STATE OF NEW HAMPSHIRE

*In the Year of Our Lord Two Thousand Twenty*

AN ACT relative to the home cultivation of cannabis plants and the possession of certain cannabis-infused products.

*Be it Enacted by the Senate and House of Representatives in General Court convened:*

1 1 Statement of Purpose. The general court finds that:

2 I. Since 2012, Canada, the District of Columbia and 9 states, including Maine, Vermont,  
3 and the commonwealth of Massachusetts, have legalized possession and limited cultivation of  
4 cannabis by adults 21 years of age and older.

5 II. Statewide polls have consistently found that most New Hampshire voters support  
6 making cannabis legal for adults 21 years of age and older.

7 III. Cannabis is less harmful than alcohol to the consumer and to society. It is less toxic,  
8 less harmful to the body, less addictive, and less likely to contribute to violent or reckless behavior.  
9 Adults should not be punished choosing to use cannabis instead of alcohol, if that is what they  
10 prefer.

11 IV. Home brewing of alcoholic beverages is legal in New Hampshire and every other state in  
12 the nation.

13 V. Allowing adults to cultivate their own limited supply of cannabis will provide them with  
14 an alternative to buying cannabis from illicit drug dealers.

15 2 Other Alcohol and Drug Offenses; Possession of Drugs. Amend RSA 265-A:43 to read as  
16 follows:

17 265-A:43 Possession of Drugs. Any person who drives on any way a vehicle while knowingly  
18 having in his or her possession or in any part of the vehicle a controlled drug or controlled drug  
19 analog in violation of the provisions of RSA 318-B shall be guilty of a misdemeanor, and his or her  
20 license shall be revoked or his or her right to drive denied for a period of 60 days and at the  
21 discretion of the court for a period not to exceed 2 years. This section shall not apply to the  
22 possession of cannabis or hashish as provided in RSA 318-B:2-c[~~or a personal use amount of a~~  
23 ~~regulated marijuana infused product as defined in RSA 318-B:2-c, I(b)~~].

24 3 Controlled Drug Act; Personal Possession of Cannabis. Amend RSA 318-B:2-c to read as  
25 follows:

26 318-B:2-c Personal Possession of [~~Marijuana~~] **Cannabis**.

27 I. In this section:

28 (a) [~~"Marijuana"~~] **"Cannabis"** includes the leaves, stems, flowers, and seeds of all  
29 species of the plant genus cannabis, but shall not include the resin extracted from any part of such

1 plant and every compound, manufacture, salt, derivative, mixture, or preparation from such resin  
 2 including hashish, and further, shall not include the mature stalks of such plant, fiber produced  
 3 from such stalks, oil or cake made from the seeds of such plant, any other compound, manufacture,  
 4 salt, derivative, mixture, or preparation of such mature stalks, fiber, oil or cake, or the sterilized  
 5 seed of such plant which is incapable of germination. Marijuana shall not include hemp grown,  
 6 processed, marketed, or sold under RSA 439-A.

7 (b) [~~“Personal use amount of a regulated marijuana-infused product”~~] **“Cannabis-**  
 8 **infused product”** means one or more products that is comprised of [~~marijuana, marijuana~~]  
 9 **cannabis, cannabis** extracts, or resins and other ingredients and is intended for use or  
 10 consumption, such as, but not limited to, edible products, ointments, and tinctures[~~, which was~~  
 11 ~~obtained from a state where marijuana sales to adults are legal and regulated under state law, and~~  
 12 ~~which is in its original, child-resistant, labeled packaging when it is being stored, and which contains~~  
 13 ~~a total of no more than 300 milligrams of tetrahydrocannabinol~~].

14 (c) **“Possession limit” means:**

**METHODOLOGY:**

This bill permits adults to possess up to ¼ of an ounce of cannabis, 5 grams of hashish, and certain cannabis-infused products; permits adults to cultivate up to 6 cannabis plants at home in a secure location that is not visible from other properties, and to possess and process the cannabis produced from their plants at the same location; permits adults to give cannabis to other adults, provided it is not more than ¼ of an ounce of cannabis, 5 grams of hashish, or up to 300 mg of cannabis-infused products, or 3 immature plants; provides that consuming cannabis in public by an adult would be punishable by a \$100 fine; provides that violations of the restrictions on cultivation would be a violation punishable by fine of up to \$750; penalizes dangerous, volatile extraction; and permits adults to possess, make, and sell cannabis accessories to other adults. This bill affects penalties that may have an impact on the New Hampshire judicial and correctional systems. There is no method to determine how many fewer charges would be brought as a result of the changes contained in this bill to determine the fiscal impact on expenditures and fine revenue. However, the entities impacted have provided the potential costs associated with these penalties below.

Judicial Branch	FY 2021	FY 2022
Violation Level Offense	\$52	\$54
Class B Misdemeanor	\$54	\$56
Class A Misdemeanor	\$77	\$79
Appeals	Varies	Varies
It should be noted that average case cost estimates for FY 2021 and FY 2022 are based on data that is more than ten years old and does not reflect changes to the courts over that same period of time or the impact these changes may have on processing the various case types. An unspecified misdemeanor can be either class A or class B, with the presumption being a class B misdemeanor.

Public Defender Program	Has contract with State to provide services.	Has contract with State to provide services.
Contract Attorney – Misdemeanor	\$300/Case	\$300/Case
Assigned Counsel – Misdemeanor	\$60/Hour up to \$1,400	\$60/Hour up to \$1,400
It should be noted that a person needs to be found indigent and have the potential of being incarcerated to be eligible for indigent defense services. The majority of indigent cases (approximately 85%) are handled by the public defender program, with the remaining cases going to contract attorneys (14%) or assigned counsel (1%).		
Department of Corrections

The Judicial Council indicates the bill would decriminalize possession of certain marijuana products. Under current law, possession of the products in the quantities identified in this bill are treated as violation level offenses. Individuals are not entitled to court-appointed counsel for violation level offenses. The Council states this bill would not impact indigent expenditures.

The Department of Justice would not be involved in the prosecution of these offenses, which would be handled by municipal prosecutors and the county attorneys. Appeals from convictions from such offenses would be handled by the Criminal Justice Bureau and could be done within the current budget. The Attorney General's Drug Task Force investigates street-level crimes

that sometimes involve the sale and possession of controlled drugs, including marijuana. If this bill were to pass, the task force's efforts would be redirected away from marijuana cases to other controlled drugs. The Department assumes the bill would have little impact on its prosecution or investigation tasks. When the Department of Justice has investigative and prosecutorial responsibility or is involved in an appeal, the Department would absorb the cost within its existing budget.

The Department of Safety indicates there is no way for enforcement or home growers to know how much tetrahydrocannabinol (THC) is contained in a homemade marijuana product to ensure it is below the 300 mg limit. The Department assumes the State Police Forensic Laboratory would be called upon to measure levels of THC. This is not a service that is currently performed with the equipment on hand. In order for the lab to perform this service it would require a \$300,000 LC/QQQ instrument and potentially another lab analyst. As an alternative, law enforcement agencies would send the samples to a private laboratory at their own expense. The actual number of samples that will require THC quantitation is not known at this time. The Department states there may be savings to state and local law enforcement based on fewer marijuana samples submitted for analysis and fewer possession of marijuana cases prosecuted. Any such reduction is speculative and indeterminable. Based on information from other states, the Department assumes there would be an increase in impaired driving cases. This would require additional certified Drug Recognition Experts throughout the State for roadside and/or after arrest evaluations of marijuana-impaired operators. There could be additional unrelated charges accompanying the marijuana-related arrests such as an increase in DUI cases and associated analyses. A large increase in submissions related to impaired driving would affect the Toxicology unit in the State Police Laboratory. Depending on the increase in submissions, the laboratory may require additional instrumentation and/or a laboratory analyst to handle the added caseload. Should the State Police Forensic Laboratory need additional instrumentation or added personnel, there would be a need for additional laboratory space, as the current facility cannot accommodate either at this point. The Department assumes there would also be an indeterminable fiscal impact on county expenditures for law enforcement activity and THC quantitation costs.

The New Hampshire Municipal Association indicates legalization of marijuana and hashish is likely to affect municipal expenditures for law enforcement. There may be a reduction in expenditures related to drug enforcement because the sale, possession, and use of these products by adults will no longer be illegal. The Association assumes legalization could result in an increase in usage and an increase in expenditures related to impaired driving enforcement, overdose response, and the prevention of sales to minors. The Association cannot estimate the effect on municipal expenditures, but expects there would be no effect on municipal revenues.

Revenue from fines pursuant to RSA 318-B:2-c is deposited into the alcohol abuse prevention and treatment fund. Any reduction in fines collected will result in an indeterminable decrease of revenue to the alcohol abuse prevention and treatment fund.

The Department of Health and Human Services, Bureau of Drug and Alcohol Services indicates there is uncertainty about the impact of legalizing personal use of marijuana on public budgets in New Hampshire. The Department states that science is divided on the causal effects of marijuana on psychoses, schizophrenia and drugged driving. The Department is unable to determine if these areas would be impacted or if there would be an associated fiscal impact. The Division of Public Health also reviewed this bill and determined there would be no fiscal impact to its program areas.
