**AN ACT relative to political contributions made by

RESOLVED, that it is INEXPEDIENT TO LEGISLATE.

Rep. Joe Sweeney

FOR THE COMMITTEE

COMMITTEE REPORT

Committee:	Election Law
Bill Number:	HB 105
Title:	relative to political contributions made by limited liability companies.
Date:	February 12, 2021
Consent Calendar:	REGULAR
Recommendation:	INEXPEDIENT TO LEGISLATE

STATEMENT OF INTENT

This bill proposes that political contributions made by a limited liability company (LLC) be allocated to the company's membership and the total amount contributed tracked by each member. The state of New Hampshire does not track or list the membership of registered LLCs and therefore this proposed change would not be enforceable. In numerous United States Supreme Court decisions campaign contributions have been seen as an act of Free Speech, protected under the First Amendment of the United States Constitution. As a result, the majority of the Election Law Committee believes that it is unenforceable and unconstitutional to place a revision to campaign finance rules for LLC's that would dilute an organization's political autonomy and expression as currently allowed.

Vote 11-9.

HB 105 .. relative to political contributions made by LLC Companies

Time open 10:48 a.m.

End time : 11:30 a.m.

***Rep. McGhee, Hillsborough 27, Sponsor, introduces bill**

See further Testimony

- LCC loophole bill, same legislation last time around
- HB105 helps RSA 664:4/5 identity of donor behind LLC campaign contribution who have multiple LLC's campaign contributions who have multiple LLC's.
- Bipartisan plug for LLC loophole
- Example: Gov Smith 2010 bundling of contributions, same individual may exceed statutory limits.
- I want OTP to protect state of NH, abuse by a brazen few.

Question – Rep. Berry; Do unions have same loophole, take in dollars?

Ans; Good question, doesn't fix every brazen act, particularly targeted from LLC not unions set up, more like pacs.

Ans; I think this is distinct from that. This is targeted to how LLC's contribute and handled.

Follow-up ; If you said distinctive differences, unions not set up as LLC, why am I trying it to draw a distinction.

***Deputy Director Bryan Beihl, Open Democracy (see written testimony)**

In 2019 Governor gubernatorial race, 6-month period, showed LLC used in 2020 funnel monies more than NH allowed

Spreadsheet reference 3 days to assemble, Archaic.

- 2 to 3 gubernatorial candidates: Fells – 8 donated \$5,038, Volinsky -none, Sununu 36 LLC took \$167,450. (see testimony)
- 22 LLC of Governor Sununu came from same address, 6 people \$147,250 .. people used different LLCs – same addresses

- Mr. Beihl read donations from chart in testimony.
- Outlawed in many states, NH limit \$7000
- Please vote OTP for HR 105

Question – Rep. Sweeney; Do you believe business owners are affected by outcome? If those same business owners owned different LLC, why are we limit business their free speech? Do they have limit \$7000 personally? Currently allow LLC do same. why limit freedom of speech.

Question – Rep Torosian; we all agree lots of dollars in campaigns. Compare similar to trade monies/ union?

Ans; another bill addresses dollars from trade unions, Trade unions are not in this bill.

Question – Rep Mooney; I appreciate example. Could you further breakdown expenditures.

Ans: Access to this information, not transparent system. I see who are stockholders, but I do not have tools.

Comment - Chairman Griffin; If you are not able to see the percentage of ownership, how is this bill to be showing of owners of LLC's, making donations?

Answer: Need additional steps, names, corporations, name LLCs, unions, if another column, with % of ownership.

Question – Rep Berry – Open Democracy, bipartisan?

Is there a member on your committee a Republican or all Democrats?

Ans; We work with everyone

Follow-up – You mentioned bipartisan. I am familiar with the Board.

***Liz Tantarelli, League of Women Voters, submitted written testimony, Support**

- Support HN 105. It passed House and Senate 2019 unfortunately was vetoed by Governor. There was bipartisan support.
- How many LLC single members, how many entity, Sept 2019 articles;
- John Cunningham Esq explained in our state there are single members of LLC's.
- If single owner were to donate even more through LLC this puts a break on this.
- In addition to 10:1, there were 100,000 of 1,000 multiple LLC's if people want to circumvent the NH laws
- on behalf of League of Women Voters ask OTP

Comment – Chairman Griffin; on behalf of LWV, behalf of NH, do you meet to vote?

Answer: I am President, I am on the executive board. We don't meet on particular bills, but on issues.

LLC's speech national study on refinance. state supports and national supports.

In your speaking capacity, about policies speaking as president.

***Jim Reubens, in favor OTP. . I'm here representing, American Promise New Exp take back Republic, former senator for chair platform (written testimony submitted)**

- I have run for Governor. I have lot of experience deal with campaign money issues. We are in favor general validate campaign money limits.
- Value of limits, framers of conservatives, like myself
- Bedrocks conservatives, 2010 Citizen United, condone transparency and direct contributions. Value of limits, frames of constitution, prospect of tyranny, abuse power
- Allow large sums of money flow to certain candidates Influence corruption
- by having limits disperses corruption.
- Known loophole that this bill can close
- Vote OTP

Question- Rep Cody; welcome Jim Reubens to this legislature.

What particular abuse process do you see?

Ans; take back our Republic, see value as evidence in NH campaign laws, governor etc, accountable to constituents not identifying.

Risk individual particular candidates, broad range constituents might be less listened to.

Question – Chairman Griffin; You signed up as American Promise. What capacity are you signed up to speak as a volunteer or as organization?

Ans; Yes, volunteer

Question – Rep. Sweeney; Off of Madam Chair’s question, you said you represent multiple entities. Do they have individual multiple entities?

Ans; No, “Take Back Republic”. very conservative backing campaign reform.

***Honorable Bob Perry, speaking in support of HB 105, submitted testimony**

- Legal abuse, tilt wealthy
- Need to support filling in hole of dark money.

***Olivia Zink, submitted written testimony**

Deputy Beihl, has spoken on this matter.

Deputy Scanlan – continued comment

Both this bill and prior bills should out for fiscal note to accommodate changes in both bills.

I see increased expenses to look into LLC on contributions made

Question – Chairman Griffin; Do LLC requirements require disclosure identities of members

Ans; No

Question – Rep Lane; Deput Scanlan, was a fiscal note previously done last time (session)?

Ans; I’d have to look to see if there identical bills. My understanding was the bill pending might require disclosure.

I am not aware , but doesn’t mean doesn’t exist.

Comment – Chairman Griffin; It probably went to Commerce.

Hearing adjourned at 11:30 a.m.

Testimony

HB 105 - relative to political contributions made by limited liability companies.

Via Zoom

Friday, February 5, 2021 @ 10:30 A.M.

Time: 3:00

Madam Chair and members of the committee:

I speak in support of HB 105, and depending on when I speak, you will have heard, or are yet to hear in great detail the current legal abuses of money in politics that tilts political influence heavily in favor of the wealthy.

Under current law, one person owning multiple LLCs may leverage his or her campaign contributions by the number of LLCs that one person owns. Like gerrymandering, political power shifts away from segments of the population, because state legislatures, or in this case, gubernatorial veto, have allowed for unfair advantage to perpetuate. It's akin to the early discussion in America's history about the right to vote - that only wealthy landowners be given the franchise.

The Brennan Center for Justice confirms that, over the decades, "the U.S. Supreme Court, as well as lower courts, have repeatedly and consistently upheld state and federal laws requiring disclosures of who is spending money in politics." In the Citizens United ruling, an otherwise Goliath ruling against David, the majority concluded transparency is key to Democracy, quoting "transparency enables the electorate to make informed decisions and give proper weight to different speakers and messages."

In the case of the LLC loophole, the public is not being informed as to who is influencing our elections; instead, only being informed as to the entity making those contributions; thus, doubly

offensive to Democracy - one individual making multiple campaign contributions through ownership of multiple LLCs, and then LLC members making campaign contributions anonymously.

HB 105 is before you today, because Gov. Sununu vetoed the previous version. In referring to the minority report on SB 156, whose language is identical to this bill, I respectfully disagree with its conclusion that elimination of the LLC loophole would prove harmful to the privacy of LLC members. I remind all who serve in the legislature that you are required to disclose all donations over \$25, including the names, addresses, and occupations of those donors, contrasted with current law, allowing hundreds or thousands of dollars to be contributed to campaigns without attribution to individual LLC members under campaign finance laws.

There is no justification for the elevation of political influence by those wealthy enough to knowingly disadvantage the rest of us in the maintenance of Democracy; there is, however, every justification for support of filling in the hole of dark money spending.

At the time of the hearing for HB 105, I had indicated that I was opposed to this bill. After hearing the testimony at the hearing, I now am in support of this bill.
Since there is concern about the ownership of any particular LLC, it may be useful to put the onus of determining ownership on the candidate receiving such a contribution.

Thank you,

Representative Prudhomme-O'Brien,

I am concerned about the campaign finance bills HB 465 and HB 105. The NH Legislature needs to pass these bills, making our government more transparent. We don't need to have government officials doing favors for large donors or making sweetheart deals to repay favors from large donors. We voters need to be able to trust that our elected officials are working to make NH better for everyone, not just for the wealthy who can buy their way into deals. These deals often don't have the taxpayers best interests in mind, just getting the best for certain companies or individuals.

I urge you to pass HB 465 and HB 105 to make New Hampshire government more honorable and transparent. We want to discourage the influence of money in our state and encourage honesty in all of our political dealings.

Thank you for your service to our state and for looking out for the interests of its citizens. Please stay safe and we'll.

Sincerely,

Janet Pietrovito

Dear members of the Election Law Committee,

As you know, I presented in support of 121 and 105. I will/have registered my support of 465. All of these bills serve to equalize the political influence of voters with other voters, in the case of redistricting; and mitigate the disparity between ordinary political contributors and those who benefit from current campaign finance laws in need of strengthening to close loopholes.

I urge OTP relative the above-mentioned. Thank you.

Re: **HB105, campaign finances regarding LLC donations**

The League of Women Voters NH, a non-partisan organization whose mission is empowering voters and defending democracy, supports this campaign finance reform.

We have federal and state limits on campaign donations for a reason: so that a small number of wealthy donors do not have an overwhelming influence on the views of our elected officials. The use of LLCs to make multiple donations, especially when those are sole-owner LLCs, is an end-around run to allow one individual to make multiple donations to a candidate.

HB105 is similar to SB156 in 2019, which passed the Senate and then passed the House 212-139. But it was one of the 57 bills vetoed in that year. If I had the time I would look at how many of the Governor's campaign donations come from multiple LLCs with one or a few owners. What we do know through casual observation and news reporting is that campaigns are getting more and more expensive. The Peter Principle applies to campaigns: the amount candidates spend will expand to use the amount donated—whether that is healthy for voters or not.

HB105 does not stop people from donating to candidates of their choice. But it does prevent wealthy influencers from creating or using multiple LLCs to work around the campaign finance donation limits laws that the rest of us must operate within.

I urge this committee to recommend HB105 Ought To Pass as a show of good faith in the principle of equity of campaign finances, that no wealthy donors should have greatly more access to an elected official than ordinary donors.

Testimony from Brian Beihl, Deputy Director, Open Democracy Action
In Support of HB 105, Closing the LLC Loophole,
to the House Election Law Committee
February 5, 2021

Good Morning, Madam Chair and Committee Members:

I am Brian Beihl, Deputy Director of Open Democracy Action, a pro-voter, nonpartisan nonprofit based in Concord. I reside in Alton Bay, NH.

Let me begin by saying the personal NH contribution limit to a candidate in a state election is \$7,000. Not \$25,000. Not \$30,000. Not \$100,000.

An analysis I did in December 2019 of the gubernatorial candidates for the six-month period of June 6, 2019 to December 4, 2019 shows that LLCs were used extensively in the 2020 campaign cycle to funnel money above that \$7,000 limit for donors wanting to give more money than New Hampshire allows.

I've sent the source documents via email to the committee, along with a link to the spreadsheet that I'm going to reference. The data took three days to assemble: Because of our state's archaic reporting system, the LLC data had to first be keyed into a spreadsheet because it was submitted by fax, sorted by addresses and names, and the LLC ownership identified through corporate records. Not exactly transparent to the voters.

Two of the three gubernatorial candidates took money from LLCs during this period. Sen. Dan Feltes took 8 donations from LLCs totaling \$5,538, all, it appears, from separate organizations, Andru Volinsky took no money from LLCs, and Governor Chris Sununu took money from 36 LLCs for a total of \$167,450.

Twenty-two of the LLCs donating to Gov. Sununu were from either the same address, or are controlled by only six individuals or corporations, totaling \$147,250.

Most of these 22 LLCs were donating the maximum \$7,000 each. For one donor, a New Hampshire

developer and hotel owner & his spouse, \$28,000 was donated through a combination of individual donations, an LLC, and two corporations – all controlled by the same people.

Arthur Brady, with another Manchester real estate company, Brady Sullivan, used five different LLCs using the same address as its offices, to make donations totaling \$33,000. Brady Sullivan has used LLCs consistently over the past several elections.

Summit Land Development LLC, owned by Charles P (Chad) Kageleiry didn't do the maximum with his LLCs. He just contributed \$25,000 in six months through five LLCs giving \$5,000 each.

Joseph Faro, owner of Tuscan Kitchen and a developer, was one of the most difficult to track down, having LLCs in two states donating. Mr. Faro personally donated his \$7,000, then added donations from New Boston Subdivision Holdings, LLC; J&S Investments, LLC; OMJ Realty LLC; Tuscan Brands LLC to total \$30,000 in donations. In one six-month period.

Another real estate family, Michael Kane & John Kane, used a similar tactic to Brady Sullivan. Using 162 Corporate Drive LLC, 166 Corporate Drive LLC, 230 Corporate Drive LLC, 231 Corporate Drive LLC and 325 Corporate Drive LLC, Michael and John Kane donated in increments of \$5,000 for a total of \$25,000.

There are more, but I'll spare you all.

It's bad enough, that corporations are making direct donations to candidates in our state, something which has been outlawed now in many states. But to have these individuals bamboozle the spirit of our campaign finance laws is really insulting.

I'll end my testimony the way I began: The NH personal contribution limit to a candidate in a state election is \$7,000. Please vote Ought to Pass on HB 105.

Thank you, Chairwoman Griffin and members of Election Law,

I'm Representative Kat McGhee from Hillsborough 27, Hollis.

I come before you here today as the prime sponsor of HB105, affectionately known as the LLC Loophole bill. As many of you know, NH campaign finance laws attempt to create controls that prohibit the undue influence of money on NH politics. HB105 helps to make that real.

This bill re-establishes the intent of RSA 664:4 V by ensuring that the identity of a donor behind the LLC is revealed for political contributions, to prevent the current loophole that permits multiples of the campaign contribution limits being submitted when an individual has multiple LLCs. As members of election law, I'm sure you are interested in supporting transparency and accountability where possible. This is a bipartisan effort, as it was in the last session, to plug the LLC Loophole for the State of New Hampshire.

In 2010, gubernatorial candidate John Stephen caused a stir when he raised over \$100,000 from 30 limited liability corporations at just two addresses in Massachusetts and Connecticut; the donations were traced to Dunkin' Donuts franchises.

13 LLC using the same addresses gave NH Gubernatorial candidate [Kevin Smith](#) donations well beyond the legal limit. Nearly \$100,000 of Smith's \$ contributions came from LLCs at those same addresses.

This bundling of donations from the same individual is clearly in conflict with the intent of the NH contribution limits statute. But nothing in the current law prohibits multiple limited-liability companies controlled by the same individual from donating the maximum on behalf of each LLC, making it easy for these donors to flout the spirit of the law and exceed the statutory individual limits.

My Republican co-sponsors on HB105, representatives Gay and Guthrie were happy to sign on again, having been co-sponsors to this bill during the last session.

Please Vote OTP and fix this loophole to protect the State of New Hampshire from the unfair use of our campaign finance laws by the brazen few. Thank you.

STATE OF NEW HAMPSHIRE

In the Year of Our Lord Two Thousand Twenty One

AN ACT relative to political contributions made by limited liability companies.

Be it Enacted by the Senate and House of Representatives in General Court convened:

1 1 Legal Status of Limited Liability Company. Amend RSA 304-C:19, I to read as follows:

2 I. A limited liability company formed under this act shall be a legal entity separate and
3 distinct from its members, ***except that political contributions made by a domestic or foreign***
4 ***limited liability shall be allocated to the members of the limited liability company, as***
5 ***provided in RSA 664:4-c, for the purpose of determining compliance of donors with the***
6 ***contribution limits set forth in RSA 664:4, V.***

7 2 New Section; Contribution by Limited Liability Company. Amend RSA 664 by inserting after
8 section 4-b the following new section:

9 664:4-c Contribution by Limited Liability Company. For the purpose of reporting contributions
10 and determining whether a person has exceeded the contribution limits set forth in RSA 664:4, V, a
11 contribution made by a domestic or foreign limited liability company shall be attributed to its
12 members as if the contribution were made by the members. For a single-member limited liability
13 company, the entire contribution shall be attributed to the member. For a multi-member limited
14 liability company, the contribution shall be allocated to the members on the basis of each member's
15 percentage membership interest in the company. If a member of a limited liability company is itself
16 a limited liability company, the portion of the contribution allocated to that member shall be
17 allocated among its members on the basis of their percentage membership interests, and shall be
18 attributed to those members for the purpose of reporting contributions and determining whether
19 those members have exceeded the contribution limits set forth in RSA 664:4, V. When a limited
20 liability company makes a contribution, it shall provide the recipient of the contribution with the
21 names and addresses of all members, and the names and addresses of all members of any member
22 that is itself a limited liability company, and the amount of the contribution attributed to each
23 member, or the member's members, as applicable.

24 3 Effective Date. This act shall take effect January 1, 2022.
