REPORT OF COMMITTEE

The Majority of the Committee on Criminal Justice and Public Safety to which was referred CACR 8,

AN ACT relating to firearms. Providing that the legislature make no law restricting the right to own, carry, or use firearms or firearm accessories. Having considered the same, report the same with the following amendment, and the recommendation that the bill OUGHT TO PASS WITH AMENDMENT.

Rep. John Burt

FOR THE MAJORITY OF THE COMMITTEE

**MAJORITY
COMMITTEE REPORT**

Committee:	Criminal Justice and Public Safety
Bill Number:	CACR 8
Title:	relating to firearms. Providing that the legislature make no law restricting the right to own, carry, or use firearms or firearm accessories.
Date:	February 26, 2021
Consent Calendar:	REGULAR
Recommendation:	OUGHT TO PASS WITH AMENDMENT 2021-0516h

STATEMENT OF INTENT

This bill invites the people of New Hampshire to speak and nothing more. It would allow the citizens of New Hampshire to decide for themselves if they want to continue to allow the legislature to have the power to pass legislation impacting their civil right to keep and bear arms. It asks the people of New Hampshire if they wish to maintain their sovereign right to decide for themselves what is and is not the lawful exercise of the right to keep and bear arms within the borders of their state. The Committee heard from members of the public that the threat of being made a felon or having their property and self-defense rights put in peril every two years by legislators both here and in Washington D.C. was unacceptable. The majority agrees. The majority has confidence in the wisdom of the people of New Hampshire and believes that they should be heard. The majority concluded that to not support this Amendment was to not trust the people to know what is best for themselves and would be antithetical to the principals of self-governance."

To the Honorable Criminal Justice and Public Safety Committee,

I am writing to you in support of CACR8, which prohibits the legislature from enacting any law restricting the right to own, carry, or use firearms and prevents federal law from infringing on NH law.

With much discussion of 'gun control' in Washington, we need calm and rational citizens with their representatives to take control of the situation and vehemently uphold our inherent rights.

The fact that death and violence occur is not an excuse to chip away at our natural rights. We fully accept the risks and responsibilities associated with firearms and choose to keep our constitutional rights in tact. We have no interest in hysterics or reactionary laws passed in response to tragedies. We are only interested in maintaining our freedom and to not be treated like dumb peasants by our politicians.

Support human freedom. Pass CACR8.

Sincerely,

Members of the House Criminal Justice and Public Safety Committee,

I am writing to ask for your support of CACR 8 (2021). This bill would make clear that towns and cities are not responsible for enforcing Federal law in New Hampshire. Yes, the 10th Amendment to the US Constitution makes it clear at the Federal level, but we wish to codify that the Federal government can not bully us into enforcing the laws it makes.

The bill would also codify that the NH General Court shall not in the future violate the NH Constitution's protection of individual rights.

Thank you,
Mark Clement

Dear Honorable Committee Members:

My name is Carla Gericke, former Republican state Senate candidate in District 20. I live in Manchester, NH, am an attorney by training, and serve on several local educational nonprofit boards.

I ask you to please SUPPORT CACR-8, and ask my testimony be presented to all committee members and form part of the permanent record for this bill.

Is your time not valuable? How many gun bills do you have to sit through annually? Hearing the same arguments for and against over and over again. For an issue all of us know, despite whatever your personal views about gun ownership may be, is an unequivocal, inalienable US and NH Constitutional right. I'll go even further, and say it is a natural right to be able to defend yourself, and no one, no man, and not you, has the authority to restrict natural rights.

Article 2 of the NH Constitution says: "All persons have the right to keep and bear arms in defense of themselves, their families, their property and the state." The US Constitution says: "...the right of the people to keep and bear Arms shall not be infringed".

It's a "Right."

That "SHALL NOT be infringed."

What part of this is confusing? Can we please stop wasting each other's time and move on?

Know this: We gun rights folks are. never. ever. going. to. give. up. our. rights. So you have to ask yourself, do you want to continue to behave like crazy people, doing the same thing over and over again *ad nauseum*, or do you want to pass this proposed Constitutional Amendment and put the matter to rest so that we can focus on issues where bipartisan solutions can be accomplished?

It's your call, but my recommendation is, support CACR 8, which states: "The Legislature shall enact no law that limits the right of a person to own, carry, or use firearms or firearm accessories in any manner that would create a greater burden than that in federal law. Any federal law that infringes upon rights guaranteed in this New Hampshire constitution shall be unenforceable by New Hampshire law enforcement."

Let's do this, and free up all of our time for more productive matters. I have no doubt this proposed Constitutional Amendment will pass with flying colors if brought before Granite Staters--give us all the opportunity to weigh in directly!

Please SUPPORT CACR-8. Thanks for your consideration.

Sincerely,

Carla Gericke

Dear committee members. I write in opposition to CACR8 for reasons that should be obvious. You make no provisions in this bill, to restrict the purchase of any firearm to a person who may be mentally unstable. This reason, I expect, is that some of the members of the committee do not like the idea of background checks.

However, having no restrictions on the purchase or ownership of a firearm in the State of New Hampshire, will endanger, not only the public, but members of our Law Enforcement Community as well. Their jobs are already hazardous enough, without having people who may be unstable, free to own whatever firearms they may desire.

In fact, if an officer of the law is killed, in such a dangerous situation, and you supported this bill, you could be held responsible, or could be held in thought, as responsible.

Reference CACR8:

The Honorable Daryl Abbas, Chair
House Criminal Justice and Public Safety Committee

Dear Representative Abbas, and Members of the Committee,

As a gun owner and NH concealed carry permit holder, I share the opinion of the sponsor of CACR8 that this Amendment if adopted would eliminate the every other biennium efforts to further restrict my Second Amendment and NH Constitutional right to keep and bear arms. I listened intently as individuals testified that there were flaws in the language as introduced. There were offers by pro-gun groups to work with the sponsor and the Committee to address these flaws. While I support the intentions of CACR8, I urge the Committee to accept the offer of assistance to get this proposed amendment right. If there is time to accomplish this before CACR8 is due out of committee that would be the optimum path. If time constraints make that impossible, than I ask that CACR8 be sent to study so that it's finished version accomplishes it's intended purpose without unintended consequences.

Respectfully,
Lawrence Melanson

To the NH House Criminal Justice and PUBlic Safety Committee:

I oppose these bills because they decrease public safety. Gun owners have adequate rights in NH. We do not need to absolve them from all liability when they act in ways which endanger the public, especially by carrying guns into schools and universities. I encourage you to NOT recommend these bills to the House but to discard them.

Constitutional Amendment Concurrent Resolution 8

To the Honorable Members of the NH House Criminal Justice and Public Safety Committee:

I am against this Amendment because:

1. It unnecessarily pits NH State law against Federal law and sets a negative precedent.
2. In vetoing proposed gun legislation last year, Governor Sununu said that the language of the NH Constitution “provides what many believe to be more expansive legal protections for gun ownership than the Second Amendment to the United States Constitution.”
3. The statement that “All persons have the right to keep and bear arms in defense of themselves, their families, their property, and the State” does not and should not eliminate the ability of NH residents to devise solutions to social problems related to gun violence. Cutting off debate on gun rights by limiting the ability to pass gun safety laws would silence the many NH residents who believe in sensible gun laws.
4. The proposed amendment ignores the fact that, according to the American Public Health Association, gun violence is becoming a significant public health crisis and a leading cause of premature death. This issue is not only about the loss of human life from homicide and suicide but includes the trauma that gun violence survivors live with every day.
5. According to the American Public Health Association,
 - More than 39,000 people in the U.S. die as a result of gun violence;
 - Gun violence has a disproportionate impact on young adults, males, and racial/ethnic minorities;
 - Guns are the leading method of suicide in the U.S.;
 - Gun violence cost the U.S. \$229 billion in 2015, or an average of \$700 per gun in America
6. The proposed amendment is overly restrictive with the intent of silencing a much-needed conversation on sensible gun safety legislation. This is not how democracy works.
7. If, as Governor Sununu says, that NH is one of the safest states in the nation, why do so many people insist on their right to have a firearm to defend themselves?

I respectfully ask you to vote NO on this amendment.

Thank you for your time.

Dear Representatives,

I am looking to you to do the right thing and vote NO to three egregious gun bills before the House Criminal Justice Committee:

HB 307 would put students and teachers at risk by punishing, and potentially bankrupting, local governments, schools, and our university system for passing common-sense gun safety measures.

CACR 8 is not only unconstitutional, it prevents our state from taking meaningful action against gun violence.

HB 195 would give a dangerous free pass to anyone who wishes to recklessly brandish firearms—including armed extremists.

As members of the House Criminal Justice Committee, it is your responsibility to work to protect New Hampshire residents from gun violence—not make the problem worse.

Please vote NO on HB 307, CACR 8, and HB 195.
