COMMITTEE REPORT

Committee:	Election Law
Bill Number:	HB 429
Title:	relative to college or university student voting.
Date:	March 10, 2021
Consent Calendar:	CONSENT
Recommendation:	INEXPEDIENT TO LEGISLATE

STATEMENT OF INTENT

This bill proposes that the University System of New Hampshire and the community college system charge in-state tuition for any person who is registered to vote in this state. The committee heard witnesses report that the tuition rates are set by the University Trustees, and that the change would cost the university system approximately one hundred and seventy million dollars annually. The committee unanimously agreed that the bill presented a policy change with a cost that was not appropriate for implementation as proposed.

Vote 20-0.

TESTIMONY

***Representative Al Baldasaro – Rockingham 5, Londonderry.** This bill is for other people and college students voting. I personally don't have a problem with college students voting. My problem is with non-residence voting. If they are voting and reside in NH, they should get in-state tuition. My mentality is to make sure students who want to become residents, and get in-state tuition. The second part of this bill is voter ID. Long ago state made a mistake putting into law, college ID's at polls. College ID's should not be allowed. See further testimony.

Question: Rep Mooney – Rep Baldasaro, do you know how many other states have similar laws, allow students to vote?

Answer: Too many. I know when I sat on Election Law, we had very few who allowed college students to vote.

Question: Rep Prudhomme-O'Brien – Does this mean people can come into state, would be allowed to vote right away?

Answer: In my opinion, if you are a student at college staying here 60 days, required to get a driver's license, this tightens up law. If students want to vote, need to be paying in-state tuition.

Deborah Nelson: I'm resident in the town of Hanover, significant college town. I think that it is unfortunate when we have students paying taxes, rent, contribute to the businesses, serve on hot-line suicide, active in community, they should be denied ability to vote. As a former 27 year civic-history teacher. They are not seeking a break in tuition. I think it is critical everyone have access to voting. Thank you for this time, but again resident and voter of Hanover, and complete supporter of access to voting.

Question: Rep Berry – Besides the part about a college ID, if a student is contributing as you say they are, why should they be denied like that of all other residents?

Answer; I am not speaking to that. My experience with students at Dartmouth is not an issue whether in-state tuition. This is about access to voting, doing our civic duty. Student voting is patriotic.

Rep Michael Moffett: I represent Loudon and Canterbury. I think HB 429 is an important measure. If they are bona fide out of state, they should not vote in NH. I encourage the committee to pass this bill and further discussion on right path.

Question: Rep Tiroasian – What other states allow college students for tuition, are considered out of state?

Answer: Great question. I did not research this, but should be able to obtain this.

***Tom Cronin: I am on staff, Director of Government Relations, at the University System of NH** I'm opposed to HB-429. See Testimony. This bill would have an impact on the cost to families of higher education. Simply stated 1) the student or his/her family has to physically reside here, and reside 12 consecutive months remain in NH for other than being a student. We would have a \$170 million dollar annual loss to the system. In response to the system, we would have to raise tuition, and in state differential is funded by NH taxpayers.

Question: Rep Prudhomme-O'Brien – Out of state children of professors of NH professors, do they receive in state-or out state tuition?

Answer: If they are not residents, but out state, but pay discount on out of state.

Question: Why does the university treating them differently?

Answer: Essentially the legislature created in-state and out of state eligibility.

Question: Rep Muirhead – My calculations, 32 states have resident requirements of less than 30 days. How many for in-state tuition?

Answer: I do not know.

***Emily Winfrey:** I reside in Michigan, but a resident of UNH. See Testimony.

Question: Rep Prudhomme-O'Brien Do you believe it is easier to vote in NH versus absentee in MI?

Answer: It probably would be just as east to get absentee in MI, but I want to reside in NH, therefore, I vote here.

***Representative Horrigan: Testimony given.** My son went to school in Maine. This is a ridiculous bill, a bad bill.

***Hannah Donley: Student at Dartmouth, oppose to 362.** When I cast my vote on November 3rd, I was proud. If 362 passes, students would not be able to vote. NH is becoming our home where we live, work, care for communities. Please oppose this bill. See further testimony.

***Miles Brown:** I'm a college student at UNH. I oppose 362. Governor and SOS Gardner said we had most secure election. You are failing to serve college students by not giving us to have our voices heard.

- Madam Chair spoke, you are speaking on the wrong bill.

Deputy Scanlan: I just want to make a comment on the voter ID portion of this bill. When voters go to obtain a ballot, they have already been qualified and proven on the voter checklist. The intent of the voter ID law is simply to identify the voter as using a photo on ID who is on the check list. By removing college ID, the net result, may not have any other ID n a college town, will have to fill out an Affidavit in lieu of showing a college ID.

Question: Rep Prudhomme-O'Brien – Could they still use ID to register at town hall?

Answer; This bill does not change any requirements of proof of identity to register to vote.

College ID as proof of residency , this does not change.

Hearing adjourned at: 10:12am

Testimony

Testimony Against HB 429:

“AN ACT relative to college or university student voting.”

Rep. Timothy Horrigan (Strafford 6)
House Election Law Committee; March 8, 2021

HB 429 has several major shortcomings.

The biggest problem with HB 429 is that this would throw the finances of our University System and Community College System into chaos. In theory, any student who is a US citizen and who lives in New Hampshire would be able to take advantage of this proposal, and doubtless many would choose to do so.

Currently, in-state tuition is typically about half of out-of-state tuition, which saves a full-time student as much as \$15,000/year. I agree that students should be encouraged to vote. College is when life-long habits are formed, and voting is a good habit. But a \$15,000/year incentive is excessive and unnecessary. It also amounts to paying students (a lot!) to vote, which is illegal.

If HB 429 were to become law, the tuition would be adjusted before each academic year by the USNH or CCSNH board of trustees. Those boards currently do not approve individual financial aid packages. And, college financial aid packages are confidential. The bill as introduced assumes that students would never move during an academic year, but of course that can and does happen all the time. Also, the basic concept of an “academic year” is not defined anywhere in the bill, or in the statute it amends, RSA 187-A. Typically, the summer months are considered part of the previous academic year, but this is the school's choice. CCSNH has largely abandoned the concept of the academic year: students begin and complete their studies year-round.

This bill as introduced would be unfair to students who cannot register to vote because they are under 18 years of age or because they are non-citizens. It is also unfair to students who commute to CCSNH or USNH institutions from other states. And of course it is extremely unfair to voters who do not study at any of our state's excellent public colleges and universities,

Section 3 of the bill would have the effect of discouraging students from voting since college Identification cards would no longer be an acceptable form of ID at the polling place. Oddly high school ID cards would still be acceptable. The practical effect of this change would be minimal since most college students carry one or more other official IDs, and failing that they can still sign an affidavit and have their picture taken at the polling place.

HB 429

Testimony of Tom Cronin, Director of Government Relations
University System of New Hampshire (USNH)

The University System opposes HB 429 because it will increase the cost of public higher education for New Hampshire students and families.

State law grants the USNH Board of Trustees the authority to set policies and determine eligibility for in-state tuition rates. At its most basic, the current requirement states that to be eligible for in-state tuition a student must 1) physically reside in the state for at least 12 consecutive months, and 2) must reside in New Hampshire for some purpose other than obtaining an education.

This legislation would create a loophole that would allow non-resident students to register to vote and immediately obtain the in-state tuition rate, which represents a nearly 50% reduction in tuition price. Based on a fiscal note prepared for a similar bill in 2019 (SB 268), USNH estimates this would result in a \$170 million annual loss in revenue to the system.

In response, the system would be forced to raise tuition and reduce institutional financial aid offerings, both of which would have the result of increasing the cost of attendance for New Hampshire students. Further, as the in-state tuition differential is funded using state appropriations, this legislation would also result in traditionally out-of-state students receiving a tuition subsidy funded by New Hampshire taxpayers.

For these reasons, USNH respectfully requests the House Election Law Committee recommend HB 429 inexpedient to legislate.

Testimony Against HB 429:

“AN ACT relative to college or university student voting.”

Rep. Timothy Horrigan (Strafford 6)

House Election Law Committee; March 8, 2021

HB 429 has several major shortcomings.

The biggest problem with HB 429 is that this would throw the finances of our University System and Community College System into chaos. In theory, any student who is a US citizen and who lives in New Hampshire would be able to take advantage of this proposal, and doubtless many would choose to do so.

Currently, in-state tuition is typically about half of out-of-state tuition, which saves a full-time student as much as \$15,000/year. I agree that students should be encouraged to vote. College is when life-long habits are formed, and voting is a good habit. But a

\$15,000/year incentive is excessive and unnecessary. It also amounts to paying students (a lot!) to vote, which is illegal.

If HB 429 were to become law, the tuition would be adjusted before each academic year by the USNH or CCSNH board of trustees. Those boards currently do not approve individual financial aid packages. And, college financial aid packages are confidential. The bill as introduced assumes that students would never move during an academic year, but of course that can and does happen all the time. Also, the basic concept of an “academic year” is not defined anywhere in the bill, or in the statute it amends, RSA 187-A. Typically, the summer months are considered part of the previous academic year, but this is the school's choice. CCSNH has largely abandoned the concept of the academic year: students begin and complete their studies year-round.

This bill as introduced would be unfair to students who cannot register to vote because they are under 18 years of age or because they are non-citizens. It is also unfair to students who commute to CCSNH or USNH institutions from other states. And of course it is extremely unfair to voters who do not study at any of our state's excellent public colleges and universities,

Section 3 of the bill would have the effect of discouraging students from voting since college Identification cards would no longer be an acceptable form of ID at the polling place. Oddly high school ID cards would still be acceptable. The practical effect of this change would be minimal since most college students carry one or more other official IDs, and failing that they can still sign an affidavit and have their picture taken at the polling place.

Dear NH House Election Law Committee,

I am contacting you to submit my written testimony in opposition to several proposed pieces of legislation that would undermine voting rights for New Hampshire students: HB 362, HB 429, HB 531, and HB 554.

HB 362 would prevent students from using their educational institution as their place of domicile for voting purposes. If students are not allowed to register at their college address, young people who moved to New Hampshire for college would not be able to vote in the state.

HB429 would prohibit college IDs from serving as forms of voter ID and would incentivize colleges and universities to discourage their students from voting.

HB 531 would eliminate the Qualified Voter Affidavit, which allows a voter to cast a ballot without needing to provide proof of residency at the polls.

HB 554 would limit students' ability to register to vote. If they're merely eligible to register in another state while at school in NH, they would have a more difficult time registering to vote in NH.

These bills would put unnecessary burdens on voters in an effort to prevent young Granite Staters from going to the polls. By impeding the constitutional right to vote, these bills will create confusion at polling places and may cause eligible voters to stay at home.

Together, all four bills represent a blatant attempt to suppress the vote of young people in New Hampshire. The right to vote is a fundamental part of our democracy, but HB 362, HB 429, HB 531, and HB 554 intentionally aim to disenfranchise student voters and exclude their voices from the political process.

I implore the entire committee to reject these bills and instead work to improve ballot access for students in the Granite State.

As [Ronald Brownstein](#) wrote in The Atlantic: “Future Americans could view the resolution of this struggle as a turning point in the history of U.S. democracy. The outcome could not only shape the balance of power between the parties but determine whether our democracy grows more inclusive or exclusionary.”

Clearly, the extreme right wing of Republicans believe this legislation restricting voting rights will help them win the next election. Nothing good will come of this in the long run and is another symptom of the deep divisions within the Republican Party.

This return to the Jim Crow era in American politics will only serve to further deep divisions that already exist in America and precipitate lawsuits and further conflict among our citizens.

This is another example of how tampering with our fragile democratic system harms us as a nation. It is a weak and ineffective way to govern.

Shame on you for introducing these bills.

Hello -

I am emailing to register opposition to the bills named in the subject line of this email.

These bills to suppress the college student vote, a bill designed to bring back signature matching for absentee ballots, and bills designed to make it harder to register and vote on election day.

The bills directed at college students are particularly egregious because they primarily aim to confuse and frighten students into not voting.

Thank you

Election Committee Members

Granite State Taxpayers opposes House Bill 429 to provide in-state tuition at any institution in the university or community college system of New Hampshire for any person who is registered to vote in this state.

Current requirements to qualify for in-state tuition include being domiciled in New Hampshire for 12 months before the start of the term for which in state status is claimed, a sworn, notarized statement certifying that the applicant is legally domiciled within the State of New Hampshire and is a lawful resident of the United States, that un-emancipated individuals are considered domiciled with their parents and proof that the applicants residence in New Hampshire is for some purpose other than the temporary or primary one of obtaining an education.

Registering as a voter does not require a 12 month residency, nor proof of residency or citizenship. The consequence of HB 429 would be to extend in state tuition to many who do not currently qualify, thereby reducing tuition revenue to the NH University System, in effect shifting that shortfall to the taxpayers.

For that reason, Granite State Taxpayers opposes House Bill 429.

I **oppose** this bill because it is once again suppressing the vote of our young citizens. Due to the nature of their lives, they need to be able to vote wherever they are living at the time of the election.

Please stop threatening the ability of our young citizens to vote! We need to be encouraging them to vote as soon as they turn 18 years old. This bill is clearly an infringement of this right!

Good Afternoon,

I am writing to express my opposition to the House Bills 429, 362, and 554 on Election Law proposed on Monday March 8th.

College aged students are already trying to navigate many new adult experiences, and should feel welcomed and encouraged to cast their votes for the first time, not scared and intimidated. Having worked Election Polls in the past, the process is already complicated enough and adding multiple layers of checks and rules on top of this for this age group only discourages them from participating in a very crucial civic process. We need larger voter turnout in ALL political parties, and bringing in younger voters from the start will create lifelong participants.

Please vote NO to HB 429, HB 362 and HB 554.

I oppose HB 429, HB 362, and HB 554 because they are all forms of **voter suppression**.

HB 429 disenfranchises college students. We should encourage our young adults to vote, not put artificial roadblocks in their way.

HB 362 delays voting by the antiquated matching of signatures for absentee ballots. Our election officials are not trained forensic experts and cannot be depended on to scientifically determine the similarities of signatures. This bill merely makes it easier for people to throw out absentee ballots. It does not make our democracy stronger.

HB 554 makes it difficult to register the day of the election. This is a blatant attempt to turn away voters on the day of the election and should be rejected.

Those who support such bills fear their side has no ideas that will win support from the majority of the voters. Since they have no worthwhile ideas, they seek to suppress the vote. It is all about winning, not making NH a better place, devising viable ideas, and trusting the voters. A "win at all costs" stance is as myopic as it is weak.

Members of the House Election Law Committee-

The major reason I strongly oppose HB429 is that a student's NH school's required ID, containing pertinent information & photo, definitely should be an acceptable form of ID for voting in NH.

It is so obvious that any attempt to make voting unnecessarily more complex is a form of voter suppression. The majority of post-secondary students are relatively new to voting. They should be encouraged to be involved and to vote, ... not discouraged.

The idea of requiring an 18+ year old NH resident to register to vote for any reason is absolutely wrong.

There are post-secondary students who are not yet 18 and definitely NH residents. They should get in-state tuition.

Therefore, I implore you to oppose this bill.

PROTECTING THE VOTE FOR ALL AMERICANS

March 7, 2021

Members of the Committee on Election Law
Hon. Barbara Griffin, Chairman
New Hampshire House of Representatives

Dear Chairman Griffin and Members of the Committee:

Fair Elections Center¹ writes to voice its strong opposition to HB 362, HB 429, HB 531, HB 535, and HB 554, which are currently scheduled for a hearing before the Committee on Monday, March 8, 2021. Since 2012, Fair Elections Center has operated its Campus Vote Project to help students understand and exercise their right to vote. These bills would make it harder for students to participate in democracy, and respectfully request that this letter be entered into the record as written testimony.

These bills would make the following changes:

- **HB 362** explicitly removes college addresses as acceptable for domicile, directly preventing voters from establishing domicile through evidence of residence at an institution of learning.
- **HB 429** would eliminate student ID issued by a New Hampshire university or college as acceptable voter ID, even when it is issued by an institution funded by the state. At the same time, HB 429 would still allow voters to use student IDs issued by a public or private high school, though far fewer eligible New Hampshire voters are high school students.
- **HB 531 and HB 535**, among other things, would remove voters' ability to sign an affidavit to register and cast a regular ballot if they lack the requisite documentary proofs of qualifications. These provisions would remove a critical failsafe for

¹ Fair Elections Center is a national, nonpartisan voting rights and election reform 501(c)(3) non-profit organization based in Washington, D.C. Its mission is to use litigation, education, and advocacy to remove barriers to registration and voting, particularly those disenfranchising underrepresented and marginalized communities, and to improve election administration.

student voters, who are less likely to possess the types of documentation that can be used as proof of these qualifications. They would also disenfranchise many other voters who lack such often-expensive documentation. HB 531 also allows voter challengers to target students without allowing challenged voters to affirm their qualifications via affidavit in response to the challenge and vote.

- **HB 554** changes the definitions of domicile in New Hampshire in ways that clearly target students. It states that “a person who maintains a domicile address in another state and is eligible to retain that domicile for voting purposes is not eligible to gain domicile in New Hampshire.” This bill would sow unnecessary confusion as to whether someone is eligible to vote in New Hampshire, where the person may still be eligible to vote in another state or no longer maintains a lease, deed, or physical presence in their place of domicile, even if the person intends to return. These requirements take aim at students, as many may remain eligible to vote absentee in the states where their families reside. Others have had to return to their families’ homes in other states after COVID-19 forced campuses to close, even though they intend to return to New Hampshire.

For half a century, courts have repeatedly invalidated state efforts to exclude student voters from the electorate. In *Newburger v. Peterson*,² a federal court struck down New Hampshire’s “indefinite intention test” for determining voter residency, on the grounds that it violated students’ right to equal protection. Last year, a state court found that SB 3 violated the New Hampshire Constitution. Passed in 2017, SB 3 targeted out-of-state college students by requiring voters to supply documentary evidence of a “verifiable action” that establishes domicile in New Hampshire. Many of these “verifiable actions” are those students often have no reason to undertake such as renting or purchasing a home or enrolling a child in school. House Bills 362, 429, 531, 535 and 554 would continue this shameful tradition.

The Supreme Court of the United States has already recognized that treating college students differently from other community members based solely on student status violates the Twenty-Sixth Amendment.³ It has also invalidated voting residency requirements that punish people for exercising their constitutional right to interstate travel,⁴ because Americans “who elect to become permanent residents” of a new state have “the right to be treated like other citizens of that [s]tate.”⁵ Even if litigation against these bills were ultimately successful, their enactment would nonetheless do incredible damage to Granite Staters in the interim by preventing thousands of eligible voters from registering and wasting taxpayer money on avoidable litigation.

² 344 F. Supp. 559 (D.N.H. 1972).

³ *Symm v. United States*, 439 U.S. 1105 (1979).

⁴ *Dunn v. Blumstein*, 405 U.S. 330 (1972).

⁵ *Saenz v. Roe*, 526 U.S. 489, 500 (1999).

These bills would not only harm student voters, but other New Hampshire voters as well. COVID-19 has eviscerated the nation's economy, costing millions of workers their livelihoods. As a result, more than 30 million Americans will face homelessness when eviction moratoriums end.⁶ HB 554 would cause Granite Staters in this untenable situation to lose their domicile when they lose their lease, deed to their home, or physical presence at an address, even if they intend to remain in the same town or city. Under HB 531, it is unclear how they would be able to vote if they lack documentary proof of domicile because they live in temporary housing where they have no intent or ability to remain long-term; live in an informal housing situation without a lease or other documentation, such as a family member or friend's home; or live in a vehicle.⁷ The last thing these residents should have to worry about is losing their right to vote.
