**STATEMENT OF INTENT**

The minority felt that yet another micro-class of taxpayers should not be given consideration for an assessment/tax break, burdening all the rest of the local property tax payers with 100% of the remaining burden - except in the case of veterans - of any stature - who put their life on the line for all taxpayers in the entire country. Now that is one special class, and any deference or special treatment of it is indeed a wise incentive which will insure to the future benefit of us all to consider at every opportunity to do so.

TESTIMONY

\* Use asterisk if written testimony and/or amendments are submitted.

1. \*Rep. Chris Balch - Hills 38 - PRIME SPONSOR

- a. This would exempt veterans with a 100% disability from any property taxes
- b. \*\*\* see written testimony \*\*\*
- c. I do have an amendment to the bill, it would change line 16 the "and" to an "or"
- d. Q: Abramson: so the intent in your change, is that the 100% disabled because they would be working? (From what I understand there is an unemployability issue involved)
- e. Q: Treleaven: In regards to the definition of disability -- my understanding of 100% disability doesn't necessarily include having to use a wheelchair or bound by any device? (correct)
- f. Q: Porter: I seem to remember that we changed this section of the law specifically to include a double amputee in regards to housing? Did you look at that? (yes, I saw that and this expands on that. It would not remove anyone, but it would expand to include anyone else who has a service related 100% disability) but the reason those specific things were included in the current statute was because it had to do with getting certain funding or building codes or something for housing rights. I'm concerned that if we get rid of it we would be going backwards
- g. Q: Dolan: I saw you added the language which is excellent, however this statute is out of date and needs to be fixed -- the bill talks about 2 types of discharges, but there are now 6 types of federally recognized discharges. If we were to study this, would you support that and participate with us? Rather than fix this now? (Chair, we could do this as a motion in exec) (I am open to anything)
- h. Q: Gilman: given that today is exemption day, is this something that would add on to existing exemptions like elderly, veterans, etc? (That's a question for the expert sitting behind me)
- i. Q: Porter: as I look at the current RSA, it has been in effect since 1993 so this was not the part we changed last year

2. **Harold Lynde - Pelham - Opposes bill**
  - a. I see all these bills where it's a property tax exemption after exemption
  - b. Some disabled vets can hold FT jobs, some can't
  - c. Extending this to property taxes
  - d. Other disabled people who aren't veterans have to pay property taxes
  - e. Every month you get \$3500 from the VA as a disabled veteran
  - f. This will pass the taxes on to others in town
  - g. I am from a family of veterans, me and my 3 brothers, my son is 2 purple hearts and I have a grandson in the Army
  
3. **\*Jim Michaud - Chief Assessor, Hudson - no position**
  - a. \*\*\* see written testimony \*\*\*
  - b. House just passed HB 130
  - c. That changed this exemption already
  - d. It added those that are 100% permanently and totally disabled
  - e. Q: Migliore: I'm trying to figure out why you're opposed to this? Brain injury? (I have no position, but I am merely informing you what the impact might be) wouldn't it be a testament to our veterans to show the difference in advance of what it might cost? (Certainly as elected officials, but as an administrator at the local level I try to answer how it might affect our property tax base)
  - f. Q: Abramson: do you see a reason why this couldn't be a local option? (I am not an attorney, but I would have to look at the language. This expands beyond what we currently have)
  
4. **Margaret Byrnes - NHMA - opposes bill**
  - a. To echo what Jim Michaud explained, RSA 32:76a -- this was amended via HB 130 last year
  - b. The language you are looking at was the RSA language from before HB 130 was passed
  - c. HB 130 has an effective date of April 2020 so it has not even gone into effect yet
  - d. We agree with the findings of the commission that no new exemptions should be enacted at this time in order to see how it's working out
  - e. NHMA is generally opposed to new tax exemptions and credits because it shifts the burden
  - f. There is \$28m in property tax exemptions across the board statewide
  
5. **Charlene Lovett - no position**
  - a. As a retired veteran and married to a retired veteran
  - b. Former mayor of Claremont
  - c. When anybody says "shouldn't we do this to show our gratitude to veterans" it gives me pause to think -- believe me, I appreciate the support -- however, I know that when I entered military service I didn't do it in order to get benefits like tax credits at the conclusion of my service
  - d. I have a concern that in everybody's desire to support veterans we may create a special interest group where we get things we didn't want that impact our neighbors negatively
  - e. I believe that those who are 100% disabled should get an exemption
  - f. My concern is the language
  - g. 100% service connected disability vs 100% disabled -- these are two different things
  - h. For example -- my husband has a 100% service connected disability but he is fine and works and is not disabled in the sense that he cannot work

- i. I caution you
- j. In my community we have a lot of veterans -- about 50 of them have 100% SCD but they are not 100% disabled
- k. This would create a shift in the tax burden
- l. Q: Migliore: how much would the shift be? (It depends -- if you are talking about no taxes paid, that would be quite a shift, for 50 people that could be a lot) So it's non definable? (no, I just don't have the math done. 50 veterans in Claremont. \$4300 x 50)

**6. William Gaudreau - NH Division of Veteran Services - no position**

- a. Here to offer info
- b. You can add up to 100% total
- c. The VA's option that "perm & total" is where they won't get better
- d. Unemployability is temporary -- like cancer. During treatment they consider you unemployable then if it goes into remission you are employable again
- e. Unemployable you can't get a job. Perm & total you can get a job
- f. Q: Abramson: if it did say on the last line "AND has" would that make it better? (I believe the AND meet the intent, but the and is subjective. Maybe And Social Security Disability Insurance rating?)
- g. Q: Treleven: can you speak to the three definitions on disability, permanent and total and unemployability? (100% -- the math equals 100% between different disabilities. Perm & total the VA leaves them alone and doesn't require a requalification. Unemployability -- cannot work)

**7. Kevin Grady - State Veterans Advisory Committee - opposes bill**

- a. We recognize that this is trying to help veterans
- b. We saw that HB 128 and 130 from last year addressed this
- c. The language -- where it says "or" -- this is not the intent of what we wanted to do
- d. I know someone in the USAF had a hysterectomy -- she had some hearing loss so her total disability equalled 100%
- e. We are all taxpayers too and see where the burden gets shifted
- f. We understand what they are trying to do. In the first definition it has more to do with benefits from the VA
- g. Q: Dolan: My concern is on the different discharges, could you help us study this? (Mr. Gaudreau is a better resource)

Respectfully submitted,

Honorable Clyde Carson, Chairman

RE: HB 1197

Dear Committee Members,

Thank you for the opportunity to provide input on HB 1197. The legislature, both bodies, just passed a bill at the beginning of this session, HB 130, that expands this mandatory tax exemption across the state. HB 130 effectively already allows for the consideration of 100% unemployability, with the specific reference to applicable federal US Code regulations, and also retains the current qualifying criteria, as follows;

*I. The person or officer:*

*(a) Is 100 percent permanently and totally disabled as prescribed in 38 C.F.R. 3.340, total and permanent total ratings and unemployability; or*

*(b) Is a double amputee of the upper or lower extremities or any combination thereof, or paraplegic, as the result of service connection; or*

*(c) Has blindness of both eyes with visual acuity of 5/200 or less, as the result of service connection.*

HB 130 also retains the requirement that the Statewide mandatory tax exemption can only be on a;

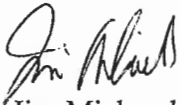

1. specially adapted homestead, and
2. that homestead which has been acquired with the assistance of the VA;

This bill eliminates that requirement, it is not known how many additional properties would be eligible for this mandatory 100% property tax exemption as a result of the elimination of those requirements, the legislature historically has tried to quantify the impact of such mandatory property tax exemptions before it acts upon them.

Further information, the legislature just had a study committee under HB 128, named the "Committee to Study Veterans Property Tax Credits and Exemptions" that examined the veterans tax credits and exemptions of this state and they concluded in their report of Nov. of 2019, in a bipartisan and bicameral fashion;

“After discussion, the committee recommends a moratorium on any new legislation which hasn't already been introduced in 2019. The Department of Revenue Administration could not provide full information on the impact to municipalities of the most recent expansion of veteran related tax credits because not enough time has passed. No more changes should be made for the remainder of the present legislative session, in order to allow enough time to pass so that this issue can be revisited with fuller information.”

I hope that this information proves useful to the committee members, if I can answer any questions or concerns of the committee relative to this, either during this hearing or after, please advise, and thank you for your consideration.

Regulations most recently checked for updates: Jan 28, 2020

All Titles Title 38 Chapter I Part 3 Subpart A - Pension, Compensation, and Dependency and Indemnity Compensation

View all text of Subpart A [§ 3.1 - § 3.1010]

## § 3.340 - Total and permanent total ratings and unemployability.

(a) *Total disability ratings*- (1) *General*. Total disability will be considered to exist when there is present any impairment of mind or body which is sufficient to render it impossible for the average person to follow a substantially gainful occupation. Total disability may or may not be permanent. Total ratings will not be assigned, generally, for temporary exacerbations or acute infectious diseases except where specifically prescribed by the schedule.

(2) *Schedule for rating disabilities*. Total ratings are authorized for any disability or combination of disabilities for which the Schedule for Rating Disabilities prescribes a 100 percent evaluation or, with less disability, where the requirements of paragraph 16, page 5 of the rating schedule are present or where, in pension cases, the requirements of paragraph 17, page 5 of the schedule are met.

(3) *Ratings of total disability on history*. In the case of disabilities which have undergone some recent improvement, a rating of total disability may be made, provided:

- (i) That the disability must in the past have been of sufficient severity to warrant a total disability rating;
- (ii) That it must have required extended, continuous, or intermittent hospitalization, or have produced total industrial incapacity for at least 1 year, or be subject to recurring, severe, frequent, or prolonged exacerbations; and
- (iii) That it must be the opinion of the rating agency that despite the recent improvement of the physical condition, the veteran will be unable to effect an adjustment into a substantially gainful occupation. Due consideration will be given to the frequency and duration of totally incapacitating exacerbations since incurrence of the original disease or injury, and to periods of hospitalization for treatment in determining whether the average person could have reestablished himself or herself in a substantially gainful occupation.

(b) *Permanent total disability*. Permanence of total disability will be taken to exist when such impairment is reasonably certain to continue throughout the life of the disabled person. The permanent loss or loss of use of both hands, or of both feet, or of one hand and one foot, or of the

sight of both eyes, or becoming permanently helpless or bedridden constitutes permanent total disability. Diseases and injuries of long standing which are actually totally incapacitating will be regarded as permanently and totally disabling when the probability of permanent improvement under treatment is remote. Permanent total disability ratings may not be granted as a result of any incapacity from acute infectious disease, accident, or injury, unless there is present one of the recognized combinations or permanent loss of use of extremities or sight, or the person is in the strict sense permanently helpless or bedridden, or when it is reasonably certain that a subsidence of the acute or temporary symptoms will be followed by irreducible totality of disability by way of residuals. The age of the disabled person may be considered in determining permanence.

(c) *Insurance ratings.* A rating of permanent and total disability for insurance purposes will have no effect on ratings for compensation or pension.
