HB 236 -- relative to membership of the council on autism and spectrum disorders.

Hearing Date: 03.19.13

Time Opened: 10:32

Time Closed: 10:40

Members of the Committee Present: Senators Stiles, Gilmour, and Sanborn

Members of the Committee Absent: Senator Kelly and Reagan

Bill Analysis: This bill adds members to the New Hampshire council on autism spectrum disorders and clarifies its duties.

Sponsors: Rep. Harding, Graf 13; Rep. M. MacKay, Hills 30; Rep. Leishman, Hills 24; Rep. McMahon, Rock 7; Rep. DiMartino, Belk 2; Sen. Pierce, Dist 5; Sen. Odell, Dist 8; Sen. Stiles, Dist 24; Sen. Reagan, Dist 17

Who supports the bill: Rep. Harding, Senator Stiles, Senator Reagan, Janet Monahan (NH Medical Society), Kirsten Murphy (NH Council on Autism), Jill Desrochers (DHHS), and John Williams (DHHS)

Who opposes the bill: None

Summary of testimony presented in support:

Representative Harding:

- She sponsored the bill on behalf the council of autism spectrum disorders. The Council has been in place since 2008.
- "or designee" was added to the director of the division of public health services, the bureau chief of behavior health, the bureau chief for developmental services, the director of the division of instruction, and the director of the division of career technology and adult learning.
- Designee's were added because the council could not always meet quorum.
- Line 18, adds a representative from the New Hampshire chapter of National Autism Society.
- They also added a member from the NH Nurses Association.
- They removed the mediation responsibility from the council. The council felt mediation was not part of their responsibility.
- In response to questions from the committee Rep. Harding stated:

- This is a council of volunteers and they feel they may not have the expertise to handle the mediation provision. To actively mediate you need a level of expertise.

Kirsten Murphy: NH Council on Autism

- They have been a group of volunteers that has been able to focus on building a health infrastructure.
- 1/88 children are classified in the autism spectrum.
- They look at structural changes in the way systems of care are delivered.
- The changes were asked so they can conduct business more efficiently.

Summary of testimony presented in opposition:

- None

Action: OTP, 4-0

MJC

Date hearing report completed: 03.20.13

Speakers

Testimony

Council History

The New Hampshire Council on Autism Spectrum Disorders was created by the NH Legislature in 2008 to provide coordinated leadership in addressing the healthcare, education, and service needs of individuals who experience autism or a related disability. The Council is composed of stakeholders from state agencies, non-profit organizations, and advocacy groups. It meets quarterly and all meetings are open to the public. See www.nhcouncilonasd.org for details.

Council Accomplishments

In collaboration with many partner organizations, the Council has helped to:

- Build a virtual resource center for families at www.nhcouncilonasd.org/Portals.html.
- Secure the passage of Connor's Law which mandates health insurance coverage for the treatment of ASD.
- Train primary care providers to meet American Academy of Pediatrics guidelines for universal screening at 18 and 24 months.
- Establish an ASD training at the NH Police Academy.
- Introduce NH to emerging best-practices in supporting adults with ASD.
- Develop a group of highly trained parent-to-parent volunteers to assist families facing a new diagnosis on the autism spectrum or transition.

The New Hampshire Council on ASD gratefully acknowledges its partner organizations whose support is critical to improving the lives of individuals with a diagnosis on the autism spectrum:

Bureau of Developmental Services
Community Support Network, Inc. (CSNI)
Easter Seals, NH
Endowment for Health
NH Autism Society
NH Council on Developmental Disabilities
NH Pediatric Society
Special Medical Services
Institute on Disability

The NH Council on ASD is authorized to receive charitable donations through its fiscal sponsor, Opportunities Now, Inc. (EIN #20-0293264)

The New Hampshire Council on Autism Spectrum Disorders

*Putting the Pieces Together
in the Granite State*

New Hampshire Faces the Challenge of Autism

Autism Spectrum Disorder (ASD) is a complex neurologically-based developmental disability, marked by difficulty in communication and social interaction, as well as unusual behaviors or thought patterns. ASD varies widely both in its presenting symptoms and in its severity. It may be accompanied by sensory differences, speech delay or absence, cognitive impairment, chronic medical conditions, and motor involvement

For reasons that are not yet well understood, the incidence of ASD appears to be rising rapidly, and states throughout the country are struggling to realign resources to meet the unique needs of this population. The Centers for Disease Control recently found that one in 88 children has some form of autism. Because the symptoms of ASD are highly treatable, early identification and treatment are critical to achieving improved outcomes for individuals who experience ASD. Equally important, is developing a widespread appreciation for the unique strengths of individuals with ASD and transforming our schools, job settings, and communities into places of welcome and accommodation.

Council Goals: Putting the Pieces Together in the Granite State

I. A Strong Public Health Infrastructure

The State of New Hampshire will provide leadership to ensure that at all levels—local, regional, and state—services for individuals with ASD are provided in the most timely, collaborative, and effective manner possible. This includes developing and supporting a service infrastructure that is multi-disciplinary, person-centered, and easily accessed by children and adults with ASD and their families.

II. Universal Screening, Timely Diagnosis, and Prompt Referral

All New Hampshire children will be screened for ASD before age two. All children suspected of having ASD will be referred immediately for early supports and services and undergo a diagnostic evaluation within 45 days. All children with a diagnosis of ASD will have begun a robust program of evidence-based intervention and treatment within 45 days of diagnosis.

III. Successful Transition to Adulthood

All New Hampshire students and young adults with ASD will be given the opportunities and supports needed to make a successful transition to adulthood and to be engaged and contributing members of their community.

IV. Safety

All providers of emergency services will be aware of the sensory, behavioral, and social differences of individuals with ASD and how to appropriately accommodate their needs.

V. Highly Trained Personnel

Expand evidence-based, high quality pre-service and in-service professional development, technical assistance, and mentoring opportunities to ensure that New Hampshire has a workforce that is capable and confident in its ability to support individuals with ASD to be fully included in all aspects of their community.

VI. Braided Funding and Equitable Health Insurance Coverage

Funds from multiple sources—public and private, federal and state—will be brought together to ensure that New Hampshire can develop and sustain the infrastructure, workforce, and knowledge-base necessary to meet the public health challenges of ASD, and that the individuals served by this system receive medically necessary treatment(s) and the ongoing support needed to live a productive life of their own choosing.
