Bill Number:	HB452
Title:	relative to Food and Drug Administration approval of medication, equipment, and therapies.
Date:	February 14, 2013
Consent Calendar:	NO
Recommendation:	INEXPEDIENT TO LEGISLATE

STATEMENT OF INTENT

This bill was voted ITL because no sponsors were present at the hearing and no witnesses came to testify. The bill was only nine lines long and addressed the complex topic of facilities licensed by New Hampshire being able to dispense medication and use equipment and therapies which have not been approved by the FDA. While some of the committee was interested in pursuing this topic, the majority of the committee recognized that there was a great deal of work to be done on a bill about which the committee knew very little.

Vote 11-6.
