed decisions about their business, relative to the economy.

Economic and Labor Market Information Bureau (ELMIB)

The Economic and Labor Market Information Bureau develops and disseminates labor market information and measures labor market outcomes to assist public officials, private employers, educators and trainers, and the public in making decisions that promote economic opportunity and the efficient use of state labor resources. The Economic and Labor Market Information Bureau is the resource for employment statistics, demographics, and economic and labor market information in New Hampshire, including the Unemployment Rate.

**STATUTORY BASIS:**

RSA 282-A

**DESCRIPTION:**

The State of New Hampshire Department of Employment Security (NHES) provides services to applicants and job seekers, takes claims and pays benefits to temporarily unemployed workers. These services are provided through its statewide network of twelve (12) local Resource Centers and its centralized Benefit Adjudication Units. Each center is electronically linked through a wide area network to the Administrative Offices. Local Resource Centers for serving applicants for jobs and Unemployment Compensation claimants are located in Berlin, Claremont, Concord, Conway, Keene, Laconia, Littleton, Manchester, Nashua, Portsmouth, Salem and Somersworth. Full-time staff for these offices vary depending on the level of activity and unemployment rate, from three (3) in Conway, Laconia and Littleton to ten (10) in Manchester. Many of the full-time staff are shared between multiple offices and the majority of managers are in charge of two (2) offices. NHES also provides services through three (3) itinerant sites in Plymouth, Exeter and Colebrook. Exeter and Plymouth are covered part-time by staff located in one of the twelve (12) Local Offices. Colebrook provides services with one full-time and one part-time staff. The Conway, Laconia, Nashua and Somersworth local offices also house regional Benefit Adjudication Units. The Central Office houses the local Concord Resource Center, a regional Benefits Adjudication Unit, Wage & Special Programs Unit and the Appeals Unit. The Central Office also houses Administrative support groups including the Quality Control Unit, the Benefit Payment Control Unit, the NHES Print Shop, the Employment Service/Operations Bureau (ESB), the Economic & Labor Market Information Bureau (ELMIB) and the WECARE staff, devoted to the support of staff utilizing the benefit payment system as well as enhancements and testing for that system. The staff in the central administrative office in Concord carry on the usual support services such as Administrative Services, Fiscal Management, Information Technology & Electronic Data Processing, Human Resources & Training, Public Relations and Legal. The central office also houses the Contributions (tax) Unit and the Unemployment Compensation Bureau (UCB).

It is necessary to constantly adjust the number of employees of the department to coincide with the changing workload (fluctuations in unemployment claim levels). The major fluctuations in staff such as required by the sharp increases in 1974-75, again in 1981-82 and most recently in 2008-10, are handled by increasing both the number of individuals and the amount of time worked for all individuals, including overtime. Most positions, both full-time and part-time, that are added during periods of extreme volume are temporary in nature. During the most recent recessionary period, the total number of staff reached a high of 465 and has been reduced to 260 as of June 2018. Both the UCB and ESB staff numbers fluctuate depending on the number of programs to administer, the funding available and the unemployment rate. Additional resources are also added to other parts of the Agency to support the volume generated by the ESB and UCB.

**NHES PROGRAMS**

Unemployment Insurance - The UCB processes claims, makes monetary and non-monetary eligibility determinations and handles all benefit payment activities for a variety of programs, including regular unemployment (UI), Trade (TRA) and Disaster Unemployment (DUA) for both in-state and out-of-state claimants with New Hampshire wage credits. A large number of the temporary staff is hired for this bureau to meet the demands of the cyclical economy and is generally reduced by attrition as the economy improves and temporary staff find permanent employment or are promoted into permanent positions vacated by retirement. When additional programs such as Emergency Compensation (EUC) and Extended Benefits (EB) are in place, such as during the most recent recession, even more staff are needed. Both the EB program and the EUC program are not currently active. The EB program ended in 2010 and the EUC program ended on December 31, 2013.

NHES Quality Control and Benefit Payment Control Units focus on detecting instances of fraudulent claims and/or payment of benefits as well as other non-fraudulent improper payments. There is also a program under which employers are audited to assure compliance with the tax provisions of the law that is administered by the Contributions Section.

Tax Collections - The Contributions Unit is responsible for the collection of taxes on wages required by RSA 282-A. The Benefit Section's Wages & Special Programs Unit pays Unemployment Compensation on authorization from the area offices through automated remote and web-based claims systems, and keeps records of employers' wage payments. The Appeals Unit is responsible for holding hearings and making decisions on the basis of appeals from claimants or employers.

In terms of the program dollars, the major activity of NHES involves the collection of employer taxes and payment of Unemployment Compensation benefits. The Unemployment Compensation system envisions the accumulation of a fund, over time, sufficient to pay not only current or year-to-date Unemployment Compensation (UC) benefits but also higher than normal UC benefit outlays in periods of high unemployment, such as experienced in 1975-1976, in 1980-1983, in 1990-1994, in 2002-2004 and most recently in 2008-2010. The state has approximately 41,367 employers with reported employment covered under the Unemployment Compensation law. They employed approximately 653,487 individuals and paid wages of \$36,032,079,000 (2017 calendar year).

A system of merit rating of employers and rate reductions on the basis of the Unemployment Compensation Trust Fund (UCTF) level, makes it possible to build a reserve to take care of the periods of high claims. The UCTF reserve was heavily drained in 1975-1976 to a level of \$37,759,138 on June 30, 1975 and reached a low of \$21,726,140 on April 12, 1976. The UCTF was drained to a lesser degree in 1980-1983. The UCTF was rebuilt as a result of the favorable economy from 1983 through 1988. The UCTF stood at \$178,090,506 as of June 30, 1988 and was at \$199,325,684 as of June 30, 1989. After reaching a high of \$203,554,015 on November 6, 1989, an economic

AGENCY	027	EMPLOYMENT SECURITY DEPT
ACTIVITY	EMS270010	EMPLOYMENT SECURITY

slowdown reduced the UCTF to \$131,116,153 as of June 30, 1992. The UCTF regained to a new high of \$321,595,413 on August 4, 2000, increased further to \$339,632,268 as of June 30, 2001 and dipped to \$323,778,387 on June 30, 2002. This balance would have been lower by \$38,475,620 which was the amount distributed from Reed Act funding by the US Department of Labor on March 13, 2002 as a special Reed Act distribution under the Job Creation and Worker Assistance Act of 2002. Due to the long-term economic slow-down running from 2002 into 2004 with the associated high unemployment demands on the UCTF, the UCTF reached a low of \$239,404,188 as of June 30, 2004. The UCTF was at \$270,819,647 as of June 30, 2006. An economic slowdown again in 2007-2008 caused the Trust Fund to reach a low of \$200,719,635 as of September 30, 2008. In December of 2009, the UCTF continued its decline to a low of \$12,909,553. In March of 2010, the Department began borrowing from the Federal Government. Legislation was passed to add a second 0.5% emergency surcharge. In the last 3 quarters of 2009, a 0.5% surcharge was in effect because of the solvency issue of the UCTF. A full 1.0% surcharge went into effect for all quarters of 2010, 2011 and the first 3 quarters of 2012. The surcharge then dropped back to 0.5% for the fourth quarter 2012 through third quarter 2013. Since the fourth quarter 2013 there have been no surcharges in effect. From 2010 through third quarter 2014, negative rated employers were also charged an additional 1.5% surcharge. The taxable wage base increased from \$8,000 to \$10,000 in 2010, from \$10,000 to \$12,000 in 2011 and from \$12,000 to \$14,000 for 2012. A third tax schedule was added beginning July 1, 2010 for negative rated employers.

New Hire - Since 1997, every employing unit providing employment in New Hampshire has been required to report to NHES all newly hired and rehired employees, and certain independent contractors. Program responsibility for the New Hire program falls under the authority of New Hampshire Department of Health and Human Services (NHDHHS) which contracts with NHES to administer the program.

The new hire information reported to NHES is used to create a state directory of new hires and a national directory of new hires. The information in the directory must be provided to NHDHHS who then matches the directory information against their child support records to locate non-custodial parents, establish child support orders, or enforce an existing order. The information is also used to protect the integrity of the unemployment insurance program. A cross-match is performed against unemployment benefit weeks paid to identify individuals who may be working and collecting benefits for the same week(s). The Benefit Payment Control Unit investigates and issues an overpayment and determination of fraud in appropriate cases. In 2017, NHES reported 281,869 new hires to NHDHHS, compared with 263,502 in 2016.

Employment Service - The ESB is responsible for the delivery of service in the operation of free public employment services by assisting applicants in their employment and re-employment endeavors as well as to assist employers by receiving their job orders and matching qualified applicants. In each of twelve (12) local NH WORKS centers and three (3) itinerant sites, a self-service environment has been established to provide customers with access to a broad range of information and resources to assist them with their employment related needs. The current menu of information and resources includes, but is not limited to information related to employment opportunities, access to New Hampshire's web based Job match System (JMS) that offers an automated job matching system, resume writing program, assessment tools, labor market

information and educational information programs driven by O\*Net, the nation's Occupational Information Network. The NH WORKS centers also provide a library offering employment related books and videos, DVDs, photocopy and fax machines, assistive technology, and access to telephones to contact local employers.

The ESB administers the Work Opportunity Tax Credit Program, the Employer Services Program, the Reemployment Services and Eligibility Assessment Program, the Return-to-Work Program, the Alien Labor Certification Program, the Veterans programs, the Pathway to Work Program, the Trade Act Program, the Job Fair Program, and the Granite Workforce Pilot Program. ESB activity in the Trade Act Program continues to be provided to customers laid off as a result of company closings. ESB has been involved in the continuation of the One-Stop Career Center Program as a continuing effort by NHES and several partner agencies to run American Job Centers in each of the twelve (12) NHES locations statewide after initial implementation through multi-year federal grants from the US Department of Labor.

Reemployment Services and Eligibility Assessment (RESEA) - The RESEA Program is conducted in New Hampshire's NH WORKS American Job Centers. Staff provide intensive case management to selected claimants from their respective offices. New Hampshire uses the profiling model to identify those claimants who do not have a return to work date and who are not customarily hired through the union hall. The current process is to use the current model but select all UI recipients. When the UI rate increases, NHES will revert to selecting the top 30% of those claimants most likely to exhaust benefits (claimants that have a profiling score greater than the average profiling score during a particular week), new UCX claimants and will also select all veterans receiving unemployment benefits for RESEA services. The initial Eligibility Review Interviews (ERI) / RESEA Orientation is conducted three to four weeks after filing their initial claim. This is a comprehensive overview of services available as well as resume and job search information to assist the claimant to return to work. The RESEA claimant is further scheduled for two (2) in-person visits with the RESEA staff person at the American Job Center on an average every three weeks for intensive case management.

Foreign Labor Certification - Before the Immigration and Naturalization Service issues visas to admit certain foreign workers as permanent or temporary residents of the United States, the Secretary of Labor must certify that: (a) there are not sufficient U.S. workers in the area where the foreign worker is to perform the work who are able, willing, qualified, and available at the time of the foreign worker's application for a visa and (b) the employment of the foreign worker will not adversely affect the wages and working conditions of similarly employed US workers. Many New Hampshire employers continue to request foreign workers to fill positions in both unskilled and skilled occupations, on both a temporary (seasonal and peak workload) and permanent basis.

Permanent and non-agricultural temporary labor certification requests are now filed at the national level.

The temporary agricultural labor requests received in calendar year 2017 included 40 filings for a total of 172 workers.

Both temporary and permanent programs provide an infusion of highly motivated workers in certain hard to fill positions, as well as some of the brightest engineers, researchers, and teachers drawn from nearly every country in the world.

Migrant Seasonal Farm Workers (MSFW's) receive services on a basis which is qualitatively equivalent and quantitatively proportionate to services provided to non-MSFW's. Each one-stop center offers MSFWs the full range of career and supportive services, benefits and protections, and job and training referral services as are provided to non-MSFWs. In providing such services, the one-stop centers will consider and be sensitive to the preferences, needs, and skills of individual MSFWs and the availability of job and training opportunities.

Work Opportunity Tax Credit - Work Opportunity Tax Credit has been designed with two major objectives: 1) to address the employment and training needs of individuals who face significant barriers to employment and 2) to provide tax credits to employers who hire from its target groups.

NHES is responsible for the administration of the programs and issues all certifications. All processing is done by the central office. During calendar years 2016 & 2017, NHES received 22,906 new requests for certification. Of those, 4,758 were certified and 12,010 were denied.

Trade Adjustment Assistance - Trade Adjustment Assistance (TAA) is available to workers who lose their jobs or whose hours of work and wages are reduced as a result of foreign imports impact. Through the Trade Adjustment Assistance program, workers are helped by NHES to return to the workforce through skills training, job search and relocation allowances or other reemployment services.

The Alternative Trade Adjustment Assistance is a program for workers at least 50 years of age who become reemployed to receive 50% of the difference between their previous wage and new wage for a period up to 2 years and up to a maximum of \$10,000.00.

Local Veterans' Employment Representative - The primary purpose of the Local Veterans' Employment Representative Program (LVER) is to ensure a variety of outreach activities to promote veterans as job seekers and to advocate for veterans' employment and training opportunities with business, industry and community-based organizations. LVER staff also facilitate employment, training and placement services furnished to veterans through the State employment service delivery systems. In addition LVERs assist certain federal contractors take affirmative action to employ and advance in employment qualified covered veterans for positions with their company as required by federal law.

Disabled Veterans' Outreach Program - The purpose of the Disabled Veterans' Outreach Program (DVOP) is to provide intensive services to veterans with special employment and training needs. DVOP specialists provide intensive employment and employability development services to special disabled veterans, other disabled veterans, economically or educationally disadvantaged veterans, and veterans with other barriers to employment. In addition, DVOPs perform community outreach efforts to find veterans with significant barriers to employment to assist them in gaining employment or connecting with appropriate agencies if they are not work ready.

Mature Worker Grant – The Mature Worker Grant provides re-employment services to customers age 55 and older. Services include self-service in the Resource Center and 1-on-1 staff directed services to include workshops, job clubs, referral to training, and referrals to employment. Participants are guided through re-employment activities designed by AARP to address re-employment challenges specific to the mature worker.

Current Employment Statistics - The ELMIB screens and edits monthly employment data from private employer, and state and local government agency reports. The unit analyzes estimates produced by the Bureau of Labor Statistics. The unit researches and reports economic events for the state and provides local knowledge to the Bureau of Labor Statistics. The unit assists the Bureau of Labor Statistics with the annual benchmarking process.

Local Area Unemployment Statistics - The ELMIB prepares labor force data for the state and substate areas. The program generates labor force totals, employment totals, unemployment totals, and unemployment rates. The state totals are calculated monthly through two regression models using Current Population Survey data from the Department of Commerce, statewide nonagricultural employment totals, continued claims, and labor disputants. For local labor market areas, employment data are derived from place-of-work reports transformed to place-of-residence by means of adjustment ratios. Unemployment totals for local labor market areas are calculated from the proportional distribution of counts for unemployment compensation continued claims, and final payments. Counties, cities, and towns are calculated from the state-adjusted labor market area data. The estimates are revised each month and benchmarked in succeeding years as more complete data become available.

Occupational Employment Statistics - The ELMIB collects occupational employment and wage data by mail, fax, phone, and electronically for all non-agricultural industries over a recurring three-year cycle. The survey data is used for prevailing wage determinations for Foreign Labor Certification, and is the foundation for occupational projections in New Hampshire. The information is also used by employers, government planners, educational specialists, economic developers, and others.

Quarterly Census of Employment and Wages - The ELMIB collects data including monthly employment, total and taxable wages, contributions, and the number of units by industry and location each quarter from all firms doing business in New Hampshire. Private industry, local, state and federal government agencies; and nonprofit organizations all report under this program. Data is used by the department in publications, by the US Department of Labor to analyze the state and local economies, and

by the US Department of Commerce to prepare personal income and per capita income estimates. Product activity of every employer is collected over a four year period to update industry codes. One-quarter of all employers are surveyed each year in this recurring four year cycle.

Mass Layoff Statistics - The ELMIB utilizes UI initial claims data to identify potential plant closings and mass layoffs that continue for more than thirty days. Contact is made with employers to verify layoffs and to determine their nature and length. This information is used to analyze economic trends and develop training programs for workers permanently separated from their jobs.

Claimants identified as being separated from their employer because of a mass layoff are tracked through the UI system to collect demographic characteristics about them and economic information about the separating employer. MLS claimants who exhaust their UI benefits are identified and grouped by socioeconomic characteristics. The program tracks displaced workers who might benefit from NHES employment services or referral to other agencies.

Performance Accountability and Customer Information Agency - Performance Accountability and Customer Information Agency (PACIA) programs, for which NHES/ELMIB has been designated as the PACIA by the Governor and is under a Memorandum of Understanding with the Office of Workforce Opportunity (OWO) of the New Hampshire Department of Business and Economic Authority, operates the performance accountability system which evaluates Workforce Innovation and Opportunity Act (WIOA) Title I-B programs. To operate, the system incorporates New Hampshire Unemployment Insurance (UI) wage data and interstate UI wage data, using the Wage Record Interchange System (WRIS) and may use the New Hampshire UI system to evaluate performance accountability for other non-WIOA programs. Also, the system is used to evaluate Eligible Training Provider (ETP) programs and providers.

ELMIB maintains an ETP list and NH Source for Consumer Information on Training and Education (NSCITE). NSCITE is a Consumer Report System that provides NH Works Job and Information Center customers with information to enable consumers to choose among vocational/career education and training options.

ELMIB provides analysis of performance information aimed at helping WIOA partners and others to achieve continuous improvement goals. Provide labor market information to OWO and WIOA partners. Conduct economic analysis to assess WIA programs' performance and to assist other NH organizations.

Workforce Information Grant - Workforce Information Grant funds are provided by the US Department of Labor - Employment and Training Administration (ETA). The ETA specifies grant requirements to promote the development and dissemination of essential state and local labor market information and workforce information for four primary customer groups: 1) the public, including job seekers and employers; 2) labor market intermediaries who help individuals find a job or make career decisions; 3)

**DESCRIPTION:**

**Office of the Commissioner Mission: The mission of the Office of the Commissioner is to manage all operations of the department and administer and enforce the laws with which the Department of Corrections is charged under New Hampshire statutes.**

**622:7 Duties of Commissioner of Corrections.** – It shall be the duty of the commissioner of corrections:

- I. To receive, safely keep, and employ in the prisons all convicts pursuant to their sentence and until discharged according to law. The commissioner may employ convicts outside of the prison walls, upon terms to be prescribed by the commissioner. A prisoner, while so employed, or while going to or from the prisons in connection with such employment, shall be deemed to be in prison as far as all laws relating to escape, attempts to escape, and aiding escape are concerned.
- II. To have the custody and superintendence of all persons confined in the prisons, and of all property belonging thereto.
- III. To obey and enforce all orders, bylaws, and regulations which the commissioner may make for the management of the prisons.
- IV. To command the military guard for the prisons.
- V. To be the fiscal officer of the prisons.
- VI. To keep a regular and true account upon the books of the prisons of all money received and expended on account of the prisons and of all their concerns.
- VII. Not to be a contractor for the prisons and not to be interested in any contract therewith.
- VIII. [Repealed.]
- IX. To conduct and manage the industries at the prisons.
- X. To conduct and manage the educational program of the prisons.

(A) Efficiency Budget Statute/Rule Changes: None.

(B) Additional Statute/Rule Changes: None.

(C) Any Other Requests: None.

(D) Other Footnote Requests: Department of Corrections (COR4610) appropriation budgeted in Class 018 Overtime, and Class 024 Maintenance Other Than Building & Grounds shall not lapse until June 30, 2021 (**Department-Wide**).

Footnote F: This appropriation shall not lapse until June 30, 2021 (Expenditure Class 101, Organizations 5833, 8231 and 8234 within Activity MED465010 and Organization 8301 within Activity COM460010).

In the event expenditures are greater than amounts appropriated, the Commissioner may request, with prior approval of the Fiscal Committee, that the Governor and Council authorize additional funding. Upon Fiscal Committee and Governor and Council approval, the Governor is authorized to draw a warrant from any money in the Treasury not otherwise appropriated (Expenditure Class 101,

Organizations 5833, 8231 and 8234 within Activity MED465010 and Organization 8301 within Activity COM460010).

(E) Current Transfer Authority: None specific to Department of Corrections. The Department requests the following transfer authority for SFY 2020-2021:

Department of Corrections; The following classes within the department of corrections shall be exempt from the transfer restrictions in RSA 9:17a, 9:17c, classes 10-personal services-perm classified, 11-personal services-unclassified, 12-personal services-unclassified, 18-overtime, 19-holiday pay, 50-personal service-temp/appointed and 60-benefits. The department is authorized to transfer funding in these classes within and amongst all accounting units provided that any transfer of \$100,000 or more shall require prior approval of the fiscal committee of the general court and governor and council.

Filling unfunded positions; Authorizations. Notwithstanding other provisions of law to the contrary, the department of corrections may fill unfunded positions during the biennium ending June 30, 2021; provided that the total expenditure for such positions shall not exceed the amount appropriated for personal services.

**STATUTORY BASIS:**

**DESCRIPTION:**

**Corrections Grants Mission: Corrections Grants manages and oversees grants approved and awarded to the Department of Corrections to ensure appropriate fiduciary stewardship and compliance.**

Title I, Part – D (T1 D): Provides Federal financial assistance to State agencies (SA’s) that operate educational programs for children and youth in institutions or community day programs for neglected or delinquent children and for youth in adult correctional facilities and to improve entry level academic skills and remedial teaching resources needed for an adult learner ages eighteen through twenty-one, as in accordance with RSA 194:60, to participate in educational re-entry, i.e. high school equivalency, diploma and Career and Technical Center programs within the NH Correctional educational system.

Victims of Crime Act (VOCA): To provide and protect the necessary role of crime victims and witnesses with important rights by addressing their needs throughout the justice process. This includes fairness and respect, reasonable protection, participation/input, restitution, compensation, notification, and victim initiated Victim Offender Dialogue (VOD) coordinated by a correctional based Victim Services Unit of the NH Department of Corrections.

**STATUTORY BASIS:**

RSA 21-H; 622; 623; 651

**DESCRIPTION:**

**Division of Administration Mission: The mission of the Division of Administration is to facilitate agency operations by providing professional, quality and timely financial services and administrative logistical support.**

The Division of Administration is divided into two Bureaus: Financial Services and Facility Logistical Services.

The Bureau of Financial Services provides financial management services to support the financial operations of all Department units, including maintaining oversight of day to day operations including Prison Industries, preparing the biennial budget and managing the Department's contracts, grants and trust funds. The Prison Industries unit is reflected as a separate Activity entitled Prison Industries.

The Bureau of Facility Logistical Services is responsible for the provision of various services that support the ongoing daily operations of the prison and transitional housing facilities. These services are staffed by personnel embedded within each facility and include maintenance, laundry, kitchen and warehouse. This Bureau is reflected as a separate Activity entitled Facility Logistical Services.

Prioritized Need	AMOUNT	SOURCE OF FUNDS	EXPLANATION
2	288,010	100% G	<p><b>FY 2020 Financial Services (Acct Unit 83000000) OIT Expense</b> The funding associated with these prioritized special and problematic needs address replacement and expansion of equipment necessary to provide needed services within the department. DoIT will require \$45,883 for shared costs related to cyber security upgrades. \$80,000 of Direct Expense is for the Department of Correction's license fees associated with the statewide implementation of Intellitime software which includes scheduling software. The existing network backbone at the NHSP/M is not sufficient to handle current network traffic demands of existing systems and in its current state does not provide the ability to enhance other dependent devices/systems. The remaining \$162,127 will be used to replace existing servers, switches, and fiber needs to increase overall bandwidth and provide the necessary pipeline to support additional security cameras, body cameras, and Tazer cameras to include the transmission and storage of video from those devices. It will also allow for enhanced security by segregating security related traffic to an independent and secure network.</p>

**STATUTORY BASIS:**

RSA 21-H; 622

**DESCRIPTION:**

**Prison Industries Mission: The mission of the New Hampshire Correctional Industries is to offer individuals the opportunity to develop marketable job skills and a positive work ethic through structured workplace training programs and the production of goods and services.**

Correctional Industries employs a total of 22 staff to train persons under departmental control (PUDC) by developing meaningful job skills within industrial and forestry settings. Correctional Industries employs approximately 240 PUDC, at three facilities. At the men's facility in Concord, PUDC receive training in metal products manufacturing, printing, furniture upholstery and refinishing, and general office skills. At the men's facility in Berlin, workplace opportunities are provided in the areas of, woodworking, upholstery and furniture refinishing. The new women's facility in Concord now offers training in braille transcription and dye sublimation and through operation of the Canteen Fulfillment Center, warehousing and materials handling.

In addition to hands-on skills in these industry areas, PUDC are also taught the importance of punctuality, work ethic, teamwork, cooperation and problem solving.

(A) Efficiency Budget Statute/Rule Changes: None.

(B) Additional Statute/Rule Changes: None.

(C) Any Other Requests: Repeal of RSA 622:7-b Victims' Fund.-Every commissary in a state prison operated for the sale of commodities shall collect a surcharge of 5 percent of the sales price of every item sold. All funds collected pursuant to this sections shall be deposited in and continually appropriated to the victims' assistance fund- (2004 Darryl Starr vrs Governor, State of New Hampshire & a.determined this surcharge to be an unfair tax)

622:28-a Industries Inventory Account V. All purchases of materials, supplies, and equipment into the inventory account shall be made in accordance with the provisions of RSA 21-I:11 and any equipment purchase in excess of ~~\$5,000~~ \$50,000 made under the provisions of this section shall require the prior approval of both the fiscal committee of the general court and the governor and council. (Change of purchase amount requested; currently \$5,000 requesting increase to \$50,000)

(D) Other Footnote Requests:

Footnote I: In the event that estimated revenue in revenue class 001-transfers for other agencies, 002-transfers from department of transportation, 003-revolving

funds, 004-agency income 005-private local funds, 006-agency income, 007-agency income, 008-agency income, 009-agency income is less than budgeted, the total appropriation shall be reduced by the amount of the shortfall in either actual or projected budgeted revenue. The agency head shall notify the bureau of accounting services forthwith, in writing, as to precisely which line item appropriation and in what specific amounts reductions are to be made in order to fully compensate for the total revenue deficits. For the biennium ending June 30, 2021, account number 02-46-46-4620-5731 within the department of corrections shall be exempt from these provisions. The provisions of this footnote do not apply to federal funds covered by RSA 124:14.

The appropriations in classes 047 and 048 for the maintenance of buildings and grounds shall not be transferred or expended for any other purpose and shall not lapse in the first year of the operating budget, except that appropriations for maintenance of buildings and grounds may be transferred as follows:(1) Appropriations in class 047-own forces maintenance-buildings and grounds may be transferred to class 048-contractual maintenance-buildings and grounds appropriations. (2) Appropriations in class 048-contractual maintenance-buildings and grounds may be transferred to class 047-own forces maintenance-buildings and grounds appropriations.

(E) Current Transfer Authority: Refer to COM460010 Office of the Commissioner.

Prioritized Need	AMOUNT	SOURCE OF FUNDS	EXPLANATION
3	29,177	100% G	<p><b>FY 2021 All 3 Prisons (Acct Units 33720000, 33730000, 33740000) Equipment</b> - This request is to provide security staff body cameras to enhance overall surveillance of all activities when engaging with persons under departmental control. Our Department experiences numerous legal filings and body cameras can be another resource in defending actions as well as confirming the facts of engagement between security and persons under departmental custody, similar to police and the public.</p>
4	150,000	100% G	<p><b>FY 2020 All Prisons (Acct Units 33720000, 33730000, 33740000) Equipment</b> - This funding request is for drone detections systems for all three of our prison facilities. The drone detection system casts an electronic net over the prison property preventing drones from approaching our secure space and dropping contraband (e.g. illegal drugs, weapons).</p>

5	41,985	100% G	<p><b>FY 2020 All Prisons (Acct Units 33720000, 33730000, 33740000) Equipment</b> This funding is for portable standing cell phone detection devices. When placed near areas the device can detect cell phones, even if the cell phones are turned off. This helps prevent the interdiction of cell phone contraband. Cell phones pose a unique risk in corrections facilities, both because persons under departmental control can use cell phones to coordinate riots and other disturbances, as well as use them to further victimize the persons they have committed crimes against. Cell phone detection devices are now standard surveillance technology in correctional facilities.</p>

(A) Efficiency Budget Statute/Rule Changes: None.

(B) Additional Statute/Rule Changes: None.

(C) Any Other Requests: None.

(D) Other Footnote Requests: **INMATES RESIDENTS** ACTIVITIES ACCOUNTS:

The New Hampshire State Prisons are reimbursed on a negotiated contracted amount for phone calls made by residents on the collect only phones located throughout the facilities **and other electronic media which may include songs, books, email messages, e-cards, and video messages**. These funds shall revert back to the Residents Activities Trust Account to help fund the cost of **inmates-resident** programs including administrative supplies and equipment,

renovations, repairs and **inmate resident** library resources. (**Changes in bold and italicized**)

This appropriation shall be available for the transportation and custody expense of **inmates residents** in institutions. This appropriation shall be a revolving fund. Funds received from other jurisdictions for the custody of their **inmates-residents** for services rendered will be deposited to this appropriation to replenish the balance available to a maximum of \$50,000. Excess funds will be deposited into the general fund on an annual basis. No part of this appropriation shall be transferred to any other appropriation or expended for any other purpose. (Expenditure Class 242 within Activity PRI463510)

(E) Current Transfer Authority: Refer to COM460010 Office of the Commissioner.

**B ACTIVITY LEVEL - GOALS AND PERFORMANCE MEASURES**

	CODE	DESCRIPTION
CATEGORY	02	ADMIN OF JUSTICE AND PUBLIC PRTN
DEPARTMENT	00046	CORRECTIONS DEPT
AGENCY	046	CORRECTIONS DEPT
ACTIVITY	CMR464510	COMMUNITY CORRECTIONS

**STATUTORY BASIS:**

RSA 21-H:14-d; 194:60: 651-A:22

**DESCRIPTION:**

**Division of Community Corrections Mission: The mission of the Division of Community Corrections is to provide a continuum of services that enhance successful re-entry for individuals returning to the community.**

The Division of Community Corrections includes a Transitional Work Center, and 3 Transitional Housing Units. The Transitional Housing Units include Calumet House, North End House and Shea Farm House. Calumet and North End serve males under departmental control while Shea Farm serves females under departmental control.

**STATUTORY BASIS:**

State: RSA 21-H; 135; 622; 623; 651. Federal: 8th amendment of the U.S. Constitution, PL 108-79 5 U.S.C. Chapter 57, 28 U.S.C. 1821.

**DESCRIPTION:**

**Division of Medical and Forensic Services Mission: The mission of the Division of Medical & Forensic Services is to provide appropriate professional behavioral, dental and medical treatment and prevention services to persons under departmental control while fostering positive communication about healthcare to all.**

The Division of Medical and Forensic Services is the treatment entity of the Department. Medical and forensic services staff are integral to providing constitutionally appropriate health and behavioral health care to persons under departmental control (PUDC) and civil committees in our care and custody. A significant number of these individuals present with severe medical and behavioral health issues. In collaboration with community physicians, hospitals and contracted entities, the Division establishes treatment plans to meet PUDC needs by managing a delivery system that focuses on services that are appropriate and cost effective.

(A) Efficiency Budget Statute/Rule Changes: None.

(B) Additional Statute/Rule Changes: None.

(C) Any Other Requests: To establish parity within the state personnel system for Chief Pharmacist and Pharmacist positions, the Commissioner requests that all positions in job class 688500 Pharmacists and 189000 Chief Pharmacist within Organization 8236 within Activity MED465010 be made unclassified.

Department of Corrections:Unclassified Positions Established.

I.The following positions are hereby established in the department of corrections and shall be qualified to that position by reason of education and experience and shall be nominated by the Commissioner of Corrections for the appointment by the Governor and the Executive Council, who shall serve at the pleasure of the Commissioner. The Chief Pharmacist shall oversee the Pharmacy Unit and supervise the pharmacist I-IV as well as perform such duties that the Commissioner from time to time may authorize.

Department of corrections chief pharmacist

Department of corrections pharmacist (1) I

Department of corrections pharmacist (2) II

Department of corrections pharmacist (3) III

Department of corrections pharmacist (4) IV

II. The salary of these positions shall be determined after assessment and review of the appropriate temporary letter grade allocation in RSA 94:1-a, I(b) for the position which shall be conducted pursuant to RSA 94:1-d and RSA 14:14-c.

III. Upon completion of this action and appointment of the positions identified in paragraph I, the following positions shall be abolished to allow for the transition of these classified positions with its available appropriations into the unclassified positions. Funding shall be transferred into expenditure class 011, within accounting unit 02-46-46-465010-8236. The incumbents in the abolished classified positions shall be offered the opportunity to seek the commissioner's nominations for the unclassified positions:

chief pharmacist #19851

pharmacist #12997

pharmacist #19553

pharmacist #19848

pharmacist #16290

(D) Other Footnote Requests: Footnote F: This appropriation shall not lapse until June 30, 2021 (Expenditure Class 100, Organization 8236 within Activity MED465010)

In the event expenditures are greater than amounts appropriated, the Commissioner may request, with prior approval of the Fiscal Committee, that the

**DESCRIPTION:**

**Division of Security & Training Mission:** The mission of the Division of Security and Training is to implement security related practices and training opportunities that provide the knowledge, skills and abilities necessary to perform duties and enhance professional development while providing for appropriate housing and efficient records management of persons under departmental control.

The Bureau of Training and Professional Development (AU 8360) educates staff by implementing training opportunities that provide the knowledge, skills and abilities necessary to successfully perform their duties and enhance their professional development.

The Bureau of Inmate Classifications and Offender Records (AU 5541) ensures that persons under departmental control (PUDC) are housed safely where they can avail themselves of needed services, programs and work opportunities, and that the PUDC's records are complete and accurate in order to ensure that data provided to other entities is complete and accurate.

**STATUTORY BASIS:**

State: RSA 21-H; 622; 651 & Agency Administrative Rules Chapters Cor 100 - 400. Federal: Prison Rape Elimination Act of 2003 (PREA).

**DESCRIPTION:**

**Division of Professional Standards Mission: The mission of the Division of Professional Standards is to provide support services to the divisions within the Department of Corrections and county, state and federal government agencies by maintaining a high standard of ethics and professionalism.**

The Division consists of the Investigations and Hearings Bureaus and the K-9, Polygraph and Audits/Compliance Units.

- The Investigations Bureau is responsible for conducting administrative, criminal, and PREA (Prison Rape Elimination Act) investigations within the DOC.
- The Hearings Bureau is responsible for conducting and adjudicating inmate disciplinary and claims hearings.
- The K-9 Unit through the use of specially trained canines perform searches to prevent and deter the introduction of illicit drugs into departmental facilities.
- The Polygraph Unit is responsible for conducting polygraph examinations related to the supervision of sex-offenders in the community and within the prisons and in the pre-employment of uniform staff.
- The Audits/Compliance Unit is responsible for objective performance and compliance audits; the LEAN process and Critical Incident reviews.

**STATUTORY BASIS:**

RSA 383-A, 383-B, 383-C, 383-D, 383-E

**DESCRIPTION:**

**Banking and Trust Division.** To protect consumers through the professional supervision and regulation of New Hampshire's state-chartered banks, credit unions, trust companies, and family trust companies.

Under the direction of the Bank Commissioner, the Banking and Trust Division charters, supervises and examines all state-chartered banks, credit unions, trust companies, and family trust companies in New Hampshire. This Division also investigates un-chartered activity and consumer complaints against state-chartered entities. The Division has authority to commence enforcement actions against entities that violate state or federal banking laws or regulations and to order consumer restitution.

**STATUTORY BASIS:**

RSA 361-A, 397-A, 399-A, 399-D, 399-G

**DESCRIPTION:**

**Consumer Credit Division.** To protect consumers through licensing, investigation and supervision of consumer credit entities and improving the financial literacy of our community by engaging our employees in outreach and education efforts.

Under the direction of the Bank Commissioner, the Consumer Credit Division licenses, examines and regulates companies that provide consumer credit, such as mortgage bankers, mortgage brokers, mortgage servicers, retail auto sellers, money transmitters, debt adjusters, and others as provided by statutes. The Consumer Credit Division investigates consumer complaints and unlicensed activity, and has authority to provide restitution to consumers and take administrative actions against entities violating New Hampshire's banking and consumer credit laws.

***Public Employee Labor Relations Board***

**PELRB** - *To foster harmonious and cooperative relations between public employers and their employees and to protect the public by encouraging the orderly and uninterrupted operation of government. Source: Legislature's Statement of Policy, N.H. RSA 273-A, Effective December 21, 1975. This is done primarily through the: 1) determination of appropriate bargaining units of public employees for the purpose of collective bargaining; 2) determination of the exclusive representative of bargaining units through the conduct of secret ballot elections; 3) resolution of questions of representation of existing bargaining units through the processing of decertification petitions and challenge petitions; 4) adjudication of charges of unfair*

*labor practices in violation of RSA 273-A:5; 5) issuance of declaratory rulings; 6) administration of a statutorily required list of neutrals available for employment by parties to serve, for example, as mediators and fact finders in the collective bargaining process; 7) maintenance of administrative rules necessary for the implementation of applicable law and the definition of practice and procedures at the board; and 8) maintenance of a website providing comprehensive information to public employers, public employees, and the general public about applicable laws, rules, procedures, programs, and decisions.*

**STATUTORY BASIS:**

RSA 273-A & 273-C

**DESCRIPTION:**

**PELRB Mission- To foster harmonious and cooperative relations between public employers and their employees and to protect the public by encouraging the orderly and uninterrupted operation of government.**

The PELRB administers the state's public sector collective bargaining law which covers municipal, city, county and state public employers. There are currently more than 550 public sector bargaining units in the state. It is the PELRB's responsibility to determine bargaining units and resolve composition issues, settle representation questions through secret ballot elections, hold hearings on and decide unfair labor practice charges and petitions, and oversee a list of neutrals for service in matters like bargaining impasse mediation and fact-finding.

**DESCRIPTION:**

*Agency Mission Statement*

**NH RSA 354-A**

To enforce the civil rights of NH citizens as guaranteed by the NH Constitution through timely, thorough investigation and enforcement of violation of discrimination law in employment, housing and public accommodation. To eliminate discrimination through conciliation, outreach and education of the law by making known the rights and duties of citizens, employers, business owners and housing providers.

**AGENCY DESCRIPTION**

We are a state agency established by RSA 354-A for the purpose of eliminating discrimination in employment, public accommodations and the sale or rental of housing or commercial property because of age, sex, sexual orientation, gender identity, race, creed, color, marital status, familial status, physical or mental disability or national origin. The Commission has the power to receive, investigate and pass upon complaints of illegal discrimination and to engage in research and education designed to promote good will and prevent discrimination.

			OUTPUT	OUTCOME				
1	9	Reduce case processing time with additional investigators.	Reduce pending cases to 280.	Reduce case process to an average of 12 months.	474 pending cases, with an average processing time of 600 days.	100% achieved output & outcome by June 2021.	Full staff reduces case processing time to an avg. of 15 months.	Reduce case processing time even further to an avg. of 12 months.
2	9	Increase EEOC case contract to increase federal revenue.	Increase # of case closures to increase federal revenue.	Increased federal revenue will decrease the General Fund dollars needed.	2018 EEOC contract # is 166 cases.	Increase in the EEOC case closure contract will increase federal funding.	Increase EEOC case contract to 183 cases.	Increase EEOC case contract to 200 cases.
3	9	To create an Outreach and Education Plan to enlighten the citizens of NH.	To inform and educate the citizens of NH about the work of the HRC.	Increased public contact, community partnerships, and general awareness and use of the HRC.	Currently no strategic plan is in place. Training is provided by request.	Strategic plan created with set outreach & education targets identified and scheduled.	Regularly scheduled outreach & education events (especially in underserved populations across NH) to	10 outreach & education events in addition to requests.

ACTIVITY	FMD771012	FINANCIAL MANAGEMENT DIV

**STATUTORY BASIS:**

State liquor laws are codified in RSA 175 through 180 and cover the establishment of the Commission

**DESCRIPTION:**

**FMD – To provide the Liquor Commission with Finance service support, Human Resources support, Legal Counsel, Information Management services, and general administrative support to the Liquor Commission. The Division is dedicated to the effective and efficient management of the Liquor Commission's financial affairs.**

Financial Administration (Accounting Unit: 10230000): The Finance section provides high quality support to all departments within the Commission consisting of revenue collection, expenditure reporting, and asset management. Provide financial accountability and support for strategic agency-wide financial planning and decision making, by monitoring fiscal activity, preparing accurate, timely and auditable financial reports, statements and analysis, safeguarding assets, insuring compliance with all applicable rules and regulations, and interpreting policy and procedure to maintain consistency in general accounting principles. To ensure financial and budgetary control and provide accurate financial reporting.

Human Resources (Accounting Unit: 10260000): The Human Resource Section is responsible for handling of all personnel related matters to include recruitment, hiring, employee relations, benefits administration, union relations, worker safety, loss prevention and training.

ACTIVITY	MAM771512	MARKETING AND MERCHANDISING

**STATUTORY BASIS:**

State liquor laws are codified in RSA 175 through 180 and cover the establishment of the Commission

**DESCRIPTION:**

**MAM – The mission of the Division of Sales, Marketing, Merchandising & Warehousing is to promote and grow the New Hampshire Liquor and Wine Outlet brand by providing our customers with the best selection of product available at “outlet prices” while generating revenue for the State through increased sales and net profit. The Marketing and Merchandising Division is responsible for, (a) marketing the products of the Commission, (b) developing merchandising materials to promote products, (c) overseeing retail and wholesale liquor operations.**

Marketing and Merchandising (Accounting Unit: 10240000): To maximize gross profits from sale of liquor and wine through aggressive merchandising techniques to include well-presented NHSLC stores and licensees (on/off premise) and agency markets.

Store Operations (Accounting Unit: 10300000): Conduct sales of spirits and wines at 79 retail locations, employing allowable merchandising and advertising methods to produce optimal profits for the state.

Advertising (Accounting Unit: 10310000): Assists the Commission with marketing strategies, communication channels, advertising and promotional materials to achieve optimal profits for the state.

ACTIVITY	PUC810010	OFFICE OF THE COMMISSIONER

**Public Utilities Commission (PUC)**

***PUC** - To create a regulatory environment that serves and protects the public, balances the needs of consumers and utilities, adapts to the increasingly competitive nature of utility services, and advances the goals of the state's energy policies.*

**Office of the Commissioner (PUC810010)**

***PUC810010** - To ensure safe and reliable utility service at just and reasonable rates, through a fair, open and efficient regulatory process that protects consumers and promotes competition.*

**RSA 38, RSA 162-F, RSA 362 through RSA 378 inclusive and RSA 674**

**Gas Pipeline Carriers (GAS810510)**

***GAS810510** - To protect people, property, and the environment from the risks of hazardous materials transportation.*

**RSA 362 to 378 inclusive, Section 5(a) of the Natural Gas Pipeline Safety Act of 1968 (49 U.S.C. 1671)**

**Greenhouse Gas (GRN811010)**

***GRN811010** - To administer the Energy Efficiency Fund in a manner that ensures timely refunds to customers and delivery of funds to energy efficiency programs.*

**RSA 125-O:19-28, RSA 125-O:8, II, and RSA 125-O:5-a**

**Renewable Energy Fund (REN811510)**

***REN811510** - To stimulate cost-effective investment in electric and thermal renewable energy initiatives to satisfy the purposes of the Renewable Energy Portfolio Standard.*

**RSA 362 F:1-13**

**Consumer Advocate (CAD812010) – Note Administratively Attached**

***CAD812010** - Because of the Office of the Consumer Advocate, residential utility customers in New Hampshire will have electric, gas, water and sewer service that is affordable, reliable, and safe. In addition, with respect to their use of energy, residential utility customers will have as much autonomy and control as is practically possible in light of available technology.*

**DESCRIPTION:**

***Office of the Commissioner (PUC810010)***

***PUC810010*** - *To ensure safe and reliable utility service at just and reasonable rates, through a fair, open and efficient regulatory process that protects consumers and promotes competition.*

The Public Utilities Commission is vested with general jurisdiction over public utilities and their affiliates. The Commission endeavors to satisfy the public need for safe and reliable electric, gas, and water service at reasonable prices. Residential, commercial and industrial customers of regulated utilities must have confidence that an adequate infrastructure exists to provide them both monopoly and competitive services and that they will have fair and nondiscriminatory access to those services. At the same time, providers of services subject to Commission jurisdiction must have confidence that their interests are fairly balanced with the interests of customers and that the Commission will timely address filings made with the Commission. The Commission pursues these goals through formal adjudicative and legislative proceedings, informal resolution of consumer complaints and advocacy on behalf of the State of New Hampshire in regional and federal venues. The Office of Consumer Advocate, Site Evaluation Committee and the Energy Efficiency and Sustainable Energy (EESE) Board are administratively attached to the Commission; the EESE Board has no staff or budget.

ITEM	AMOUNT	SOURCE OF FUNDS	EXPLANATION
***OFFICE OF THE COMMISSIONER -Acct Unit 28120000	9,673,160	100%O	<b>FY 2019 Adjusted Authorized Budget for Accounting Unit: 28120000</b>
Transferred Position-Salaries & Benefits	(125,163)	100%O	The Commission is transferring a position to the Gas Pipeline Carriers Division. The position's primary responsibilities relate to pipeline activities and are more appropriately charged to the USDOT's pipeline safety grant. Any time spent on non-gas pipeline activities will be allocated to the appropriate division using the time management system.
Rent	(21,091)	100%O	The decrease is a result of a reduction in the cost of the Walker Building charged by Admin Services and a federally mandated adjustment in the allocation of costs associated with common spaces to our federal grant.
VoIP Implementation	22,000	100%O	The Commission has increased the telecommunication budget to include the one-time purchase of new equipment required to implement VoIP.

Prioritized Need	AMOUNT	SOURCE OF FUNDS	EXPLANATION
1	200,000	100%O	<p><b>Office of the Commissioner (Acct Unit: 28120000)</b></p> <p>The Commission needs to replace aging and degrading software. We are proposing to use an integrated, cloud-based platform for our data and document management needs. In the upcoming biennium, we will identify consulting houses that can do the migration and development work needed on that platform. This request along with the \$100,000 in the Commission's Efficiency Budget for both years of the biennium will be used to rejuvenate all of the software programs identified in the agency's AITP, such as the Consumer Affairs Interactions database (Goal COM-2), the automated docketing procedure (Goal COM-1), and the Case Management system (Goal COM-1). Managing and documenting consumer complaints requires a database that is available, easy to use, and effective in meeting the requirements of RSA 91-A (Right to Know). The new software is expected to allow the Commission to more quickly identify trends and address those trends more effectively. The Commission's auto-docketing procedure enables the timely posting of publicly-filed documents to the Commission's</p>

2	42,588	100%O	<p>website, ensuring transparency, enabling consumers to see filed documents without requesting them thereby ensuring compliance with RSA 91-A and reducing the need for copying and mailing. The current system is time-consuming to support and often fails. Newer web technology will allow the Commission to replace this function with a process that is more efficient and effective. The Case Management system was created to allow the tracking of a docket from initiation to completion, but changes in Commission procedures and in law (such as HB1104 in 2017) require significant revisions to ensure the Commission tracks and meets statutory deadlines for processing certain cases. This can best be accomplished by acquiring software that will integrate well with each of the Commission's other systems.</p> <p><b>Office of the Commissioner (Acct Unit: 28120000)</b></p> <p>This request is for 14 Hosted Solution software licenses to support Priority #1. The agency is planning on a Microsoft</p>

**DESCRIPTION:**

***Gas Pipeline Carriers (GAS810510)***

***GAS810510 - To protect people, property, and the environment from the risks of hazardous materials transportation.***

The Commission's Safety Division audits and inspects all New Hampshire gas companies to ensure compliance with Commission rules and regulations and the federal standards established through the Gas Pipeline Safety Act of 1968. The Safety Division also enforces safety regulations on propane distribution and landfill gas systems and has identified over 800 propane distribution systems throughout New Hampshire that are subject to Commission oversight.

The Safety Division administers New Hampshire's Underground Utility Damage Prevention Program (Dig Safe) and performs duties associated with state emergency preparedness, homeland security, and cybersecurity.

Transferred Position-Salaries & Benefits	125,163	70%F 30%O	The Commission is transferring a position to the Gas Pipeline Carriers Division from the Office of the Commissioner. The position's primary responsibilities relate to pipeline activities and are more appropriately charged to the USDOT's pipeline safety grant. Any time spent on non-gas pipeline activities will be allocated to the appropriate division using the time management system.
Office Space Rent	8,109	70%F 30%O	The Safety Division relocated to a larger, more centralized office space within the Walker Building. In addition, an adjustment to the federally mandated calculation method for indirect costs resulted in the allocation of a larger portion of the Commission's rent for common spaces to the federal grant. This was recommended and emphasized during a federal review of program expenses.

**DESCRIPTION:**

***Greenhouse Gas (GRN811010)***

***GRN811010*** - To administer the Energy Efficiency Fund in a manner that ensures timely refunds to customers and delivery of funds to energy efficiency programs.

In 2008, the New Hampshire legislature authorized the state's participation in the Regional Greenhouse Gas Initiative (RGGI), a cooperative effort with nine other states to reduce the emissions of carbon dioxide (CO<sub>2</sub>) through a cap and trade program. The funding source for the EEF is New Hampshire's share of proceeds from the RGGI, Inc. auctions. Auction proceeds in excess of a threshold price of \$1 per allowance are refunded to electric service customers. The remainder of the proceeds, less administrative costs, is transferred to the utility administered "Core" energy efficiency programs with 15% set aside for low-income programs and \$2 million for municipal and local government energy efficiency projects. Any RGGI funds remaining after allocation to the municipal program and the income-eligible program are allocated to all-fuels, comprehensive energy efficiency programs selected through a competitive bid process conducted by the Commission.

ACTIVITY	REN811510	RENEWABLE ENERGY FUND

**STATUTORY BASIS:**

RSA 362-F: Electric Renewable Portfolio Standard

**DESCRIPTION:**

***Renewable Energy Fund (REN811510)***

***REN811510 - To stimulate cost-effective investment in electric and thermal renewable energy initiatives to satisfy the purposes of the Renewable Energy Portfolio Standard.***

As part of the renewable portfolio standards legislation enacted in 2008, which requires providers of electricity to meet specific percentages of their supply through renewable generation, the Commission administers the Renewable Energy Fund (REF). The Renewable Energy Fund is funded solely with alternative compliance payments (ACPs) made by providers of electricity when renewable energy certificates (RECs) from generators of electricity are unavailable or RECs prices exceed the ACP values established by the Legislature. REF monies are used to fund five renewable energy rebate programs for the residential sector and for the commercial and industrial sector, as well as a competitive grant program for large-scale renewable energy projects and a low-moderate income program.

**DESCRIPTION:**

*Consumer Advocate (CAD812010) – Note Administratively Attached*

**CAD812010** - Because of the Office of the Consumer Advocate, residential utility customers in New Hampshire will have electric, gas, water and sewer service that is affordable, reliable, and safe. In addition, with respect to their use of energy, residential utility customers will have as much autonomy and control as is practically possible in light of available technology.

The Office of Consumer Advocate (OCA) is an independent state agency administratively attached to the Public Utilities Commission. The OCA is charged by RSA 363:28 with representing the interests of residential utility consumers before any board, commission, agency, court, or regulatory body in which those interests are involved. The OCA is also charged with promoting and furthering the knowledge and education of residential consumers about utility issues.

AGENCY	081	PUBLIC UTILITIES COMMISSION
ACTIVITY	PUC813510	SITE EVALUATION COMMITTEE

**STATUTORY BASIS:**

RSA 162-H:

**DESCRIPTION:**

*Site Evaluation Committee (SEC813510) -*

*SEC813510 - To make decisions regarding the siting, construction, and operation of energy facilities that balance the potentially significant impacts and benefits to the state through a process that is timely and gives full consideration to all environmental, economic, aesthetic, health and safety, cultural and historical, and technical issues; and that ensures thorough disclosure to the public of siting plans.*

The Site Evaluation Committee (SEC) is responsible for issuing certificates to energy facilities such as natural gas pipelines and certain electric generation and transmission facilities. The Committee is authorized to impose terms and conditions upon such certificates and to monitor the construction and operation of the certificated facilities.

**DESCRIPTION:**

**Division of Economic Development – To support the growth of NH’s economy by helping existing businesses grow and by facilitating the location of new businesses to the state. DED addresses a wide range of needs, from workface training, to specific technical assistance needs, to funding innovative research.**

Economic Development (Acct Unit 14480000): Encompasses the following functional areas:

- Marketing: coordinates public relations and advertising to raise awareness of programs available to help NH companies; to raise awareness about the benefits of locating a business to NH; and to attract skilled talent to NH
- Business Recruitment: develops long-range relationships with real estate brokers, site consultants, and CEOs that may an interest in locating or expanding a business in NH
- Business Retention: conducts outreach to NH companies, communities, and partner organizations and assists a wide variety of stakeholders with workforce, community, and economic development issues statewide
- Workforce: coordinates programs, marketing, contracts and partnerships designed to attract and retain the workforce necessary for new and existing businesses.
- Tax Credits: administers the Economic Revitalization Zones and Coos County Job Creation tax credit programs

Office of International Commerce (Acct Unit 14490000): Assists NH companies in becoming more competitive in the global marketplace.

AGENCY	022	BUS & ECON AFFAIRS DEPT
ACTIVITY	ECD220510	ECONOMIC DEVELOPMENT

Procurement and Government Contracts (Acct Unit 14500000): Provides specialized assistance to NH companies for contracting and subcontracting opportunities with federal, state, and local governments.

State Trade & Export Promotion (Acct Unit 14510000): Facilitates federal grant from the US Small Business Administration for work carried out by the Office of International Commerce to support NH companies in becoming more competitive in the global marketplace

Office of Workforce Opportunity (Acct Unit 14530000): Administers all of the federal Workforce Innovation and Opportunity Act (WIOA) funds for NH. These funds support a variety of re-employment services to eligible low-income and unemployed residents of NH.

Job Training Program (Acct Unit 14540000): Provides matching grants to NH companies to promote investment in skills development for NH's workforce. Also provides funding for WorkReadyNH, which provides assessment, instruction, and credentialing in key skill areas identified by NH companies as essential to workplace success.

Small Business Development Center (Acct Unit 14560000): Provides long-term business advising and support, free of charge, to NH small businesses.

**DESCRIPTION:**

**Office of the Commissioner Mission - To provide overall leadership, coordination and management support for departmental administrative activities including all business operations, administrative and financial management and property asset engineering and maintenance functions.**

The Office of the Commissioner is responsible for the overall management of the department. The office provides department-wide policy and organizational administrative management and support functions including all business operations, accounting & financial analysis, budgeting, human resources, payroll, fleet management and engineering design and construction services. This administrative and business management also supports 5 divisions of the department; Parks and Recreation, Forests and Lands, State Library, Division of the Arts and Division of Historical Resources, providing administrative and business oversight as needed or requested for the divisions.

Commissioner's Office (Acct Unit 34000000) - Provides the resources and support for the overall policy and organizational management of the department to include administration of all business operations, human resource administration, payroll administration, financial and accounting management, fleet management and department public information services support as well as oversight and fiscal management of all building and related facility needs to include the leadership and coordination of department-wide operational and employee activities and departmental policy development and management.

Design, Development and Maintenance Services (Acct Unit 34010000) - Comprised of the department's engineering and maintenance crew. The Engineering crew is charged with planning and setting the priorities of the capital improvement program. This critical department function protects and preserves our properties to ensure that our customers have a positive experience when visiting our facilities. The Maintenance crew is charged with repairs and improvements that are generally considered to be

on a smaller scale as compared to major improvements that are contracted out. The crew possesses plumbing, carpenter, and electrical skills and further performs automotive services for our extensive fleet.

Bureau of Historic Sites (Acct Unit 34020000) - Provides responsible stewardship of the state's historic resources while maintaining efficiency in administration. The Bureau has only one fulltime staff member and due to substantial budget reductions the Division of Parks has been providing additional resources. In addition, the Bureau actively recruits friends groups for funding support and volunteerism for providing services to the public.

Conservation Plate Fund (Acct Unit 34050000) - This Fund is used for the promotion, protection, and investment in the state's natural, cultural, and historic resources. It is supported by the collection of fees from sales of the state's motor vehicle conservation license plates.

ACTIVITY	FOR351010	FORESTS AND LANDS

**STATUTORY BASIS:**

RSA 433:34; 227-G-L; 12-A; 217-A

**DESCRIPTION:**

**DFL Mission:** The mission of The Division of Forests and Lands (3500) is to protect and promote the values provided by trees, forests and natural communities. It is the statutory responsibility of the Division to execute all matters pertaining to forestry, forest management, and forestlands within the jurisdiction of the state.

The **Forest Management Bureau (0855, 2102, 3505, 3510, 3511, 3523, 3531, 3747, 4002, 4007, 5019, 5200)** consists of three programs: Forest Management of all state-owned woodlands, State Forest Nursery, and the Fox Research and Demonstration Forest. Through these programs the bureau is charged with the forest management of woodlands under state jurisdiction, cultivation and sale of seedlings for forestry and conservation, and the research, demonstration and promotion of scientific forestry.

Activities of the **Planning and Community Forestry Bureau (3524, 3530, 3546, 3547, 3548, 3570, 5300)** include statewide forest planning and analysis, technical assistance to landowners & communities regarding Urban and Community Forestry, public outreach, and management and program development at the Urban Forestry Center in Portsmouth, Shieling Forest in Peterborough, and Taylor Up and Down Sawmill in Derry.

The **Forest Protection Bureau (2408, 3520, 3522, 3529, 3569, 7871, 8278)** consists of two primary programs: forestry law enforcement and wildland fire management. Wildland fire management is accomplished through prevention, detection, preparedness, training and suppression. Statewide enforcement of laws protecting the forest resource and DNCR lands is accomplished through the investigation and prosecution of criminal and civil penalties. The bureau also assists in the emergency response to all-hazard disasters such as windstorms, ice storms, floods, etc.

The **Natural Heritage Bureau (2103, 2104, 3407)** protects and conserves New Hampshire's native plants. This is accomplished by collecting and analyzing data on the status, location, and distribution of rare or declining native plant species and exemplary natural communities in the state; developing and implementing measures for the

protection, conservation, enhancement, and management of native New Hampshire plants, and public outreach.

The **Land Management Bureau (3513, 8682)** is responsible for administering the Agency's land ownership including land acquisition, disposal, protection through conservation easements, land title investigations and disputes, appraisals, drafting legal documents and agreements, boundary surveys and maintenance, maintaining and reporting of land records, drafting of special use permits and leases, and drafting and administering licenses for 100 camps and approximately 160 garden plots. In addition, the Bureau oversees the administration and management of 20 state-owned communication sites, including the communication facilities on the summit of Mt. Washington.

The **Forest Health Program (1236, 3512, 3516)** is responsible for detection of pest problems, surveillance of ongoing infestations, assessment and evaluation of forest pest impacts, providing advice and assistance in control, designating quarantine areas, and developing disease resistance trees.

1	210,583	100% GF	<p><b>Division of Forests and Lands (Acct Unit: 35200000).</b>            Since 2007 the Forest Ranger ranks have been reduced from 13 to the current level of 9 Forest Rangers covering the state. This reduction has led to Forest Rangers covering an overwhelming amount of territory and becoming burnt out by the continuous demands. We are concerned about ranger staff retention due to this work environment. Rangers have been asked to expand their enforcement duties in response to the firewood quarantine and rapid expansion of OHRV activities throughout the state. Rangers are still responsible for the enforcement of timber harvesting and open burning laws, fire suppression, fire prevention, education programs, operation of the fire mobilization center, and enforcement on department lands. Fire activity in 2015 and 2016 was very high and the Forest Rangers' capacity in responding and handling incidents was stressed. The Federation of Forest Fire Wardens has expressed concerns over the reduction of Rangers and the reduced level of services this has caused.</p>

**STATUTORY BASIS:**

RSA 216-A

**DESCRIPTION:**

**State Parks Mission - To provide New Hampshire's citizens and guests with outstanding recreational, educational and inspirational experiences through the responsible management and cooperative stewardship of the state's natural, recreational and cultural resources.**

Service Parks (Acct Unit 37200000) - Provides for park staffing, revenue collection, facility maintenance and improvement, concessions, and other guest services for millions of visitors to 93 state parks including 38 day use areas, 22 campgrounds, 22 beaches, 7 waysides, and 6 natural areas. Supports capital and operations planning and project implementation to improve the condition of park facilities.

Parks Administration (Acct Unit 37010000) - Provides oversight, direction and administrative support for all division bureaus and programs including business office and human resource functions, budgeting and finance, statutory and audit compliance, contract management, special use permitting, rulemaking, policy development, legislative initiatives, marketing, interpretation, guest services, and advisory committee engagement.

Cannon Mountain Ski Area (Acct Unit 37030000) - Manages state owned downhill ski area operations including staff, partners, and infrastructure to support lift operations, snow making, ski patrol, ski rentals, ski school and both winter and summer concession and tram operations.

Bureau of Trails (Acct Units 34140000, 34880000, 34860000, 34840000, 35560000, 35580000, 35620000 and 37770000) - Coordinates OHRV and snowmobile trail development, maintenance, and use for 7,000 miles of snowmobile trails and 1,000 miles of ATV trails. Oversees programs providing recreational trail grants to volunteer clubs and supports non-motorized trail programs.

Prioritized Need	AMOUNT	SOURCE OF FUNDS	EXPLANATION
1	153,004	100% GF	<p><b>Division of the Arts (Acct Unit: 41040000).</b> The New Hampshire State Council on the Arts, through its Arts in Health program, provides matching grant funds to support participatory arts and creative aging activities that occur in non-profit, health based facilities. This may include hospitals, rehabilitation/recovery centers, assisted living facilities, nursing homes, adult day centers, senior centers, veterans' homes, or hospice/grief programs in NH. This program is currently managed by two staff members in addition to their regular duties. The requests for resources and trainings have increased with the opioid public health crisis and the increase in the senior/caregiver population in NH. This initiative would be better served by one full-time grants coordinator position.</p> <p>Funds needed for position: FY20 \$74,807 and FY21 \$78,198</p>
2	121,505	100% GF	<p><b>Division of the Arts (Acct Unit: 41040000).</b> The Arts Council staff manages program areas in Education, Health,</p>

ACTIVITY	ART353510	DIVISION OF THE ARTS

			<p>Both Houses of Congress have approved a \$2 million increase to the NEA for Federal FY19 (State FY20), which will most likely result in increased grants to states.</p> <p>The increase of \$901,304 over FY19 (\$.30 per capita to \$1.00 per capita) would raise our state appropriation ranking from 44th in the country to 18th (See NASAA FY19 Survey). We would still be behind all New England states except Maine, however:</p> <p style="padding-left: 40px;">Massachusetts: \$2.34 per capita #5</p> <p style="padding-left: 40px;">Rhode Island: \$1.88 per capita #8</p> <p style="padding-left: 40px;">Connecticut: \$1.20 per capita #11</p> <p style="padding-left: 40px;">Vermont: \$1.15 per capita #12</p> <p style="padding-left: 40px;">Maine: \$.71 per capita #27</p>

Prioritized Need	AMOUNT	SOURCE OF FUNDS	EXPLANATION
1	158,010	100% GF	<p><b>Division of Historical Resources (Acct Unit: 14440000).</b></p> <p>The State of New Hampshire owns thousands of objects of historic value, located in the State House Complex, at the state-operated historic sites, and at properties throughout the state. The collection has immense historic and monetary value and is consistently expanding. Various facilities managers, legislative committees and staff are responsible for these collections, but no professionally-trained individual exists in state government to assist them and provide the central organization and knowledge needed to ensure the collection's preservation, public access and interpretation. The position of State Curator previously existed and was eliminated approximately ten years ago. Recent conversations with the Executive and Legislative branches have demonstrated the need for a State Curator's position, particularly as it pertains to collections management, policies and procedures. The updated SJD also emphasizes the growing role of technology and digital platforms for curatorial functions.</p>

**DESCRIPTION:**

The Office of the Commissioner is responsible for the overall management of the department as well as establishing the policies and guiding principles that the department operates under. Within the activity code 4400, the Office of the Commissioner houses all administrative support functions, including human resources, accounting, planning, project management, facilities management, legal and public information. It also houses the New Hampshire Geological Survey which collects data and performs research on the land, mineral, and water resources of the state, and disseminates that information to the public through maps, reports, and other publications. The state geologist advises the department, and all other branches of state and local government, on the geologic character of the state and its implications for both economic and scientific needs.

**BUREAUS/PROGRAMS/ACCOUNTING UNITS**

- NH Geological Survey (NHGS): To provide geologic expertise to inform environmental economic development decisions, reduce public exposure to geologic hazards, monitor critical environmental conditions and create, maintain, and publish authoritative geological water resource data and maps. (3851, 3852, 1551, 4036, 2346, 9114)
- Legal Unit (LU): To provide legal support and guidance to all DES officials and staff for all aspects of all DES programs. (1002)
- Administrative Services Unit (ASU): To provide accurate and timely financial information to ensure the Department's environmental programs are able to reach their goals, oversee DES vehicle control and maintenance, and facilities management. (1002)
- Human Resources Unit (HRU): To recruit, develop, and retain an appropriately qualified workforce necessary to carry out mandates and initiatives, and compensate them in full compliance with federal, state and collective bargaining agreement requirements. (1002)
- Project Management and Innovation Unit (PMIU): To identify and manage strategic innovations that lead to a intra-DES and inter-agency cooperation, transparency and organizational excellence. (3853)

**STATE OF NEW HAMPSHIRE

	CODE	DESCRIPTION
CATEGORY	03	RESOURCE PROTECT & DEVELOPMT
DEPARTMENT	00044	ENVIRONMENTAL SERVICES DEPT
AGENCY	044	ENVIRONMENTAL SERVICES DEPT
ACTIVITY	DES440010	DEPT. ENVIRONMENTAL SERVICES

- Planning, Prevention & Assistance Unit (PPAU): To provide agency-wide support services in the areas of strategic planning, quality assurance, continuous process improvement, process standardization, and continuity of operations. The PPAU also offers free, confidential, prevention-based technical and regulatory compliance assistance services to the state’s small business community, as well as grants to assist communities in the proper collection and disposal of household hazardous waste and used motor oil. (3853,5923, 4787)
- Public Information and Permitting Unit (PIPU): To provide integrated agency response and guidance for the benefit of constituencies through permit/project coordination, public information, and file review services. (1002)

TRENDS/CHANGES THAT HAVE/WILL IMPACT OPERATIONS & BUDGETS

The public and the regulated community increasingly expect that more of the Department’s business is conducted online, shifting the agency to a web-based business model. Supporting such a model will require greater investment in hardware and software technologies, as well as acquiring the necessary human resources to support this shift.

As technology advances, the department’s stakeholders expect that our data quality and the systems we use to manage and analyze data for planning and regulatory purposes will advance as well. This is driving an increased investment in and use of Geographic Information System (GIS) capabilities to support the increased use of spatial data throughout the agency. Increased GIS capabilities, in particular, the collection and analysis of more information on the location of sites of interest, will allow for agency-wide data sharing, improved intra- and inter-agency collaboration, and expanded public access to critical data and ultimately, better decision-making. This empowers customers to interface independently with NHDES data and products to obtain critical information, guidance and data, limited only by their own time schedule and specific needs (e.g., self-service, OneStop, nFORMS, remedial site status, etc.)

NHDES continues to strive for greater efficiency, innovation, and transparency in order to provide even higher levels of customer service and satisfaction. Establishing and sustaining a strong and pervasive continuous process improvement culture through enhanced Lean training and engagement across NHDES is critical to meeting and exceeding the growing customer service demands placed on the agency.

Increased emphasis on performance measurement across NH State government through the use of such strategic planning models as the Balanced Scorecard will continue to be a priority area for NHDES over the next biennium. NHDES will continue to work on establishing measureable “stretch” targets and objectives and tracking and reporting on progress using a combination of the department’s Measures Tracking & Reporting System (MTRS), and visualization tools such as the web-based *NH Environmental Dashboard* and the NHDES Balanced Scorecard that is still under development.

APPROPRIATION NUMBER	FY2020 INDIRECT COSTS	FY INDIRECT COSTS
03-44-44-All	\$ 3,294,246.00	\$ 3,331,841.00

**CALCULATIONS:**

The above amounts are based on budgeted salary and benefits for the entire Department for FY2020 and FY2021 (approximately \$59.1M and \$60.3M in FY20 and FY21, respectively). The estimated total indirect costs are a combination of statewide indirect costs (SWCAP) plus departmental indirect costs. The estimated rate of 5.5% is applied to all federal grants and fee funded accounts for the entire department. The actual rate is subject to federal EPA approval on an annual basis.

**STATUTORY BASIS:**

RSA 483; RSA 483-A; RSA 485-A; RSA 487; RSA 488; RSA 489; RSA 482-A; RSA 483-B

**DESCRIPTION:**

The Water Division's core functions include: Implementing a statewide pollution control program to protect the surface waters of the state from point and non-point discharges; Water quality standards administration; Certification of federal/state discharge permits for wastewater treatment facilities; Certification and training of water and wastewater treatment plant operators; Construction and operation of the regional pollution control facilities for the Winnepesaukee River Basin; Regulation of public water supplies under the Safe Drinking Water Act to protect public health; Regulation of large groundwater withdrawals and implementation of statewide water supply source water protection programs; River and lakes water quality assessment and protection through lake and river water quality monitoring, outreach programs, volunteer monitoring, acid rain monitoring, aquatic nuisance control, enforcement of the marine toilet law, and wetlands and shoreland protection; Administration of the Coastal Zone Management Act in NH; Regulation of on-site wastewater disposal through individual sewage disposal systems (ISDS) and of subdivisions of land for lot sizes of less than 5 acres not served by publicly owned sewers; Permitting of septic system designers and installers; Regulation of juvenile camps and public bathing facilities; Water resource management and protection of public safety through the dam safety program, streamflow gauging, lake level management, flood control and operation, maintenance, repair and reconstruction of state owned dams; Dam leasing and management of water storage projects; and Groundwater assessment and protection through mapping, well inventory, water use registration and reporting, and well contractor and pump installer licensing; Coordination with the Waste Management Division in the administration of the Drinking Water & Groundwater Trust Fund that provides financial assistance in the form of grants and loans for drinking water infrastructure and other eligible drinking water related projects. The Division also provides technical and administrative support to the Water Council, Wetlands Council, the Rivers Management Advisory Committee and Lakes Management Advisory Committee.

**BUREAUS/PROGRAMS/ACCOUNTING UNITS**

- Watershed Management Bureau: Performs river and Lakes water quality assessment and protection through monitoring, outreach programs. (0852, 1000, 1430, 1518) Aquatic nuisance control (1430) Coastal Zone Management (1514, 3642, 3651, 1209) Shellfish monitoring (1523) Grant programs for planning and environmental improvements(2020, 2205, 2348, 2035) Road salt reduction strategies (1522) Boat pump out facilities grants (2061)

- Winnepesaukee River Basin Treatment: Construction and operation of the regional pollution control facility in Franklin (1300)
- Subsurface Systems Bureau: Regulation of on-site wastewater disposal systems through septic systems (1200)
- Dam Bureau: Water resource management, dam safety program, dam maintenance program, dam leasing for hydro power (2954, 3800, 3810, 3812, 3817, 3821, 3823, 3824, 3825, 3826, 3831, 3841, 3846, 3847, 3860, 5421)
- Drinking Water and Groundwater Bureau: Regulation of Public water Supplies (2010), Certification of water testing laboratories (5428, 5641); Source Water Protection Program/ Grants (2187) Operational Permits for drinking water systems (1420)
- Director's Office: Oversight of all water division programs and Bureaus (1000)
- Wetlands Bureau: Permitting of wetland impact projects (3815, 3855); Wetland Program development grant (1882) Aquatic Resource Mitigation Fund (3871, 3872), Shoreland Protection Program (3673)
- Alteration of Terrain Bureau: Permit program for alteration of terrain greater than 50,000 square feet in the protected shoreland and 100,000 square feet for all other activities (1436)

**TRENDS/CHANGES THAT HAVE/WILL IMPACT OPERATIONS & BUDGETS**

- Climate scientists have identified trends that include more severe weather events, increased precipitation, more frequent droughts and rising sea levels. These changes impact our water management infrastructure requiring significant increases in investment to ensure the adequacy of our dams, culverts, stream crossings and shoreland structures. We must also manage our water use appropriately during periods of drought to protect our streams and rivers and associated aquatic life. It will become increasingly necessary to determine minimum in-stream flow requirements and to establish water management plans to protect our state's water resources during drought conditions.
- Nutrient concerns have increased for many of the state's surface waterbodies. This has led to significant new investments in advanced wastewater treatment facilities for point source and improved storm water management for non-point source discharges. We are challenged to better understand the effects that nutrient

discharges have on aquatic life and other intended uses in order to make informed decisions. Our monitoring efforts need to keep up with the increasing need for better science and understanding of our state's waterbodies and measurement of the effects of infrastructure involvement.

- Land resources development has become more complex and we have seen a trend towards a greater integration of programs including wetlands, alteration of terrain, subsurface wastewater disposal and shoreland programs. Budgeting and our operational approach must be appropriate as land development activity is trending upward at a steady pace due to large linear projects and redevelopment of large properties.
- As our state owned dams age, they require increased attention, including frequent inspections and repairs and reconstruction, to maintain them in a safe condition. Also, the number of homes and road crossings located below our dams continues to increase, not because more dams are being built, but because more development is occurring downstream, requiring existing dams to undergo expensive modifications to meet higher design standards to address the increasing threat to life and property downstream.
- Aging wastewater and drinking water infrastructure that will need to be repaired or replaced to ensure clean and safe water for drinking, recreation, and ecosystem health.
- Treatment of contaminants of emerging concern such as widespread perfluoro chemicals, 1,4 dioxane and harmful algal blooms.

Prioritized Need	AMOUNT	SOURCE OF FUNDS	EXPLANATION
1	103,749	100%G	<p><b>Lakes/Rivers Management/Watershed Bureau/ (Acct Unit: 15180000) FY 2020</b> This position provides the support necessary to begin expanding the Instream Flow Program from two pilot rivers to all 19 designated rivers, as mandated by RSA 483. The program, which ensures that there are adequate water flows in the state's rivers to meet the needs of water users, boaters, fish, and wildlife, currently has one full-time staff funded through Federal grants. Reductions in Federal grants have precluded funding an additional position for this program with Federal dollars. Developing and managing the flow requirements for 19 rivers necessarily requires the skills of additional professional staff. The need for this position was documented in the final Report of the Instream Flow Legislative Committee in 2015. Successful completion of an instream flow study for a river ensures that water will be available for economic development and natural resource conservation. For example, the instream flow program creates more realistic limits for water usage than other, older methods. In Durham, the instream flow study on the Lamprey River resulted in the town being able to increase access to the river's waters for drinking water purposes. The</p>

2	0  82,039  0	100%G	<p>including Vibrio bacteria, male-specific coliphage (virus) issues, and harmful algal blooms. New seawater and shellfish tissue monitoring programs have been created to manage these threats. Additionally, there is now a commercial oyster industry, which continues to see steady growth (2-3 new farms per year). Food safety laws require that oyster harvesters contact NHDES every time that they want to harvest to ensure that environmental conditions are safe. Daily interaction with industry would be part of this position's duties. This new staff person is needed for NHDES to meet its legislative mandate and protect public health. This position will take the place of at least one part-time employee so no additional equipment or space is needed.</p> <p><b>Shellfish Protection/Healthy Tides/Watershed Bureau/(Acct Unit: 15230000) FY 2021</b> This is the second year of funding for the above position.</p>

3	529,398	100%G	<p><b>NPDES Technical Assistance Program/Watershed Bureau/ (Acct Unit: 90010000) FY 2020</b> In response to concerns raised by a number of municipalities and companies, NHDES is proposing to increase technical and scientific assistance regarding federal National Pollutant Discharge Elimination System (NPDES) permits to permit holders and to other stakeholders in all sectors of the state, to support environmental quality and sustain the economic well-being of the state in the most appropriate and efficient manner. Examples abound of how NHDES has assisted communities (especially small communities) to identify cost-effective technological solutions to meet water quality issues. However, there is a great deal of unmet need to provide assistance that is not achievable with current staff. This request includes 5 positions that are designed to assist the 70 or so communities in the state that have NHDES permits. The assistance team will also work with industry to find cost effective ways to improve water quality. Additionally, these positions will be used in efforts to explore taking state delegation of this federal program. For example, one of the positions will help communities to save money by working with them to determine their technical needs. By working</p>

NH is one of four states not delegated to administer the NPDES Program. In 2017, Senate Bill 121 created a commission to study delegation of that authority. In the commission's final report, they concluded that the program is complex and recommended in depth study of nine subject areas related to the permit authority, which range from the costs of the program, to who pays for it, to data management needs, and other technical and statutory requirements. The commission further recognized that NHDES does not have the resources to conduct these studies and recommended that the General Court fund consultants to assist NHDES. This request would</p>

**(A) Efficiency Budget Statute/Rule Changes:**

1) Amend RSA 485-A:23 - RSA 485-A:25 (g) to move the Recreation and Youth Skill Camp program from DES to DHHS-Division of Public Health. The purpose is to align the regulation of camps with the regulation of other childcare. (DES Acct Unit 442010-89010000)

**(B) Additional Statute/Rule Changes:**

1) Amend RSA 485:46, under the Water Testing Laboratory Accreditation program, to allow the Department to retain all funds in excess of expenditures at fiscal year end. The purpose is to allow the program to retain funding to contract with third party assessors to meet lab certification demand. (DES Acct Unit 442010-66410000)

2) Amend RSA 485:41(VIII), under the Drinking Water Operational Permit program, to allow the Department to retain all funds in excess of expenditures at fiscal year end. The purpose is to allow the program to retain funding for data management needs associated with permit to operate. (DES Acct Unit 442010-1425000)

3) Amend RSA 485-A:17, II-c, under the Alteration of Terrain program, to change quarterly reporting to biennial reporting relative to the administration of the terrain

alteration review program. This amendment will align reporting requirements with related programs and bureaus within the Water Division Land Resource Management Program.

4) Amend RSA 482:8-a, under the Dam Safety Inspection Program, to increase the annual dam registration fees and filing fees to cover the cost of inspecting and permitting the construction and reconstruction of dams in New Hampshire. (DES Acct Unit 442010-38470000)

5) Repeal RSA 482:55-a, under the Dam Maintenance Revolving Loan program, to eliminate a loan program to private dam owners as a result of inadequate funding. (DES Acct Unit 442010-3847000)

**STATUTORY BASIS:**

42 U.S.C. 7401 et seq (Federal Clean Air Act),RSA 21-O:10,RSA 10-B,RSA 125-C,RSA 125-D,RSA 125-H,RSA 125-I,RSA 125-J,RSA 125-L,RSA 125-M,RSA 125-N,RSA 125-O,RSA 125-R,RSA 125-S,RSA 141-E,RSA 266:59-b

**DESCRIPTION:**

The Air Resources Division (ARD) implements and enforces state statutes and rules for protecting air quality. ARD core functions include: issuing permits for utility, industrial and commercial sources that emit significant amounts of pollutants; inspecting facilities to determine compliance with emission limits; conducting complaint investigations; conducting enforcement and compliance assistance activities; providing public education and outreach for air quality programs; managing emission inventories and emission credits; managing asbestos control; managing air quality-related motor vehicle programs such as On-Board Diagnostics (OBD) and transportation conformity; performing air dispersion modeling for permit applications and regional modeling for ground-level ozone, regional haze and fine particulates; providing public education and conducting studies and risk assessments of issues involving the impacts of environmental contaminants on public health; performing air quality forecasting addressing energy management and efficiency; participating in regional and national air quality initiatives; conducting ambient air quality monitoring, data quality assurance and submittal to EPA's federal database; and preparing, revising, and implementing the State Implementation Plan as mandated by the Clean Air Act and State Legislation.

**BUREAUS/PROGRAMS/ACCOUNTING UNITS**

- Permitting and Environmental Health Bureau: Permitting – Review of air permit applications and issuance of permits to stationary sources to ensure compliance with state and federal air pollution emission standards (9101 and 9103); Environmental Health – conduct human health risk assessments of environmental conditions (9100,7879).
- Compliance Bureau: Compliance Assessment and Stack Testing – Inspect air emission sources to evaluate compliance status with state and federal air permits and air pollution regulations (9101 and 9103); Asbestos – Inspect asbestos abatement worksites to ensure proper and safe removal of asbestos, the licensing of asbestos abatement contractors and management of asbestos in schools (9003); Enforcement – Ensure timely and effective enforcement activities under state and federal enforcement policies for sources in violation of air pollution standards (9101, 9103 and 9003).

DEPARTMENT	00044	ENVIRONMENTAL SERVICES DEPT
AGENCY	044	ENVIRONMENTAL SERVICES DEPT
ACTIVITY	ARD443010	AIR RESOURCES DIVISION

- Technical Services Bureau: Air Monitoring – Maintain and operate an adequate air quality monitoring network to monitor air quality in New Hampshire under federal Clean Air Act requirements (9000 and 9025); Mobile Sources – Conduct programs to reduce air emissions and air quality impacts of mobile sources (2278, 4796, 4802, 5035, 5308, 5925, 9000 and 9025); Clean Energy Programs – oversight of the Regional Greenhouse Gas Initiative program (9106). Climate Change Resiliency and Preparedness- collaborate with state and regional partners on development of climate impact metrics and increasing community awareness of the need for adaption measures; ensure the department is incorporating rules and best practices that foster and require resiliency planning (5036).
- Director's Office: SIP Planning – Develop federally required air pollution plans to meet Clean Air Act requirements (9000); Atmospheric Sciences – Participate in regional and national forums to address the issue of air pollution transport (9000); Data Management – Oversee and assess the Division's need for business management systems and develop data management systems (9101, 9103 and 9003); Director's Office – Oversight and management of day-to-day operations, development of long-term plans to ensure compliance with both state and federal regulations and manage Division personnel issues (9100).

TRENDS/CHANGES THAT HAVE/WILL IMPACT OPERATIONS & BUDGETS

- The continued long-term trend in the reduction of air pollution emissions across the country has resulted in significant improvements in air quality across New Hampshire over the past decade. However, the State's air permit program has been highly reliant (greater than 98%) on the payment of emission-based fees from stationary sources to support operations. As sources have reduced emissions to comply with state and federal regulations the result has been a significant increase in the fee rate over the last 5 years (nearly doubling from \$156/ton to \$319/ton) just to maintain a consistent base level of funding to support continued ARD oversight. Recognizing that this trend will likely continue, ARD conducted an extensive stakeholder process and is currently in the process of proposing revisions to the fee regulation to ensure adequate program funding, while not overburdening industry. The air permit program accounts for nearly 50% of the Division's operating revenue. For the first time, the FY 18/19 budget for the State Permit Fee (9101) included \$640,000 of General Fund to support to the program to offset future fee increases. ARD will request continued General Fund support for the FY20/21 budget as recommended by the stakeholders.
- The federal funding portion of the air programs under Section 105 of the Clean Air Act has been flat funded for over 10 years at about \$1.4 million annually. Division activities covered with this federal funding include operation and maintenance of the state-wide ambient air monitoring network, developing state plans required under the federal Clean Air Act and dealing with the regional impacts of cross border air pollution. During this 10 year period, per Clean Air Act mandates, EPA has continued to develop new air regulations that the state has had to implement including revised National Ambient Air Quality Standards for ozone, sulfur dioxide and fine particulate matter. EPA has also promulgated significant new standards for power plants under the Mercury and Air Toxics Standard (MATS), the Clean Power Plan (CPP) and numerous other regulations impacting smaller sources of air pollution. The continued ability of DES to meet its federally mandated requirements

under the Clean Air Act is becoming increasingly difficult as the actual value of these federal funds has decreased over time. EPA is currently reevaluating the national formula for distributing the Section 105 funds among the 10 EPA Regions. Under some proposed scenarios, the EPA Region I states, including New Hampshire, could lose funding over a five year period.

- Increasing public concerns over the emissions of air toxics and potentially new understanding of how certain types of air emissions may impact other water or soil quality will present new challenges in the coming years. The ability of DES to better understand how the air emissions of new emerging contaminants, such as perfluorochemicals, potentially impacting groundwater is a considerable technical challenge, particularly because the number of manmade chemicals is increasing every year with little direct understanding of their potential impacts to human health. Many of these new chemicals are largely unregulated by existing state or federal statutes in terms of being either air toxics or their potential transfer to other media.

**DESCRIPTION:**

The Waste Management Division (WMD) implements compliance and site remediation programs for solid waste, hazardous waste, and petroleum products. WMD utilizes a combination of grant monies from the US Environmental Protection Agency, dedicated state and General Funds to perform its core functions. These core functions include: solid and hazardous waste facility permitting; compliance assurance & enforcement; facility operator training & certification; complaint investigations; asbestos site management; waste management planning; closure of unlined solid waste landfills; pollution prevention assistance; registration of solid waste & hazardous waste transporters; cleanup of hazardous waste, petroleum and methyl tertiary butyl ether (MtBE) contaminated sites; regulation of underground & aboveground storage tanks; monitoring of groundwater for early detection of groundwater quality impacts at lined landfills, lined wastewater lagoons, facilities that process petroleum contaminated soils and former hazardous waste disposal facilities; and response to oil and hazardous materials spills on land and in the waters of the state.

Additionally, there is a 12 member Oil Fund Disbursement Board that is responsible for managing disbursements from the Oil Discharge and Disposal Cleanup Fund (RSA 146-D). These funds provide reimbursement of costs incurred by petroleum facility owners and other affected parties, for cleanup costs and payment of third party damages caused by releases of petroleum to the environment. The board is administratively attached to DES pursuant to RSA 21-G:10.

**BUREAUS/PROGRAMS/ACCOUNTING UNITS**

- Oil Remediation and Compliance Bureau: Petroleum Remediation – Cleanup of petroleum contaminated sites (1400, 1409, 1414, 1421, 2075), Oil Compliance – review of petroleum storage facility design plans, inspection of storage facilities, enforcement (2074, 2075, 5927), Spill Response & Complaint Investigation - emergency response to oil spills and petroleum and hazardous waste response planning (1400, 5392, 5402).

- Hazardous Waste Remediation Bureau: State Sites Section (2514, 5392, 7603), Federal Sites Section (2589, 2590, 2592), Brownfields Program (2514, 5392, 2016, 2017, 2018) – Cleanup and monitoring of hazardous waste contaminated sites and monitoring of groundwater for early detection of groundwater quality impacts at lined wastewater lagoons and former hazardous waste disposal facilities.
- MtBE Remediation Bureau (8893) – Cleanup of MtBE contaminated sites, provision of water treatment and alternative water supply, prevention of MtBE contamination.
- Solid Waste Management Bureau (5402, 1400) – Assurance of proper solid waste management via operator training, permitting, inspection and enforcement.
- Hazardous Waste Management Bureau (5392, 5492, 7603) – Assurance of proper hazardous waste management via hazardous waste coordinator training, permitting, inspection and enforcement, data management and transporter registration.
- Director's Office (5401) – Oversight of all waste management, cleanup, prevention and enforcement efforts.
- Oil Fund Disbursement Board (1421) – Management of disbursements from the Oil Discharge and Disposal Cleanup Fund.

**TRENDS/CHANGES THAT HAVE/WILL IMPACT OPERATIONS & BUDGETS**

- Over time, improvements in vehicle fuel economy and movement away from heating with fuel oil, will reduce Petroleum Fee revenue, which will reduce WMD's ability to ensure timely investigation and cleanup of petroleum sites, appropriate spill response planning and training, and effective emergency response services. This could result in more expensive cleanup actions and larger impacts from pipeline, rail, or coastal vessel releases of petroleum. Even as the number of petroleum releases declines, the growing percentage of spill sites with long-term, recalcitrant contamination and complex site conditions increases the average cost to fully remediate a site, thereby maintaining a constant level of need for cleanup funding.

**FORM B - ACTIVITY LEVEL - GOALS AND PERFORMANCE MEASURES**

**B ACTIVITY LEVEL - GOALS AND PERFORMANCE MEASURES**

	CODE	DESCRIPTION
CATEGORY	03	RESOURCE PROTECT & DEVELOPMT
DEPARTMENT	00044	ENVIRONMENTAL SERVICES DEPT
AGENCY	044	ENVIRONMENTAL SERVICES DEPT
ACTIVITY	WMD444010	WASTE MANAGEMENT DIVISION

- As a result of high profile rail and pipeline incidents involving crude oil releases in Canada and the U.S., WMD has directed increased focus and resources toward inland oil spill preparedness, particularly with respect to the Portland-Montreal Pipeline which traverses northern NH. Increases in staff time and equipment purchases will be necessary to build inland spill preparedness over FY 20 and 21. Additionally, in order to maintain NH's current level of preparedness for coastal oil spills, WMD will need to direct approximately \$1.5 M over the next 10 years to replace its 15 to 30 year-old spill response boats and equipment.
- Reduced revenues to the Hazardous Waste Cleanup Fund (HWCF) due to increased recycling of hazardous wastes (recycled hazardous wastes are exempt from the fee), and a decade-long declining trend in USEPA Brownfields grant funding has resulted in staffing reductions and reduced funding availability for cleanup planning and cleanup services. These reductions have significantly limited WMD's ability to timely fulfill various duties including: review of technical submittals related to hazardous waste sites; effective monitoring and remediation of orphan sites where a responsible or financially solvent party cannot be identified; adequate frequency of hazardous waste facility inspections; and timely and appropriate enforcement. Urgent responses to emerging contaminants such as perfluorinated compounds (PFOA and PFOS) and 1,4-dioxane have recently resulted in additional unanticipated expenses to the HWCF. These and future emerging contaminants will likely continue to exert additional stress on the HWCF. Discovery of these contaminants in new locations results in the need to redirect significant DES staff resources to the response, and in significantly increased costs for site investigation, monitoring of nearby drinking water wells, provision of alternate safe drinking water to impacted citizens, and ultimate site cleanup.
- A decades-long trend of reductions in the funding of the Solid Waste Management Bureau (the Bureau) combined with an unusually large number of recent retirements has resulted in significant reductions in staff. These reductions have significantly impacted the bureau's ability to effectively oversee solid waste management in NH and to keep up with new demands. While support from the legislature in the FY 16/17 budget allowed the Bureau to rebuild its operator training program and to regain some of its lost capacity, the Bureau still has a need to rebuild and improve its capacity to provide timely responses to solid waste related complaints, timely processing of facility permit applications, and timely and appropriate enforcement. In addition, the Bureau must build its capacity to address new demands resulting from emerging contaminants, such as perfluorochemicals and 1,4-dioxane, which are being discovered in groundwater at former landfill sites. The Bureau must also build its capacity to appropriately promote and regulate new and existing alternative waste management recycling and waste to energy technologies. The Bureau is also working on rebuilding core functions of permitting and compliance assistance while addressing other responsibilities that were deferred during periods of short staff, including establishing a General Permit for Motor Vehicle Salvage Yards, updating composting regulations, updating and readopting Asbestos Disposal Site regulations and improving management of hundreds of inactive landfills sites across the state. The Bureau is also improving the quality and public availability of its data and records through increasing document availability on OneStop and the NHDES Dashboard.

8	225,000	100%O	<p><b>Hazardous Waste Contamination Investigation/Hazardous Waste Remediation Bureau (HWRB)/ (Acct Unit: 53920000) FY 2020</b></p> <p>The HWRB executed three contracts in FY17 totaling \$240,000 annually with three different speciality analytical laboratories for analytical support in assessing and addressing the widespread occurrence of per- and polyfluoroalkyl substances (PFAS) groundwater contamination in NH. These contracts expire on June 30, 2021. These contracts were critical to the success of determining the limits of the PFAS impacts in southern NH. Over the past 12 months DES has discovered additional PFAS impacted private water supply wells throughout the state. DES anticipates a significant increase in detections of PFAS impacts over the next two years associated with the addition of PFAS analyses to existing Groundwater Management Permit monitoring requirements. Further, toxicological information recently released by the federal government will likely result in the reduction of current Ambient Groundwater Quality Standards (AGQS) for two PFAS compounds (PFOA and PFOS) and the</p>

**STATUTORY BASIS:**

RSA 227-E CONNECTICUT RIVER VALLEY RESOURCE COMMISSION; RSA 483 NEW HAMPSHIRE RIVERS MANAGEMENT AND PROTECTION PROGRAM

**DESCRIPTION:**

Connecticut River Valley Resource Commission (CRVRC) - The NH CRVRC is the local river management advisory committee appointed by the commissioner to work with the Vermont Connecticut River Watershed Advisory Commission to protect the visual, ecological and agricultural integrity of the Connecticut River. The NH CRVRC is administratively attached to the Department of Environmental Services and accepts funds to carry out RSA 227-E, passing funds through to the Connecticut River Joint Commission. Its mission is to preserve and protect the visual and ecological integrity and sustainable working landscape of the Connecticut River Valley, and to guide its growth and development through grassroots leadership.

**STATUTORY BASIS:**

RSA 486, RSA 486-A, RSA 485, RSA 485-A, RSA 485-C

**DESCRIPTION:**

The Department of Environmental Services Water Division is responsible for the administration of the Drinking Water State Revolving Fund (DWSRF) and Clean Water State Revolving Fund (CWSRF) loan programs, which provide below market interest rate loans, for the design and construction of eligible public drinking water systems and wastewater, stormwater and nonpoint source management systems. These programs are supported by dedicated federal grants that require 20% state match. Loan repayments are retained in a dedicated repayment account for redistribution as new loans. The DWSRF and CWSRF are supported by administrative fees. In addition to loan administration, both programs include activities related to implementing the federal Safe Drinking Water and Clean Water Acts and state regulations, including oversight and technical support for the regulated entities and, in the case of drinking water, grants related to source protection and capacity development.

BUREAUS/PROGRAMS/ACCOUNTING UNITS

- Wastewater Engineering Bureau (CWSRF): Loan and Grant Administration; Certification for National Pollution Discharge Elimination System (NPDES) Permitting; Industrial Pretreatment Oversight; Design Review; Construction Management; Residuals Management; Wastewater System Operator Certification; Training and Assistance (2002, 4788).
- Drinking Water and Groundwater Bureau (DWSRF): Loan and Grant Administration; Information Management; Public Water System Oversight and Sustainability; Design Review; Construction Oversight; Private Well Assistance; Groundwater Discharge and Withdrawal Permitting; Water System Operator Certification; Laboratory Certification; Water Conservation; Water Use Reporting; Training and Assistance (4718, 4790).

TRENDS/CHANGES THAT HAVE/WILL IMPACT OPERATIONS & BUDGETS

- Infrastructure (Drinking Water, Wastewater and Storm Water) investment needs are estimated to be \$1.3 Billion over the next decade due to a combination of aging infrastructure as well as changes in regulations. For instance, the amount of nutrients and metals allowed to be discharged at wastewater treatment facilities are

- lower and permit renewals under the federal Clean Water Act require upgrades. Similarly, stormwater permits are now required for some NH communities, which in turn require stormwater treatment.
- New Hampshire’s changing climate is also driving infrastructure improvements so that drinking water and wastewater systems are able to be more resilient to floods and droughts. Staff provision of technical assistance has and will increase to address resiliency needs.
  - Asset management and improved water and energy efficiency have been an increasing area of focus under the state revolving fund programs and staff is now dedicated to these areas.
  - Emerging contaminants (e.g. perflourinated compounds) and newly understood contaminants (e.g., lead) have increased the need for unanticipated investments as well as more oversight expectations from the public and USEPA.

**DESCRIPTION:**

***Wildlife Division (WIL) Mission Statement - To conserve and manage game, nongame and endangered species and their habitats for their diverse ecological and social values.***

The WD consists of 5 principle program areas; 1) Game Management; 2) Nongame and Endangered Species Management; 3) Habitat Conservation and Management; 4) Data Management, and; 5) Animal Damage Management. The WD uses the best available science to meet its diverse goals and objectives. Program activities include applied research, data collection, population management, land conservation, land management, the provision of technical services designed to achieve species population and habitat goals, wildlife/human conflict mitigation, and outreach to achieve a vested, well-informed public.

**DESCRIPTION:**

**Inland Fisheries Management (IFM) Mission -To use planning and science for effective management of New Hampshire’s freshwater fisheries.**

The Inland Fisheries Division has two principle program areas; Fisheries Research and Management & Hatchery operations. The Division’s research and management activities allow the status of the freshwater fisheries resources to be assessed, monitored, and evaluated. The Division’s hatchery operations consists of six facilities that are responsible for rearing and distributing trout and salmon into approximately 350 lakes and ponds and 1,500 miles of rivers and streams.

**DESCRIPTION:**

**Marine Resources Program (MAR) Mission-** As guardian of New Hampshire's marine resources, the New Hampshire Fish and Game Department's Marine Division works in partnership with the public to:conserve, manage, and protect these resources and their habitats; inform and educate the public about these resources; provide the public with opportunities to useand appreciate these resources.

The Marine Division (MAR)(Acc. units 22880000 and 22890000) is responsible for managing the recreational and commercial saltwater resources of the State. It is responsible for interstate management of marine species in conjunction with Federal and other States, such as the New England Fishery Management Council, the Atlantic States Marine Fisheries Commission, the National Marine Fishery Service and the U. S. Fish and Wildlife Service. The Division also has oversight over aquaculture in coastal and estuarine waters and investigates and evaluates coastal pollution and other marine issues. It also provides opportunities for long term research, education and interpretive programs on coastal issues via the Great Bay National Estuarine Research Reserve Program.
