HOUSE OF REPRESENTATIVES

REPORT OF COMMITTEE

**The Majority of the Committee on Judiciary to which
was referred HB 430,**

**AN ACT repealing the prohibition on entering or
remaining on a public way or sidewalk adjacent to a
reproductive health care facility. Having considered
the same, report the same with the following resolution:
RESOLVED, that it is INEXPEDIENT TO LEGISLATE.**

Rep. Alexis Simpson

FOR THE MAJORITY OF THE COMMITTEE

**MAJORITY
COMMITTEE REPORT**

Committee:	Judiciary
Bill Number:	HB 430
Title:	repealing the prohibition on entering or remaining on a public way or sidewalk adjacent to a reproductive health care facility.
Date:	February 16, 2021
Consent Calendar:	REGULAR
Recommendation:	INEXPEDIENT TO LEGISLATE

STATEMENT OF INTENT

This bill would repeal the law passed in 2014 that authorized flexible, non-arbitrary, "buffer zones" around reproductive health care facilities to provide for patient safety. The current law allows flexibility for communities to tailor a zone according to local factors and public safety needs. New Hampshire's buffer zone law was carefully crafted to balance the first amendment right to free speech with patient safety. No one should face violence, harassment, or threats when accessing safe, legal health care, and this law provides a small corridor for privacy. A bipartisan majority of the committee believes that the current law allowing health care centers to establish buffer zones that suit their local situations should remain in place.

Vote 11-10.

**MINORITY
COMMITTEE REPORT**

Committee:	Judiciary
Bill Number:	HB 430
Title:	repealing the prohibition on entering or remaining on a public way or sidewalk adjacent to a reproductive health care facility.
Date:	February 16, 2021
Consent Calendar:	REGULAR
Recommendation:	OUGHT TO PASS

STATEMENT OF INTENT

This bill repeals RSA 132:37-40, which allows for the creation of a "buffer zone" around reproductive health care facilities. This law was enacted several years ago amid safety concerns around abortion clinics, and has long been seen as problematic by free speech advocates. In 2014, the US Supreme Court struck down the Massachusetts buffer zone law upon which this law is based, and the call for a repeal of its New Hampshire counterpart has followed ever since. The minority of the committee expressed the belief that existing criminal threatening laws are adequate to address security concerns at reproductive health care facilities, and noted that no facility has ever implemented the law's provisions in spite of the urgent need expressed by its supporters.

Rep Kelsey

TESTIMONY

* Use asterisk if written testimony and/or amendments are submitted.

***Rep. Kelsey** Introduced the bill. Freedom of speech in the NH Constitution should be “inviolably preserved”. The buffer zone is intended to prohibit certain speech on public ways. The Supreme Court has been clear that speech that troubles/angers others is the type of speech most in need of protection. NH should repeal this bad law and protect it Q Silber If law is repealed would normal police presence maintain order? A Absolutely. Q Horrigan How did you say this compares the Massachusetts law? A it is very similar. The fact that a zone can be implemented is the constitutional Question, Q How have demonstrators changed their behavior due to COVID-19? A I have been there with them and they are obeying the guidelines. These ae peaceful people who are just there to offer help and assistance. Q Langley-How does this protect the rights of patients who don’t care about the information being shared? A Other laws protect the women from harassment.

Rep Jess Edwards Rockingham 4 As legislators we are tasked with upholding everyone’s Constitutional rights including both the woman’s right to an abortion and the people’s right to speak. We have put these law-abiding people in a place where they have no opportunity to correct this restriction. This law has never been used, likely won’t be, but we are still restricting the right to freedom of speech. I think it should be repealed out of f fairness.

Dr Oge Young **NH Medical Society** **Opposed** The bill was passed in 2014 and defended in 2018. The law protects women who are seeking health care at a place that provides abortion care. Most women present to these clinics for health screening and many for contraception. The huge drop in abortion in NH and nationwide is largely due to wider access to birth control. The last thing we want to do is to limit access to that. Some of my clients come to me because they ae deterred to visit a clinic with these people outside. Roe v Wade was based on ghe privacy of patient/medical provider relationship. Clearly repealing would violate that privacy. Q Silber How do you reconcile your position with the First amendment to the US Constitution? A on the basis of Roe v Wade Q McLean- With no implementation since 2014, why do we need it so urgently? A It hasn’t had to be implemented because the law is there. Q Alexander There are other buffer zones in law, around polling places for example. If someone wanted to protest rent, could they stand in the sidewalk next to Planned Parenthood and protest? A I don’t know. I would think it would apply to any kind of protest.

Rep Abramson Supports I have heard people saying our buffer zone is Constitutional because it is smaller than the Massachusetts one rued unconstitutional, but the Supreme Court explicitly talked about a 23-foot zone and said that no business could prohibit speech like this. Leaving unconstitutional law in place has been a real problem for the Municipal and County committee. Local ordinances frequently depend on the language of RSAs. Questionable laws increase the legal cost to municipalities.

The buffer zone is only one tool in the clinic tool kit. The law is simply permissive, allowing the creation of a zone of needed. The small area covered maintains the balance required. Some people who stand outside Planned Parenthood Q Sylvia; Laws says the buffer zone “shall e demarcated” isn’t that mandatory? A No. Some clinics might need such a zone, others not. Q Berch You said Supreme Court last month allowed a buffer zone in Pittsburgh to stand. Aren’t there others? A Yes, several. Not all buffer zones are unconstitutional. Q McLean Why do we need the law without implementation after all this time? A As I said, the buffer zone is only one tool and it takes time to implement. The Manchester facility was recently renovated, and we look forward to ongoing discussions about how to protect women. Q Alexander If the buffer zone is repealed would ghe clinics have other tools to protect clients? A Yes, but that doesn’t alter the fact it is an important tool, even if not used.

Beth Jorgenson Supports I go and pray outside the Manchester Planned Parenthood and have for about 10 years. There are usually about 5 or up to 10 people thee. We are very polite, and I’ve not seen any invasion of anyone’s space. If people don’t want to talk with us, they just go in and that’s fine. My understanding is this buffer zone could force us across the street which is too far away for us to communicate with them.

Althea Ansah SFL UNH Supports The clinics are afraid of those who stand outside and offer alternatives to potential clients. Standing outside a clinic advocating for lives that could be lost at the clinics is no different than standing for black peoples’ rights. Black lives matter and they have always mattered, including black babies who are aborted at rates many times higher than other people’s babies. Q Horrigan Would say this speech restriction is worse than saying people can’t tell others to not get a vaccine? A Comparing getting a vaccine is in my opinion apples to oranges. Q Langley Do you have any sense as to how many women actively ask for information from the people standing outside a clinic? A I can only say I know women who have told me if it weren’t for people outside the clinic, they would have had the procedure.

***Eileen Aylars** Clinic escort Opposes I have sent pictures of signs, audio and video of people who protest outside the clinic. Recently there has been a group coming on Friday who are loud and invasive. Now, I am the buffer zone; I stand between the patients and the protesters. The quarters are close on the sidewalk entrance to the concord clinic. If this were a bill that limited free speech, I would support it, but the buffer zone is just about protecting women. Across the country here is a lot of vandalism going on to clinics. Q Rice Have the Concord police been called to protect your clients? A yes, the police have been there on multiple occasions, sometimes called by the protestors who didn’t like being told move away. Q So if the situation is that bad why haven’t there been any arrests? Why not implement a buffer zone? A That’s above my pay grade.

Susan Clifton Supports I am a retired nurse and a sidewalk counselor. I’ve b been going to Planned Parenthood in Manchester for over 15 years. We maintain a peaceful environment on Penacook Street. We offer help to the women, if they refuse, they just walk by.

***Susan Bruce Oppose** I will speak about Concord. Here, we have a group that gathers every Friday morning. As you can see in the pictures I sent you, these are not peaceful folk who only pray. The protestors ae obnoxious. They are so loud that neighbors frequently shout out their windows telling them to Shut Up. The harass the women and post videos of their actions. This is not the kind of activity any of you would accept. White Supremacists are closely tied to the pro-life movement.

Jennifer Frizzell NH /Women’s Foundation Opposes We believe women should have access to the full range of reproductive health services without harassment or intimidation. The law should be upheld because people should be able to access health services without intimidation. This law a=was carefully crafted to withstand the constitutional issues you have heard about today. When it was being drafted, it was specifically crafted to withstand the challenges to the Massachusetts law. The law allows a lot of flexibility with the UP TO 25-foot language. The law was challenged in federal Court and defended by the Attorney general. While the judge ruled the plaintiffs had not=standing, he did say the law was not facially invalid. US Supreme Court just recently allowed a 15-foot buffer zone to stand in Pittsburgh. As to statutes that all speech or only certain speech, this law prohibits any gathering in the buffer zoned. This law strikes a good balance between the rights of clients and protesters.

Francis Hynes Supports HB430 will repeal an unconstitutional law and restore free speech rights in NH. Most Wednesday’s I go to {Planned Parenthood to pray. Each week I wonder if this is the week the police will come to enforce this law which protects only one type of business. Protesting any other type of business can be done freely but protesting abortion providers may b e subject to fines and penalties. The law should not protect any single form of business.

Tania

Kathleen Yahnian Supports In my experience sidewalk counselors are polite and helpful. Last week a woman approaching Planned Parenthood for abortion changed her mind after finding out there was help for her. We are all volunteers who are there to help women.

***Ian Huyett** General Counsel Cornerstone Supports The issue of coming into the lobby would be trespassing or other crime in NH. In the cases we heard about today, the Supreme court didn't actually rule, they simply denied Certiorari. In the NH case, the judge clearly said that if a buffer zone were established, the plaintiffs would have standing to challenge it, but didn't then. In the Massachusetts case, the court specifically ruled on the restriction of speech. Neither the size nor anything else was used as a basis for the decision. The NH has a carve out for clinic escorts which the Massachusetts law did not, making our law more unconstitutional. Q Sylvia Can you speak to the "shall demarcate" zones? A Later on the statute says if no zone is created the law has no effect. In my opinion. The strategy is to keep the law on the books to chill speech but not implement it to avoid constitutional challenge. Q Silber Isn't it true that denying Certiorari is not precedent setting? Yes, and the Supreme Court often denies certiorari for all kinds of reasons. Q McLean Could you explain levels of scrutiny? A Sure. Massachusetts law if the law burdens speech but not all speech if the law is "content discriminatory: then the standard becomes strict scrutiny which is much higher.

Jason Hennessey President NHRTL Supports This bill has little to do with abortion but a lot about how the government treats citizens exercising their rights. How does it make sense to single out people who are pro-life to quell freedom of speech? Why should a private abortion provider control what people can say on public property? It doesn't make any sense. If this was a real issue some abortion provider would have taken advantage of it, but none has.

Dalia Vidunis Exec Dir Equality Health Center Opposes I totally support free speech, but I don't support people standing 6 inches away from your face and screaming at you. People should be protected as they seek legal medical treatment. The NH police have come to our center 7 times since COVID-19 started because the protestors weren't distancing or wearing masks. They also take pictures without people's permission. These patients, without their permission, have pictures posted in public. Equality has been in business for nearly 50 years. Several months ago, a patient was sitting in her car with partner. She wanted an ultrasound for gestational aging. They were surrounded by protestors with pictures of dismembered fetuses. They called us and we sent out escorts. A second case a woman had fetal anomalies. The protestors screamed at them for him to be a man and called her a murderer. When she entered the clinic, she crumpled. Another case a woman was called a murderer and a loser just for coming into our clinic. We don't know who will be well behaved, so we need the buffer zone to protect clients from these protestors. Q Rice You say we need this to keep people safe. How would repeal put more people in danger? A The issue is sometimes we have protestors who are not well behaved. When this new group showed up, we started an escort service. I have initiated discussion with Concord Police about a buffer zone but have been hindered by the COVID-19 crisis.

***Beth Scaer** 40 Days for Life Supports I have been participating in these vigils for many years. We have friendly greetings with the Equality Center staff. The buffer zone law bans even peaceful prayer on the public sidewalk, even waiting for an Uber. These are unconstitutional restrictions on our freedom of speech.

Melissa May I am somebody on the sidewalk in Concord and Manchester. One day in Manchester we talked with a couple over the fence and her partner started changing his mind. He was calling her to get her to come out. Planned Parenthood did the abortion before she came out on that same day. Freedom of speech is a right. Which includes the freedom to lie,

Jessica Gough A lot of the people we heard today call themselves sidewalk counselors. I went to a clinic for birth control and had I not had the support I did, I might not have gone into the clinic. Even with a 25-foot radius people are close enough to talk with clients.

Testimony

The American College of
Obstetricians and Gynecologists
WOMEN'S HEALTH CARE PHYSICIANS

New Hampshire Section

February 7, 2021

The Honorable Edward Gordon
Chairman, Judiciary Committee
New Hampshire House of Representatives
LOB Room 208, 107 North Main St
Concord, NH 03301

Dear Chairman Gordon:

I am writing on behalf of the American College of Obstetricians and Gynecologists (ACOG) with deep concern regarding abortion related legislation: HB 622, HB 625, HB 430, HB 434, HB 596, and HB 233. These upcoming bills collectively threaten physicians' ability to provide the most appropriate reproductive medical care to women in New Hampshire.

ACOG opposes any legislation that limits women's access to reproductive health services, including pregnancy termination. Pregnancy termination has been shown time and again to be safe and is a widely accepted medical practice. Decisions regarding pregnancy termination are deeply personal and should be made by a patient in consultation with her physician free of interference from the New Hampshire State Legislature.

The bills currently under consideration threaten to deny patients' access to pregnancy termination and further seek to criminalize patients and physicians faced with difficult and private choices. We implore you and the members of your committee to reject these bills which we view as harmful to patients, physicians, and their ability to make safe, appropriate medical decisions.

Sincerely,

Courtney B. Jones, MD
Section Chair, New Hampshire ACOG

New Hampshire
Chapter

William Palmer, MD, FACP
Governor

February 2, 2021

Dear Mike Padmore,

Thank you for reaching out to the NH ACP chapter and its executive council in regards of the proposed house bills that will ban abortion, curtail insurance coverage and repeal buffer zones.

ACP believes that a woman has the right to make health care decisions about matters that affect her personal, individual health and in the past joined with other physician organizations to oppose bills that interfere with physician-patient relationship and restrict a woman's right to make autonomous decisions in respect of her reproductive health.

In a position paper on "Women's Health Policy in the United States" published in the Annals of Internal Medicine in June of 2018 ACP states that it "believes in respect for the principle of patient autonomy on matters affecting patients' individual health and reproductive decision-making rights, including about types of contraceptive methods they use and whether or not to continue a pregnancy as defined by existing constitutional law. Accordingly, ACP opposes government restrictions that would erode or abrogate a woman's right to continue or discontinue a pregnancy. Women should have sufficient access to evidence-based family planning and sexual health information and the full range of medically accepted forms of contraception."

We are in favor of joining other medical and health care organizations in a concerted opposition to the aforementioned bills and we will identify members and direct them to you about testifying against the bills.

Best,

ACP NH Council

JAMES L. MADARA, MD
EXECUTIVE VICE PRESIDENT, CEO

ama-assn.org

January 29, 2021

The Honorable Edward Gordon
Chairman, Judiciary Committee
New Hampshire House of Representatives
LOB Room 208, 107 North Main Street
Concord, NH 03301

Dear Chairman Gordon:

On behalf of the American Medical Association (AMA) and our physician and medical student members, I am writing to express our concern about abortion-related legislation that would interfere with physicians' ability to provide timely reproductive medical care to women in New Hampshire. We believe such legislation represents a troubling legislative intrusion into the practice of medicine.

The AMA believes that all women should have access to reproductive health services, including abortion. The early termination of pregnancy is a safe, established, and accepted medical practice, and the decision whether, when, and how to perform an abortion is a medical matter that should be made between a physician and his or her patient, free of external interference and subject to the physician's clinical judgment, the patient's informed consent, and the standards of good medical practice.

Protecting the sanctity of the patient-physician relationship, including defending the freedom of communication and medical decision-making between patients and their physicians, is a core priority for the AMA and a fundamental tenet of high-quality medical care. We view efforts to deny patients access to established and accepted medical services as unacceptable governmental interference into the practice of medicine. We strongly urge you and the members of your committee to reject legislation that would limit timely access to abortion and other reproductive health services.

We thank you for the opportunity to express our views on this important matter. If the AMA can be of assistance, please contact Annalia Michelman, JD, AMA Advocacy Resource Center, at annalia.michelman@ama-assn.org.

Sincerely,

A handwritten signature in black ink that reads "James L. Madara". The signature is written in a cursive style with a large initial "J" and "M".

YOUR
BABY
IS
ALIVE!

P
33606

This is a written testimony in opposition to HB 625 and 622.

I have been practicing ob/gyn for the last 17 years in NH. I have had the privilege of delivering babies for all of those years. Delivering babies at Elliot Hospital has allowed me to take care of high risk pregnancies at all gestational ages given our highest level neonatal intensive care unit. In learning about the recent house bills 625 and 622 I have to provide some clinical perspective as to why these bills should not pass. No provider should have to put the fear of being charged with a felony into her/his decision making when trying to take care of a pregnant patient in the throes of a medical emergency.

Here are scenarios in which passage of these bills would have been detrimental to the care and health of the mother.

A patient presented at 21 weeks after rupture of membranes and was fully dilated. The couple had to process that there was no possible way to stay pregnant for the few weeks necessary for the newborn to survive. Induction of the second stage of labor was needed to facilitate delivery. I cannot imagine if I had to consider that I could be charged with a felony if I could not justify delivery. With delay in her care, she would have had additional physical and emotional pain as well as increased risk of significant infection.

A second patient presented at a gestational age prior to fetal viability with persistent and heavy bleeding that could not be controlled. Delivery by C-section was necessary to preserve the life of the mother. Again, I cannot imagine if I had to consider that I could be charged with a felony if I could not justify if the mother was bleeding enough. Should I have waited until more blood transfusions and blood products were necessary? What if while I waited she progressed to a condition called DIC (disseminated intravascular coagulation) where she may not have survived an otherwise uncomplicated C-section?

In these scenarios, the fetus would not have survived and delaying care would have had detrimental maternal consequences. There are complex, intense and emotional discussions that take place surrounding delivery. Obstetric providers should be able to make appropriate medical decisions with our patients without restrictions formulated by politicians.

Thank you for your time and consideration.

Testimony HB430: Opposition to a Repeal of the Buffer Zone Law

Good afternoon. My name is Dr. Oge Young. I am a retired Ob/Gyn after 35 years of practice in Concord, NH. I am a past president of the NHMS, still serving on the General Council to represent NH obstetricians. I remain an Adjunct Professor at the Geisel School of Medicine at Dartmouth, having taught their students for almost 40years.

I am here representing the NHMS and NH women in opposition to HB430- repeal of the "Buffer Zone Law". This statute was made law in 2014. I remember well its passage and successfully defending the law from repeal in 2018. The statute stands simply to protect the privacy of patients and caregivers, while respecting the freedom of speech for those who are opposed to women seeking healthcare at facilities which provide abortions.

Just two points:

1) We should understand that less than 5% of women's visits to Planned Parenthood Clinics are for a termination of pregnancy. Most women present for wellness exams, health screenings like mammograms and Pap smears, and importantly, many request contraception to prevent unplanned and unwanted pregnancies. The precipitous drop in the number of abortions performed in NH and this country in recent years has come because of improved access to contraception. We should celebrate this trend and not limit education about and access to birth control by repealing the "Buffer Zone Law."

2) The U.S. Supreme Court decision Roe v. Wade handed down 48 years ago, was not determined on the premise to protect women's right of choice. Instead, it was written solely to protect the privacy of the patient-caregiver relationship. Clearly, repealing the "Buffer Zone Law" would jeopardize this sacred privacy, which protects patients and providers, and even those protesting the use of reproductive healthcare facilities.

I would be pleased to answer any questions you might have for me.

Oge Young MD, FACOG

Protecting Access to Clinics

Background

While the handful of murders of abortion providers and clinic staff have attracted much media attention, family planning clinics report that they frequently experience other serious forms of antiabortion violence. These include bombings, arson and vandalism, as well as violent protests and blockades. In 1994, the federal government enacted the Freedom of Access to Clinic Entrances (FACE) Act, which prohibits intentional property damage and the use of “force or threat of force or...physical obstruction” to “injure, intimidate or interfere with” someone entering a health care facility.

States have taken two approaches designed to protect abortion providers. Some states have enacted laws similar to the federal FACE Act that prohibit specific activities such as vandalism or obstruction at clinics. Other states have limited protests aimed at clinic patients by either creating “buffer” zones around clinics that bar protestors entirely or establishing floating “bubble zones” of several feet around a person who is within a specific distance of a clinic; protestors are prohibited from crossing into that “bubble zone” without

the person's consent. In 2014, the U.S. Supreme Court struck down the Massachusetts law that placed a 35-foot buffer zone around clinic entrances. The impact of this ruling on the New Hampshire law is still to be determined, but the decision did not immediately affect the Court's 2000 ruling that upheld Colorado's floating "bubble zone" law.

Highlights

- 14 states and the District of Columbia prohibit certain specified actions aimed at abortion providers.
 - 12 of the states and the District of Columbia prohibit blocking the entrance to and egress from clinic facilities.
 - 6 of the states and the District of Columbia prohibit threatening or intimidating staff who provide reproductive health services and/or patients entering the clinic.
 - 3 of the states prohibit property damage to facilities providing reproductive health services.
 - 2 of the states and the District of Columbia prohibit telephone harassment of staff who provide reproductive health services.
 - 5 of the states and the District of Columbia prohibit other specified actions, such as creating excessive noise outside the clinic, possessing or having access to a weapon during a demonstration at a medical facility, trespassing, or releasing a substance that produces noxious odor on clinic premises.
- 3 states have established a "bubble zone" around a person within a specific distance of a clinic's entrance or driveway.

PROTECTING ACCESS TO CLINICS

STATE	SPECIFIC PROHIBITED ACTIONS					PROTECTED "BUBBLE ZONE"

Dear Members of the House Judiciary Committee,

My name is Dr. Christine Arsnow. I am a pediatrician and Vice President of the New Hampshire Pediatric Society, the state chapter of the American Academy of Pediatrics, which represents 242 pediatricians in New Hampshire. My testimony is on behalf of that organization.

I am testifying in opposition to House Bills 434 and 596 because I believe that affordable access to emergency contraception and abortion is a crucial aspect of women's healthcare.

In addition, I would like to state the NH American Academy of Pediatrics opposition to HB622, HB625, HB430, and HB233.

A national report conducted by the CDC National Center for Health Statistics showed that 55% of male and female teens have had sexual intercourse by age 18.¹ As a mother of two young daughters, I understand the temptation to hide from these statistics. While we educate and foster a culture of responsible sexual behavior, we must offer options for women. These bills seek to severely restrict access to abortion and emergency contraception, which would have a negative impact on teenagers.

Teen pregnancy and childbearing bring substantial social and economic costs on teen parents and their children. Pregnancy and birth are significant contributors to high school dropout rates among girls. Only about 50% of teen mothers are able to earn a high school diploma compared to approximately 90% of women who do not give birth during adolescence.² Children born to teenage mothers are more likely to have lower school achievement and to drop out of high school, have more health problems, be incarcerated at some time during adolescence, give birth as a teenager, and face unemployment as young adults.³

Teenage pregnancy disproportionately impacts Black, Hispanic and Native people, and women from low-income backgrounds.⁴ Teens in child welfare systems are at higher risk of teen pregnancy and birth than other groups. Young women living in foster care are more than twice as likely to become pregnant than those not in foster care.⁵ Because women from low-income backgrounds are at higher risk for teen pregnancy, it is crucial to provide affordable emergency contraception and abortion services.

Studies suggest that almost 1 in 4 of women will have had an abortion by the age of 45.⁶ The Hyde Amendment currently bans the use of federal funds for abortion coverage for individuals enrolled in Medicaid,⁷ which means that these procedures must be paid for out of pocket or via state funds for those without private insurance. Taking away state support as this bill suggests would mean that women with low income, including teenagers, would need to pay out of pocket for abortions. At an average cost of over \$500,⁸ this is out of reach for many women.

Emergency contraception is a medication that can prevent pregnancy when used in the days immediately following unprotected intercourse. According to the 2006–2010 National Survey of Family Growth (NSFG) 11% of all sexually active women and nearly 1 in 4 sexually active women

ages 20-24 reported ever using emergency contraception.⁹ About half of these women reported using emergency contraception because of fear of method failure (45%), and half because they had unprotected sex (49%). It is appalling to imagine any young woman would be in a position where she could not access emergency contraception.

Abortion and emergency contraception are two necessary aspects of women's reproductive health that must be available and affordable to all women. The decision to proceed with one of these therapies should be between a woman and her doctor and should not be limited by the government. I strongly oppose this bill.

Thank you for taking the time to read my testimony.

NEW HAMPSHIRE ACADEMY OF
FAMILY PHYSICIANS
DEDICATED TO QUALITY HEALTHCARE

February 7th 2021

The Honorable Edward Gordon
Chair, Judiciary Committee
New Hampshire House of Representatives
LOB Room 208, 107 North Main Street
Concord, NH 03301

Dear Chairman Gordon:

On behalf of the NH Academy of Family Physicians 25 member board, our primary care physicians and the state's two Family practice residency programs we are writing in strong opposition to the upcoming reproductive rights hearings on HB622, HB625, HB430, HB434, HB596, and HB233.

We endorse the AMA letter sent on January 29 on this issue.

Our group is composed of a diverse group of family doctors ranging in age from 27 - 75 years old. We care for our patients throughout their lifespan. We stand by our patient's side during birth, childhood crisis, tragic accidents, chronic disease, joyful ceremonies and death. We carry out our ethical duty to protect our patient's right to self-determination. We uphold our duty to ensure we are helping our patients remain safe from domestic violence, human trafficking and yes, a forced pregnancy. The decision to carry a pregnancy can be a complex private journey for many of us. Our patients and their families have the right to explore safe, non-stigmatized alternative options based on their individual medical, emotional and other personal circumstances.

We strongly urge the members of this committee to honor the training of family physicians, AMA and our surgical OBGYN colleagues on the private sanctity of this matter by standing up in complete opposition to the legislation HB622, HB625, HB430, HB434, HB596, and HB233.

Sincerely,

Joann Buonomano MD, CPE, FAAFP
NHAFP president 2020-2022

HB 430 **repealing the prohibition on entering or remaining on a public way or sidewalk adjacent to a reproductive health care facility.**
Committee: **House Judiciary Committee**
Date: **February 9, 2021**
Position: **OPPOSE**

BACKGROUND

Reproductive health care providers, patients, and facilities are frequently the targets of violence and harassment, ranging from vandalism to threats to deadly attacks. The National Abortion Federation (NAF) has been compiling statistics on incidents of violence and disruption against abortion providers for over 40 years and its 2017 statistics reflected an escalation in the number of reported clinic invasions, obstructions, blockades, and targeted hate mail/harassing phone calls. NAF also recorded a significant increase in activities aimed at disrupting services, intimidating providers and patients, and preventing women from obtaining the health care they need.¹ Recent years have also seen more incidents of violence, with devastating effects: in November 2015, three people were murdered and nine injured when Robert Dear brought an assault-style rifle to a Planned Parenthood health center in Colorado Springs and opened fire.²

NEW HAMPSHIRE BACKGROUND

Reproductive health centers in New Hampshire have never been free of picketing and protest activity. However, in following national trends, in the past few years the volume and frequency of protests has increased and the escalating harassment and more intense tactics that protestors are willing to use has resulted in increased patient harassment and the increased need for on-site security. Obstructing the driveway entrance, blocking on-street parking spaces, photographing patients and staff and verbal assaults have become *routine* complaints from our patients and their family members. Protestors gather in front of the entrance and create barriers for patients seeking to access the health center and they invade the privacy of those who do not want to engage in dialogue while entering or exiting.

To address these public safety and health center access problems, the NH legislature enacted Senate Bill 319 in 2014, authorizing the establishment of patient safety “buffer” zones of “up to” 25 feet

¹ See NAF, 2018 Violence and Disruption Statistics, *available at* <https://prochoice.org/wp-content/uploads/2018-Anti-Abortion-Violence-and-Disruption.pdf> (last accessed Sept. 10, 2020).

² Julie Turkewitz & Jack Healy, *3 Are Dead in Colorado Springs Shootout at Planned Parenthood Center*, NY TIMES, Nov. 27, 2015, *available at*: <http://www.nytimes.com/2015/11/28/us/colorado-planned-parenthood-shooting.html>.

surrounding the entrances to reproductive health facilities. The law was not mandatory but allows each facility and each community the flexibility to narrowly tailor a zone in accordance with local factors. Just weeks after Senate Bill 319 was signed into law, the U.S. Supreme Court issued a decision in *McCullen vs. Coakley 134 S.Ct 2518* which changed the legal landscape for balancing the competing constitutional rights involved.

NEW HAMPSHIRE’S LAW IS NO LONGER THE SUBJECT OF LITIGATION:

While New Hampshire’s law was challenged based on the Supreme Court’s decision in *McCullen*, the US District Court dismissed the challenge to NH’s “Buffer Zone” case in 2016. Judge LaPlante ruled that the plaintiffs lacked standing in the *Mary Rose Reddy et al v. Joe Foster et al* case, clearing the way for thoughtful and deliberate implementation to occur. In 2017, this decision was reaffirmed by the First Circuit Court of Appeals.

NEW HAMPSHIRE’S LAW IS DISTINGUISHABLE FROM THE LAW STRUCK DOWN BY THE US SUPREME COURT

Not all buffer zones are unconstitutional. The Massachusetts Law established a mandatory buffer of 35-feet and treated all facilities in the state in an identical fashion, where NH’s law allows for a discretionary buffer, and only enables a health center to create a patient safety zone as the facts and circumstances dictate.

AS RECENTLY AS LAST MONTH, THE UNITED STATES SUPREME COURT LEFT IN PLACE A PITTSBURG BUFFER ZONE.

The Supreme Court recently chose to leave in place a buffer zone law in Pennsylvania. The law had previously been upheld by the Third Circuit Court of Appeals.³

As violence and harassment towards abortion providers and health centers has escalated, Planned Parenthood of Northern New England (PPNNE) has considered how best to protect its patients and staff. The Manchester Health Center has undergone modernizations to the building, including changes to the parking lot, which just wrapped up last month. PPNNE meets regularly with local law enforcement to help explore ways to better protect patient safety and access. We need to continuously reassess every option to consider how best to protect our patients, providers, and staff.

We Urge the House Judiciary Committee to Maintain a Commitment to Patient Safety and Access and Vote “Inexpedient to Legislate” on HB 430

For more information contact:

Kayla Montgomery, *Director of Public Affairs*, 603.674.8372, kayla.montgomery@ppnne.org

Planned Parenthood of Northern New England (PPNNE) is the largest provider of reproductive and sexual health care for women, men and teens across the State of New Hampshire. We serve New Hampshire residents through 6 health centers in Claremont, Derry, Exeter, Keene, Manchester and White River Junction, VT. Last year we saw more than 14,000 patients at these sites.

Planned Parenthood New Hampshire Action Fund (PPNHAF) is an independent, nonpartisan, not-for-profit organization formed as the advocacy and political arm of Planned Parenthood of Northern New England in New Hampshire. The Action Fund engages in educational and electoral activity, including voter education, grassroots organizing, and legislative advocacy

New Hampshire
Chapter

William Palmer, MD, FACP
Governor

February 2, 2021

Dear Mike Padmore,

Thank you for reaching out to the NH ACP chapter and its executive council in regards of the proposed house bills that will ban abortion, curtail insurance coverage and repeal buffer zones.

ACP believes that a woman has the right to make health care decisions about matters that affect her personal, individual health and in the past joined with other physician organizations to oppose bills that interfere with physician-patient relationship and restrict a woman's right to make autonomous decisions in respect of her reproductive health.

In a position paper on "Women's Health Policy in the United States" published in the Annals of Internal Medicine in June of 2018 ACP states that it "believes in respect for the principle of patient autonomy on matters affecting patients' individual health and reproductive decision-making rights, including about types of contraceptive methods they use and whether or not to continue a pregnancy as defined by existing constitutional law. Accordingly, ACP opposes government restrictions that would erode or abrogate a woman's right to continue or discontinue a pregnancy. Women should have sufficient access to evidence-based family planning and sexual health information and the full range of medically accepted forms of contraception."

We are in favor of joining other medical and health care organizations in a concerted opposition to the aforementioned bills and we will identify members and direct them to you about testifying against the bills.

Best,

ACP NH Council

RE: HB 430 — Sidewalk Free Speech Act

I am here to speak on behalf of Cornerstone in support of HB 430 and to answer any legal questions the Committee may have about the constitutionality of RSA 132:38. In *McCullen v. Coakley*, the Supreme Court found that there is a First Amendment right to one-on-one communication. Nobody disputes that, if an abortion clinic actually demarcated a buffer zone tomorrow, protestors could still stand within sight of the clinic and hold signs. But Americans don't just have a First Amendment right to protest: we have a First Amendment right to engage in peaceful and consensual conversation and leafleting. As the Supreme Court said, these are methods "closely associated with the transmission of ideas."

On a personal note, I've experienced the way that leafleting can transmit ideas. I'm speaking to you on behalf of a Christian organization, but I first started to become interested in Christianity when someone offered me a tract—which is a kind of leaflet—at a time when I considered Christianity to be an unwelcome message. I've seen firsthand the power of these forms of communication to change minds.

After finding that a First Amendment activity was burdened, the Court next found that "the buffer zones burden substantially more speech than necessary" to achieve the state's interests. Harassment or crowding, for example, can be stopped by passing specific laws against harassment or crowding. Likewise, in New Hampshire, if there were truly threats to the safety of patients, then we already have tools like New Hampshire's criminal threatening statute.

Because it was overly broad, the Massachusetts law was unconstitutional. The Court's analysis did not turn on the fact that the buffer zone was permanently in place throughout the clinic's business hours or that it was exactly 35 feet.

Supporters of 132:38 argue that it is different than the Massachusetts law, and they are right—it is worse. This is not a case like *Madsen v. Women's Health* or *Schenck v. Pro-Choice Network*, where courts issued injunctions against specific troublesome individuals or groups. In fact, our law in New Hampshire contains a discriminatory carve-out for "patient escort services." The Supreme Court noted that Massachusetts' case was helped by the fact that its law *did not* contain an express "carve-out for the clinic escorts." If anything, the key difference between these two laws is that our buffer zone law could be subject to strict scrutiny and would be even more likely to be found unconstitutional. I am happy to answer any questions.

new hampshire

WOMEN'S FOUNDATION

To: Chairman Ned Gordon and the House Judiciary Committee

Re: Testimony in Opposition to House Bill 430

Date: February 9, 2021

Position: Inexpedient to Legislate

Background

The New Hampshire Women's Foundation invests in equality and opportunity for women and girls through research, education, advocacy, and philanthropy. As a grantmaking organization we provide financial support to community organizations including several that provide reproductive health care to women and teens. Our grantees have faced routine protest or patient harassment at their facilities. As an advocacy and research organization we select a handful of bills each year to take a position based on their importance and impact on fundamental rights or access to services. We are here today in opposition to House Bill 430 because we believe that women should have access to the full range of reproductive choices and related health coverage when faced with an unintended pregnancy, including abortion. And we further believe that all people should be able to access reproductive and sexual health care services without harassment or intimidation.

New Hampshire's current Patient Safety law should be upheld for the following reasons:

In NH, Patients Must Be Able To Access Health Care Without Confrontation and Harassment

Some abortion protestors have a history of approaching women with aggressive body language or harsh and abusive verbal language. Complaints about this behavior and the fear and intimidation it caused for patients were well documented at the time this law was introduced and deliberated in 2013 and 2014. Patient reports included everything from physical obstruction where protestors would surround vehicles and block the entrance to the health center driveway to verbal harassment that often agitated and upset patients on their way in and out of health care visits. At times the activity is persistent enough to require the hiring of a security guard or off duty police officer which further emphasizes the importance of preserving tools for public safety

New Hampshire's Patient Safety Law is Carefully Crafted for Constitutional Considerations

It is critical that any laws that address patient safety and access to clinics conform with the constitutional precedents in this area. It is indeed the case that the *McCullen vs Coakley* case from the US Supreme Court (striking down a Massachusetts law) was decided in 2014 and it sets some

standards that weren't previously articulated. However, the flexibility provided in RSA 132 still leaves room for it to be implemented in a constitutionally permissible manner. Moreover, just last month the US Supreme Court let stand a 15-foot safety zone surrounding a clinic entrance in Pittsburgh. See *Nikki Bruni, et al v. City of Pittsburgh* 592U.S. ___, 2021. This most recent decision leaves open a path for patient safety zone ordinances to pass muster if they are carefully crafted.

Protecting Women's Health Access Is Especially Important At A Time of Heightened Pandemic
Women in New Hampshire are experiencing a higher percentage of COVID-19 cases and deaths during this pandemic and they are also disproportionately experiencing unemployment and loss of earnings. Clearly patients and providers on the frontline need you to legislate with their health in the forefront and that goal is not served by this repeal.

Conclusion

The New Hampshire Women's Foundation respectfully requests that you reject House Bill 430 and the other legislation introduced to restrict reproductive health care. Instead we'd like to urge this legislature to focus your policy priorities on issues that would increase women's access to health and respect and alleviate the many economic, public health and caregiving burdens they are carrying.

I thank you for the opportunity to testify against this legislation and urge you to reject HB 430.

Respectfully Submitted,

Jennifer Frizzell

Director of Policy

CITY OF MANCHESTER

Joyce Craig
Mayor

February 9, 2021

Chairman Edward Gordon
NH House Judiciary Committee
LOB Room 208
33 N. State Street
Concord, NH 03301

RE: HB 430

Dear Chairman Gordon and Members of the Committee,

Coming before your committee today is HB430, repealing the prohibition on entering or remaining on a public way or sidewalk adjacent to a reproductive health care facility. I urge the House Finance Committee recommend this bill as “Inexpedient to Legislate” to the full House.

Manchester is home to one of New Hampshire’s five Planned Parenthood Health Centers. Planned Parenthood provides high quality, affordable health care to the residents of Manchester and the surrounding communities. The Health Center has a great relationship with the City and with our Police Department’s community policing division.

New Hampshire’s buffer zone law, which passed with bipartisan support in 2014, protects the patients at health centers while also protecting First Amendment rights. The Planned Parenthood here in Manchester underwent recent renovations, and while they are not currently utilizing this buffer zone law, it is a necessary tool moving forward to ensure that patient, providers, and volunteers have a small area of separation for their privacy and safety.

New Hampshire’s current bi-partisan buffer zone law protects the privacy and safety of those utilizing services provided by Planned Parenthood, while also protecting resident’s First Amendment Rights, and I urge you to vote against repeal.

Sincerely,

Joyce Craig
Mayor

HB430 Testimony

Good morning,

Attached, please find written testimony on behalf of Cornerstone, to accompany my verbal testimony at this afternoon's hearing on HB 430.

Best,
Ian B. Huyett, Esq. ? ihuyett@nhcornerstone.org
General Counsel
Cornerstone New Hampshire

I strongly urge you to oppose HB 233, HB 430, HB 434, HB 596, HB 622, and HB 625.
Thank you for your serious consideration of the health & well being of the people in our communities.
Ronni Shaw

HB 625;622;434;596;233
Please vote ITL on all these horrid bills that do not protect the reproductive rights of NH citizens. Let NH women decide what to do with their own bodies; no one should tell them how to proceed with their health issues. If men could get pregnant, abortion would be a sacrament. The SCOTUS decision safeguarding the reproductive rights of all women must be abided by and not taken away by NH legislators,

Thank you- Alix Olson and Martha Popp, Canaan NH

HB 233, 430, 596, 622, 625
My wife, Christine Holtz, and I, Peter Stolley, live in Walpole and strongly oppose HB 233, HB 430, HB 596, HB 622, HB 625! We urge you to oppose them as well.

Thank you.

-Peter Stolley

Proposed abortion restrictions
Committee Members:

Thank you for your commitment to serve the people of New Hampshire.

There is a group of bills in the House aimed to restrict women's access to safe and legal abortion services that I strongly oppose. I understand there will never be agreement among the citizenry about abortion as this issue is very complex and personal. The challenge is balancing a women's freedom to make decisions about her body and determining when a fetus has rights guaranteed by the State to life, liberty and happiness.

HB430 Testimony

Precisely where this cut-off occurs is a matter of belief with no secular answer.

I find HB 430 particularly egregious as this bill is not designed to support free speech, rather to promote harassment of women and those health care providers that compassionately serve them. This is a similar distinction I draw that although I support sensible gun safety legislation, I support gun rights advocates in exercising their free speech at the Statehouse, but condemn armed individuals threatening our governor and his family with weapons near his home.

Abortion is complicated and personal. A woman, with the support, love and guidance of those who care for her is in a far better place to make a good decision about this most difficult and personal of decisions than a State imposing its will based on the belief of the minority of its citizens.

Respectfully.

Viking A. Hedberg, MD, MPH <vahedberg@gmail.com>
Pediatrician
Plymouth, NH

Rep. Notter's Support for Life Bills
Dear Committee members,

As briefly as possible, I support the following bills:

HB 622 & HB 625 - These bills will protect babies that can survive outside the womb. Viability protections are in place in 43 other states.

HB 430 - Sidewalk Free Speech Act. I was on the Judiciary committee when this affront to the First Amendment was violated and passed into law. It's time to roll it back. I've been on that sidewalk and can attest that the ones standing there are peaceful. Most of them just pray silently.

HB 434 & HB 596 - Prohibiting state funding for abortions. With all the money PP spends on lobbying, why don't they just use that money to fund their clinics?

HB 233 - requiring babies, like Gianna Jensen, who was born alive after a saline abortion, to be allowed to survive.

Rep. Jeanine Notter - Hillsborough 21
House Majority Whip

Please OPPOSE HB 233, HB 430, HB 434, HB 596, HB 622, and HB 625
Dear members of the House Judiciary Committee,

I am writing to you as a NH resident to strongly encourage you to oppose the 6 bills that will be coming in front of your committee next week (2/9 and 2/10) - HB 233, HB 430, HB 434, HB 596, HB 622, and HB 625.

HB430 Testimony

This package of extreme bills would ban abortion later in pregnancy, criminalize doctors and patients, deny insurance from covering abortion care, and repeal our state's patient safety zone law for reproductive health care centers.

Ultimately, these bills all aim at making it difficult for NH residents to access medical care *during a pandemic*. These restrictions should not exist at any time, but it is particularly egregious to consider them at this moment in time.

It is important that the NH legislature focus on supporting Granite Staters through the very active and impactful COVID-19 public health crisis.

Thank you for your time in reading this and, again, please oppose: HB 233, HB 430, HB 434, HB 596, HB 622, and HB 625.

Sincerely,

Meredith Murray, ND (she/her/hers) meredith.rita@gmail.com

Opposition to Anti-abortion Bills: HB 233, HB 430, HB 434, HB 596, HB 622, and HB 625

My wife and I want to express our deep opposition to the upcoming anti-abortion bills: HB 233, HB 430, HB 434, HB 596, HB 622, and HB 625

A woman's right to decide what is best for her life and her own health should be without question. As should be her right to choose to go through pregnancy and to give birth. These are not choices that involve any other person, including the government or a church. All too often, it appears that legislators feel that they have the right and responsibility to force a woman to remain pregnant and give birth. Only to walk away from the responsibility of the outcome once the child is born. These are the same legislators who cry out when confronted with the responsibility of requiring the public to simply wear masks to protect others against spreading Covid 19 or to require any member of the public to be vaccinated against this terrible disease. These choices, it appears, are considered deeply personal and not a subject for legislation. Forcing a woman to take a pregnancy to term is in some strange way, different. The hypocrisy of these two positions is staggering.

We urge you to vote down these measures and protect the woman's fundamental right to choose whether or not she wants to seek out and undergo an abortion.

Thank you

Graham and Erline Johnson

Our address is:

House Bills

As a resident of the State of New Hampshire, I am vehemently opposed to:

HB233;HB430;HB434;HB596;HB622;HB625. Please reconsider, not only the bills themselves, but the timing of these House Bills during a pandemic. The legislature should be more concerned about the health of the residents of this state due to the Covid Virus than attempting to pass legislation that harms women's health. Please vote NO on all of the above 6 House Bills.

HB430 Testimony

PatriciaThayer
Exeter, N.H. [?pc2thayer@gmail.com](mailto:pc2thayer@gmail.com)

HB 233, HB 430 HB 434 HB 596 HB 622 HB 625

Please oppose the above listed House Bills. WE need to protect women's right to free and safe abortions and protect women's rights to chose what is best for their own health. NH Women will remember who voted in favor of these bills and make our voices heard at the ballot boxes.

Sincerely,

Miriam White [?<mimiwhite@earthlink.net>](mailto:mimiwhite@earthlink.net)
Rye, N 03870

Please support HB 430

HB 430 argues that the 2014 restrictions currently in NH law ([RSA 132:37-40](#)) have never been actively enforced, serve no public purpose, and most likely would be found unconstitutional if enforcement was attempted. That has not stopped Planned Parenthood from working against repeal by directly soliciting their patients to contact elected officials.

Defending our freedom of speech has never been more important. It is not only guaranteed by our U.S. Constitution but is even more strongly protected by the New Hampshire Bill of Rights (Part 1 Article 22) which states that free speech shall be "*inviolably preserved.*" Despite this, our citizens face growing threats at every level of government from those who seek to suppress opposing ideas rather than debate them. Abortion draws strong views from both sides, but spirited discussion is a key purpose of freedom of speech and necessary for the health of our republic.

Please support the passing of HB 430.

Mr. Jo L. Will [?<ptl4jesusc@aim.com](mailto:ptl4jesusc@aim.com)

Support HB430

Dear Committee members,

I'm writing in support of HB430 and I ask for you to open your heart and mind and to take action in support of HB430. HB 430 will allow for the freedom of speech and allows for peaceful observation and support of those that are considering life changing/ending decisions. HB430 could also save us a lot of costs to tax payers in litigation should the existing RSA be challenged, as it would most likely be found unconstitutional if enforcement was attempted.

Thank you in advance for supporting HB430.

Best Regards,

I suport HB 430 and encourage you to support it as well.

HB430 Testimony

Sarah Strycharz
39 Hot Hole Pond Rd
Concord, NH 0330
sarah@nhforever.com

I am a NH resident in Merrimack County. I am in favor of HB 622, HB 625, HB 430, HB233, HB 434, & HB 596.

Marie Fox mariefox@yahoo.com

TESTIMONY in opposition of HB 430

My name is Dr. Maris Toland, and I am a resident of Lebanon, New Hampshire. I would like the following testimony as a member of the public to be included in the permanent record.

We all know that abortion is a divisive issue and hot tempers can run wild on either side. While I believe in everyone's right to their own opinion and the first amendment right to express that opinion, I do not condone violence or interference in others' safety or health. Health care facilities that offer abortion procedures also offer other primary care services and whether you support abortion or not, protesters do prevent patients from feeling comfortable going to these clinics for services such as infection screening and cancer prevention. Even if their intention is to peacefully protest, anti-abortion activists have been known to use inflammatory images and aggressive behavior to intimidate and harass patients outside reproductive health care facilities and this is challenging for police or clinic staff to prevent. A buffer zone is important for the physical and psychological well-being of patients seeking medical care. No one deserves to be harassed for seeking medical care.

I formally oppose HB 430.

Respectfully,

Maris K. Toland, MD, PGY2
Dartmouth-Hitchcock Medical Center
Department of Obstetrics and Gynecology
Maris.k.toland@hitchcock.org

House Members:

Please keep our taxpayer money out of the abortion industry by not permitting the use in funding abortions. I am pro-life and do not agree with our tax money funding this industry.

Thank you.

Sheila Gagne 126 Lakeside Dr Manchester, NH 03104

I am in support of HB430

Thank you.

Beverly Temple

Hello,

I urge you to support HB 430, to repeal the buffer zone.

Thank you,

Jeffery Goss 32 Springfield Circle Merrimack, NH

HB430 Testimony

Written Testimony Opposing Anti-Abortion Bills

Thank you Chairman Gordon and members of the committee. My name is Doug Marino, I am the Advocacy and Engagement Director for 603 Forward. 603 Forward is an advocacy organization whose aim is to educate, engage, and activate the youth of New Hampshire to take political action at the state and local level. I am writing to you today representing myself, to express my opposition to HB 596, HB 434, HB 233, HB 625, HB 622 and HB 430

Most people in New Hampshire support reproductive freedom. A survey taken by Suffolk University during the 2016 Republican Primaries found that 49% of New Hampshire Republicans identified as pro-choice, a higher percentage than those who did not identify as pro-choice. New Hampshire is the “Live Free or Die” state, as such, we should continue to respect the reproductive freedom of our citizens. A poll conducted by Pew Research in 2014 found that 66% of Granite Staters identify as pro-choice.

The decision to have an abortion should be kept between a patient and their doctor. The circumstances surrounding this deeply personal decision should also be kept between the patient and their doctor. It is not the government’s role to dictate what reasons are acceptable to have an abortion.

Finally, the legislature should not repeal the buffer zone around clinics. Patients should have a right to have access to reproductive health care without being harassed. Patients have a constitutional right to privacy and harassing patients is not protected speech under the first amendment.

I strongly urge you to reject these bills. This should not be a partisan issue. Here in New Hampshire, most Democrats and most Republicans agree that supporting limited government means respecting individual medical choices as well as patient privacy. These bills undermine these rights, and they must not become law. I urge you to oppose HB 596, HB 434, HB 233, HB 625, HB 622 and HB 430.

Thank you for your consideration.

Best,

Doug Marino
Advocacy and Engagement Director

My opposition to upcoming bills that oppose abortion
Here's the email I wrote to the committee:
Dear members of the House Judiciary Committee,

I am writing to encourage you to oppose 6 anti-abortion bills that you will be seeing in your committee soon. They are: House Bills 233, 430, 434, 596, 622, and 625.

These bills are extremist bills. They do not reflect the will of most people and many Christians in New Hampshire. Some of them, like HB 233, criminalize something that is already criminal and never happens. Infants born alive already have safeguards to assure they receive medically appropriate and

HB430 Testimony

reasonable care and treatment. Some would deny insurance from covering abortion-related health care, making it available to wealthy people but not to poor. One of them repeals our very wise buffer zone around reproductive health centers. Whether you agree with abortions or not (and I do not), that kind of treatment is cruel to young women who believe they need to know more about abortion as an option. Another seems to reinstate the unconstitutional gag orders on clinics and universities barring them from even discussing abortions.

These painful and unwise and immoral restrictions should not exist at any time, but it is particularly egregious to consider them during a pandemic.

Once again, please oppose: HB 233, HB 430, HB 434, HB 596, HB 622, and HB 625.

Sincerely,
Rev. Stan G. Duncan
Newton, NH

HBs 233, 430, 434, 596, 622, and 625

Thank you for allowing citizens to email their concerns to the Judicial Committee, and thank you for your work on behalf of all of us.

I am writing to ask you to oppose the 6 current HBs regarding abortion. It is disheartening that these bills are being presented again this session, despite the strong support for safe and legal abortion in NH.

HB 233 is insulting to health care providers, and that includes myself, a retired RN, and my husband, a practicing physician. We have worked hard all of our lives to support health in our state and this type of bill is so hard to understand. It makes terrible assumptions that are simply not true.

HB 430 ... if the governor can get protection around his home from angry protestors, why can't our fellow residents have the same when they are attempting to go into a clinic for medical care?

HB 434 would impact reproductive care at our state colleges. I'd like to know how parents and students would feel if these unfair limits on care were instituted. Why would you target young women in this way and not provide the full range of medical care and information?

HB 596 is not understandable – state funds are not currently used to pay for abortion services. I would support any assistance for the overwhelmed state foster care system and for supporting adoptions, but not through this bill.

HB 622 is an intrusion of government into private and very personal decisions. Talk about a slippery slope, this is not something that the "Live Free and Die" state should be contemplating. Leave these

HB430 Testimony

decisions to women and families and their health care provider. And legal charges for patients and care providers? That seems like the actions of a third world authoritarian regime. This can't happen in NH.

HB 625 again is an intrusion of the state into decisions that should be determined only by families and health care providers. Allow patients and providers to determine the medical treatment that is appropriate for each individual situation. We would wish this for ourselves and for our own families.

Thank you for your time.

Ellen Neilley
neilley@comcast.net

Dear House Judiciary Committee members,

I live in Hopkinton, NH and I'm writing to ask you to oppose bills HB 233, HB 430, HB 434, HB 596, HB 622, and HB 625.

New Hampshire has a long tradition of protecting individual privacy concerning medical decisions. These bills would reverse that tradition in a very destructive, dangerous way.

The majority of NH citizens support the rights of women's reproductive health care. Please respect the citizens of New Hampshire and vote to oppose these dangerous bills.

Thank you,
Ruth & Tom Pratt
138 Putney Hill Road
Hopkinton, NH 03229

Dear House Judiciary Committee members,

As a Granite Stater and a woman, I'm asking you to oppose HB 233, HB 430, HB 434, HB 596, HB 622, and HB 625 and instead focus on addressing the health care crisis at hand.

Like the majority of people in our state, I deeply value New Hampshire's long tradition of privacy when it comes to personal medical decisions. All of these bills would interfere with patient-provider privacy and would create additional barriers to accessing reproductive health care, including abortion care. This is not what Granite Staters want their elected officials to focus on, especially during a pandemic.

As a woman, I find it disheartening and distressing that efforts to limit my rights to make already-difficult decisions regarding my own body and health are once again surfacing in our state. I find it ironic that, in the "Live Free or Die" state, there is still a desire to control a woman's right to free choice. Please vote to oppose these dangerous bills and instead focus on protecting and expanding our health care.

Sincerely,
Megan Latour ?bloobirdie@gmail.com
28 Corner Stone Drive
Dover, NH 03820
603.781.5723

HB430 Testimony

I urge you to support the package of compassionate health care bills before the House Judiciary Committee. Please vote to support HB 233, HB 430, HB 434, HB 596, HB 622, and HB 625.

As a Granite Stater, I deeply value our state's compassion and respect for babies.

Beth Scaer [?bscaer@gmail.com](mailto:bscaer@gmail.com)

Do the right thing. HB 233, HB 430, HB 434, HB 596, HB 622, and HB 625 are a new low.
Dear House Judiciary Committee members,

I'm so absolutely furious. I've been out of work for almost a year, everyone I know is struggling financially, no one in my family, including my 95 YEAR OLD GRANDMOTHER or my 70 + year old parents have been able to get a vaccine, hospitals are overwhelmed or going under, healthcare workers are dying, or under incredible psychological and physical stress, over a thousand (that we know of!) New Hampshire residents are dead of a year long pandemic, and what are my legislators spending their time on? HB 233, HB 430, HB 434, HB 596, HB 622, and HB 625. Each more terribly written and ridiculous than the last. This is humiliating. Are we a state of personal freedom, or a doctor hating theocracy? If a granite stater, like any American, doesn't want to have an abortion, they can choose not to have one. You, and whatever mouth breathing stuffed suits that wrote these bills in a pandemic, do not have the right to take medical decisions from me or to throw my doctor in jail for doing their best for their patient! Toss these moronic bills in the trash where they belong, and tell your coworkers to focus on addressing the healthcare crisis at hand, or resign. They need to make way for legislators that know how to prioritize their constituents well being in a worldwide crisis.

This is New Hampshire! We value privacy! Especially privacy when it comes to personal medical decisions. All of these bills would interfere with patient-provider privacy, demonize healthcare workers (what a time to be throwing more crap on their plate!), and two of them do absolutely nothing but drive a false narrative that federal funds are spent on abortions and doctors don't give care to infants born alive! This is so embarrassing. I feel so unbelievably terrible for the doctors who undoubtedly have to take a day off to sit in on a zoom call all day in order to have a chance to ask you not to attack them, please and thank you, while they're doing their best to keep you alive. Fantastic.

Listen. You've seen what happens when you give allowances and legitimacy to "religious" white nationalist nutjobs who think women are walking incubators. They try to overthrow the government! Stupidly. For all of our sakes, tell them to do better.

Vote to oppose these idiotic bills and focus on protecting and expanding our health care.

If you guys need suggestions for what to be spending your time on, please contact me! Seriously! I've got nothing but time and literally nowhere to go.

Sincerely,

Annemarie Johnson anniemjohnson@gmail.com

This week, you will be considering legislation that, for many of the citizens of New Hampshire, represents the most important concern we face today: LIFE! The life of an unborn human being. No other issue concerns us more than this supreme moral cause. My wife, Margaret, and I urge you not to waiver in nothing other than steadfast support for:

HB 622 FN HB 625 FN HB 430 FN HB 434 FN HB 596 FN, and HB 233 FN.

Importantly, please recognize that there are viable alternatives to taking the life of an unborn child and we urge you to support the Foster Care and Adoption Initiative Fund.

Thank you,
Frank and Margaret Lunn ?franklunn@gmail.com
Chatham NH

Dear House Judiciary Committee members,

As a Granite Stater, I'm asking you to oppose HB 233, HB 430, HB 434, HB 596, HB 622, and HB 625 and instead focus on addressing the health care crisis at hand.

As a health care provider in New Hampshire as well as Haiti, Kosova and Kenya, I have witnessed tragic outcomes for women when access to safe pregnancy termination was not available.

Like the majority of people in our state, I deeply value New Hampshire's long tradition of privacy when it comes to personal medical decisions. All of these bills would interfere with patient-provider privacy and would create additional barriers to accessing reproductive health care, including abortion care. This is not what Granite Staters want their elected officials to focus on, especially during a pandemic.

Please vote to oppose these dangerous bills and instead focus on protecting and expanding our health care.

Sincerely,

William Young MD
22 Rope Ferry Road
Hanover, NH 03755

Dear House Judiciary Committee members,

I don't need to tell you there is a health crisis at hand in the Granite State. So why, I wonder, are we wasting valuable time discussing healthcare bills that are both dangerous to the people you represent and not a priority?

To be clear, as a member of this fine state, I am asking you to oppose HB 233, HB 430, HB 434, HB 596, HB 622, and HB 625.

Privacy is critical when it comes to making medical decisions. I think we're all on the same page in this regard. New Hampshire has a long and proud tradition of privacy when it comes to personal healthcare. Like the majority of people in our state, I deeply value New Hampshire's long tradition of privacy when it comes to personal medical decisions.

HB430 Testimony

That's a big part of the problem. All of these bills listed above directly interfere with patient-provider privacy and would create additional barriers to accessing reproductive health care.

This is not what I want my elected officials to focus on, especially during a global pandemic.

Please -- *please* -- vote to oppose these dangerous bills and instead refocus all of this energy you're expending on protecting and expanding our health care.

Yours sincerely,

Katelyn Moore
340 South Road
Rye Beach, NH 03871

Good evening,

Please find the attached written testimony opposing HB233. It encompasses letters from the listed organizations below who are all in opposition to this bill.

NH Medical Society

michael.padmore@nhms.org

Please vote yes on HB 430, restoring our inviolable free speech rights, guaranteed by the New Hampshire Bill of Rights. The restrictions currently in place serve no public purpose, have never been actively enforced, and would most likely be found unconstitutional were enforcement attempted.

Many Thanks,
Devin Farrelly devin.farrelly@icloud.com
Rye

To everyone involved in HB 430,

HB430 Testimony

My name is Janelle Schilling and I am in favor of this bill. To vote against it would be to go behind what our Founding Fathers stood for: Freedom of Speech. Thank you for your time and service to our state. Have a blessed day!

Janelle Schilling janelle.schilling@outlook.com

To the members of the Judiciary Committee,

Although I am disturbed by the contents of the 6 extreme bills being heard on the 9th and 10th that threaten access to reproductive health care, I am more incredulous about the timing of this attack on healthcare and healthcare providers. Every one of these bills makes it harder for patients to get care - in a time when we need health care to be more accessible everyone. As a member of this committee, we are depending on your vote to protect us. Protect the doctors and healthcare professionals, already under incredible stress and pressure in a global pandemic, from the threat of legal problems and criminal charges for doing their best for their patients. Most of all, protect the privacy of New Hampshire residents and the trust they have in their doctors.

The nation is in a crisis unprecedented in the last hundred years, and this is not the time to push false narratives, demonize doctors, and set back privacy rights for every New Hampshire citizen. We are deeply concerned at what seems to be the priorities of the New Hampshire legislators in these troubled times.

I urge you to oppose bills HB 622, HB 625, HB 430, HB 434, HB 596, and HB 233. Thank you for your time.

Sincerely M Hatzenbuhler [?matthatzenbuhler@gmail.com](mailto:matthatzenbuhler@gmail.com)

Dear Members of the Judiciary committee,

I urge you to please vote "Ought to Pass" on HC 430.

Please consider that this would repeal a law that was specifically designed to restrict the first amendment rights of a particular group that holds an unpopular view on abortion. The U.S. Supreme Court ruled 9-0 in *McCullen V Coakley*, which concerned a Massachusetts buffer zone law, that buffer zone restrictions were unconstitutional.

In this case, the Massachusetts law that was struck down is the very one that New Hampshire's current law is based upon. Massachusetts had to pay over \$1 million to try to defend its unconstitutional position and they lost because this is so far from what is constitutional, it actually lays the groundwork for harassing peaceful citizens who are merely praying in a public right of way- usually alone or in groups of two or three.

There have been no complaints to the police of unsafe or harassing behavior. **The law was simply enacted to restrict the free speech** of those who support women by praying and sometimes offering help in the way of free services (pregnancy tests, ultrasounds, items for post pregnancy babies and children, etc).

Please support HB 430 and get this unconstitutional law off New Hampshire's books.

HB430 Testimony

Thank you,
Sheila DePuydt ?sheila.dep@gmail.com
Salem, NH

Dear House Judiciary Committee members,

I don't need to tell you there is a health crisis at hand in the Granite State. So why, I wonder, are we wasting valuable time discussing healthcare bills that are both dangerous to the people you represent and not a priority?

Dear House Judiciary Committee members,

I am a life long resident of New Hampshire I'm writing to ask you to oppose HB 233, HB 430, HB 434, HB 596, HB 622, and HB 625 and instead focus on addressing the health care crisis at hand.

Like a lot of folks in our state, I value New Hampshire's long tradition of privacy when it comes to personal medical decisions. All of these bills would interfere with patient-provider privacy and would create additional barriers to accessing reproductive health care, including abortion care. This is not what we want our elected officials to focus on, especially during a pandemic.

Please vote to oppose these dangerous bills and instead focus on protecting and expanding our health care.

Sincerely,

Rebecca Gray ?r.powell730167292@gmail.com
89 Mink Hill Lane
Warner NH 03278

Dear House Judiciary Committee:

HB 430 argues that the 2014 restrictions currently in NH law ([RSA 132:37-40](#)) have never been actively enforced, serve no public purpose, and most likely would be found unconstitutional if enforcement was attempted. That has not stopped Planned Parenthood from working against repeal by directly soliciting their customers to contact elected officials.

Defending our freedom of speech has never been more important. It is not only guaranteed by our U.S. Constitution but is even more strongly protected by the New Hampshire Bill of Rights (Part 1 Article 22) which states that free speech shall be "*inviolably preserved.*" Despite this, our citizens face growing threats at every level of government from those who seek to suppress opposing ideas rather than debate them. Abortion draws strong views from both sides, but spirited discussion is a key purpose of freedom of speech and necessary for the health of our republic.

Governor Sununu agrees with us and has [gone on record](#) with his support for the repeal of the "buffer" zone provision. There has never been a more critical time to remove any attempted infringement on our inviolable right to free speech. Please do your part to support HB 430.

Sincerely,
Anthony Duris

Dear House Judiciary Committee members,

HB430 Testimony

As a Granite Stater, I'm asking you to oppose HB 233, HB 430, HB 434, HB 596, HB 622, and HB 625 and instead focus on addressing the pandemic health care and economic crisis at hand.

Like the majority of people in our state, I deeply value New Hampshire's long tradition of privacy when it comes to personal medical decisions. All of these bills would interfere with patient-provider privacy and would create additional barriers to accessing reproductive health care, including abortion care. This is not what Granite Staters want their elected officials to focus on, especially during a pandemic.

Please keep government regulation out of personal, private health care decision-making. Remember, small government!

Please vote to oppose these dangerous bills and instead focus on protecting and expanding reproductive health care.

Sincerely,

Monica Cioffi ?ciolfim@comcast.net
29 Ridge Road
Concord, NH 03301

Dear House Judiciary Committee members,

As a Granite Stater and mother of two children, I'm asking you to oppose HB 233, HB 430, HB 434, HB 596, HB 622, and HB 625 and instead focus on addressing the health care crisis at hand. As a woman, I know what's right for my body and my family and I would like the autonomy to decide for myself what reproductive health care I need, including abortion. If you want young families to come to and stay in New Hampshire, you must give them access to the health care they need and the privacy they value when it comes to personal medical decisions.

All of these bills would interfere with patient-provider privacy and would create additional barriers to accessing reproductive health care, including abortion care. This is not what Granite Staters want their elected officials to focus on, especially during a pandemic.

Please vote to oppose these dangerous bills and instead focus on protecting and expanding our health care to ensure that working families can continue to thrive in NH.

Sincerely,

Anna Berry ?annahaigh@gmail.com
40 Bruce Road, Manchester 03104

***I support* [HB 430](#) Repealing the Prohibition on Entering or Remaining on a Public Way or Sidewalk Adjacent to a Reproductive Health Care Facility**

Repeal the current prohibition on gathering in a public area that is near a reproductive health care facility. The 2014 restrictions currently in NH law (RSA 132:37-40) have never been actively enforced, serve no public purpose, and most likely would be found unconstitutional if enforcement was attempted.

Julie M. Morin ?thetaxangel@myfairpoint.net

HB430 Testimony

Dear House Judiciary Committee members,

As a New Hampshire resident, public health professional, and parent, I am asking you to oppose HB 233, HB 430, HB 434, HB 596, HB 622, and HB 625 and instead focus on addressing the myriad of health care crisis at hand (e.g., COVID-19, health insurance coverage, inadequate Medicaid provider rates).

Like the majority of people in our state, I deeply value New Hampshire's long tradition of privacy when it comes to personal medical decisions. All of these bills would interfere with patient-provider privacy and would create additional barriers to accessing reproductive health care, including abortion care. This is not what the majority of New Hampshire voters want their elected officials to focus on, especially during a pandemic.

Please vote to oppose these dangerous bills and instead focus on protecting and expanding our health care, improving Medicaid provider rates, and ensuring access to COVID-19 vaccines.

Sincerely,

Patrick B. Miller, MPH ?patrick@perogroup.com
371 Beech Hill Road
Campton, NH 03223-4304
603-344-8931

I ask you, please, to vote in favor of the following upcoming bills and to save our little voiceless, defenseless unborn babies:

[HB 625 \(outlawing abortion after 24 weeks\)](#)
[HB 430 \(repealing the abortion clinic buffer zone law\)](#)
[HB 434 \(prohibiting public funds from being used for abortions\)](#)
[HB 233 \(protecting infants born alive\)](#)

If us, adults, do not speak for them, they will continue to be victimized and eliminated. Please have compassion for these little victims and vote in favor of each of these bills.

Ginette Duchaine ?shayna111@yahoo.com
Chester, NH

Dear Committee;

I am expressing my support of HB 430 in hopes that it will be passed into law. Thank you for your time.

Sincerely,

Kathe Molloy ?kathemolloy@gmail.com
148 Elm Street
Claremont, NH 03743

Honorable Members of the House Judiciary Committee,

I am in favor of this HB 430 legislation to repeal an existing NH law prohibiting free speech in a public area that remains unenforced since 2014. The law, RSA 132:37-40, sometimes known as "the Buffer Zone Law", was created to ban specific subject matter related to abortion alternatives offered on public sidewalks adjacent to abortion clinics in NH. RSA 132:37-40 serves no good public purpose. It was created to advance the interests of a particular reproductive health care business by prohibiting free

HB430 Testimony

speech information about alternative reproductive health care options and services. If enforcement of RSA 132:37-40 were to take place, litigation against the State of NH would be inevitable since the U.S. Supreme Court has ruled a similar Massachusetts law unconstitutional.

Women, and their partners, deserve adequate information regarding *all* of their reproductive health care options from a variety of sources providing reproductive and maternal health care services. Your prompt attention to repealing RSA 132:37-40 by forwarding HB 430 as "ought to pass" legislation makes sense for NH.

Sincerely,
Veronica Molloy ?shamrockwalker@yahoo.com
Hillsborough County
Manchester Ward 12

Dear Representative,
Thank you for serving us.
I am in support of HB 430.
I am Thomas Warguska DMD
5 BlueBerry Hill Rd.
Amherst NH 03031

I urge you to vote OTP.

Thank you,
Thomas Warguska DMD ?tom.warguska793@gmail.com

My name is Silvia Spence and I am a resident of Hillsborough, NH. I am 72 years old. It seems that an individual's liberty in NH does not apply to its female residents as demonstrated by current legislation HB 430, 434, 596, 622., and 625 These bills are seeking to allow the NH State government to steal my personal liberty and that of my daughters and all my women friends and relatives who live in this state.

It is not the role of any government to determine what I and other women should do regarding any issue related to my body. Just as the government does not have laws that tell me I can only have one child as is the case in China, it must not dictate how I will deal with my body in terms of reproduction. This is a decision between myself, my doctor, and my God. NOT the State of NH.

These bills do not represent the needs and desires and well-being of women. Rather they serve to take away our most precious personal liberty: to live free to make my own decisions about my body. Let's not be the state of Live Free or Die unless you're a woman. In that case, the State strips you of your personal liberty and decides for you.

Please consider my plea as you vote. I implore you to respect our rights and vote not to take away the most important right New Hampshire women have. This right is too important to allow the government, the NH Legislation, to steal this right from me.

I appreciate your time to read my letter and would welcome a reply.

Silvia Spence ?spencesi@hotmail.com

HB430 Testimony

Hillsborough, NH

Morning,

On Sunday evening I sent an email to the House Judiciary Committee concerning some upcoming legislation which I strongly oppose: HB 233, HB 430, HB 434, HB 596, HB 622, and HB 625. I was encouraged to send this email by an organization whose mission is to protect women's right to choose and to reproductive health. I appreciate their efforts to alert the public to these very problematic bills that you are attempting to pass allegedly as my representatives and therefore, in theory, on my behalf. Their efforts are the only reason why I am aware of this very damaging legislation that has the potential of having very real consequences on my life and the lives of all women in New Hampshire.

Therefore, I applaud their efforts which include creating stock emails for the public to send you with our concerns. The email I sent was one such email.

As a result of my email, I received a quick response from Representative Norm Silber with some criticism including that my email was a stock email. Though the email stated that Representative Silber did not intend to be insulting by sending me his critique of my email, it was insulting.

However, my concern about these bills is so great and I'm so vehemently opposed to them that I did decide to take the time out of my busy schedule to write to you personally.

I am an active voter in New Hampshire. I have lived in the Seacoast for 6 years. I am a member of this community and I strongly oppose these bills that are thinly veiled attempts to control a woman's body, my body. I can't help but note that Representative Silber is a man. As such, he will never have to face the choice that many women must make. It is not an easy one. To pretend that it is otherwise is a slap in the face and an insult to all women.

I cannot believe that we are still having this discussion in 2021. It is a clear representation of how you, my representatives, still consider women second class citizens. Individuals whose bodies you can control. A woman's reproductive decision is one that should be made with her doctor. We don't need you, our government, to interfere in that conversation.

I hope my email was personal enough to be taken seriously. I am very serious about these bills.

--

Very truly yours,

Dear Ladies and Gentlemen,

Please support HB 430 so we can peacefully reach out to pregnant women to help them save their children from death.

Respectfully,

Mary Konieczny? mjororke2014@comcast.net

HB430 Testimony

I have been a women's health care provider for 40 plus years taking care of women for all of their reproductive needs as a midwife and a high risk Obstetrics nurse. Please stop perennially and constantly trying to demean and take away a woman's right to choose the health care that she and her health care provider deem is the best for her!

I have been fighting for the sanctity of women's healthcare for over 40 years. You have no right to make that choice for her just as you have no right to dictate the choice for ANY other health care procedure!

Also I am opposed to people on sidewalks harassing, stalking and otherwise impeding a woman's right to seek healthcare. Yes, put your energy and money into much needed programs for adoption and foster care which have been severely stripped in the last many years. Put forth a new bill that that helps women with alternate choices. Get your priorities straight and leave women alone to make choices about their own healthcare. If you had walked a short time in my shoes, you would not be even considering these bills as valid.

Susan Bartlett RN ?<suebartlett@tds.net>

Dear Legislators,

Please support HB 430 to repeal the prohibition of free speech outside a reproductive health care facility.

This NH law has never been enforced and should be removed. A similar law was found unconstitutional in Massachusetts.

As lifelong residents of NH, we want to Live (and speak) freely.

Thank you for your attention to this matter.

Drs. Beth & Keith Jorgensen ?drkjorgensen@gmail.com

Bedford, NH

Please support HB 430 to Repeal the Buffer Zone around abortion clinics. This is unconstitutional.

Sincerely,

Marybeth Wadlinger ?mbwadlinger@gmail.com

Thank you Mr. Chairman and honorable committee members,

I am Eileen Ehlers from Hooksett. I speak today representing myself: I am a former State Representative, a concerned NH resident, and a volunteer escort at Equality Health Center in Concord. I stand in opposition to HB 430.

Equality Health Center offers reproductive health services, and the building is located on Main St a few blocks south of The State House. The stairway entrance to the building is at the public sidewalk. Patients park at metered spaces on the street; there is no patient parking lot.

As we know the RSA which established a 25-foot buffer around abortion provider clinics has never been enacted. It is a worthwhile safety net for our entire community and should not be repealed. There may be a time health care providers choose to use it. For now, at the center where I volunteer, I and a few other people are the only buffer between patients and those who want to deny them the medical care they seek.

HB430 Testimony

I have been an escort for many years, which includes periods in which my services are not needed. My responsibility is to wait outside for the arrival of patients, to walk with them to the door, and to facilitate the security protocol to enter the building. There have been periods of time when escorts were not needed; demonstrators stood on the corner praying. They were out of the way of pedestrians, and they did not approach nor interrupt the patients. After many months of this respectful and easy co-existence, the situation changed. More than two years ago, I was informed that a different group of protesters was congregating at the base of the center stairway creating a situation which intimidated the patients. They were shouting at them and shoving items into their hands. This protest group has been coming every Friday morning for the past 2 years, and so have I.

The escort team morphs; sometimes only my husband and I are there, sometimes we have a team of 5 or 6, sometimes the clinic director stands outside with us. The protest group also changes in number, but always coalesces around one organizer who is the leader and spokesman for the group. They number from 2 up to 10 people. Sometimes they have children with them.

Remember, for the past year we have been in a public health emergency situation. We have a city and state mask and social distancing mandate. The protesters usually do not wear masks...it is inconsistent among their group. They do not distance themselves from one another, nor from us, the clients, nor from community pedestrians. It is common for people coming down the sidewalk to walk behind parked cars onto the street to avoid the protesters. The police have instructed them to mask up and keep distance. They do not always comply. When they stand on the sidewalk they are less than 6 feet from the stairway. Anyone walking by is just a couple of feet from them.

The protesters used to set up 2 tables, a large stand umbrella, and even a dog bed and feeding bowls for the leader's dog. They do double duty out there: targeting the women patients with their loud and aggressive protest against them for seeking abortion, and evangelizing pedestrians by handing out religious pamphlets. Then they began setting up sandwich board signs on the sidewalk with graphic images and shaming messages. Finally the city code enforcement office and police came and ordered the encampment and signs to be removed, as violations of ADA - they were crowding the sidewalk. All the paraphernalia forced us to within inches of the unmasked and yelling protesters as we walked patients in.

The lead protester yells at the women, shouting cruel words, and inaccuracies about the work of the center, shaming them about their legal choice. There is no one-on-one conversation; the women are going to a scheduled doctor's appointment and have no desire to discuss their private and legal personal health situation with a strange man. The yelling is meant to harass, shame, intimidate. He imposes his religious judgments. He wears a body cam, taking audio/video of everyone who walks by him. Where else does this happen when people go see their doctor? Does it happen to you?

Escorts are there as a safety barrier - for everyone's safety. There have been occasions when we escorts have had to step in to de-escalate potential violence when a male partner of a patient and the protesters clash. The city police have responded to the scene many times; sometimes with multiple cruisers and several officers. In January Concord had a significant snowfall, and the snow banks created an even narrower sidewalk passage than usual. On that day I had already escorted an interpreter inside the building, and a few minutes later the non-English speaking patient arrived. I walked her past the group of male protesters, who began yelling at her, and encroaching into our limited physical space. She looked at me with sheer terror in her eyes...I put my arm around her shoulders and hurried her

HB430 Testimony

along...she was shaking with fear. That was a blatant violation of the the national FACE Act in place since 1994 (Freedom of Access to Clinic Entrances Act) - which forbids any actions or speech to make a representative of the clinic or a patient fear for their safety.

I hold high value for our First Amendment : I have march, protested, and demonstrated for more than 50 yrs. The protesters have a right to speak; they are NOT guaranteed a right to be heard. If a woman chooses to walk past them, the continued yelling and harassing is just wrong. I respect the different points of view about abortion. I respect everyone's right to their religious beliefs or lack thereof. None of that is my concern. Women's civil rights are my concern. The safety of the community is my concern, and it should not be politicized. This bill is not about abortion, it is about protecting everyone's rights and keeping everyone safe.

Protest. And access the health care you choose. Both are our rights, and both can occur safely and simultaneously in our community. I will be a human buffer to ensure women are not attacked, shamed, bullied. I am taking a personal risk. I network with escorts around the country, and I hear about bomb threats, broken windows, assaults. The Equality Health Center has had 2 arson attacks in years past. There are traveling groups of anti-choice protesters who go to many states and commit violent acts. In this time of heightened tensions around the country, I know that on any day the Equality Health Center could be a target of violence as many similar facilities are being targeted now. If and when those threats are brought to light, a buffer zone could provide level of safety that I and the other escorts cannot. The role of government is to provide for the general welfare and liberty. Protesting from 25' away is not unreasonable. It is not the loss of free speech.

I hope you all took the time to view the pictures I emailed to you so you could see the proximity of protesters to the stairway into the health center; the protesters encroaching into unsafe closeness of the standing escorts, the crowding of the sidewalk, the lack of masks, the graphic signs. Patients are running a gauntlet of intimidation. I hope you listened to the audio of the yelling man, who tried to bully the male partner of a patient. I hope you read the links I sent you - the documented accounts of escalating violence at abortion provider clinics. I hope you will vote Inexpedient to Legislate on HB430.

Thank you.

Hon. Eileen Ehlers ?eileensdesk@aol.com
14 Ardon Drive
Hooksett, NH 03106

To Whom it may concern,

HB 430 argues that the 2014 restrictions currently in NH law (RSA 132:37-40) have never been actively enforced, serve no public purpose, and most likely would be found unconstitutional if enforcement was attempted. That has not stopped Planned Parenthood from working against repeal by directly soliciting their patients to contact elected officials.

Defending our freedom of speech has never been more important. It is not only guaranteed by our U.S. Constitution but is even more strongly protected by the New Hampshire Bill of Rights (Part 1 Article 22) which states that free speech shall be "*inviolably preserved.*" Despite this, our citizens face growing threats at every level of government from those who seek to suppress opposing ideas rather than debate them. Abortion draws strong views from both sides, but spirited discussion is a key purpose of freedom of speech and necessary for the health of our republic.

HB430 Testimony

Please support HB 430!

Thank you,
Ruth Thompson ?rsthompson7@comcast.net

HB-622 - HB-625 - HB 430 -

Any attempt by the state to take the place of a person's medical team should be denied every single time it comes up. The people who have the responsibility and the right should always be the woman, her doctor, and her family.

HB 430 -

I would you like to invite the committee to view the antics of the anti-abortion zealots that harass and harangue the men and women who visit the Equality Health Center just down Main Street. It will turn your stomach what people seeking health care for a very personal medical care have to hear while entering. It is thoroughly disgusting.

Regards,
Representative Jan Schmidt
Proud Chair of the Nashua Delegation

At [Home: Tesha4@gmail.com](mailto:Tesha4@gmail.com)
11 Pope Circle, Nashua NH 03063
Hillsborough District 28, Ward 1 Nashua

In Concord: Jan.Schmidt@leg.state.nh.us
NH House of Representatives
Labor, Industrial, and Rehabilitative Services Committee
Room 307 Legislative Office BuildingTo the Honorable Members of the House Judiciary Committee,

Thank you for your work on behalf of the citizens of NH.

I support HB 430; however, I will state that we should not even need such a bill. Constitutionally, the citizens of this Country, much less this State, have the right to assemble, as well as the right to free speech.

This bill ought to pass, if only to reiterate those constitutional rights.

Sincerely,

HB430 Testimony

Patrice Myers HCS@leg.state.nh.us

Good Morning from New Boston NH!

I'm writing today in support of reproductive rights and continuing safe access to Reproductive healthcare for your NH constituents.

My personal experience as the Lead Greeter/Volunteer Supervisor at the Planned Parenthood Manchester location for 8 years is as follows:

I've seeing a concerning uptick in more aggressive protesting individuals at this location. I am in support The first amendment and of anyone who thinks that they might be able to help patients who use Planned Parenthood's abortion services. However, I find that over the years additional negative actors and more aggressive protesters arriving on the sidewalks who are truly causing fear towards these patients and any one coming in with them as a support system, As well as staff as well as staff and volunteers. The screaming, chanting and threats are very aggressive and in direct contrast to the people who usually walk the sidewalks every week praying and trying to offer their support to these people. They can be a Nuisance towards staff, volunteers, patience and their supportive friends or family, but the level of fear reported is worrisome. There's a direct difference between these two groups. I personally have been verbally attacked. I've been threatened as well. Somehow these people have gotten my personal information and somehow discovered my name, where I live and even more personal information than that such as my social media accounts where I've been stalked. I have no idea how they could find this information but I am aware that they have taken pictures of us, our cars and license plate numbers and I've even overheard personal information being discussed about patients. I don't know how they could have such an intimate details such as how far along in their pregnancies they are. This uptick in extremism is very concerning to me and so this is why I am writing to you to please support reproductive health care for New Hampshire's citizens, we are your constituents and we have voted you into office to protect us.

I urge you to reach out to me personally using my email address which is provided at the end of this letter. If there's anyway I can help you access information that I may have that could help you make your decision on this house bills, I would be more than happy to provide anything I can that may help you in making these very important decisions for NH residents.

And in this way,

I urge you to oppose the package of anti-reproductive health care bills before the House Judiciary Committee and instead prioritize protecting our health. Please vote to oppose HB 233, HB 430, HB 434, HB 596, HB 622, and HB 625.

As a Granite Stater, I deeply value our state's respect for privacy when it comes to personal decision-making. These bills are clear attempts to interfere with the patient-provider relationship.

Please reject these extreme bills and protect New Hampshire's tradition of privacy when it comes to personal health care decisions.

HB430 Testimony

Thank You,

Lori Kyer
117 Saunders Hill Rd
New Boston, NH. 03070 Mermaidhorse@hotmail.com

Good afternoon, House Judiciary members and chair.

My name is Althea Ansah, a 21-year-old resident of the Town of Hooksett, and the president of Students for Life at the University of New Hampshire. On behalf of the club members and the exec board, please support HB 430, The Sidewalk Free Speech Act.

According to the First Amendment, everyone has the right to free speech. Listed in the state's Bill of Rights (Part 1 Article 22) is the right to free speech that should be "inviolably preserved." Even Chris Sununu shared that he supports the repeal.

The installing of a "buffer zone" near a reproductive care facility calls into question the constitutionality of the law, especially since Massachusetts found a buffer zone law invalid.

The 2014 buffer zone law has not been enforced actively because it would be found unconstitutional if enforced.

Sidewalk counselors holding up signs peacefully, talking about other pregnancy resources, and having a listening ear to women in their troubles should not be a threat. As an African American woman, I have the capacity to advocate for the lives of Black people. Specifically, I would be advocating for the lives of our future generation of black men and women, along with their mothers. How is what I am doing any different?

Planned Parenthood and other pro-abortion advocates would say that this bill would suppress women, disempower them, and scare them from making choices for themselves.

That is further from the truth. Suggesting that black women need this procedure to succeed when black women abort their kids at a much higher rate than white people, and how their founder was a known racist and eugenics supporter shows their true colors.

Thank you for reading my testimony; please support HB 430.

Sincerely,

Althea Ansah [?aoa1003@wildcats.unh.edu](mailto:aoa1003@wildcats.unh.edu)

(She/Her/Hers)

HB430 Testimony

*Rates of abortion in Black people: https://abort73.com/abortion/abortion_and_race/

February 8, 2021

To the House Judiciary Committee:

I am writing to oppose HB 622, HB 625, HB 430, HB 434, HB 596, HB 233

These are all bills about restricting abortions, repealing the buffer zone and prohibiting funding for abortions. I have been an obstetrician gynecologist for 28 years. I am currently on faculty at The Geisel School of Medicine at Dartmouth and on staff at Dartmouth-Hitchcock Medical Center.

Abortion is part of evidence based reproductive healthcare. It is safe and legal. It is a decision that should be made by the patient and their doctor. The decision should not be made by the government. Government interference in these decisions only serves to shame and harm pregnant patients. It makes them have to travel out of state, spend more money, and risk harm to themselves. Pregnant patients are autonomous humans who deserve the right to self-determine their healthcare decisions and when to have children. Medical problems that require abortions are many. Patients should not die or become permanently disabled from a pregnancy. No matter what one's individual values are around the sanctity of human life, there is a complexity to medical decision-making that should not be placed in the hands of those who have not trained in medicine. We need to protect pregnant patients not put up barriers to care.

Further three of these bills criminalize performing an abortion in these cases. Having laws that put doctors in jail for medical care will only serve to discourage doctors from practicing medicine in New Hampshire. We already have difficulty recruiting doctors to our rural state, let's not make it any more difficult.

I hope you can trust patients and trust doctors to make the decisions that are right for their situation and to keep the government out of the exam room

Thank you

Ellen M Joyce, MD, FACOG

Assistant Professor Geisel School of Medicine

Dear House Committee members,

I support the HB430 bill. This bill -*The Sidewalk Free Speech Act*, will repeal the current prohibition on gathering in a public area that is near a reproductive health care facility. Not only does it address what is essentially a throttle on free speech in the state, the constitutionality of our current "buffer zone" is in question (a similar law was invalidated in Massachusetts under the First Amendment) Please respond.

Sincerely,

Elaine Ferguson ?elaineatwill@gmail.com

This letter is to inform you that we support the repeal of the buffer zone law in NH, HB430.

This law goes against the 1st Amendment and would be found unconstitutional if challenged in court, (as it was ruled in MA). It has never been actively enforced and serves no public purpose. Please vote to Repeal this law. Thank you!

Sincerely,

Donald & Lucille Fortin ?lucillefortin121@gmail.com

Please vote YES on HB 430 Anthony Amato ?tunewriter44@gmail.com

Support for HB625, 430, and 434 Diane Barton ?dlbarton1@icloud.com

Support for HB625, 430, and 434 Renee Turner ?evangelistarenee@icloud.com

My name is Alicia flammia of walpole NH and I oppose HB 622 and HB 625 (abortion later in pregnancy), and HB 430 (repealing patient safety zones).

HB430 Testimony

Thank you for your device,
Alicia ?leeshaaa@gmail.com

To the members of the Judiciary Committee of the New Hampshire House of Representatives:
Thank you for reading this message from a lifelong New Hampshire resident, well 58 of 61 years to be exact.

I urge you on the strongest possible terms to oppose the following bills, whose respective descriptions follow each bill number.

- HB 430 repeals the buffer zone law that protections the privacy and safety of patients.
- HB 233 is an inflammatory bill that prohibits procedures that don't actually happen.
- HB 434 and HB 596 allow insurance companies to deny abortion coverage and they institute a gag rule on New Hampshire public colleges, universities, and health care providers that offer emergency contraception.
- HB 622 and HB 625 ban abortion later in pregnancy, making abortion a class B felony for patients and providers.

Nobody, especially a politician, should stand between a woman and her right to reproductive freedom without that woman's consent. There is no consent from all women in New Hampshire for the measures that some legislators have taken it upon themselves to introduces in the form of bills that seek to impose their biases and anti-choice ideology on women and on those professionally qualified and dedicated to providing for women's health care.

None of these bills, if enacted would improve the condition of women, families or the health care professionals of our state. In fact, the net result of these bills, severally and taken together, would be to make life more dangerous for women of reproductive age and for the health care professionals who attend to them. I urge you to deem them inexpedient and undesirable.

If you happen to be a sponsor of any of the above bills, I would welcome a rational justification –not to be confused with political rationalization—for any or all of these measures, save for the advancement of the extreme anti-abortion lobby in the state.

Respectfully,
Mark Trafton ?mtrafton@exeter.edu
Exeter, NH

Dear House Judiciary Committee members,

As a Granite Stater, I'm asking you to oppose HB 233, HB 430, HB 434, HB 596, HB 622, and HB 625 and instead focus on addressing the health care crisis at hand.

Why are you wasting our taxpayer time on bills like these that interfere with each woman's privacy when it comes to personal medical decisions? All of these bills would interfere with patient-provider privacy and would create additional barriers to accessing reproductive health care, including abortion care.

Now that contraception is so much more available to women and there are so fewer abortions, what are you DOING?? If an abortion turns out to be a female's choice at this time in our history, you can be sure it is for an emergency of sorts. You do not know or need to know the circumstances of her life.

I would remind you that we still, as of this writing, live in a secular democracy. That means that your religious beliefs may not be ours and you as elected officials should not think that you can foist your

HB430 Testimony

particular beliefs on the rest of us. So yet again, presentation of these kinds of wrongful and interfering bills is un-American and unconstitutional.

This is not what Granite Staters want their elected officials to focus on, especially during a pandemic.

Please vote to oppose these dangerous bills and instead focus on protecting and expanding our health care.

Sincerely,

Johanna Chase ?jochase@metrocast.net

I am interested in expressing my support of HB 625 FN, HB 430, and HB 434 regarding late term abortion, the sidewalk speech act, and the NH budget support of Planned Parenthood respectively. Thank you

Mr. Chair and Honorable Committee Members,

I love being a mother. My daughter is nearly 4 and my son is 17 months old.

After my son was born via emergency C-section, a doctor came in to talk to my husband and me. Just as we were getting to know our brand new baby, we were hit with some jarring news. During the surgery, they noticed that my uterus had torn and nearly ruptured, which could have caused the deaths of myself

HB430 Testimony

and my son. They told me I should not have any more children, as it could be life-threatening. My husband and I obviously use birth control, but nothing is 100%. If I ever were to become pregnant, I would need an abortion. My children deserve to have their mother. Please don't take away reproductive choice from those who need it, like me.

I urge you to oppose the package of anti-reproductive health care bills before the House Judiciary Committee and instead prioritize protecting our health. Please vote to oppose HB 233, HB 430, HB 434, HB 596, HB 622, and HB 625.

As a Granite Stater, I deeply value our state's respect for privacy when it comes to personal decision-making. These bills are clear attempts to interfere with the patient-provider relationship.

Please reject these extreme bills and protect New Hampshire's tradition of privacy when it comes to personal health care decisions.

Concord, NH

To Whom it may Concern,

I am opposed to the NH legislature passing HB 233, HB 430, HB 434, HB 596, HB 622, and HB 625. I live in Londonderry and believe that our legislature has plenty to do with all that needs to be done to help us little people survive this pandemic. It is shameful that you are instead spending time worrying about telling a woman what she can or can't do about her reproductive health.

Daniel Headley ?dtheadley@gmail.com

Dear Representatives:

I realize that as a committee you voted against these two bills but I hope that you might reconsider when it comes to a full vote. Most countries in the world have limited terms for abortions. Unlike our dear New Hampshire which has NO limits on this awful practice!! My granddaughter was born at 24 weeks and she has been a joy and blessing to us!!

As a taxpayer and pro life constituent, I plead with you to put some limits on this outrageous activity that is called Women's Health!! PLEASE vote YES on HB 625.

Also please agree with our rights to free speech and vote YES to HB 430!!

Sincerely

Linda Meagher ?linda.meagher@comcast.net

Candia

To the Committee Members,

I am a resident of Lyme, NH and I am writing as an individual concerned about reproductive rights for all. As a social worker, I have a long history of advocating for self-determination and privacy in the realm of reproductive health. I have seen decades of clients struggling with the implications of restrictive laws that limit their access to choices about their medical care-choices that should remain between them and their doctors.

HB430 Testimony

I urge you to oppose HB 430, HB 434, HB596 and HB 622. Instead of making health care more restrictive, please focus on ways you can expand health care to New Hampshire residents during these stressful and sometimes dangerous times. This includes providing increased resources for mental health care for those who are trying to cope.

Thank you for your consideration,

Sarah Shipton [?sarah.shipton@gmail.com](mailto:sarah.shipton@gmail.com)

We support HB 430, The Sidewalk Free Speech Act, which will repeal the current prohibition on gathering in a public area that is near a reproductive health care facility. HB 430 argues that the 2014 restrictions currently in NH law ([RSA 132:37-40](#)) have never been actively enforced, serve no public purpose, and most likely would be found unconstitutional if enforcement was attempted.

In favor of life beginning at the moment of conception,

Lynn and Tim Mark lynnmark@comcast.net

HB430 Testimony

Goffstown, NH

Good Morning,

I am writing to support the HB 430 Act - associated with the repeal of prohibiting entering or remaining on a public walk or adjacent to a health facility.

I support this Sidewalk Free Speech Act as the current NH Law (RSA 132:37-40) has never been actively enforced and therefore serves no useful purpose. Additionally, it is not in keeping with the basic rights of "freedom of speech" and would most likely be ruled as unconstitutional if it were enforced.

For this reason, I believe the NH laws should reflect our freedoms of speech, while ensuring the safety of all. (Of course, if someone were to become aggressive or dangerous to others that would need to be assessed separately, but there are laws on the books associated with orderly conduct, so that would then be applied to the situation). At the same time, there should be no law prohibiting someone from speaking their mind publicly.

Respectfully,

Katherine Ang
Bedford, NH
tel. (603) 557-2038
katherinesart4u@gmail.com

I am registering my dissatisfaction with the multiple efforts of the House to severely curtail women's right to control their own bodies. HB 430 will remove the buffer zone law that protects patients from intimidation, pressure, harassment, and perhaps even physical harm by allowing anti-choice people to get extremely close to them and removes the woman's right to privacy. HB 434 and HB 596 will allow insurance companies to discriminate against women who seek abortion services and also institutes a gag rule against colleges, universities, and health care providers to give information to women about emergency pregnancy measures or to provide same. The most egregious are HB 622 and HB 625 which totally bans late term abortions and make that procedure a Class B felony for both the patient and health care provider. There ARE medical situations that could result in DEATH for the woman if pregnancy were carried to term. So it would appear that the death of a woman in that situation is acceptable to the Republican legislators in NH. If I've misunderstood the purpose of any of these bills, I apologize. Barbara D. Reed moragmcp83@outlook.com

Dear Members of the House Judiciary Committee,

You have before you a number of bills that we ask you to support. They all have one thing in common - the mandate to value and protect human life as the highest of virtues in a truly advanced and humane society.

How can a society that claims to be "evolved," sane, educated and compassionate NOT care for the most vulnerable human beings in our midst?

We go on and on about caring for animals and for the environment. We often advocate for rights and benefits such as "diversity, equity and inclusion" - for everyone **except the unborn.**

HB430 Testimony

A society, a state, or a people will ultimately be judged by the way it takes care of the most innocent and fragile of its members.

We shudder to think of how New Hampshire will be judged in this light.

Abortion is the killing of innocent, pre-born human life.

Abortion is **not** health care. Abortion is **not** compassion. Abortion is **not** birth control. Abortion is **not** mental health care.

Abortion is not removing a blob of tissue.

WE URGE YOU: Please support

HB 622/ HB 625 - which give unborn human that can survive outside of the womb beings protections such as those in effect in 43 other states.

HB 233 - which would end the barbaric practice of letting babies that survive abortions languish and die or even become victims of infanticide.

HB 434/ HB 596 - it is morally repugnant to require citizens of NH to violate their deepest convictions by funding abortions with their tax money.

HB 430 - free speech must be free ON PUBLIC PROPERTY or there is effectively no real "free speech."

WE IMPLORER YOU. Please support these life-preserving bills.

The fall of the killing of innocent pre-born human life is horrendous - involving not only the loss of the lives of millions of vulnerable little human beings, but also incalculable fall out in the lives of women who are now living with the trauma of post-abortion syndrome.

Respectfully,

Mark A. Le Doux Chairman of the Board of Selectmen, Hollis, NH

Julie Le Doux jbizzbuzz@gmail.com

Dear House Judiciary Committee members,

As a New Hampshire voter, I'm asking you to oppose HB 233, HB 430, HB 434, HB 596, HB 622, and HB 625.

Like the majority of people in our state, I deeply value New Hampshire's long tradition of privacy when it comes to personal medical decisions. In reviewing these House bills, all of them infringe upon that privacy of personal medical decisions between a woman and her designated healthcare practitioners. The often-difficult choices that a patient and her health providers discuss and agree upon should not be legislated by the state. Enactment of these restrictions upon reproductive healthcare, including abortion care, would be a step backwards. HB 430 borders on permitting harassment and intimidation of women seeking healthcare as well as the practitioners and staff at healthcare facilities. Until and unless you have experienced the needs for reproductive health education and care, as thousands of NH women have, you have no understanding of what it's like to be in those situations.

HB430 Testimony

Please vote against these bills. Protect patient privacy, safeguard practitioner involvement, and allow women to have access to care for their own unique individual circumstances.

Sincerely,

Juliana Rowland, RN, BSN juliana55009@gmail.com

10 Fieldstone Drive

Hollis, NH 03049

Dear House Judiciary Committee members,

As a New Hampshire voter, I'm asking you to oppose HB 233, HB 430, HB 434, HB 596, HB 622, and HB 625.

Like the majority of people in our state, I deeply value New Hampshire's long tradition of privacy when it comes to personal medical decisions. In reviewing these House bills, all of them infringe upon that privacy of personal medical decisions between a woman and her designated healthcare practitioners. The often difficult choices that a patient and her health providers discuss and agree upon should not be legislated by the state. Enactment of these restrictions upon reproductive healthcare, including abortion care, would be a step backwards. HB 430 borders on permitting harassment and intimidation of women seeking healthcare as well as the practitioners and staff at healthcare facilities.

Until and unless you have experienced the needs for reproductive health education and care, as thousands of NH women have, you have no understanding of what it's like to be in those situations. Please vote against these bills. Protect patient privacy, safeguard practitioner involvement, and allow women to have access to care for their own unique individual circumstances.

Judy Gross judygross21@gmail.com

Dear House Judiciary Committee Chairman, The Honorable Edward Gordon,
and all Honorable Members of the Committee:

I strongly urge you to support HB 430 , The Sidewalk Free Speech Act. Free Speech in all demonstrations should be protected. However the violent demonstrations that occurred last summer over George Floyd's death were not free speech. The peaceful demonstrators cause was highjacked by combined revolutionary forces in 100's of cities in the our nation by BLM, Antifa, Communist Party of the United States, the Revolutionary Communist Party, the Sunshine Movement and Open Road Socialist to name the main contributors to the anarchy. Democrat leadership in these cities were bias in their rulings, favoring anarchist over the free world police.

I say all the above because no longer can we assume that government officials will do the right thing. Patrick Henry's powerful warning applies today both to our citizens and to our employees who sit in seats of power: "Let us not rest our liberties on assumption that our leaders will be virtuous." I am taking his advice. Voices from left and the right all are included to be endowed with "freedom of Speech and freedom of assembly." However, when "leadership in power is not virtuous", and chooses to make their rulings on the "herd instinct of party loyalty" , instead of basing their rulings on the eternal measurement of what is "right or wrong", the foundations of Western Civilization, the Ten Commandments: then liberty of all the people is threatened with a dark future.

HB430 Testimony

Demonstrators in front of Abortion Clinics should not be denied their right of free speech when peacefully demonstrating, as demonstrators from the left should not have this freedom denied. HB 430 will repeal the partisanship of the Democrats law that took this freedom away from those who defend precious life in the womb. I urge you to support this legislation. Remember, the key to all these precious liberties we have been blessed with in our nation, are based on the foundational "right to life." Without life we have no other rights.

Sincerely & Respectfully

Russ Payne ?russandmamie@icloud.com

?<russandmamie@icloud.com> Dear Judiciary Committee Members,

I am writing today to request your support for HB 625 & 434 & 430 all relating to abortion issues.

HB 625 would ban abortion at or after the 24th-week. If nothing else, I ask you to support this based on the principle of a women's right to choose. Shouldn't all women be allowed to choose for their lives, no matter what their age?

HB 434 aligns state law with what has been repeatedly affirmed in the NH State Budget, that abortion services in the state are not to be funded with our tax dollars. The only exception being when the life of the mother is at stake.

HB 430 repeals the current prohibition on gathering in a public area that is near a reproductive health care facility. Restrictions currently in NH law (RSA 132:37-40) have never been actively enforced, and serve no public purpose. They would also most likely be found unconstitutional if enforcement was attempted. This likely unconstitutional law should be repealed.

Your support for each one of these bills is greatly appreciated.

Regards,

Dale Earl ?<dalecearl@yahoo.com> ?dalecearl@yahoo.com

HB430 Testimony

On Sun, Feb 7, 2021 at 6:23 PM Sarah Shipton <sarah.shipton@gmail.com> wrote:

I urge you to oppose the package of anti-reproductive health care bills before the House Judiciary Committee and instead prioritize protecting our health. Please vote to oppose HB 233, HB 430, HB 434, HB 596, HB 622, and HB 625.

As a Granite Stater, I deeply value our state's respect for privacy when it comes to personal decision-making. These bills are clear attempts to interfere with the patient-provider relationship.

Please reject these extreme bills and protect New Hampshire's tradition of privacy when it comes to personal health care decisions.

The attack on reproductive rights continues in the NH legislature. Recently six bills were unveiled that attack access to sexual and reproductive health care during a global health pandemic.

- o HB 430 repeals the buffer zone law that protects the privacy and safety of patients.
- o HB 233 is an inflammatory bill that prohibits procedures that don't actually happen.
- o HB 434 and HB 596 allow insurance companies to deny abortion coverage and they institute a gag rule on New Hampshire public colleges, universities, and health care providers that offer emergency contraception.
- o HB 622 and HB 625 ban abortion later in pregnancy, making abortion a class B felony for patients and providers.

Legislators have no right to make decisions for me about my health care.

I urge you to oppose these dangerous bills and ensure Granite Staters have the freedom to make their own reproductive health care decisions.

Sincerely,

Sue Holstein srholstein@comcast.net
33 Ministerial Branch
Bedford, NH

Good Morning Representatives!

Please oppose HB 233, HB 430, HB 434, HB 596, HB 622, and HB 625!

I was a young mom when I learned that my deeply longed for second child bore severe fetal abnormalities and was non-viable. Deciding to abort her (so she would not suffer the physical pain before her inevitable death; as I was already suffering emotional pain) was the hardest decision of my life.

I moved to New Hampshire (Hinsdale, Cheshire County) for its liberty-minded culture. Please leave ALL medical choices a woman needs to make to a decision made between her, her doctor, and perhaps husband, if any.

I hope this has not reached you too late.

Christie Cole nhchristie@gmail.com

Please support HB 430 Repealing the Prohibition on Entering or Remaining on a Public Way or Sidewalk Adjacent to a Reproductive Health Care Facility.

Thank you,
Mrs. Heidi Graham
46 Pine Ridge Road
Sunapee

Hi-

My name is Beth Jorgensen, a 35 year resident of Bedford. I am testifying for HB 430 which Ought To Pass.

I have stood praying outside the Planned Parenthood clinic on Pennacook Street in Manchester regularly for the last 10 years.

There are usually 5-10 people walking up and down the sidewalk to avoid loitering, praying and offering pamphlets; a Manchester police officer is present to monitor the area sometimes.

The people present are polite and offer help to those passing by, there has never been any threatening, shaming or violence.

The buffer law would require us to move across the street if it were ever enforced. Massachusetts has declared a similar law which the US Supreme Court has declared unconstitutional. Please remove this law from the books. Please pass HB 430.

Thank you,
Beth Jorgensen ?bethjorgensen56@gmail.com

I support [HB 430](#) Repealing the Prohibition on Entering or Remaining on a Public Way or Sidewalk Adjacent to a Reproductive Health Care Facility

Repeal the current prohibition on gathering in a public area that is near a reproductive health care facility. Julie Morin ?thetaxangel@myfairpoint.net ***I support [HB 430](#) Repealing the Prohibition on Entering***

or Remaining on a Public Way or Sidewalk Adjacent to a Reproductive Health Care Facility

Repeal the current prohibition on gathering in a public area that is near a reproductive health care facility. The 2014 restrictions currently in NH law (RSA 132:37-40) have never been actively enforced, serve no public purpose, and most likely would be found unconstitutional if enforcement was attempted

I oppose House Bills 622, 625, 430, 434, 596, and 233 in regard to the safety issues they both potentially create and exacerbate. The state of NH can't even provide care for its living citizens and no woman should be obligated to carry a child that she nor the state can care for. Preventing the suffering of unwanted children (of which I am one, and suffer the consequences from lack of adequate care at both the family and state level every single day) should be the priority of the state; not forcing women to serve as incubators for children the state CANNOT protect. Protesters should be banned from harassing these women for making the best choices they can. The 50ft buffer zone not only needs to be enforced, but made a state mandate. The behavior I see from these protest groups as a clinic escort is absolutely despicable, and despite my best efforts these women have no recourse of privacy protection while being filmed without their consent; in addition to the intimidation and harassment they face. It is devastating

HB430 Testimony

to see the fear and frustration these women face; often left in tears for the simple choice to access federally recognized healthcare. Consider what it would be like to have protest groups shouting at you on your way to see your PCP or a specialist. Thank you for your time and putting the needs of your already living and suffering constituents first.

Best Regards,

Cyric Riley cyric.riley@gmail.com

My family and I would like to encourage the passage of HB 430, The Sidewalk Free Speech Act. We feel that it is important to defend our freedom of speech as guaranteed by our US Constitution and protected by the NH Bill of Rights (Part 1 Article 22). Please support HB 430. Regards, Joyce Brown, Roger Brown and Sonya Friar rpbrown@cfaith.com

Dear Members of the Judiciary Committee,

Thank you very much for your service to the State of NH. I really do appreciate it. I ask you to please support HB **430, The Sidewalk Free Speech Act**. As I understand it, this bill would repeal the current prohibition on gathering in a public area that is near an abortion facility. I do not believe that we should be restricting free speech especially in our "Live Free or Die State". I urge you to support our constitutional right by voting out this bill "Ought to pass".

Thank you!

Joe Lessard jlessard@mrigov.com

Salem, NH

Dear Committee members,

Please support this bill which will repeal the free speech violation which a buffer zone around an abortion facility creates. Surely, we Granite Staters are a strong enough people to allow free speech to flourish in our midst, even when that speech may not be supported by everyone who hears.

Sincerely,

David and Susan Zelig zelie@metrocast.net

Barrington, NH

Please oppose anti-reproductive health care bills

Rep Kurt Wuelper

February 9, 2020

HB 430 Repealing the prohibition on entering or remaining on a public way or sidewalk adjacent to a reproductive care facility.

Good Afternoon, Mr. Chairman and members of the Judiciary Committee.

My name is Susan Bruce. I live in Concord. I'm here to testify in opposition to HB 430, the bill to repeal the buffer zone law.

Here in Concord, we have a group of individuals who oppose a woman's right to bodily autonomy, and gather every Friday morning to protest in front of the Equality Health Center. There is very little room between the sidewalk and the stairs that lead up to the center, as you can see in the photos I sent you. These are not pious folk who stand and pray. These are not "sidewalk counselors," unless your idea of counseling involves being bellowed at in the most demeaning and offensive ways. These are people who want to shout at and shame women. They have no trouble being heard, they're fewer than 8 feet away from patients. They would reach out and grab women or follow them to their cars if they could. The only thing that stops them is the escorts. Tell me, men of this committee; do any of you require escorts to guard you through a shouting throng in order to see your doctor? I urge you all to go and witness this for yourselves some Friday morning.

The protestors are obnoxious. The residents and businesses in the area despise them. They are so loud that residents of the apartment building next door shout out their windows, telling the protesters to shut up. Pedestrians will walk out into the street and around parked cars in order to avoid them. The protesters wear body cameras and videotape the

patients, as the women run through the screaming gauntlet to enter the building, in a clear violation of their privacy.

All this to access a legal medical procedure.

The sponsors of the bill have loftily named this "The Sidewalk Free Speech Act." I assure you; no one is curtailing the free speech of these protestors. You may call this free speech, but it is not the kind of free speech that any of you would tolerate in your own lives. It is harassment, it is verbal abuse, it is a form of terrorism. If someone were doing this to you, you would call the police. You might even, perhaps, stand your ground.

I urge you not to repeal the buffer zone law. We all know that the buffer zone isn't used or enforced, but it is a symbol. The repeal of the bill tells the protestors that it's open season on women's clinics. It sends the message that they can be even more vile than they already are. It also paves the way for clinic violence. NH is already home to a number of domestic terrorist and hate groups. The white supremacist movement is closely tied to the anti-abortion movement.

This bill is not necessary, it is grandstanding by people who claim to be pro-life. Passing it will only serve to hurt the women that the sponsors claim to care about.

Thank you for listening.

Dear members of the House Judiciary Committee,

As a medical student at the Geisel School of Medicine at Dartmouth, I am writing to express my concern about abortion-related legislation that would prevent physicians from providing appropriate medical care to women in New Hampshire. As a learning and growing medical professional, I believe that all people should have access to abortion care and that abortion is a safe and accepted medical practice. The decision to have an abortion is one that should be made by the patient, and interfering with a patient's decision about their own medical care is immoral, negligent, and dangerous. Taking away patient autonomy goes against everything I have learned so far in medical school, and prevents physicians from being able to provide proper, patient-centered care.

Both bills HB 622 and HB 625 interfere with a physician's ability to provide abortions, and threaten the autonomy of women in New Hampshire. Passing these bills would dramatically impede the provision of healthcare in a way that is unsafe and unjust. I implore you not to pass these bills, and not to take away physician's ability to provide safe and important medical procedures, and not to take away the right that all people have to choose what to do with their bodies.

Thank you for the opportunity to express my views on this important matter. If you would like to contact me, my email is india.r.burdon.dasbach.med@dartmouth.edu.

Sincerely,

India Burdon Dasbach

Concord, NH 03301

RE: HB 430

Dear Chairman Gordon and Members of the Committee,

Coming before your committee today is HB430, repealing the prohibition on entering or remaining on a public way or sidewalk adjacent to a reproductive health care facility. I urge the House Finance Committee recommend this bill as “Inexpedient to Legislate” to the full House.

Manchester is home to one of New Hampshire’s five Planned Parenthood Health Centers. Planned Parenthood provides high quality, affordable health care to the residents of Manchester and the surrounding communities. The Health Center has a great relationship with the City and with our Police Department’s community policing division.

New Hampshire’s buffer zone law, which passed with bipartisan support in 2014, protects the patients at health centers while also protecting First Amendment rights. The Planned Parenthood here in Manchester underwent recent renovations, and while they are not currently utilizing this buffer zone law, it is a necessary tool moving forward to ensure that patient, providers, and volunteers have a small area of separation for their privacy and safety.

New Hampshire’s current bi-partisan buffer zone law protects the privacy and safety of those utilizing services provided by Planned Parenthood, while also protecting resident’s First Amendment Rights, and I urge you to vote against repeal.

Sincerely,

Joyce Craig
Mayor

Dear Members of the House Judiciary Committee,

My name is Dr. Christine Arsnow. I am a pediatrician and Vice President of the New Hampshire Pediatric Society, the state chapter of the American Academy of Pediatrics, which represents 242 pediatricians in New Hampshire. My testimony is on behalf of that organization.

I am testifying in opposition to House Bills 434 and 596 because I believe that affordable access to emergency contraception and abortion is a crucial aspect of women's healthcare.

In addition, I would like to state the NH American Academy of Pediatrics opposition to HB622, HB625, HB430, and HB233.

A national report conducted by the CDC National Center for Health Statistics showed that 55% of male and female teens have had sexual intercourse by age 18.¹ As a mother of two young daughters, I understand the temptation to hide from these statistics. While we educate and foster a culture of responsible sexual behavior, we must offer options for women. These bills seek to severely restrict access to abortion and emergency contraception, which would have a negative impact on teenagers.

Teen pregnancy and childbearing bring substantial social and economic costs on teen parents and their children. Pregnancy and birth are significant contributors to high school dropout rates among girls. Only about 50% of teen mothers are able to earn a high school diploma compared to approximately 90% of women who do not give birth during adolescence.² Children born to teenage mothers are more likely to have lower school achievement and to drop out of high school, have more health problems, be incarcerated at some time during adolescence, give birth as a teenager, and face unemployment as young adults.³

Teenage pregnancy disproportionately impacts Black, Hispanic and Native people, and women from low-income backgrounds.⁴ Teens in child welfare systems are at higher risk of teen pregnancy and birth than other groups. Young women living in foster care are more than twice as likely to become pregnant than those not in foster care.⁵ Because women from low-income backgrounds are at higher risk for teen pregnancy, it is crucial to provide affordable emergency contraception and abortion services.

Studies suggest that almost 1 in 4 of women will have had an abortion by the age of 45.⁶ The Hyde Amendment currently bans the use of federal funds for abortion coverage for individuals enrolled in Medicaid,⁷ which means that these procedures must be paid for out of pocket or via state funds for those without private insurance. Taking away state support as this bill suggests would mean that women with low income, including teenagers, would need to pay out of pocket for abortions. At an average cost of over \$500,⁸ this is out of reach for many women.

Emergency contraception is a medication that can prevent pregnancy when used in the days immediately following unprotected intercourse. According to the 2006–2010 National Survey of Family Growth (NSFG) 11% of all sexually active women and nearly 1 in 4 sexually active women

ages 20-24 reported ever using emergency contraception.⁹ About half of these women reported using emergency contraception because of fear of method failure (45%), and half because they had unprotected sex (49%). It is appalling to imagine any young woman would be in a position where she could not access emergency contraception.

Abortion and emergency contraception are two necessary aspects of women's reproductive health that must be available and affordable to all women. The decision to proceed with one of these therapies should be between a woman and her doctor and should not be limited by the government. I strongly oppose this bill.

Thank you for taking the time to read my testimony.

NEW HAMPSHIRE ACADEMY OF
FAMILY PHYSICIANS
DEDICATED TO QUALITY HEALTHCARE

February 7th 2021

The Honorable Edward Gordon
Chair, Judiciary Committee
New Hampshire House of Representatives
LOB Room 208, 107 North Main Street
Concord, NH 03301

Dear Chairman Gordon:

On behalf of the NH Academy of Family Physicians 25 member board, our primary care physicians and the state's two Family practice residency programs we are writing in strong opposition to the upcoming reproductive rights hearings on HB622, HB625, HB430, HB434, HB596, and HB233.

We endorse the AMA letter sent on January 29 on this issue.

Our group is composed of a diverse group of family doctors ranging in age from 27 - 75 years old. We care for our patients throughout their lifespan. We stand by our patient's side during birth, childhood crisis, tragic accidents, chronic disease, joyful ceremonies and death. We carry out our ethical duty to protect our patient's right to self-determination. We uphold our duty to ensure we are helping our patients remain safe from domestic violence, human trafficking and yes, a forced pregnancy. The decision to carry a pregnancy can be a complex private journey for many of us. Our patients and their families have the right to explore safe, non-stigmatized alternative options based on their individual medical, emotional and other personal circumstances.

We strongly urge the members of this committee to honor the training of family physicians, AMA and our surgical OBGYN colleagues on the private sanctity of this matter by standing up in complete opposition to the legislation HB622, HB625, HB430, HB434, HB596, and HB233.

Sincerely,

Joann Buonomano MD, CPE, FAAFP
NHAFP president 2020-2022

New Hampshire Psychiatric Society

7 N. State St., Concord, NH 03301

Patrick Ho, MD
President

Catrina Watson
Executive Director

To: The Honorable Edward Gordon

From: Patrick Ho, MD, MPH, President, New Hampshire Psychiatric Society

Date: February 8, 2021

On behalf of the New Hampshire Psychiatric Society and our members, I am writing to express our concern about and strong opposition to abortion-related legislation that would interfere with physicians' ability to provide timely reproductive medical care to women in New Hampshire. We stand firmly with our colleagues from the New Hampshire Medical Society and our state's other medical societies and believe that such legislation would be detrimental to the practice of medicine in our state.

The New Hampshire Psychiatric Society agrees with the stance of the American Medical Association that all women should have access to reproductive health services, and that this ought to include abortion. The early termination of pregnancy is a safe, established, and accepted medical practice. Physicians should play a key role in helping their patients choose whether, when, and how to perform an abortion without stigma. Furthermore, inability to access adequate reproductive medical care can be extremely detrimental to a woman's physical and mental health. As physicians who care deeply for the patients that we serve, we believe that efforts to deny access to established and accepted medical services as unacceptable. We strongly urge you and the members of your committee to protect the rights and health of our citizens and reject legislation that would limit timely access to abortion and other reproductive health services.

Thank you for your consideration. Please do not hesitate to reach out to me at Patrick.a.ho@hitchcock.org with further questions.

Sincerely,
Patrick Ho, MD, MPH
President, New Hampshire Psychiatric Society

Tuesday February 9th Reproductive Healthcare Hearings

HB622/HB625

Dear Reps. Walter Stapleton and Beth Folsom,

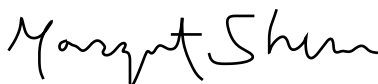

Reproductive healthcare is essential healthcare. I am entering the field of medicine in order to ensure reproductive justice for everyone: that is, the right to both have a child and to not have a child. No one should be able to make this decision on behalf of someone else: it is up to each individual alone, with the guidance of their healthcare providers. I believe that good physicians understand that the decision to have a child is extremely complex and multifaceted; it takes into account a person's life circumstances including finances, housing, social support, job security, past and current medical history, and so much more. All of these factors go into the decision and/or ability to have a child, and it is unethical and unfair of our society to force pregnant individuals to have a baby without first being able to address all of these other concerns. How can we tell a person to have a baby if we cannot, as a society, guarantee that they will have a job in 6 months, or childcare? How can we tell a person to have a baby if we cannot guarantee that they will have a complication-free, safe pregnancy?

Furthermore, abortion access is a health equity problem: removing access to abortion disproportionately affects low-income populations with minimal access to care and sexual education; it also disproportionately affects communities of color. We know that removing access to safe, legal abortions does not decrease the number of abortions, it just forces pregnant people to find alternative, unsafe methods of abortion. Thus, removing access to abortion will only harm low-income individuals and communities of color further as they will either be forced to risk their health through unsafe methods of abortion or be forced into having children that they cannot or will not be able to provide for.

Denying physicians of the right to provide reproductive healthcare to their patients through abortions is unethical. The criminal penalties and punishments laid out by HB 622 and HB 625 discourage physicians from practicing patient-centered health care: these regulations prevent physicians from listening to their patients and trusting that patients know what is best for themselves. Physicians may have medical knowledge, but this knowledge is futile unless they meet their patients where they are in their lives and understand their patients' health in the context of their socioeconomic status, mental and physical health, and social support. Additionally, we know that banning safe and legal abortions does not actually reduce the number of abortions but rather forces individuals to seek out unsafe and risky methods of abortion. Thus, banning physicians from providing abortion in a safe manner will only cause more medical problems to arise later on, create unnecessary healthcare costs, and increase rates of morbidity and mortality among pregnant people. By continuing to allow physicians to provide legal abortions, we can avoid these undue risks and keep patients safe and healthy.

Thank you for your time and careful consideration.

Margaret Sherin

HB430

Dear Rep. Niki Kelsey,

In my experience, I have never met nor heard from anyone who has said that the decision to have an abortion was easy. It is difficult, and it's not something people actively seek out. Usually, it is a decision of circumstances. People may choose to have an abortion because they do not have the financial security, stable housing, or social/family support to care for a child; they may also be forced to have an abortion out of necessity for their own health and wellbeing if the pregnancy is putting their life at risk. Furthermore, individuals may not be ready for a child, and it would not be fair or right to force the child into the world at this time. The decision to have an abortion is not an easy one; but it is one that is only up to the pregnant patient and their healthcare provider, based on what is best for them and their partner.

As a volunteer for Planned Parenthood NYC, I witnessed firsthand the harassment that patients faced on their way to the health care clinic from anti-abortion protestors. Protestors would spend hours on end standing outside of the clinic, screaming at clinic visitors and intruding on their personal space. The protestors made it difficult for patients to reach the door of the clinic, and they drew attention to the clinic with their loud screams. Most importantly, the protestors embarrassed the patients and shamed them for making a personal decision that they did not understand, nor did they try to; the protestors did not know the circumstances leading to the patient's decision to have an abortion and they lacked empathy and compassion for the many different reasons that an individual could choose an abortion. The choice to have a child or to not have a child is up to each and every individual alone, with guidance from their healthcare provider. Allowing protestors to stand on sidewalks next to reproductive healthcare facilities is unethical and causes undue shame and trauma on individuals who are already in the midst of making difficult and confusing life decisions. I believe wholeheartedly in the right to protect patients from harassment on their way to health care visits, including health care visits regarding their reproductive health and wellbeing.

Thank you for your time and careful consideration.

Margaret Sherin

House Judiciary Committee

February 9, 2021

My name is Beth Scaer and I live in Nashua. I help to coordinate the [40 Days for Life](#) sidewalk vigils outside Planned Parenthood in Manchester and the Equality Health Center in Concord and I have been participating in these vigils for many years. 40 Days for Life is a peaceful 40-day prayer vigil held twice a year. Our mission is to pray for an end to abortion and to witness to the community about the sanctity of life.

I have been grateful for the relationship between 40 Days for Life and the staff at the Equality Health Center (EHC). When I see Dahlia, the director of EHC, or Eli Kuti, the EHC outreach coordinator, we exchange friendly greetings and small talk. Multiple times, Eli and I have had our picture taken together. The abortion workers are people made in the image of God and we pray and work for their protection as well as the protection of the clients going into the abortion facilities and their babies. We are there to be a peaceful and loving outreach to all entering and leaving the abortion facilities and everyone passing by.

The buffer zone law, as written, is unconstitutional, and bans even peaceful prayer on the public sidewalk. Please vote OTP on HB430 and remove unconstitutional restrictions on our God-given freedom of speech on the public right-of-way.

STATE OF NEW HAMPSHIRE

In the Year of Our Lord Two Thousand Twenty One

AN ACT repealing the prohibition on entering or remaining on a public way or sidewalk adjacent to a reproductive health care facility.

Be it Enacted by the Senate and House of Representatives in General Court convened:

1 Short Title. This act shall be known as "The Sidewalk Free Speech Act."

2 Findings and Purpose. The general court finds that:

I. The exercise of a person's right to free speech is a first amendment activity, and one which the New Hampshire Bill of Rights is especially zealous in protecting. N.H. Const. Part 1 Art. 22 (Stating that "Free speech... ought... to be inviolably preserved."). The right to free speech protects viewpoints which are controversial, unpopular, and offensive or otherwise inconvenient.

II. RSA 132:37 through RSA 132:40 would infringe upon free speech.

III. The United States Supreme Court has observed that "'one-on-one communication' is 'the most effective, fundamental, and perhaps economical avenue of political discourse.'... 'handing out leaflets in the advocacy of a politically controversial viewpoint... is the essence of First Amendment expression'; '[n]o form of speech is entitled to greater constitutional protection.'... When the government makes it more difficult to engage in these modes of communication, it imposes an especially significant First Amendment burden." *McCullen v. Coakley*, 573 U.S. 464, 488-489 (2014) (citing *Meyer v. Grant*, 486 U.S. 414, 424, (1988); *McIntyre v. Ohio Elections Comm'n*, 514 U.S. 334, 347 (1995)).

IV. RSA 132:37 through RSA 132:40, if ever implemented through the demarcation of a buffer zone, would be subject to immediate constitutional challenge. *Reddy v. Foster*, (stating that plaintiffs will have standing to challenge the constitutionality of the law once an abortion clinic “demarcate[s] a zone.”).

V. If subject to constitutional challenge, RSA 132:37 through RSA 132:40 is likely to be, and ought to be, struck down under either the federal or state Bills of Rights. *McCullen v. Coakley*, 573 U.S. 464 (2014) (correctly invalidating Massachusetts buffer zones under the First Amendment).

VI. RSA 132:37 through RSA 132:40 has served no public purpose.

3 Repeal. RSA 132:37-40, relative to access to reproductive health care facilities, are repealed.

4 Effective Date. This act shall take effect upon its passage.
