**STATUTORY BASIS:**

Articles 41 to 47 of the New Hampshire Constitution. The constitution states the Governor is the supreme executive magistrate, and the executive power of the state is vested in the Governor.

**DESCRIPTION:**

**MISSION: To faithfully execute the laws of the State of New Hampshire.**

**DESCRIPTION:**

The component unit of the Office of the Governor serves primarily to provide direct staffing support to the Governor in the performance of his or her duties. Aside from performing these duties, the office works to improve state government services, improve efficiencies, and address areas of unmet need. Included in the component is the Office of Citizens Services. This group works to address the day to day constituent needs from those citizens who are unaware of what services are available, how to access them, or who have reached some other impasse.

The Governor's Advisor on Addiction and Behavioral Health represents the Office of the Governor in working with stakeholders across the public and private sectors to effectively address mental health and substance abuse disorders. The Governor's Advisor coordinates with the Governor's Commission on Alcohol and Drug Abuse Prevention, Treatment, and Recovery and other stakeholders to coordinate planning and resources and to identify gaps and barriers to accessing services within the state's behavioral health service delivery system.

**CLSP** – The CLSP works to ensure that the State is meeting its legal obligations to protect in perpetuity the conservation resources that were acquired through the Land Conservation Investment Program (LCIP). It monitors and stewards LCIP state-held conservation easements and LCIP municipal conservation properties. CLS works collaboratively with municipalities, other state agencies, conservation partners and landowners to ensure that the conservation values that the State has invested in are not diminished over time.

**DESCRIPTION:**

**DAS Commissioner’s Office Mission: To administer, support and guide internal Department of Administrative Services and statewide policy development, financial management, and operations.**

The DAS Commissioners manage and oversee all functions of the department including (but not limited to): operation of the state’s financial and human resource enterprise system (NHFIRST) within Financial Data Management (Activity 142010); oversight of the state’s financial accounting and payroll by the Comptroller/Division of Accounting Services (Activity 140510); effective recruitment, development and management of Executive branch employees through the Division of Personnel (Activity 141010); management of the state’s health benefit plans and risks within Risk Management Unit (Activity 143510); state procurement and asset management within Procurement and Support Services (Activity 141710); provision and management of numerous state facilities by Plant and Property Management (Activity 141510); and effective management of capital construction projects by the Department of Public Works (Activity 141910). The specific functions and goals for each of these areas are provided under their respective Activities. The DAS Commissioners also serve on over 25 Legislative Committees.

The DAS Commissioner’s Office also contains the Budget Office, which provides fiscal, budget and administrative assistance and oversight to all State Agencies to ensure compliance with RSAs, Administrative Rules, and Federal laws and regulations, and oversees development of operating and capital budget requests by state agencies; and the Operational Analysis and Project Management Unit, which promotes strategic planning, performance measurement, and application of proven project management and process evaluation/optimization techniques to identify, define, and successfully implement critical and/or strategic projects to improve operations.

Additionally, the Commissioner’s Office provides support for revisions and development of laws, rules, policies, and procedures (Policy and Procedures Office); and performs all administrative functions for the agency, including human resource, payroll, and business transactions (Business Office and HR Director). The Office of Cost Containment, which monitors and collects reimbursement of State paid Attorney fees, Mediator fees and Guardian Ad Litem fees for indigent parties, and oversight/management of the state’s Deferred Compensation Plan, also are within the Commissioner’s Office.

**STATUTORY BASIS:**

RSA 21-I:8 & RSA 9

**DESCRIPTION:**

**Division of Accounting Services (ACC)**

**Division Mission: To be approachable problem solvers in providing State Government with understandable and informative solutions to ensure the state's financial transactions are recorded and reported clearly, accurately, and according to all relevant requirements.**

**Bureau of Accounts** is responsible for the state wide accounting ledger, and ancillary chart of accounts and organizational breakdown. Its composition includes the State's chief accountant who oversees appropriation accounting maintenance, and a subject matter expert (SME) for NHFIRST AP module. BOA also includes an AP Audit section, responsible for the audit of business process for expenditures, and the payroll section which oversees statewide payroll processing, and the administration of Unclassified and Non-classified employees. The division provides substantial resources to the continuing development of NHFIRST ERP systems.

**Bureau of Financial Reporting**, headed by a CPA, is responsible for annual production and audit support for the CAFR, monthly Revenue Focus reports, the annual allocation plan of monthly revenue and other similar products. BFR also houses a substantially unfunded section for Cost and Compliance, to monitor agency compliance with indirect cost rules, Single audit support and SWCP preparation. BFR also provides NHFIRST SME oversight over the AR and billing modules.

**DESCRIPTION:**

**Plant and Property Management Mission: To provide and manage safe, accessible, and efficient facilities for state government and the public.**

*The Division of Plant and Property Management* maintains 87 state-owned buildings totaling approximately 3.3 million square feet. The division also oversees 45 leased facilities that total approximately 500,000 square feet. In addition, the division assists/oversees the rental and RFP processes for Executive Branch agencies and assists all state agencies in their energy usage tracking and energy saving activities.

*Bureau of General Services:* Accounting Units 2950, 2951, 2952, 2998, 8050, 1410, 2030, 2051, 2072, 2081, 2085, 2093, 2094, 2095, 2096, 2097, 2098, 2167 - The Bureau of General Services maintains 31 state-owned facilities totaling 1.6 million square feet. Most of the buildings are located in Concord, NH in four major areas including Hazen Drive, Smokey Bear Boulevard, Governor Hugh Gallen Office Park, and the State House Complex.

*Bureau of Court Facilities:* Accounting Unit 2045 – The Bureau of Court Facilities maintains 16 state-owned courthouses totaling approximately 571,000 square feet, 2 lease/purchase courthouses totaling 30,500 square feet, and provides oversight for another 20 leased courthouses totaling approximately 261,000 square feet located throughout the state.

*Bureau of Facilities and Asset Management:* Accounting Units 2042, 5320, 5964, 5966, 5968 – The Bureau of Facilities and Asset Management maintains State-owned buildings utilized by the Department of Health and Human Services located at the Governor Hugh Gallen Office Park and land and buildings at the Laconia Lakes Region Campus formerly occupied by the Department of Corrections. In total, the bureau maintains approximately 39 buildings totaling approximately 1.1 million square feet and close to 400 acres of land.

*Bureau of Planning and Management:* Accounting Unit 1411 – The Bureau of Planning and Management recommends assignment of office and office related space, including rented space or space under consideration for rental, assists in the maintenance of a real property inventory, and provides central administration and oversight of the processes by which space is rented by Executive Branch agencies.

**DESCRIPTION:**

**DPW Mission Statement:** To provide outstanding customer service to our clients by translating their project vision into an affordable and buildable design using collaborative planning, communication and contractual skills.

The Division of Public Works (Acct Unit:51410000) is responsible for oversight in all phases of building project management from project initiation and program development to final design and construction of all state owned and supported land and buildings unless specifically assigned to other agencies by law. The Division's project managers work closely with state agencies throughout the planning, design, and construction process. The DPW oversees the work of selected consulting architectural, engineering and other building science organizations. The DPW professional staff may also prepare building studies, develop final design and construction documents, as well as provide construction administration for the general contractors on both new construction and building repair projects.

**DESCRIPTION:**

**FDM Mission: Effectively manage financial and human resources information to support New Hampshire State government through business and technical solutions.**

Financial Data Management provides business services to all departments within the State of New Hampshire, including the Legislative and Judicial Branches. These services include the management and administration of the State's Financial, Human Resources, and Budgeting system through the NH FIRST Enterprise Resource Planning System, and the management of the State's Intranet (Sunspot) and DAS's public website. The range and scope of the services provided is Statewide and continues to broaden with the implementation of additional applications providing service to an ever growing user base.

Since employee scheduling is based on availability, a key component of this tool would provide the ability for employees to request time off so that that time is taken into consideration when scheduling each employee. Also key to this solution is a time recording function, most likely some sort of time clock, where the employee punches in and out. From the time clock, the employee’s time card would be automatically created, submitted by the employee, approved by the supervisor, and interfaced into NHFIRST for payroll processing. This end-to-end attendance tracking and scheduling tool will result in efficient scheduling of overtime, thus reducing overtime costs. Additionally, it will save time for each supervisor who is responsible for scheduling employees by making the required information readily available in one central tool that</p>

			<p>the NH FIRST system. Over the same period of time, the team’s workload has more than doubled. The team’s current workload includes creations and modifications of reports, necessary application upgrades, development of new interfaces between NH FIRST and agency subsystems, modifying or creating new Time Management policies, maintaining scripts which process the daily production cycles, modifying custom extracts for benefit vendors and the employee unions, support development efforts across DAS and any other analysis requested by any of our customers. The loss of three (3) resources in combination with the reporting and development work doubling has left the team with a significant backlog of reporting and development requests. Because of current projects being worked and the development in queue for FY19/20/21 the team will not be able to deliver prompt and qualitative development to customers without adding strong development resources back to the team. If two (2) new FDS II positions were added back to the unit the ASR team would be able to eliminate the backlog of reports and reduce development cycle times significantly. FY20 = \$195,956, FY21 = \$198,186</p>

**(A) Efficiency Budget Statute/Rule Changes:** To improve billing efficiency within RMU, certain Constitutionals officers referenced in RSA 14:27-c should receive retirement benefits paid by DAS that is reduced by the amount of the retiree health insurance premium contribution that is due from the retiree per RSA 21:1-30. Currently, RMU invoices these retirees manually each month for their retiree health insurance premium contribution. A direct reduction in the retirement pension payment from DAS by this amount would reduce the administrative burden for RMU. RMU Goal #2.

**(B) Other Statute/Rule Changes:** None

**(C) Ten-Year Cost Projections:** Pursuant to RSA 9:9-d I.(a), DAS shall provide a ten-year cost projection for state retiree health insurance.

The projections below are estimates of future costs and are based on the current Retiree Health Plans and information available at this time, August 2018. The projections assume comparable funding from CMS through FY2029 and the State's current vendor contracts. Projections are not a guarantee of future results. Actual experience may differ due to, but not limited to, such variables as changes in the regulatory environment, local market pressure, health trend rates and claims volatility. The accuracy and reliability of health projections decrease as the projection period increases.

AGENCY	021	PROF LICENSURE & CERT OFFICE
ACTIVITY	LAR211010	DIVISION OF ADMINISTRATION

The principal mission of the New Hampshire Office of Professional Licensure and Certification is to safeguard the public health, safety, welfare, environment and the public trust of the citizens of the State of New Hampshire.

The Boards, Commissions and Councils qualify and license, certify or register individuals and businesses, establish and enforce administrative rules and laws and provide information so the public may make informed decisions.

The Office of Professional Licensure and Certification (OPLC) provides administrative support to over 50 professional licensing boards, commissions and councils responsible for licensing and regulating their professions within the State of New Hampshire.

The OPLC and the boards, commissions and councils under it exist to serve and protect the public from incompetency, misconduct, gross negligence, misrepresentation or dishonesty by providing an accessible, responsible and accountable regulatory system. This system ensures that the State of New Hampshire licenses only qualified professionals and businesses that meet minimum competency standards. These professionals and businesses must maintain these standards or face administrative action. This is accomplished

through the establishment and enforcement of laws and administrative rules and the investigatory process.

Information about licensed individuals and businesses, including disciplinary action, is available to assist the public in making informed decisions. Board, commission and council meetings are scheduled on a regular basis and open to the public.

The Office of Professional Licensure and Certification (OPLC) was created effective with the passage of the 2016/2017 budget. All Boards, Commissions or Councils listed under this agency were consolidated under the umbrella of the newly established OPLC. The OPLC consolidates most State licensing programs under one central regulatory agency located in the Philbrook Building, 121 South Fruit Street, Concord, New Hampshire. This consolidation was established to create efficiencies and eliminate redundancies, resulting in enhanced customer service and providing a consistent organizational structure for programs and licensees. Centralization of administrative functions will enable program staff and Board members to more efficiently utilize their time and expertise regulating their programs. The OPLC consists of three Divisions: Division of Technical Professions; Division of Health Professions and the Division of Administration.

***Archives and Records Management (ARM)***

***ARM*** - To assist state agencies with the efficient and proper management of their records, and in conjunction with that service, provide storage space for their less active records. To preserve documentation of the history of New Hampshire state government institutions, and work to make them available to the public in as efficient a manner as possible.

**Archives and Records Management (Acct Unit: 16100000):** To manage and preserve efficiently current and archival records created by the State of New Hampshire since the mid seventeenth century. The Division maintains a retention schedule for active records of 200 state agencies and approximately four million archival documents. The Division supplies space, boxes, and transportation for 32,000 records transactions annually, pulls and re-files records for state agencies and for the general public, and inventories, indexes, and oversees the conservation of archival records.

**DESCRIPTION:**

**The New Hampshire Treasury serves as the state’s bank, securely and timely processing deposits and disbursements, ensuring the optimization and proper reporting of the state’s financial assets and liabilities, and accessing the municipal bond market to provide funds for the state’s capital expenditures, including responsibility for all regulatory compliance. The agency also functions as a financial consultant for the legislature, other state agencies, and political subdivisions regarding a variety of financial management issues, operations, and policies.**

Treasury Cash Management and Operations (Accounting Unit: 10500000, 80230000) – The Treasury is responsible for the management and investment of \$400 to \$700 million in operating funds daily. Included in this responsibility is the recording, safeguarding, auditing, investing, forecasting, and efficiently managing the state’s cash flow to fund daily, weekly, monthly, and quarterly disbursements. Treasury facilitates the issuance of check and electronic payments such as ACH credits and wire transfers to fund disbursements. Treasury acts in a consultative role in assisting state agencies in reviewing the use of accounting and banking services for the collection of state revenues. Revenue to the state is received into Treasury operating accounts in the form of checks, ACH credits, wires, and credit card ACH settlements. Treasury is involved in multi-agency initiatives such as web-based applications and Requests For Proposals (RFPs) involving financial transactions.

Investment and Debt Management (Accounting Units: 20760000, 59720000, 87130000) – The investment function involves developing short and long term investment strategies with guidelines determined by statute and policy as well as fostering relationships with a broad number of financial professionals across a variety of institutions. Debt management functions include monitoring capital appropriations and authorizations for bonding as well as capital spending; issuing debt affordability studies for general obligation debt; monitoring contingent debt of the state; obtaining bond counsel and financial advisor opinions; preparing and delivering presentations to the national credit rating agencies; advising Governor and Executive Council on alternative borrowing terms and conditions; selling both new money and refunding General Obligation/ Turnpike System/and Federal Highway Grant Anticipation bonds; preparing Official statements and other state disclosure documents.

Treasury historically issues capital improvement "new money" bonds annually to finance the State's capital program. From time to time when economic conditions warrant, Treasury also refunds existing outstanding debt with refunding debt at a lower cost. Many assumptions are built into the 10 year projections of debt service presented here, however, no refunding issues have been projected or built into these numbers. The following are the assumptions made per accounting unit: 20760000 class 043 assumes annual new money issues of \$60M FY19 / \$50M FY20 / \$60M FY21 through FY29; fixed 5% coupon rate; amortized over 20 years with 60% of the principal paid in first 10 years; issuance of \$50M short term notes annually outstanding for 6 months at 2%. 20760000 class 044 assumes annual new money issues of \$0M FY19 / \$10M FY20 / \$10M FY21 through FY29; fixed 5% coupon rate; amortized over 20 years with 60% of the principal paid in first 10 years. 87130000 (CCCSNH) assumes new money issues of \$1.5M FY19 / \$7.5M FY20 / \$12.5M FY21 / \$5M FY22 through FY29; fixed 5% coupon rate; amortized over 20 years with 60% of the principal paid in first 10 years. 59720000 (School Building Aid) assumes no new issuances.

**STATUTORY BASIS:**

RSA 471-C, Custody and Escheat of Unclaimed and Abandoned Property and RSA 383-B:5-501, Depository Bank Act - Safe Deposit Boxes

**DESCRIPTION:**

**DESCRIPTION:** The Abandoned Property Division serves as the fiduciary to receive, hold, and ultimately return to the rightful owner abandoned intangible property remitted to the state by third party holders. The property remains in the custody of the Division pending notification to, and submission of claims by lawful owners to recover their property.

Abandoned Property Division (Accounting Unit: 80210000): The State Treasury's Abandoned Property Division administers New Hampshire's unclaimed and abandoned property law. Annually, the Division performs various owner reunification efforts to return property reported and remitted to the state to the rightful owner. Property not claimed by the rightful owner within 36 months of remittance to the state is escheated to the General Fund. Property transferred to the General Fund remains subject to claim by the rightful owner pursuant to the Division's petition for Governor and Council approval of payment of the unclaimed funds previously escheated. The Abandoned Property Division administers the day to day operations for the receipt, report processing and claims payments of annual abandoned property cash and securities remittances in excess of \$18 million.

Technology Software	146,865	100%-Other	The transition to the Division's new operating system in 2015 allowed for the Introduction of workflow efficiencies within the existing Abandoned Property System environment that enhanced the services delivered to the Division's core constituencies. The provider of this database has expanded the functionality and capabilities of this product, as an additional twenty states have transitioned to this operating platform since 2015. In 2019 , the Division will be looking to extend the contract for this state of art operating system. The contract extension will allow the Division to utilize additional operation enhancements that the system has incorporated . These enhancements will include direct electronic holder reporting, online electronic claims, documents imaging and owner verification processing initiatives. All of these enhancements should add efficiencies to the day to day operations of the Division and ultimately result in more property being returned to the citizens and businesses of New Hampshire.

RSA 6:38 - RSA 6:43, New Hampshire Excellence in Higher Education Endowment Fund

**DESCRIPTION:**

**The Unique Program provides scholarships on the basis of merit and need to New Hampshire residents attending eligible New Hampshire postsecondary education institutions.**

The College Tuition Savings Plan Advisory Commission administers the New Hampshire Excellence in Higher Education Endowment Fund established in RSA 6:38 to provide scholarships to eligible New Hampshire students. The Advisory Commission adopted administrative rules (Csp 600 and Csp 700) relative to two scholarship programs in order to satisfy the statutory requirements.

Unique Program (Accounting Unit: 10470000) – administers two types of scholarship grants, the Unique Annual Allocation Program (UAAP) and the Unique Endowment Allocation Program (UEAP), and reimburses the State for any necessary administrative costs funded by an assessment collected from the New Hampshire 529 Plan accounts.

**DESCRIPTION:**

The New Hampshire Retirement System (NHRS) is a public employee retirement system that administers one cost-sharing multiple-employer defined benefit pension plan and a cost-sharing multiple-employer postemployment medical subsidy health care plan.

NHRS is administered by a 13 member Board of Trustees whose responsibilities include setting investment policy, certifying employer contribution rates and the NHRS budget.

The Board of Trustees delegate the management of the organization to the Executive Director with a staff of 70 divided into six functional areas; Executive/Administration, Finance, Employer Services, Member Services, Information Technology and Legal & Compliance.

The NHRS State employer contributions are estimated for 10 years as follows:

FY 2020 - \$95,581,814

FY 2021 - \$98,688,223

FY 2022 - \$101,895,590

FY 2023 - \$ 105,207,196

FY 2024 \$108,626,430

FY 2025 - \$112,156,789

FY 2026 - \$115,801,885

FY 2027 - \$ 119,565,446

FY 2028 - \$123,451,323

FY 2029 - \$127,463,491

Estimated employer contributions through FY 2029 are based on the FY 2020/2021 employer contribution rates multiplied by the estimated covered payroll applicable for each member group for each fiscal year. Employer contribution rates are actuarially determined on a biennial basis; future rates may be affected by actuarial experience and/or statutory changes to benefit provisions. This calculation is based upon assumptions regarding future events, which may or may not materialize.

FY 2020/2021 Employer contribution rates are as follows:

State employee 11.93%

State Police 28.43%

State Fire 30.09%

**DESCRIPTION:**

**Revenue Collections mission is to fairly and efficiently administer the tax laws of the State of New Hampshire, collecting the proper amount of taxes due, incurring the least cost to taxpayers, in a manner that merits the highest degree of public confidence in our integrity.**

Revenue Collection is comprised of the following accounting units: Taxpayer Services (accounting unit 1080); Audit (accounting unit 7884) and Collections (accounting unit 1401).

Taxpayer Services process taxpayer documents in an accurate, efficient and timely manner and is dedicated to courteous, knowledgeable and effective handling of taxpayer inquiries and account maintenance.

Audit promotes voluntary taxpayer compliance with NH tax laws through fair, impartial and efficient selection and review of taxpayer's returns.

Collections ensures taxpayer compliance with the tax laws of NH by fairly and effectively recovering overdue taxes through the uniform application of state laws, rules and policies.

**STATUTORY BASIS:**

RSA 71-B; RSA 498-A

**DESCRIPTION:**

***Board of Tax and Land Appeals (BTLA)***

***BTLA Mission***– To process, hear and decide, in an efficient and impartial manner, all tax and eminent domain appeals properly brought before it.

The board acts as an impartial, independent body in hearing all property and other state tax appeals within its jurisdiction in a manner that provides the taxpayers of New Hampshire a clear and transparent understanding of the appeal process and the resulting decisions of the board. The board also processes and hears all condemnations of real property to determine just compensation for eminent domain.

**STATUTORY BASIS:**

NH RSA Chapter 19-J; 42 USC 15001 et seq.

**DESCRIPTION:**

The Council consists of 21 members appointed by the Governor. Members represent all major stakeholders including people with developmental disabilities, their families, and state and private agencies serving them. The work of the Council is carried out by an Executive Director and staff. The mission is to achieve "dignity, full rights of citizenship, equal opportunities, and full participation for all NH citizens with developmental disabilities" by giving people with disabilities a voice in policymaking, by improving the effectiveness of the supports and services they need to reach their potential, and by increasing capacity to ensure enough supports are available and accessible. Responsibilities include (1) developing and implementing a collaborative Five-Year Plan to improve lives and services; (2) providing policymakers at all levels of government with the data and input they need; (3) continuously assessing the quality of life for all people with developmental disabilities and the effectiveness of community services and supports in improving lives; (4) providing opportunities and technical assistance for people with disabilities to speak on their own behalf; (5) improving the effectiveness of services by collaboratively developing, demonstrating, and disseminating best practices; (6) convening stakeholders and building interagency partnerships needed for better services; (7) workforce development; and (8) building more inclusive communities and accepting public attitudes.

**DESCRIPTION:**

DESCRIPTION:

JC Mission: To oversee the delivery of effective legal representation to indigent NH residents in criminal, child protection and guardianship court proceedings and to engage in public/private partnerships for civil legal services.

The Judicial Council has 8 budget lines representing various criminal and civil legal services. The Judicial Council (Council) has a unique and varied role with each individual program. As an Executive Branch agency, it serves to fulfill a major constitutional obligation. The public defender program is under the general supervision of the Council for allocation of cases between the public defender program and assigned counsel, performance, professional competence, and fiscal and budgetary matters. The Council, with the approval of Governor and Executive Council, contracts with qualified attorneys to provide for the representation when the public defender program is unavailable.

In recent years, the Council has expanded its role in delivering civil legal services and its commitment to them through expanded funding for New Hampshire Legal Assistance and through a contract with CASA of New Hampshire. While the Council only has one activity code, the various programs below fall under its purview. The role of the Council for each program varies significantly, based on the specific statutorily created relationship.

ACTIVITY	JUD070010	JUDICIAL COUNCIL

The Public Defender is the backbone of New Hampshire’s indigent defense system, handling 85% of all indigent criminal defense cases. Their legal services are provided pursuant to a contract with the Council - following an RFP and competitive bid process. It maintains the capacity (though unfunded) to handle death-penalty cases and has been designated in RSA 135-E to handle the defense of those persons alleged to be Sexually Violent Predators. The NH Public Defender is nationally recognized for the quality of its staff and its commitment to proper oversight and training, and this greatly enhances its ability to recruit capable attorneys. This program alone has the capacity to provide high quality defense on a statewide basis in the most sophisticated and complex legal matters. Inadequate funding in this program will result in cost-shifting to other, more costly, components of the indigent defense budget. The importance of this budget to the efficient administration of justice and the protection of constitutional rights cannot be overstated.

- Costs in this line have been impacted by the opioid crisis, increased law enforcement funding through programs like the Granite Hammer, procedural changes at the court level, and the significant increase in felony charges out of Hillsborough County.

**Contract Counsel, Org. 1093**

Contract attorneys serve as the statutory backup to the Public Defender pursuant to RSA 604-A:2. This program maintains a relatively consistent share of the caseload and provides services based on a “flat-rate per case” payment system. There are currently 34 active contracts. All contract attorneys must meet the Council’s eligibility standards and the quality of representation is regularly monitored. The Council is responsible for oversight, review and financial management of this program.

- Attorney turnover, increased assignments and the rate increase from FY18/19 biennium will continue to impact expenditures in this line.

**Assigned Counsel, Org. 1091**

This line funds two distinct types of representation – criminal defense and parent representation. Assigned counsel are appointed to represent indigent defendants when the Public Defender and contract counsel are unavailable. The system is based on an hourly rate of payment, with a structure of fee caps in place through court rules. Attorneys are also appointed to represent indigent parents in child protection cases brought by DCYF. In FY18, parent representation costs were more than double the costs for criminal representation. Parent representation costs increased by almost \$850,000 between FY14 and FY18.

- Unpredictable factors, such as the state’s homicide rate, can have a significant impact on this program. The opioid crisis and improved staffing levels at DCYF impact the parent representation costs.

**Ancillary Non-Counsel Services, Org. 1103**

Ancillary Non-Counsel services are those services which the court determines necessary to an adequate defense in an indigent criminal case. NH RSA 604-A:6 requires the Judicial Council to pay for these services. Most commonly these services include language interpretation, private investigators, blood analysis, transcripts, depositions of witnesses, toxicology experts, witness fees, psychological examinations, forensic experts, accident reconstruction experts, and a wide range of specialists in criminal behavior, psychology and psychiatry.

- Increases in complex opioid prosecutions, especially “death resulting” cases, which require expert scientific analysis, impact this line.

**Court-appointed Special Advocates, Org. 1099**

This program represents the state’s contribution toward partial funding to Court-Appointed Special Advocates of NH (CASA) for GAL services in child-protection cases. The Judicial Council enters into a contractual relationship with CASA following an RFP and competitive bid process. RSA 169-C:10 requires the appointment of a GAL in an abuse and neglect case. Per statutory mandate, courts must appoint CASA in the first instance. At its inception, the rationale for providing funding to CASA was that for its investment in supervision, recruitment, and support for a legal position, the State was able to provide the services of a well-trained and supervised volunteer to serve as GAL. The State’s funding represents just a portion of CASA’s operating costs. CASA has been focused on recruiting and training more advocates to address increasing case numbers.

- This line is impacted by the increasingly complex nature of abuse and neglect petitions and increases in termination of parental rights cases and de novo appeals.

This program is the source of funding for cases where a state certified Guardian ad Litem (GAL) is appointed in child-protection cases when CASA is unavailable. Costs for private GALS increased by 35% between FY17 and 18. GALs are reimbursed at \$60 per hour per by Supreme Court rule. Due to the foster home placement of many of these children, extensive travel expenses can result.

- Expenditures in this line are directly related to CASA's ability to accept new child protection appointments.

**Guardian ad Litem, Org.1092**

This program is the source for payment of a variety of forms of court representation, including attorneys for parents and GALs for children in termination of parental rights cases, and attorneys for proposed wards in adult and minor guardianship proceedings. FY18 saw an unprecedented increase in termination costs. Between FY17 and FY18, costs increased by 79% and there were over \$35,000 in unpaid invoices at the end of FY18.

- Requirements to achieve permanency for children within a 12-month window will continue to impact this line.

**Civil Legal Services, Org. 1098**

This program represents the State's commitment to provide the poor with access to civil legal services through the work of New Hampshire Legal Assistance. Funding for this program was cut by more than 50% in a previous biennium. This resulted in the closing of the NHLA Nashua office, significant staff reductions and a corresponding drop in the number of client families served. NHLA assists vulnerable seniors, veterans, unemployed workers, disadvantaged youth, disabled individuals and families with children by providing numerous civil legal services. In the past, state funding has been used to help NHLA clients with problems like affordable housing, prevention of homelessness, subsistence income, access to health care, consumer rights, youth education, long-term care and safety from domestic abuse.

**STATUTORY BASIS:**

NH Constitution Pt. 2, Art. 72-a

**DESCRIPTION:**

**SC - To preserve the rule of law and protect the rights and liberties guaranteed by the United States and New Hampshire constitutions, the courts will provide accessible, prompt, and efficient forums for the fair and independent administration of justice, with respect for the dignity of all we serve.**

Supreme Court (Acct Unit: 18800000): The Supreme Court has jurisdiction to review appeals from the State trial courts and from State administrative agencies. It also has original jurisdiction to issue writs of certiorari, prohibition, habeas corpus and other writs. The duties of the Supreme Court include correcting errors in trial court proceedings, interpreting case law and statutes and the state and federal constitutions, and administering of the courts.

Superior Court (Acct Unit: 18800000): The Superior Court is a statewide court of general jurisdiction and provides jury trials in civil and criminal cases. The Superior Court also has exclusive jurisdiction over petitions for injunctive relief, in which parties seek a court order to block action, appeals from zoning and planning board decisions, disputes over title to real estate, and petitions to enforce contracts.

Circuit Courts (Acct Unit: 86700000): The Circuit Court, which includes District, Probate and Family Divisions, has courts in all counties and handles 90 percent of all cases filed in the state court system.

Assuming this language will survive into the FY20/21 budget, they would receive additional pay should the Court Security Officers receive a per diem pay increase to \$105 as is currently being proposed by the Teamsters. The sheriffs have also provided revised staffing models for security in those courts in which they provide coverage (primarily Superior Courts). This request covers the increase needed to pay for the additional staffing the sheriffs are proposing as well as the per diem pay increase should it be approved for the Court Security Officers.</p> <table> <tr> <td><u>FY2020</u></td> <td><u>FY2021</u></td> </tr> <tr> <td>\$444,900</td> <td>\$444,900</td> </tr> </table>	<u>FY2020</u>	<u>FY2021</u>	\$444,900	\$444,900

**DESCRIPTION:**

**JCC - To maintain, and restore if necessary, the public's confidence in the competence, integrity, independence and impartiality of judges and the judicial system.**

Judicial Conduct Committee (Acct Unit: 20150000): The Judicial Conduct Committee is charged by Supreme Court Rule 39 (9) with considering and investigating the conduct of any judge upon grievance or complaint by any person or upon the committee's own initiative. As such, it enforces the Code of Judicial Conduct. The committee can on its own issue minor discipline of a judge, or in more serious cases it can petition the supreme court for imposition of more serious discipline, including suspension. The annual case volume ranges from 50 to 100 written grievances.

**DESCRIPTION:**

The Constitutional, statutory, and regulatory references cited above prescribe and/or form the basis for the following responsibilities, functions, and activities of the Adjutant General's Department:

1. The Adjutant General is the Military Chief of Staff to the Governor and is the Executive Head of the Adjutant General's Department.
2. The Adjutant General commands and manages the State's militia, which is comprised of the National Guard, the State Guard, and Unorganized Militia.
3. The Adjutant General's Department manages and regulates the Department's State and/or Federally-owned or leased property.
4. The Department manages and administers certain special, statutorily-mandated programs such as the State's military justice program, National Guard Scholarship Program, the State's military awards and decorations system, war bonuses for the State's combat veterans, and the New Hampshire Medal of Honor.
5. The Adjutant General's Department with the National Guard staff plan, establish, promulgate and manage systems of rules, regulations, and procedures for the operation of the National Guard and for the implementation of war and mobilization plans involving the State Guard and Organized Militia in compliance with applicable State and Federal statutes and regulations.
6. The Department is the State's responsible and proponent agency for the management of military records, to include those of regular service component veterans.

**The Adjutant General**

The Adjutant General is appointed by the Governor in accordance with RSA 110-B:8 and the Constitution of New Hampshire. The position of Adjutant General has been in existence since 1895. The Adjutant General is the military chief of staff to the Governor and is the executive head of the Adjutant General's Department.

The Adjutant General commands and manages the State's Militia, which is comprised of the Army National Guard, the Air National Guard, the State Guard (inactive), and Unorganized Militia (inactive). The New Hampshire State Veterans Cemetery (NHSVC) provides eligible veterans and their dependents (1) a grave site, (2) the opening and closing of the gravesite upon death of the veteran or dependent, (3) a gravesite marker, (4) schedule military honors and (5) perpetual care of the gravesite. The function of the New Hampshire State Veterans Cemetery, under the direction of the Adjutant General's Department, is to provide these services for the veterans and their family members. The maintenance of the cemetery, eligibility determination, and timely internments are the responsibilities of the New Hampshire State Veterans Cemetery. The Veterans Cemetery staff includes 3 administrative personnel, 1 part-time Clerk, 4 full-time maintenance staff, 1 maintenance assistant, 1 Building & Grounds position and 2 part-time building & grounds position. The NHSVC is responsible for the development of 104 acres of state owned land. Present structures at the cemetery are a chapel which is utilized for committal services, a maintenance facility and an administration building which has a kiosk and public restrooms.

**21330000 Division of Weights and Measures (DWM)**

**DWM - verify and promote accuracy and equity in the marketplace for both consumers and businesses, by supporting and regulating commerce sold by weight or measure in state commerce.**

Licensing: The Division of Weights and Measures licenses approximately 3,200 businesses, 280 service technicians, and 1,000 weighmasters.

Field Compliance: The Division takes complaints alleging problems with determinations of quantity in commercial transactions including, but not limited, to: (1) accuracy of metered devices (e.g. gas pumps); (2) accuracy of weighing devices including scales used in direct sale transactions (e.g. cash register scales, deli scales, candy scales, farm stand scales, vehicle scales); (3) accuracy of scanning devices (e.g. accurate pricing at register); (4) packaged commodities (e.g. net weight), and other consumer products including firewood deliveries (quantity); (5) price posting of commodities (e.g. price per pound). The Division also conducts random audits to verify compliance with RSA 438 and RSA 339:30-a.

Metrology Laboratory: The Metrology Laboratory Lab is the custodian of the official mass, volume and length standards for the State and provides world class level calibration services to the legal weights and measures community including both the public and private sectors

**DESCRIPTION:**

***26050000 Product and Scale Testing Fund (Prod)***

***Prod – Support for administering programs that uphold standards and regulations of various agricultural commodities; to help promote market opportunities and accuracy and quality of agricultural and horticultural products.***

The agricultural product and scale testing fund was established under RSA 435:20, IV. It provides that registration fees collected for commercial feed registration be divided equally between the general fund and the non-lapsing fund. The Horticultural Growing Media Act, RSA 433-A:1-12 provides that the entire registration fee collected under the program be deposited into the non-lapsing fund. The testing fund provides jointly for the Division of Regulatory Services testing and analysis of agricultural products and the Division of Weights & Measures small scale testing fund.

***DAI - Prevent and control contagious and infectious diseases of livestock and poultry for the benefit of public health and the economy.***

The Division of Animal Industry, New Hampshire Department of Agriculture, Markets & Food is the sole entity responsible for the prevention, control and eradication of communicable diseases of domestic animals in New Hampshire. The core missions are livestock and poultry health, emergency preparedness and response, food safety. Some of these duties are completed in cooperation with USDA, while most are the responsibility of the State. The division is lead state agent for State Emergency Operations Plan Emergency Support Function 11-Agriculture, Cultural, and Natural Resources and is involved in many public health and food safety activities and policy discussions (e.g. rabies, EEE, Salmonella, etc.). The division licenses pet vendors, livestock dealers, poultry dealers and people feeding garbage to swine, and provides subject matter assessment to law enforcement officers in support of the investigation of cruelty to animals. There are six (6) staff positions: the State Veterinarian, one (1) Assistant State Veterinarian, three (3) Veterinary Technicians, one (1) Administrative Secretary. The division utilizes a USDA Veterinary Medical Officer to complete several hundred hours of work within various regulatory programs.

***APCP - Reduce potential threats to public health and safety by reducing populations of unwanted dogs and cats through spaying and neutering.***

The Department of Agriculture, Markets & Food implemented the Animal Population Control Program in July 1994. The purpose of the program is to reduce the population of unwanted stray dogs and cats by encouraging the owners to have their animals permanently sterilized, thereby reducing the number of stray dogs and cats in the state. This program is managed by one full time employee.

***BVM - Maintain high professional standards and ethics in the practice of veterinary medicine to protect the public against incompetent, unscrupulous, unprofessional or illegal veterinary activities.***

The purpose of the board of veterinary medicine is to promote public health, safety, and welfare by safeguarding the people of New Hampshire against incompetent, unscrupulous, and unauthorized persons and from unprofessional or illegal practices by persons licensed to practice veterinary medicine. The New Hampshire Board of Veterinary Medicine is composed of seven members, 6 veterinarians and one member of the public. Six members are appointed by the governor and approved by the governor and council, the state veterinarian is an ex officio board member. An administrative secretary is employed. The board administers examinations and grants licenses to qualified veterinarians. The board investigates all written complaints filed with the board against licensed veterinarians in the State of New Hampshire and against those unauthorized to practice veterinary medicine in the state. The Board holds disciplinary hearings for those veterinarians who, by their actions, have violated the law pursuant to RSA 332-B:14.

BVM182810 Board of Veterinary Medicine (BVM)

Legislation is being requested to move the administration of the Board of Veterinary Medicine from the Department of Agriculture, Markets & Food to the Office of Professional Licensure and Certification. RSA 332-B:3 is marked up with the recommended changes for legislation.

**332-B:3 Board; Compensation. –**

I. There shall be a board of veterinary medicine consisting of 7 members: 5 veterinarians, the state veterinarian, and one public member. The members, other than the state veterinarian, shall be appointed by the governor, with the approval of the council, to a term of 5 years, and until a successor is appointed. No appointed member of the board shall be appointed to 2 consecutive 5-year terms. Vacancies shall be filled for the remainder of the term and in the same manner as the original appointment. Any appointed member of the board may be removed by the governor after a hearing by the board determines cause for removal. The state veterinarian ~~may~~ **shall** serve as an ex officio member, provided any duties of the state veterinarian relative to this chapter shall be agreed upon in writing by the board and the commissioner of agriculture, markets, and food and which agreement may include:

~~(a) Supervision of the board's administrative office and employees~~ **Record and produce meeting minutes for regular board meetings;**

~~(b) Assistance with administrative activities~~ **Represent the board on the PDMP Advisory Council established in RSA 318-B:38;**

~~(c) Submission of periodic reports to the board; and~~

**(d) Participation in complaint investigations.**

II. When a vacancy has occurred, or is due to occur in a veterinary position on the board, the New Hampshire Veterinary Medical Association shall nominate 3 qualified persons and forward the nominations to the governor. The governor may make appointments from those nominated by the association, but shall not be required to appoint one of those so nominated.

III. Each appointed member of the board shall be paid \$75 for each day or portion of a day of at least 3 consecutive hours in which the member is engaged in the work of the board, in addition to such reimbursement for travel and other expenses as is normally allowed to state employees.

**IV. The board shall be an administratively attached agency, under RSA 21-G:10, to the department of agriculture, markets, and food.**

**Pest – Protect the public and environment by ensuring safe and proper handling of pesticides.**

The Division of Pesticide Control is responsible for the administration and enforcement of the Statutes and Rules noted above, for the purpose of controlling the use of pesticides. The program consists of the registration of all pesticides distributed in New Hampshire, licensing of pesticide dealers selling pesticides, registration or certification of all commercial applicators applying pesticides, issuing permits, after determining competency, to all private applicators or farm type users of pesticides, issuance of Special Permits for large or wide spray programs and use in certain sensitive areas, conducting a vigorous Enforcement Program to ensure compliance with the Statutes and Rules and managing the New Hampshire Integrated Pest Management Program. The Division is also responsible for promoting, through regulation, the managed uses of pesticides to protect public health and the environment and administers and enforces a Worker Protection Program mandated by the Federal Worker Protection Standard. New Hampshire registers approximately 11,000 Economic Poisons, of which 395 of these products are classified as State Restricted Use, and 1,155 manufacturing establishments who register pesticides in the State of New Hampshire. There are seven fulltime professional persons with the Division who are responsible for these activities.

**DESCRIPTION:**

**21350000, 21470000, 59850000, 59860000 Division of Plant Industry (DPI)**

**DPI - Promote and protect plant health by curtailing the spread of dangerous insects, diseases, and weeds moved in commerce.**

The Division of Plant Industry works with citizens, agricultural producers like farmers, beekeepers and nurserymen, the green industry, and the wood products industry, to reduce the introduction and spread of destructive pests like insects, diseases, and weeds moved in trade. This is achieved through licensing, certification, and audit-based programs, inspections, pest surveys, and outreach. Division of Plant Industry has looked for efficiencies to conduct operations over the last several years, but faces significant challenges for FY 20 and 21. 1) Fluctuations in the plant dealer community from year to year require significant resources to ensure compliance with plant dealer licensing rules to protect consumers. 2) Systems-approach and audit-based certification programs for plant production and export help to ensure continued trade without trade in plant pests, especially where pests are not readily detected through visual inspection. The Division works with the only greenhouse facility in the northeast that is a participant in the systems-approach based US – Canadian Greenhouse Certification Program. As such, the Division has developed some experience working with industry through audit-based programs. There is a pilot national program, the Systems Approach to Nursery Certification (SANC), which is being developed as a partnership between industry and regulators to ensure the plant production processes used by a nursery are sufficient to produce clean material for export. Participation in this program should result in efficiencies for both the industry and the regulators. A greenhouse in New Hampshire has agreed to participate in Phase II of this pilot program. As SANC moves from the pilot stage, additional NH plant exporters could benefit from the program. There will be significant efforts on the part of the Division with each participant to certify their facility. 3) Increasing Japanese knotweed populations in the state have resulted in this destructive weed being moved in fill to new job sites, resulting in increased complaints to the Division. 4) Interstate and international trade continues to introduce new pests to NH's agricultural, landscaped, and forest plants. Increased

access to trade through sites like Ebay and Amazon increase the interactions of Division staff with non-traditional stakeholders. A diversity of surveys for insects, diseases, and weeds must be completed in order to detect pests early and facilitate a rapid response and improved outcome following the detection of the pest. 5) To increase efficiency of the Division, it is time to automate the process of collecting data including: locations surveyed, photographs of damage and pests, and generation of reports.

**21430000, 60440000 Cooperative Agricultural Pest Survey (CAPS)**

**CAPS - Conduct science-based surveys targeting specific exotic plant pests, diseases, and weeds that are identified as threats to agricultural, landscaped, and natural habitats.**

The Cooperative Agricultural Pest Survey (CAPS) Program is a state/federal plant protection cooperative agreement. Under the cooperative agreement, funding is made available by USDA APHIS PPQ for NH to conduct surveys for specific exotic pests that are identified as a risk to US agricultural, landscaped, and natural habitats. The CAPS program uses science-based survey methods targeting pathways for introduction, in commodities of importance to NH, including forests, specialty crops, and other plant commodities. Within the CAPS state/federal program, states may include pests of state interest in addition to pest of national interest. The CAPS program is a model for early detection and rapid response to pests that threaten the health of NH's diverse plant communities. The CAPS program includes survey work, and outreach. Specific challenges within the CAPS program include an increasing emphasis on pathogens. Surveys including pathogens often require molecular confirmations, which are beyond the Division's in-house capacity. Costs for performing these diagnoses reduce funding available for other surveys within the federal framework. There is also significant reporting of survey finds to the federal partners and surrounding states about the status of surveys and any new pest detections. Currently, data is collected manually in the field and entered electronically at the office. An automated data collection system is required in order to reduce this duplication of effort and streamline the process. In addition to survey work, there is outreach to stakeholders whose activities are related to the pathway of introduction for these pests. This can include growers, nurseries, wood products industries, retail establishments, campgrounds, and firewood producers. Additional federal funds may be requested in order to provide pathway-specific outreach and services. As NH is 84% forested, and the Division surveys for more than 20 forest-destroying pests that can be moved in firewood, the recreational and commercial transportation of firewood are important targets for outreach.

The membership of the State Conservation Committee (SCC) includes representatives from the departments of Agriculture, Markets and Foods, Environmental Services, Resources and Economic Development, Fish and Game; University of New Hampshire (UNH) Cooperative Extension; UNH Agricultural Experimental Station; NH Association of Conservation Districts; and five appointed members each representing two of the ten Conservation Districts. The SCC provides guidance and overall supervision to the conservation districts including the appointment of the supervisors on the board of each district. The State Conservation Committee also coordinates the diverse soil and water conservation activities of member agencies and organizations to maximize the benefits of their mutual efforts to improve and conserve soil, water, agricultural lands, forest lands, and wildlife habitat. The SCC awards Moose Plate Grants to support projects which will protect land from soil loss and deterioration; improve cropland, grassland, forests, recreation areas, and wildlife habitat; reduce floodwater and erosion damage; and/or maintain water quality and quantity.

*79700000, 79710000 Agricultural Education (AgED)*

**AgED - Supporting education of youth and teachers in the science, economics and social aspects of agriculture to promote interest in career opportunities and develop informed citizens and consumers.**

The Agriculture in the Classroom committee determines the objectives and programs for Agriculture in the Classroom; develops details and directions for the program; applies for, receives and expends funds from federal, state and private sources for the purpose of administering the programs; directs fundraising and expenditures, and hires and oversees an education director when funding allows. The FFA coordinator coordinates and supports the work of all FFA chapters and state-wide FFA activities, including state officers and leadership training, in support of co-curricular educational experiences in agricultural sciences and technology.

The Department has used General and Federal Funds to form regional offices made up of local, county and state police officers to combat drug trafficking. The current funds are insufficient to backfill police officers contracted to form these teams. As a result, it has become much more difficult to maintain long term drug teams.</p>

(A) Efficiency Budget Statute/Rule Changes: Chapter 127:3 Laws of 2018 to amend RSA 21-M:8 as follows: Amend RSA 21-M:8 by inserting after paragraph II the following new paragraph III (a) To assist the attorney general in his or her duty to exercise general supervision of criminal cases pending before the supreme and superior courts, the department of justice may hire a full-time attorney assigned to the bureau, who shall develop and implement a training program for regional, county, and state prosecutors. The topics including in the training shall include, but not be limited to, prosecutorial ethics, charging decisions, plea negotiations, and trial skills.

(b) There is established within the department of justice an unclassified full-time attorney position for the purpose of implementing and establishing a training program for regional, county, and state prosecutors as required in this paragraph. The salary for the full-time attorney position shall be determined after assessment and review of the appropriate temporary letter grade allocation in RSA 94:1-a, I(b) for the position which shall be conducted pursuant to RSA 94:1-d and RSA 14:14-c. Effective July 1, 2019

(B) Additional Statute/Rule Changes: Chapter 127:1 Laws of 2018 to amend RSA 7:8-b, II as follows:

II. The division of legal counsel shall consist of the following units:

- (a) A bureau of civil law[;].
- (b) A transportation and construction bureau.

**(c) An office of the solicitor general.**

Chapter 127:2 Laws of 2018 to amend RSA 21-M:7, II as follows:

New Subparagraph; Department of Justice; Division of Legal Counsel. Amend RSA 21-M:7, II by inserting after subparagraph (b) the following new subparagraph:

(c) An office of the solicitor general.

Chapter 127:4 Laws of 2018 to amend RSA 21-M as follows:

New Section; Department of Justice; Office of the Solicitor General. Amend RSA 21-M by inserting after section 12 the following new section:

21-M:12-a Office of the Solicitor General.

I. There is established in the division of legal counsel an office of the solicitor general. The office shall be supervised by the solicitor general who shall be a senior assistant attorney general appointed by the attorney general in accordance with the provisions of RSA 21-M:3, and who shall carry out the duties imposed by the section under the supervision of the attorney general and perform such other work as the attorney general may assign. The attorney general shall appoint such other assistant attorneys general pursuant to the provisions of RSA 21-M:3 and such support staff as may be necessary to carry out the provisions of this section within the limits of the appropriations made for the office.

II. The duties of the office shall include, but not be limited to the following:

(a) Reviewing cases that have been decided against the state and making recommendations on whether to appeal.

(b) Representing the state in all criminal appeals to the New Hampshire supreme court or federal court.

(c) Representing executive branch officials and executive branch agencies, boards, and commissions in all appeals to the New Hampshire supreme court.

(d) Filing amicus curiae briefs in cases in which the state has a significant interest in the legal issue.

(e) Providing training to local and county prosecutors on how to develop an appellate record.

127:5 Repeal. RSA 21-M:8, II(b), relative to the duty of the criminal justice bureau of the attorney general's office to represent the state in all criminal appeals, is repealed.

The Department was not given a new position for this amendment. As such, an existing attorney position was utilized for the solicitor general duties. Therefore, the Department requests a new position in prioritized needs in order to restore the attorney position that was reassigned to the solicitor general position.

**DESCRIPTION:**

**Grants Management Mission: To enable innovative criminal justice projects around the state that will enhance the service delivery of the state's criminal justice system through the administration of federal and state grant initiatives.**

Grants Administration Unit (19830000): Manages 23 active victim related and justice related grant programs and over 100 grant subrecipients with total awards estimated at \$31,300,000. The Unit writes and submits discretionary and formula grant applications, maintains the accounting for the grant programs and monitors all subrecipient programs.

Victim Services (26170000): The Victims' Services Unit oversees the Victim's Compensation Program which gives monetary assistance to victims of New Hampshire crimes for crime-related expenses. The program pays approximately \$550,000-\$650,000 in crime related expenses per fiscal year, assisting 600-700 victims annually. In addition, the Unit runs the Address Confidentiality Program, which enables victims of domestic and sexual violence to escape their abusers by allowing them to use an alternative address as their legal address.

1	219,597	100% G	<p><b>Office of Chief Medical Examiner (Accounting Unit 10330000):</b> Conversion from Temporary Full Time Associate Medical Examiner to Permanent Full Time Associate Medical Examiner:</p> <p>Pursuant to RSA 611-B, the Office of Chief Medical Examiner is required to perform autopsies in cases of death occurring under certain statutorily defined circumstances, including suspicious deaths. Because of a significant increase in the autopsy rate, the Associate Medical Examiner position was approved as a permanent position during the Governor and Legislative phase of the 2018/2019 biennium budget process. However, this position was moved to class 059: Full Time Temporary Employees before the budget bill was officially passed. The Office of Chief Medical Examiner requires this position in order to maintain National Association of Medical Examiner accreditation and in order to handle the increased need for autopsies and related reports.</p>

**DESCRIPTION:**

**DOS Mission - The multi-faceted mission of the Department of Safety encompasses protection of the lives and safety and preservation of the quality of life of New Hampshire citizens and visitors to our state on the highways, on the waterways, and in their homes and businesses. We enforce motor vehicle and highway safety laws, criminal laws, commercial vehicle regulations, fire safety, building and equipment safety laws and regulations, and boating safety laws and rules. We also provide enhanced 911 emergency communications statewide, and are responsible for homeland safety and emergency management activities.**

The Commissioner of Safety is appointed by the Governor and confirmed by the Executive Council to provide executive leadership and direction to the Department. The Commissioner's Office consists of the Commissioner and two Assistant Commissioners. The Commissioner and Assistant Commissioners serve coterminous four-year terms. All seven divisions report directly to the Commissioner, as well as the various sections of the Office of the Commissioner, including the Bureau of Hearings.

*The Grants Management Unit (GMU)*

GMU is responsible for searching for, applying for, administering, and reporting on federal grants and other sources of funding for the Department of Safety. It also handles audit preparation for many of these federal and State projects. Over the previous two years, with four grant years of open Homeland grants, GMU was responsible for managing up to 417 grants to local and State agencies as well as FMCSA, US DOJ and NTIA/SLIGP grants to the Department of Safety.

AU 23040000: Bureau of Hearings

The Bureau of Hearings, established by RSA 21-P:13, is composed of four units: Administrative Adjudication, Criminal Prosecution, Litigation, and the Motor Vehicle Industry Board. To ensure that the Bureau's decisions are made in a fair and impartial manner, it is a separate entity, and therefore is not attached to another division. It is

responsible for conducting administrative hearings, criminal prosecution in select circuit courts, litigation of hearings appeals, and conducting hearings of the New Hampshire Motor Vehicle Industry Board (NHMVIB).

AU 50030000: Aerial Lift Safety

The Recreational Ride and Lift Safety section has seen an increase in amusement ride registrations and adventure courses within the state. To assure that we are meeting the demands of business and providing for the public safety, the goal in this section is to audit the number of inspections and investigations quarterly. This will ensure that inspections and investigations are being completed and documented properly.

*Highway Safety*

The New Hampshire Office of Highway Safety (NHOHS) is responsible for monitoring traffic related fatalities and serious bodily injury crashes that occur on our roadways. Through the process of data analysis and deployment of effective traffic related countermeasures, the Office of Highway Safety seeks to reduce the number of fatalities and serious bodily injury crashes through the disbursement of federal grant funds provided by the National Highway Traffic Safety Administration (NHTSA). The NHOHS teams with state, local and county law enforcement agencies as well as injury prevention centers to effectively deploy needed education and enforcement assets to maintain and/or reduce fatalities and serious bodily injuries.

**STATUTORY BASIS:**

RSA 21-P:6 Division of Administration

**DESCRIPTION:**

**ADM Mission - The mission of the Division of Administration is to provide the highest quality support services to the Department of Safety and its Divisions in the areas of revenue collection, expenditure reporting, and management of human resources, grants, budgets, and assets.**

AU 23100000: Business Office

The Business Office is responsible for coordinating the operating budget and capital budget development, and financial management and reporting for the Department of Safety; accounting for purchases of goods and services; processing of accounts payable and accounts receivable; providing human resources for the department, which involves assisting the divisions with hiring and personnel issues; as well as the processing of payroll. The Business Office coordinates and processes each division's requests presented to the Governor and Executive Council and the Joint Legislative Fiscal Committee for approval.

AU 31100000: Road Toll Administration and AU 31200000: Road Toll Audit

The Road Toll Administration's mission is to collect motor fuel revenues in the most cost effective manner and achieve the highest level of voluntary compliance with the New Hampshire Motor Vehicle Road Toll Law, primarily through education, audit, and enforcement initiatives. Road Toll Administration collects more than \$188.7 million in Highway Fund revenue (\$130.6 million unrestricted and \$58.1 million restricted), including the administration of the Unified Carrier Registration (UCR) Program. Road Toll Administration is also responsible for New Hampshire's administration of the International Fuel Tax Agreement (IFTA). The Field Audit Bureau is responsible for auditing the motor fuel distributor licensees, IFTA licensees, and motor fuel and petroleum products transporter licensees; IRP registrants; and oil discharge and pollution control licensees for the Department of Environmental Services.

AU 23200000: Equipment Control

ACTIVITY	ADM232010	DIVISION OF ADMINISTRATION

Equipment Control includes the Warehouse, Mailroom, and Automotive Garage sections. The Warehouse maintains fixed and mobile assets for the Department of Safety, both acquisition and disposition, and is responsible for the annual inventory reporting of those assets. The Mailroom sorts approximately 2.0 million pieces of incoming mail annually and distributes the mail throughout the department. The Mailroom also processes and mails more than 2.5 million pieces of outgoing mail annually. The Automotive Garage provides repair and maintenance services for department vehicles.

AU 23160000: Central Maintenance

Central Maintenance provides 24-hour support for both owned and leased properties utilized by the various divisions. Central Maintenance coordinates and oversees building maintenance and renovations ranging from major capital budget construction projects to designing and building office fit ups, to providing landscaping and lawn care services

ACTIVITY	DMV233010	DIVISION OF MOTOR VEHICLES

**STATUTORY BASIS:**

RSA 21-P:8 Division of Motor Vehicles

**DESCRIPTION:**

**DMV Mission:**To enhance public safety on the roadways of New Hampshire by ensuring that our drivers, vehicles, and service providers are properly credentialed and by providing resources for the maintenance of our roadway infrastructure.To consistently provide an exceptional and efficient customer service in the area of licensing, motor vehicles, and motor vehicle related matters.

The Division of Motor Vehicles (DMV), under the oversight of the Director of Motor Vehicles, is primarily responsible for motor vehicle and driver regulations for the State of New Hampshire. The DMV is divided by bureaus including Driver Licensing, Registration, Financial Responsibility, Title, Operations, and Administration.

**The Driver Licensing Bureau (Accounting Unit 23110000)** is primarily tasked with the issuance and renewal of driver licenses and non-driver identification cards. The Bureau processes driver license transactions, including driver license knowledge and skill tests. Approximately 360,000 licenses and non-driver identification cards are issued annually. This Bureau also oversees Driver Education and Motorcycle Rider Training Program.

**The Bureau of Registration (Accounting Unit 23120000)** maintains registrations for any type of vehicle, trailer and boat that is required to be registered in the State of New Hampshire. The Bureau operates primarily out of the Concord location with transactions completed in 13 other substations through the Bureau of Operations. The bureau oversees 228 municipal agents, and 187 authorized Boat Agents, including 14 online marinas throughout the State. The Bureau maintains the International Registration Plan for commercial motor vehicles, the Walking Disability Desk, the Inspection and Dealer Desks, the On-Board Diagnostics (OBD) program, and the Pupil Transportation program.

**The Bureau of Financial Responsibility (Accounting Unit 23150000)** administers and enforces motor vehicle statutes that have a direct effect on an individual's driving record history and privileges. It maintains the database from which law enforcement, District and Superior Courts, and out of state motor vehicle registries pull data. The Fatality Analysis Reporting System (FARS) is also part of the Bureau of Financial Responsibility.

**The Bureau of Title and Anti-Theft (Accounting Unit 23140000)** processes all new and duplicate title applications for motor vehicles and trailers purchased through private or commercial sale, and is responsible for determining vehicle ownership. In addition to issuing titles, all abandoned motor vehicles and liens, and title searches are processed through the Title Bureau.

**The Bureau of Operations (Accounting Unit 29260000)** is responsible for overseeing the daily interactions with the customers of the Division of Motor Vehicles in person at its 13 substation locations, the Concord office, and through the telephone contact center. The Bureau was created to improve and enhance customer service by providing an integrated, one-stop shopping experience for DMV customers.

**The Administration Bureau (Accounting Unit 31000000)** provides support to all personnel and DMV bureaus, manages the DMV fleet of vehicles, and develops and monitors compliance with financial policies and procedures, oversees the Division's budget and ensures compliance with budgetary controls and purchasing rules and regulations.

**STATUTORY BASIS:**

RSA 106-B:12 Authority and Duties of Police Employees and 106-B:15 Jurisdiction of Police Employees

**DESCRIPTION:**

**SP Mission: Dedicated to providing the highest degree of law enforcement service throughout the State of New Hampshire while maintaining the traditions of fairness, professionalism and integrity.**

The New Hampshire State Police was created by an act of the Legislature on July 1, 1937, the 15<sup>th</sup> such force in the United States. At its inception, the State Police consisted of 43 officers supported by 8 civilian employees.

As a state law enforcement agency, State Police patrols New Hampshire's state highways, toll roads and interstates, enforcing state criminal, motor vehicle and other public safety laws. The Division has concurrent jurisdiction in towns under the population level of 3,000, and concurrent jurisdiction in towns over the population of 3,000 when he or she is enforcing the motor vehicle laws or the regulations relative to the transportation of hazardous materials, witnesses a crime, is in pursuit of a law violator or suspected violator, is in search of a person wanted for a crime committed outside its limits, is in search of a witness of such crime, is faced with public safety exigent circumstances, or when acting as an agent of the director of motor vehicles enforcing rules pertaining to driver licenses, registrations and the inspection of motor vehicles, or when requested to act by an official of another law enforcement agency, or when ordered by the governor. The Division has primary jurisdiction on all interstate highways, all turnpikes, toll roads, and limited access highways.

The Division is also responsible for several important customer facing administrative programs. The Criminal Records Unit obtains, stores, and disseminates Criminal History Record Information (CHRI) and processes all criminal and applicant fingerprint information through the Automated Fingerprint Identification System (AFIS). The Permits and Licensing Unit completes background checks for all handgun purchases occurring through a Federal Firearms Licensed gun dealer and all applications for non-resident concealed pistol licenses. The Division also maintains the J-One system which integrates computer systems and data of the Courts, DMV, Corrections, and Law-enforcement entities at all levels to improve the effectiveness and efficiency of New Hampshire's criminal justice system.

**DESCRIPTION:**

**HSEM Mission:** The Division of Homeland Security and Emergency Management serves as the personal representative of the Governor of New Hampshire, coordinates State resources during declared emergencies, and serves as the Governor’s liaison to the federal Department of Homeland Security and the Federal Emergency Management Agency. The Division maintains a constant ‘Lean forward’ posture to ensure that the State receives timely awareness of actual and potential human-caused and natural disasters and maintains the capability to respond to them whenever and wherever they occur. This is accomplished through liaison with the U.S. Department of Homeland Security, state, local and regional law enforcement, monitoring information from a variety of classified and non-classified sources, constantly updating disaster planning in conjunction with local emergency management directors and public and private sector representatives, maintaining strategic caches of supplies needed in case of various emergencies, conducting programs to identify and protect the State’s critical infrastructure, conducting training and preparedness exercises, educating the public regarding preparedness and response to terrorist acts and disasters, staffing the emergency operations center and directing mitigation efforts, administering state and federal disaster aid programs, and conducting after-action reviews of the State’s response to disasters and terrorist incidents.

The Division of Homeland Security and Emergency Management operates as a Division within the Department of Safety and through the Director has a direct line reporting authority to the Governor of New Hampshire.

Homeland Security and Emergency Management is responsible for overseeing and coordinating state-level planning, preparation, exercise, response to and mitigation of terrorist threats and incidents as well as natural and human-caused disasters. These efforts include, a robust school security program, statewide training program and ensuring the State’s Emergency Operation Center is always in a state of readiness to operate effectively and efficiently. The Division also collaborates with the Department of Health and Human Services to coordinate the efforts of others state agencies in preventing and responding to epidemics and other significant threats to public health. The Division is the designated agency to prepare federal disaster assistance and presidential disaster declarations. This includes, but not limited to the acceptance and distribution of disaster funds, grants to local communities and other state agencies.

**STATUTORY BASIS:**

RSA 106-H: Enhanced 911 System

**DESCRIPTION:**

**E911 Mission: The mission of the Division of Emergency Services and Communications is “To locate, communicate with, and connect people in an emergency with the help they need.”**

The Division of Emergency Services and Communications, Bureau of Emergency Communications (Acct Unit: 13950000) oversees the statewide enhanced 911 (E9-1-1) system, utilizing 911 as the primary emergency telephone number. By calling or texting 911 from any telephone in New Hampshire, help can be dispatched within minutes for any type of emergency. Caller ID technology allows us to get help to people, even if they are not able to speak.

The Bureau of Emergency Communications staffs two redundant Public Safety Answering Point (PSAP) call centers: one in Concord and one in Laconia. The PSAPs receive approximately twelve hundred 911 calls each day. Police and fire requests are immediately transferred to the appropriate dispatch center. A nationally recognized Emergency Medical Dispatch (EMD) protocol is utilized for callers reporting medical emergencies.

The Bureau is currently in the process of transitioning from an E9-1-1 system to Next Generation 9-1-1 (NG911). For more than 50 years the nation’s 911 system has served the needs of the public in emergencies, but technological advances have stretched it to its limit. New wireless and IP-based devices that are capable of delivering messages via text and video are being developed and utilized at a steadily increasing rate, thus greatly expanding the need for 9-1-1 centers to be able to accept these and other sources of emergency data. Development of national and international technical and operational standards for NG9-1-1 is in progress.
