**The Committee on Judiciary to which was referred HB  
596-FN,**

**AN ACT prohibiting public funding of abortions and  
establishing the New Hampshire foster care and  
adoption initiative fund. Having considered the same,  
report the same with the following resolution:**

**RESOLVED, that it is INEXPEDIENT TO LEGISLATE.**

## COMMITTEE REPORT

Committee:	<b>Judiciary</b>
Bill Number:	<b>HB 596-FN</b>
Title:	<b>prohibiting public funding of abortions and establishing the New Hampshire foster care and adoption initiative fund.</b>
Date:	<b>February 16, 2021</b>
Consent Calendar:	<b>CONSENT</b>
Recommendation:	<b>INEXPEDIENT TO LEGISLATE</b>

### STATEMENT OF INTENT

This bill and HB 434 were heard together as they both would prohibit public funding for abortions, although this bill would also create a new foster care and adoption initiative fund. It became clear at the hearing that HB 434 had much greater support and was the preferred alternative. While many committee members support the intent of this bill, it did not make sense to have the two bills competing with each other. In addition, the creation of the new fund did not have wide support.

Vote 20-1.

TESTIMONY

\* Use asterisk if written testimony and/or amendments are submitted.

**\*Rep. Sheehan Supports** HB434 does only one thing: it prohibits public funds from funding abortions directly or indirectly. It is an administrative one only so it contains no penalty. HB434 in no way infringes on the right to abortion or adds any regulation of abortion. I have submitted an amendment exempting State Medicaid funds

**Rep Plett;** HB596 only prohibits funding for convenience abortions. HB434 is a good bill as well and I will let the Judiciary committee decide which should prevail. **Q** Alexander: Is there a penalty in HB596? **A** Yes. The penalty funds the fund **Q** Is ghe sponsor of 434 open to adding a penalty? **A** No **Q** Horrigan: Why have this definition of Secular Humanism? **A** That comes from the US Supreme Court. It is included so all religions are included. **Q** Can you give a citation for that? **A** I will defer to a following speaker

**Senator Perkins-?????** Opposes both bills Pregnancy is a time of great vulnerability. Many pregnancies are difficult and we don't need politicians in the room shaming them. We should put no barrier between ghe mother and an abortion.

**\*Elizabeth Canada PPAF Oppose** HB434 puts a gag rule on schools including colleges & universities. It would prohibit them from giving students the full range of options available to them when pregnant.

**Rep Maureen Mooney Support** HB434 I am only speaking on behalf of HB434 and no other. This bill puts our current practice into law. NH is only of only a few states without a law prohibiting abortion funding. This bill gives clarity. The US Supreme Court has explicitly ruled that not funding a legal practice is lawful. **Q** McLean: What if you have an incarcerated individual who wants an abortion. Would this bill ban transportation of that prisoner as it would use state resources? **A** I would think hat transportation to a medical facility would be in order. I am unsure about funding. **Q** Would you be open to an amendment to clarify that? **A** Yes.

**\*Rep Amanda Toll Oppose** HB434 Bill would prohibit colleges from providing resources. As a college student I got an abortion which empowered me to complete my education. Later I had a child and I am leading the life I wanted. Having an abortion literally saved the life I wanted. When public funds are limited, the marginalized are impacted the most and would be most harmed by this bill. Legal barriers will not stop abortion.

**Dr Julia Mead** Oppose State already denies using Medicaid funds for abortion and the Hyde amendment prohibits using federal money. Refusing to give information about the full range of reproductive care violates medical ethics.

**Jason Hennessey** President NHRTL Supports both bills The issue today is whether we should force the hundreds of thousands of NH citizens with religious or other opposition to abortion violates their rights of conscience.

**\*Jake Berry** VP Policy New Futures Strongly oppose both bills. We believe reproductive care is extremely important especially for the students who would be impacted by HB434. More broadly these bills undermine the health and well-being of a very large number of people.  
**Maddie Daniel** Nh HS Democrats Oppose both bills Everyone should have full access to this important medical service. Abortions cost up to \$1000. This makes abortion unaffordable for low income people. Over 56% of NH citizens support abortion services and our money should follow.

**Tom Walton** I would not start my companies in NH today as I did 25 years ago for two reasons: our fertility rate is far below the replacement rate which limits the future work force. I am one of seven children which is the loving sacrifice that children are. Q Horrigan These bills deal only with abortion funding. Do you support raising the minimum wage to help young people move here to raise families? A I recognize the need and adoptive and foster parents are readily available. There is always a choice and abortion is a poor choice for women. Do you have any suggestions as to what we can do to encourage younger people like Family Medical leave, etc.? A Yes, a manufacturing juggernaut would be exactly the prescription for a younger more dynamic economy.

**Christine Wiehle** One heart Ministries Supports I stand for Life. My mother chose life at age 17 and I want to see our tax dollars move to supporting life not ending it. I work with women in crises and there are many non-profit organizations to support unplanned pregnancies. We should be giving our money to places that offer hope instead of abortion.

**\*Jeanne Hruska:** ACLU NH Opposes both bills I struggle to understand HB596 language. Public funds are used daily for things with which people disagree. Taxpayers do not get to direct their tax dollars. HB434 is extreme with the very narrow exception language and would have little to no effect on people of means. Instead it denies money to those who need the money the most. Poor people are forced to save the money.

**\*Kate Maloney** SFL Regional Coordinator Supports both bills We recently did polling that shows strong opposition to public funding of abortions. With no restrictions on abortion, it is important that the State not allow its funds to be used for them. This restriction serves the public good by recognizing the value of human life.

**Josie Pinto** Opposes both bills WE do not need these bills because we don't have public funding of abortion. I support full public funding of abortion. The current practice is blatant discrimination against poor people. We should be expanding access to abortion for College students.

**Louise Spencer** Opposes both bills The gag rule will reduce the information available to college students. This is particularly important considering the high level of rape on college campuses. These women need the full range of information about their options. It seems quite unfair that money can be spent at clinics that provide only partial information and not at ones that give it all. I find it disingenuous to say this isn't about abortion.

**Stephanie George** Opposes Abortion is a safe and legal medical procedure. HB596 would be an excessive government restriction on abortion. WE should not put barriers between women and their health care. The Hyde amendment already prevents abortion funding and every year the state does the same. There is no medical purpose for these bills.

**\*Chris Sevier** Supports both but prefers If one says abortion doesn't take a human life that is blatantly secular humanist because the science says life begins at conception. Regardless of personal feelings, the State of NH is prohibited from using state money to support this religious belief. Using state money for abortions violates two of the three prongs of the "Lemon test".  
Q Simpson: You mention HB596 is similar to other states. Can you point us to them A this bill was developed by numerous legal scholars after the Trump administration rule was provided. As to other states I can get you information about other states who have introduced this language. Q Alexander This seems like a national effort. Are you a practicing attorney? A NH resident? A I am a practicing attorney. NH must follow Federal law. We work with several NH groups so we have aided them. Q

Langley Who determines if an abortion is a convenience abortion? A Convenience abortion is just a term of art also called by other names.

**\*Alyssa Antman** Opposes Abortion care is important for college students.

**Christopher Ager** Supports HB434 Oppose HB596 I think this is the path the committee should take. HB434 protects people of conscience from funding things they find morally wrong

Melissa Maye Supports Proverbs 31:8-9. I represent not only churches but women who have been forced into abortion. I support these bills because abortion is immoral and the state has an obligation to fight for life.

**Ian Huyett** Gen Counsel Cornerstone Support HB434 with propose amendment The proposed amendment will deflect a long constitutional battle. Opponents say the bill prevents something that doesn't happen which is the precise intent. The government can adopt any position and fund that position. But, the state is not required to fund a position it holds. HB434 simply directs how government money is spent and puts no gag on anyone. Q McLean Please ,explain how there is no gag order in HB434 132:47-I A You presume that "participating" would include "referral" but since referral is used in other places in the bill it wouldn't be read into "participating" here

**Olivia Balabanas** UNH student Opposes HB434 The UNH health center is the only one readily available to students on campus and should be allowed to give students full information and referrals for reproductive health care.

**Rep Walt Stapleton** Supports both The state has an important interest in protecting its future citizens. Part I Article II of NH Constitution Natural Rights support that assertion. The Hyde amendment has already signaled it will overturn the Hyde amendment which means the State will have to provide that protection for us.

**Travis Ohara** An unplanned pregnancy impacted my life. At age 15 unplanned pregnancy impacted my life by giving me my daughter and pushing me to complete my education and build a great life with my family.

**Leah Cohen** Oppose both bills I am outraged . NH is healthcare. The attempt to restrict it during a pandemic are short sighted at best. Is removing an appendix a convenience surgery?

Dr Christine Arsenault Oppose both Emergency access to contraception is critical . Many Teenagers have sex. They need this protection. Pregnancy and birth are major contributors to High School Dropouts and strong indicator of poorer life quality later. Women in low income areas are more likely to have unplanned pregnancy. A lot of young women use emergency contraception. Abortion and emergency contraception are two parts of health care that should be available to all women.

**Rep Maria Perez** Opposes It hurts to hear guys talking about our bodies. I was sexually assaulted by my own father. How can anyone tell me I have to keep that baby when I have already been abused.

**Dear Representative,**

Your committee will soon be considering legislations regarding abortion in house bills HB625, HB622, HB430, HB434, HB596, HB233. Below is my Op-Ed from the Union Leader today February 18<sup>th</sup>. It is my attempt, based on my 40 years in healthcare as an OB/GYN and abortion provider to offer an alternative to the current abortion wars which have not made any significant progress for either side. Please take just a few moments to read my thoughts.

Thank you, take care and stay safe,

Dr. Wayne Goldner: Fighting over abortion solves nothing.

**Feb 18, 2021**

**ABORTION has taken place for thousands of years, performed by women for women. Abortion battles detract from other significant issues, we need compromise and a framework to move forward.**

**Some extremists are consumed with making abortion illegal in all cases, occasionally allowing for rape, incest and health of the mother. Other extremists insist on “abortion on demand” without any room for discussion. These are the “illiberal” right and left, those who consider their opinions irrefutable. It’s time for the rest of us to find a middle ground.**

**For 35 years I practiced obstetrics and gynecology and that included the provision of abortions. No woman ever plans to have an abortion and it is with great emotion and reflection that they choose to terminate their pregnancy. Regardless of their core beliefs prior to their pregnancy, they came for their procedure with carefully thought-out reasoning.**

**Throughout our nation's history, the rights of women to reproductive care have come under attack by predominantly White male legislators seeking to control women by controlling reproduction. When women’s rights are oppressed, history tells us that they still find birth control and have abortions. What does increase is their death and maiming. Prior to Roe, many city hospitals had wards for abortion complications i.e., Ward K at Philadelphia General Hospital. Much has been written about the horror of these places, the suffering of the women, the destruction of their bodies and the callousness of the authorities.**

**After the Civil War, with a great need to grow the population, abortion became a political, social and power issue. It included the Storer physicians, a father and son fighting for restricting abortion both for their personal beliefs and on behalf of the newly formed AMA to remove the competition of midwives and women (irregulars). Organized crime became involved in abortions. Also, it was not uncommon for a woman to be raped prior to her abortion. I have had a conversation with a woman who was raped by her Park Avenue doctor on the exam table before he performed her pre-Roe abortion. With restrictive laws, birth rates do not go up but death and harm does.**

**There has arisen an entire industry and complex socioeconomic relationships over abortion provision and restriction. Much time, energy and money is spent and little**

changes. Despite these battles, the abortion and birth rates have both declined in the United States. In 1980, post Roe, abortions peaked at 29.3 abortions per 1,000 women/year age 15-44. In 2017 that was 13.5, the lowest rate ever observed and more than a 50% decrease. Abortions are being done earlier, and more with medical rather than surgical procedures. Laws can't make elective abortions zero. There will be rapes, incest, drugs, alcohol, failed contraception and peer pressure that will cause unintended pregnancies.

Legal abortions can be early, safe and rare. Education and access to affordable long-acting contraceptives are essential. A grade-appropriate, comprehensive health curriculum in schools is shown to decrease unplanned pregnancies as well as sexually transmitted diseases. They do not increase sexual activity. I helped design and teach a health curriculum in my town's schools. Many of those students have commented how effective it was for them. Yet, the schools were picketed by anti-choice groups and as a safety issue I was relieved of my volunteer teaching. Subsequently the curriculum was watered down to meaningless.

Due to restrictive laws, cumbersome regulations and harassment, 89% of counties in the U.S. have no abortion clinics. Women may have to travel hundreds of miles to obtain care. Lack of providers in rural and impoverished areas leave women vulnerable to unplanned pregnancies and untreated STD's. With better access, abortions would be earlier, safer and done medically.

Over the last several decades, availability of long-acting contraceptives has been a liberating development. Medicated and unmedicated IUD's, implants and injections have increased contraceptive efficacy. They are covered by insurance and can be obtained free from some private funds. No longer do women have to depend on taking a daily pill or using condoms. However, there have been several successful lawsuits allowing employers to eliminate birth control from their health insurance i.e., Hobby Lobby. This is a detriment to employee health.

We need a long-lasting solution. Emphasis on education and prevention will decrease abortions, increase the health of women and allow time and resources to be redirected to other pressing issues.

When I joined my practice in 1982, an anti-choice OB/GYN in my town would not speak to me. Over time he realized that his patients may choose abortion. We both learned to understand each other's views and eventually, when a patient opted for a termination, he would send her to me. When I had a patient who preferred an office without abortion services, I sent her to him. We came to an accommodation and so can all of us.

Dear Honorable House Judiciary Committee Representatives,

I urge you to vote **inexpedient to legislate** on HB596 and HB434 as an attack on reproductive freedom and restriction on access to abortion services in New Hampshire. An abortion is a safe medical procedure. A decision about abortion should be the decision of the patient in consultation with their doctors.

I don't even understand HB596 and can't imagine that you do. As for HB434, This is another bill that disproportionately harms low-income people by denying them medical care.

I know you have already heard all the arguments against these bills. I have nothing more to add except I am a mother of one daughter and a grandmother of 7 granddaughters, who I want to be able to make their own decisions about their bodies. And I want them to be free and safe to do so.

Thank you for your careful deliberation.

Dear House Judiciary Committee Members:

Please consider my vehement opposition to House Bills 625, 596, 434, and 233. I urge the committee to vote each of the aforementioned Bills ITL. As attacks on reproductive freedom that restricts access to legal health services in New Hampshire, these Bills transgress the sanctity of Individual rights of a patient and her health provider. Legislators help no one by denying medical care or infringing on the rights of doctors to decide the most appropriate care for their patients.

Taking care of New Hampshire's living children, protecting their rights and ensuring their health, education and safety is a better use of your time. I look forward to supporting Bills that propose those ways to make NH a more just place to live.

Sincerely,

I support HB 343 and HB596 prohibiting state funding of abortions.

It's a travesty to waste taxpayers hard earned money while coercing those who love life to act against their conscience and religion by funding abortion providers

This is morally reprehensible, especially with regard to Planned Parenthood, kingpin of the abortion industry.

Taxpayers are fed up that they are involuntarily subsidizing a sleazy business

that kills babies , profits from selling their body parts, conceals statutory rape, harbors child predators, and purveys pornographic material to teens and children alike under the guise of sex education.

Whenever their programs are in place, there's an increase in STDs pregnancies, and abortions.

In fact, Planned Parenthood's "educational" programs are hazardous to public health.

Taxpayers are alarmed by increasingly higher suicide rate among teens and women who have been exploited and maimed by the abortion industry.

Taxpayers should not be forced to subsidize a business that violates parental rights,even in the privacy of their homes. Planned Parenthood's Teen Wire website encourages kids to celebrate sex with as many partners as they like,and to frequent their abortion sites for help with contraceptives and abortions, BEHIND THEIR PARENTS' BACKS.

I know, because my teen daughter was seduced by their website advice.

She became pregnant and sought "help" from Planned Parenthood in Manchester.

They "counseled " her by lying that abortion is safer than childbirth.

The only "choice" they offered was to terminate her pregnancy.

My daughter is now the proud mother of a beautiful, gifted teenager.

Planned Parenthood would have gladly obliterated her through an excruciatingly painful death.

Lastly, taxpayers are disgusted by Planned Parenthood's RACISM dating back to its foundress, Marget Sanger.

It continues to target minorities and the poor for EUGENIC POPULATION CONTROL THROUGH ABORTION.

This is morally and culturally REPUGNANT!

Defund the child killing industry now!

Abortion is admittedly a divisive issue in New Hampshire. Given its divisiveness, it is inappropriate to use public funds, collected from all taxpayers, specifically to fund abortions. For this reason I urge you to support both bills HB434 and HB596. As an adoptive parent whose children are now 22, serving in the US Navy, and 20, in college, I am particularly hopeful that HB596 will pass.

Thank you.

Hello, I am writing to you today to express my support for both HB434 and HB596, which prevent state funding from being used to fund abortions.

The data overwhelmingly show that the vast majority of abortions are performed as a matter of convenience (according to the Guttmacher institute's 2004 survey, 7% of abortions are performed for medical reasons and <0.5% due to rape, which are the reasons everyone cites for why abortion should be legal. See:

<https://www.guttmacher.org/sites/default/files/pdfs/tables/370305/3711005t3.pdf>). The state is not and should never be in the business of paying for people's convenience, especially when a large percentage of taxpayers consider abortion gravely immoral and reprehensible. We need these bills passed into law to keep state funding going where it's needed (helping those in need due to COVID for example), and to keep NH residents from being forced to pay for unnecessary procedures that always are intended to result in the pointless death of a helpless child, most often because he or she was merely considered to be "inconvenient".

Thank you for your consideration. Please include my testimony in the bills' record.

Sincerely,  
Jeffrey Wilder

To the Committee Members,

I am writing in opposition to HB 596

As I'm sure you are aware, the Hyde Amendment already denies federal coverage of abortions, and in New Hampshire, Medicare does not cover abortions. Now, some politicians want to make that ban permanent.

This won't solve any existing problem. The situation will remain as it is currently: low-income women will find it next to impossible to get an abortion in New Hampshire and women with financial security will continue to get them. Women and families who may be on the edge financially will either fall into poverty or financial crisis. This is bad health policy and bad economic policy.

Many people consider this a moral issue, but it's a health and economic issue as well. Politicians need to stay out of this decision and allow women to make their own decisions based on their own situation and their religious and moral stance.

I find the current bills before you

[HB622](#), [HB625](#), [HB434](#), [HB596](#), and [HB233](#).

ill founded and repugnant. In their various ways they ignore women's rights and promote the idea of the personhood of embryos and fetuses.

They infringe on an area in which the State has no place.

I urge you to defeat these proposals and to oppose any related ones.

I have been aware of this issue since 1959 when i was 16 and pregnant and thought abortion was unthinkable.

I have worked legislatively and actively since then to make it thinkable and available and legal and safe. For example, when abortion was permitted in NH only with the agreement of a panel, I helped [in a car provided by the Dartmouth Christian Union] women travel to NYC to end unwanted pregnancies.

Sincerely,

Amelia Screen

Dear Sir or Madame:

First, Please make this email part of the permanent record.

I wish to go on record in favor of HB434 & HB596, which prohibit the state of NH from using tax payer money to fund abortions. I have worked very hard for the money I've earned over my teaching career and it is anathema to me to think it is going toward paying for the murdering of infants in the womb. It says in God's Holy Word, Thou Shalt Not Kill, and I will never condone that action, whether directly or indirectly through the state's use of funds for that purpose. It is morally wrong.

Sincerely,

Barbara Gail Kingston

Dear Committee Members,

This bill is incomprehensible and unworkable, garbling the law and wrongly asserting that abortion violates the First Amendment. It perpetuates an abundance of false information, including the offensive misconception of "convenience abortions." Nobody I know who has needed an abortion found it to be "convenient." It would be dangerous to put this into law because there's no way to know how it would be interpreted, let alone what it would mean in practice. It would likely result in lengthy litigation at taxpayers' expense.

I therefore urge the committee to vote HB596 inexpedient to legislate.

Sincerely,

Lisa Marchi

we ask that you vote in favor of HB 596 over HB 434 at tomorrow's hearing. Both bills attempt to accomplish the same thing but HB 596 is framed correctly from a Constitutional legal perspective. Furthermore, the enforcement mechanism for HB 596 are more robust and it cannot really be repealed because of how it invokes federal Constitutional authority as well as the state's Constitution. There are over 15 other states running what is HB596. Rep. Sampson in Maine, Sen. Richardson in Delaware, Rep. Price in Rhode Island, and Asm. Auth in New Jersey are some examples nearby.

(1). Here is the bill language of HB 596:

(4). Here is a short video that explains the bill:

<https://youtu.be/By2OJesBU68>

HB 434 is subject to being struck down as a result of the rulings in cases like Planned Parenthood v. Casey, Roe v. Wade, and Planned Parenthood v. Alaska. Here is the opinion in Planned Parenthood v. Alaska (2019).

<https://law.justia.com/cases/alaska/supreme-court/2019/s-16123.html#:~:text=Planned%20Parenthood%20of%20the%20Great%20Northwest.-Annotate%20this%20Case&text=Planned%20Parenthood%20of%20the%20Great%20Northwest%20challenged%20both%20the%20statute.clause%20of%20the%20Alaska%20Constitution.>

Here is South Carolina's version of the bill (HB 3508) just to show that other states are running what is HB 596 for good cause.

[https://www.scstatehouse.gov/sess124\\_2021-2022/bills/3508.htm?fbclid=IwAR3CjCJZE0h5qJ7BRIEs7NOuFahkRMhrQ0gBP8TtJo\\_98P3q2UTbJ-AL0y0](https://www.scstatehouse.gov/sess124_2021-2022/bills/3508.htm?fbclid=IwAR3CjCJZE0h5qJ7BRIEs7NOuFahkRMhrQ0gBP8TtJo_98P3q2UTbJ-AL0y0)

While 434 is undoubtedly well-intended, we support Rep Plett's bill under the totality of the circumstances. If abortion is a civil right according to the US Supreme Court pursuant to the 14th Amendment, then withholding funds could be alleged to be a violation of those civil rights. The evidence shows that the Establishment Clause of the first amendment has exclusive jurisdiction over whether the state can appropriate federal tax pay dollars to convenience abortion providers.

Please let us know your position on this.

Best,

Christopher Sevier Esq.

Re: HB434 and HB596

As a taxpaying citizen, I find it reprehensible to have any of my tax moneys to be used for funding abortions. While there may be some state expenditures I might object to, virtually all do not have the controversial issue of morality embedded in their use. There are many on both sides of the issue of abortion, and it has inflamed people to polarize themselves - right or wrong. Depending on who has the majority in the state house and who is the governor, this issue could go back and forth to the legalization of abortion - and be different every two years - even without consideration of using tax dollars to pay for abortions. To consider involving tax paying dollars would add to the volatility of the issue and force people who like myself, to allow my hard earned money to be used for abortions that I believe are contradictory to my religious beliefs.

Therefore I am for the bills to prohibit the use of taxpayers dollars for the use of funding abortions

I support all the bills below - to protect the unborn.

[HB622](#) & [HB625](#): unborn viability protections

[HB430](#): Sidewalk Free Speech Act

[HB434](#) & [HB596](#): prohibiting state funding of abortions. It is a waste of taxpayer money and morally wrong to force life-loving taxpayers to violate their conscience and religion by funding abortion providers.

[HB233](#): requiring born babies that survive abortion to be given the same protections as other babies.

The 1973 case *Roe vs. Wade*, in which the Supreme court unfortunately to their dismay, and error ruled to 'create' law to legalize ABORTION under the guise of 'women's access to comprehensive reproductive health care,' which diametrically opposes the statute for what the judicial branch of Government was created for by our founding Fathers. This law is in direct violation of THE declaration of independence "We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable Rights, that among these are *Life, Liberty and the pursuit of Happiness.*" Therefore, if those that claim, and support the killing of the unborn through ABORTION procedures are in fact opposing the founding manuscripts that are intended for guiding this NATION to success, and henceforth choose by their policies regarding ABORTION to not only disqualify themselves from serving in leadership roles to uphold the law of the land, but also choose to violate the SUPREME moral law given by our Creator of "thou shalt not commit Murder." The violation of this moral law is the most severe to those who propagate and give their allegiance to said moral depravity.

I am deeply disturbed because through this unlawful violation of human rights, WE have killed and snuffed out of existence over 60 Million human beings to date. : Where is the freedom for the unborn HUMAN life?

I am also curious as to the following "women's access to comprehensive reproductive health care."

- How can an unnatural procedure contribute to reproductive health?

The grave threat to our freedom and the freedoms of our children is the ratification of political policies that oppose, and undermine foundational RIGHT, and JUST laws of THE constitution. Please know that I am deeply committed to advocating for the unborn and will continue to do so. WE the AMERICAN people who choose LIFE, LIBERTY, and the pursuit of HAPPINESS will continue to STAND against the personal political agendas of unjust representatives, leadership, and lawmakers.

**\*\*PLEASE INCLUDE THIS WIRTTEN TESTIMONY IN THE PERMANENT RECORD\*\***

**Re:HB622**

It is necessary that every effort be made to preserve the life of a fetus, bring it to term. If the mother is facing impairment to her normal state of health, there must be a way to take care of each, other than an abortion. Abortion is the quick, convenient answer, and disregards the health of both. The forcible removal of part of the body, in this case, the fetus, is bound to be traumatic (physically and emotionally), so it could worsen the "impairment". To sum it up, I disagree that abortion should be allowed even if the mother's health is threatened. Many babies have been brought to term when it seemed that the odds were against them, with a lot of care, love and courage. I support HB622.

**Re:HB625**

I agree that no abortion should ever be performed if the gestational age of the fetus is at least 24 weeks. I disagree that abortion should be performed even if there is a "medical emergency". There are too many people (including medical practitioners who support/promote abortion) that would stretch the definition of that term to justify the abortion. I support HB625.

**Re:HB430**

The law that allows abortion centers to forbid free speech on public property should be removed. We who are Sidewalk Advocates need to be free to peacefully reach out to all those who go to these centers. We may be the only factor that induces them to change their minds about a damaging, life-changing decision. I support HB430.

**Re:HB434 & HB596**

There should be no state funding of abortions. Let abortion providers find their own funding. As a taxpayer, and a Catholic who loves all life, I support HB434 and HB596.

**Re:HB233**

Any baby who survives an abortion deserves the same care and protections as other babies, even more so, given the trauma of their "birth". Babies have a right to life **any time**, before an abortion or after one. I support HB233.

This country needs most urgently a return to respect for human life whether in the womb, down on Main Street or within places caring for our elderly. Taking responsibility for our actions also plays a large role in society today.

There are so many options available to men and women that ensures no conception would take place. This is where it begins.

The protection of our most vulnerable, human life, born within or outside the womb, is our human responsibility and to deny this results in a total lack of respect for life.

The unborn require viability protections, and most certainly for those babies that survive abortion outside of the womb. It is inhuman to deny these babies medical care. What has this country come to that would allow such a thing? It started at the federal level and then down to the states, and then to the doctors and medical technicians but ultimately this rests solely on the conscience of every single person involved in the murder of human life.

The spending of my tax dollars for these procedures is irreproachable. Too many of our representatives in Congress and in our legislatures are voting the "party line" rather than for the wishes of their constituents. All in the interest of politics and power. It is beyond my comprehension that so many appear to approve the wonton destruction of human life. It is past the time for all of us to return to respecting one another and taking personal responsibility for our actions. God Bless the USA.

Please include this testimony in the permanent record.

To the Committee Members,

I am a resident of Lyme, NH and I am writing as an individual concerned about reproductive rights for all. As a social worker, I have a long history of advocating for self-determination and privacy in the realm of reproductive health. I have seen decades of clients struggling with the implications of restrictive laws that limit their access to choices about their medical care-choices that should remain between them and their doctors.

I urge you to oppose HB 430, HB 434, HB596 and HB 622. Instead of making health care more restrictive, please focus on ways you can expand health care to New Hampshire residents during these stressful and sometimes dangerous times. This includes providing increased resources for mental health care for those who are trying to cope.

Thank you for your consideration,

As a Granite Stater, I deeply value our state's respect for privacy when it comes to personal decision-making. These bills are clear attempts to interfere with the patient-provider relationship.

Please reject these extreme bills and protect New Hampshire's tradition of privacy when it comes to personal health care decisions.

Honored Members,

NH has proven over and over and over that we as a state believe that a woman is a full and complete citizen with all the rights and responsibilities granted in the Constitution, and among these are the right to bodily autonomy.

These bills are even worse than some, a rule to withhold medical information? Placing the government between a woman and her medical team? Using emotional language to create the impression that what only happens in an emergency is somehow preventable?

NH doesn't need or want this kind of law, please find these 3 bills ITL and let the citizens know that you hear them loud and clear.

HB434 An act prohibiting the use of public funds for abortions.

HB596-FN An act prohibiting public funding of abortions and establishing the New Hampshire foster care and adoption initiative fund.

It is immoral to spend taxpayer money on abortions. The money would be well spent instead, on a foster care, adoptive initiative. This would actually be helping society instead of devaluing life. Please vote ought to pass on HB596-FN.

HB233-FN An act relative to the right of any infant born alive to medically appropriate and reasonable care and treatment.

I am writing to urge the NH Senate to vote *inexpedient to legislate* on all five of these bills.

A few notes about each bill follows.

HB625:

- Viability is not the same for every pregnancy. It is not defined by a rigid number. It varies pregnancy to pregnancy, and can even vary depending on the medical facility and what equipment it has. This bill would defy science and medicine by defining viability with an arbitrary number.

HB622

- No ban on abortion is reasonable for a patient who needs it.
- This bill would require invasive medical testing, not because it is medically necessary but because politicians want to dictate how doctors do their jobs.

HB596

- This bill is incomprehensible and completely unworkable. It garbles the law, including wrongly asserting that abortion violates the First Amendment.
- It perpetuates an abundance of false information, including the offensive misconception of “convenience abortions.”

HB434

- This legislation would permit public funding for only select reproductive health care. It would enable Medicaid to cover family planning, prenatal care, and the hefty expenses related to child birth, but would prohibit funding for abortion care. By singling out abortion for exclusion, this bill attempts to impose the choices of politicians on poor pregnant people and their families.
- This bill will not impact people with financial means. Instead, it disproportionately harms low-income individuals and singles them out by denying them medical care.
- Public funding restrictions leave some people little choice but to use money they need for food, rent, clothing, or other necessities to pay for an abortion. Moreover, many Medicaid-eligible people are forced to delay their abortions in an effort to save up the money needed for the medical care, increasing their medical risks.
- This bill is extreme. It includes a very narrow exception for the “physical” health of the pregnant person, excluding emotional and mental health, and includes no exception for people who become pregnant through rape or incest.

HB233

This bill perpetuates myths and misinformation about abortion.

- This bill isn't actually about abortion; it is about hospice care and whether parents should be able to decide how to care for their infant who may have hours or days to live. Here is a [great article](#) about the harm of bills just like this one. As the article notes, if this bill were to become law, doctors would be forced to take babies from their parents and compel them to make futile efforts to save a baby that they know they cannot save. This bill would deny families the ability to make compassionate decisions in these tragic situations.

I feel strongly oppose all of these bills.

Sincerely,

HB233;HB430;HB434;HB596;HB622;HB625. Please reconsider, not only the bills themselves, but the timing of these House Bills during a pandemic. I am writing to express my opposition to these bills that would restrict women's right to control their own bodies. Dear Members of the House Judiciary Committee,

My name is Dr. Christine Arsnow. I am a pediatrician and Vice President of the New Hampshire Pediatric Society, the state chapter of the American Academy of Pediatrics, which represents 242 pediatricians in New Hampshire. My testimony is on behalf of that organization.

I am testifying in opposition to House Bills 434 and 596 because I believe that affordable access to emergency contraception and abortion is a crucial aspect of women's healthcare.

In addition, I would like to state the NH American Academy of Pediatrics opposition to HB622, HB625, HB430, and HB233.

A national report conducted by the CDC National Center for Health Statistics showed that 55% of male and female teens have had sexual intercourse by age 18.<sup>1</sup> As a mother of two young daughters, I understand the temptation to hide from these statistics. While we educate and foster a culture of responsible sexual behavior, we must offer options for women. These bills seek to severely restrict access to abortion and emergency contraception, which would have a negative impact on teenagers.

Teen pregnancy and childbearing bring substantial social and economic costs on teen parents and their children. Pregnancy and birth are significant contributors to high school dropout rates among girls. Only about 50% of teen mothers are able to earn a high school diploma compared to approximately 90% of women who do not give birth during adolescence.<sup>2</sup> Children born to teenage mothers are more likely to have lower school achievement and to drop out of high school, have more health problems, be incarcerated at some time during adolescence, give birth as a teenager, and face unemployment as young adults.<sup>3</sup>

Teenage pregnancy disproportionately impacts Black, Hispanic and Native people, and women from low-income backgrounds.<sup>4</sup> Teens in child welfare systems are at higher risk of teen pregnancy and birth than other groups. Young women living in foster care are more than twice as likely to become pregnant than those not in foster care.<sup>5</sup> Because women from low-income backgrounds are at higher risk for teen pregnancy, it is crucial to provide affordable emergency contraception and abortion services.

Studies suggest that almost 1 in 4 of women will have had an abortion by the age of 45.<sup>6</sup> The Hyde Amendment currently bans the use of federal funds for abortion coverage for individuals enrolled in Medicaid,<sup>7</sup> which means that these procedures must be paid for out of pocket or via state funds for those without private insurance. Taking away state support as this bill suggests would mean that women with low income, including teenagers, would need to pay out of pocket for abortions. At an average cost of over \$500,<sup>8</sup> this is out of reach for many women.

Emergency contraception is a medication that can prevent pregnancy when used in the days immediately following unprotected intercourse. According to the 2006–2010 National Survey of Family Growth (NSFG) 11% of all sexually active women and nearly 1 in 4 sexually active women

ages 20-24 reported ever using emergency contraception.<sup>9</sup> About half of these women reported using emergency contraception because of fear of method failure (45%), and half because they had unprotected sex (49%). It is appalling to imagine any young woman would be in a position where she could not access emergency contraception.

Abortion and emergency contraception are two necessary aspects of women's reproductive health that must be available and affordable to all women. The decision to proceed with one of these therapies should be between a woman and her doctor and should not be limited by the government. I strongly oppose this bill.

Thank you for taking the time to read my testimony.

Dear Chairman Gordon:

On behalf of the NH Academy of Family Physicians 25 member board, our primary care physicians and the state's two Family practice residency programs we are writing in strong opposition to the upcoming reproductive rights hearings on HB622, HB625, HB430, HB434, HB596, and HB233.

We endorse the AMA letter sent on January 29 on this issue.

Our group is composed of a diverse group of family doctors ranging in age from 27 - 75 years old. We care for our patients throughout their lifespan. We stand by our patient's side during birth, childhood crisis, tragic accidents, chronic disease, joyful ceremonies and death. We carry out our ethical duty to protect our patient's right to self-determination. We uphold our duty to ensure we are helping our patients remain safe from domestic violence, human trafficking and yes, a forced pregnancy. The decision to carry a pregnancy can be a complex private journey for many of us. Our patients and their families have the right to explore safe, non-stigmatized alternative options based on their individual medical, emotional and other personal circumstances.

We strongly urge the members of this committee to honor the training of family physicians, AMA and our surgical OBGYN colleagues on the private sanctity of this matter by standing up in complete opposition to the legislation HB622, HB625, HB430, HB434, HB596, and HB233.

From: Patrick Ho, MD, MPH, President, New Hampshire Psychiatric Society

Date: February 8, 2021

On behalf of the New Hampshire Psychiatric Society and our members, I am writing to express our concern about and strong opposition to abortion-related legislation that would interfere with physicians' ability to provide timely reproductive medical care to women in New Hampshire. We stand firmly with our colleagues from the New Hampshire Medical Society and our state's other medical societies and believe that such legislation would be detrimental to the practice of medicine in our state.

The New Hampshire Psychiatric Society agrees with the stance of the American Medical Association that all women should have access to reproductive health services, and that this ought to include abortion. The early termination of pregnancy is a safe, established, and accepted medical practice. Physicians should play a key role in helping their patients choose whether, when, and how to perform an abortion without stigma. Furthermore, inability to access adequate reproductive medical care can be extremely detrimental to a woman's physical and mental health. As physicians who care deeply for the patients that we serve, we believe that efforts to deny access to established and accepted medical services as unacceptable. We strongly urge you and the members of your committee to protect the rights and health of our citizens and reject legislation that would limit timely access to abortion and other reproductive health services.

Thank you for your consideration. Please do not hesitate to reach out to me at [Patrick.a.ho@hitchcock.org](mailto:Patrick.a.ho@hitchcock.org) with further questions.

**Statement by Jeanne Hruska, ACLU-NH Political Director  
House Judiciary Committee  
House Bills 596 and 434  
February 10, 2021**

I submit this testimony on behalf of the American Civil Liberties Union of New Hampshire (ACLU)—a non-partisan, non-profit organization working to protect civil liberties throughout New Hampshire for over 50 years. I appreciate the opportunity to testify today in opposition to both HB596 and HB434.

**HB596 is incomprehensible and unworkable**, with references to “non-secular shams,” “non-controversial transcultural morality,” and the offensive idea of a “convenience” abortion. It garbles the law and wrongly asserts that public funding for abortion violates the First Amendment. Public funds are used every day for services and undertakings with which members of the public disagree, this includes paying for war, incarceration, and even vaccinations – on which the government is currently spending billions without any infringement on the First Amendment.

It is impossible to know how this bill would operate in practice or how courts might interpret many of its provisions and terms. At a minimum, this bill is likely to result in lengthy and costly litigation as doctors, patients, hospitals, and even the government try to discern its meaning.

**The ACLU-NH also opposes HB434 in its entirety. This bill is extreme.** It includes a very narrow exception for the “physical” health of the pregnant person. It would only allow funding for abortion services when “the life of the mother is endangered by a physical disorder, physical illness, or physical injury include a life-endangering physical condition caused by or arising from the pregnancy itself.” This is an extremely narrower exception, excluding coverage for people who become pregnant due to rape or incest. And the narrow exception excludes coverage for abortion services necessary for the emotional or psychological health of the mother, or other health considerations as determined by a doctor.<sup>1</sup>

This bill would allow public funding for family planning, prenatal care, and for the hefty expenses related to childbirth, and yet would prohibit funding for an equally valid healthcare service. HB434 would have little to no impact on people with financial means. Instead, it discriminates against low-income individuals and singles them out by denying them medical care. Public funding restrictions leave some people little choice but to use money they need for food, rent, clothing, or other necessities to pay for an abortion. Moreover, many low income

<sup>1</sup> "Whether, in the words of the Georgia statute, "an abortion is necessary" is a professional judgment that the Georgia physician will be called upon to make routinely. We agree with the District Court, 319 F. Supp., at 1058, that the medical judgment may be exercised in the light of all factors - physical, emotional, psychological, familial, and the woman's age - relevant to the well-being of the patient. All these factors may relate to health". *Doe v. Bolton*, 410 U.S. 179 (1973)

people are forced to delay their abortions in an effort to save up the money needed for the medical care, increasing their medical risks.

**Moreover, this bill would impose a gag rule on public institutions of higher learning by prohibiting them from using any tuition or fees to make even a referral for abortion.** This means a doctor working for a public education institution would be prohibited from providing information about abortion to their patient, including a patient who is pregnant as the result of rape or incest. Patients go to their doctor expecting to be informed of all their options and for the doctor to be honest and forthright with them. This bill would dictate to doctors what type of advice they are allowed to give their patient and would replace the advice and consultation of a doctor with a one-size-fits all opinion of a politician.

For these reasons, the ACLU-NH respectfully urges the members of this committee vote *inexpedient to legislate* on both HB596 and HB434.

The Honorable Edward Gordon  
Chairman, Judiciary Committee  
New Hampshire House of Representatives  
LOB Room 208, 107 North Main St  
Concord, NH 03301

Dear Chairman Gordon:

I am writing on behalf of the American College of Obstetricians and Gynecologists (ACOG) with deep concern regarding abortion related legislation: HB 622, HB 625, HB 430, HB 434, HB 596, and HB 233. These upcoming bills collectively threaten physicians' ability to provide the most appropriate reproductive medical care to women in New Hampshire.

ACOG opposes any legislation that limits women's access to reproductive health services, including pregnancy termination. Pregnancy termination has been shown time and again to be safe and is a widely accepted medical practice. Decisions regarding pregnancy termination are deeply personal and should be made by a patient in consultation with her physician free of interference from the New Hampshire State Legislature.

The bills currently under consideration threaten to deny patients' access to pregnancy termination and further seek to criminalize patients and physicians faced with difficult and private choices. We implore you and the members of your committee to reject these bills which we view as harmful to patients, physicians, and their ability to make safe, appropriate medical decisions.

LOB Room 208, 107 North Main Street

Dear Chairman Gordon:

On behalf of the American Medical Association (AMA) and our physician and medical student members, I am writing to express our concern about abortion-related legislation that would interfere with physicians' ability to provide timely reproductive medical care to women in New Hampshire. We believe such legislation represents a troubling legislative intrusion into the practice of medicine.

The AMA believes that all women should have access to reproductive health services, including abortion. The early termination of pregnancy is a safe, established, and accepted medical practice, and the decision whether, when, and how to perform an abortion is a medical matter that should be made between a physician and his or her patient, free of external interference and subject to the physician's clinical judgment, the patient's informed consent, and the standards of good medical practice.

Protecting the sanctity of the patient-physician relationship, including defending the freedom of communication and medical decision-making between patients and their physicians, is a core priority for the AMA and a fundamental tenet of high-quality medical care. We view efforts to deny patients access to established and accepted medical services as unacceptable governmental interference into the practice of medicine. We strongly urge you and the members of your committee to reject legislation that would limit timely access to abortion and other reproductive health services.

We thank you for the opportunity to express our views on this important matter. If the AMA can be of assistance, please contact Annalia Michelman, JD, AMA Advocacy Resource Center, at [annalia.michelman@ama-assn.org](mailto:annalia.michelman@ama-assn.org).

Sincerely,

132-B:2 Definitions. In this chapter:

with knowledge that the termination by those means will with reasonable likelihood cause the death of the unborn child. An act is not a convenience abortion if the act is performed with the intent to:

- (a) Save the life of the mother or resolve a medical emergency.
- (b) Save the life or preserve the health of the unborn child.
- (c) Remove a dead unborn child caused by spontaneous abortion.
- (d) Remove an ectopic pregnancy.

IX. "Infertility prevention project" means the infertility prevention project operated by the United States Centers for Disease Control and Prevention.

X. "Lemon test" means:

(a) A three-prong test that was originally created by the United States Supreme Court and now adopted by this state to determine if government action is unconstitutional under the Establishment Clause. The test requires that state action or government policy:

- (1) Have a valid secular purpose.
- (2) Not have the effect of advancing, endorsing, or inhibiting religion.
- (3) Not foster excessive entanglement with religion.

(b) Government action violates the Establishment Clause if it fails to satisfy any of the prongs.

XI. "Logical nexus" means some relevant connection.

XII. "Medical emergency" means that condition which, on the basis of the physician's good faith clinical judgment, so complicates the medical condition of a pregnant woman as to necessitate the immediate abortion of her pregnancy to avert her death or for which a delay will create serious risk of substantial and irreversible impairment of a major bodily function.

XIII. "Minority HIV/AIDS initiative" means the minority HIV/AIDS initiative operated by the Office of Minority Health in the United States Department of Health and Human Services.

XV. "Non-secular sham" means a policy, a course, or principle of action adopted or proposed by a state actor which endorses, respects, or favors the beliefs of a particular religion where the pre-eminent and primary force driving the state's action is not genuine, but is a sham that ultimately has a primary religious objective. The term refers to a type of policy that is predicated on a series of unproven faith-based assumptions and naked assertions that are implicitly religious.

XVI. "Personal responsibility education program" means the program administered by the administration for children and families in the United States Department of Health and Human Services to educate adolescents on

abstinence and contraception for the prevention of pregnancy and sexually transmitted infections.

XVII. "Physician" means a person licensed to practice medicine and surgery in this state.

XVIII. "Pregnancy" means the female reproductive condition of having an unborn child in the woman's uterus.

XIX. "Promote" means to advocate for, assist with, encourage, or popularize through advertising or publicity.

XX. "Public funds" means any funds received or controlled by this state or any agency or political subdivision thereof, including, but not limited to, funds derived from federal, state or local taxes, gifts or grants from any source, public or private, federal grants or payments, or intergovernmental transfers.

XXI. "Reasonable observer" means a person of ordinary prudence who views a policy from an objective standpoint in the context of the state's longstanding practice through the lens of self-evident neutral, natural, and non-controversial transcultural morality and who has not been desensitized by so-called evolving standards of decency that are predicated on a current cultural mindset that seeks to normalize practices that were otherwise considered to be self-evidently immoral, obscene, injurious, unnatural, or subversive to human flourishing.

XXII. "Religion" means a set of unproven answers to the greater questions that are predicated on an institutionalized or non-institutionalized faith-based world view flowing out of a community that is organized, full, and has a code by which members may guide their daily lives.

XXIII. "Secular humanism" means a faith-based world view that is also referred to as postmodern western individualistic moral relativism, expressive individualism, or leftism. A belief system that is protected by the Free Exercise Clause of the First Amendment of the United States Constitution and article 6 of the New Hampshire constitution and centered on the unproven assumption that there are no moral absolutes and that one moral doctrine should be used as the superior basis for law and policy. The term includes a series of unproven faith-based assumptions and naked assertions that suggest that morality and truth are man-made conventions and that at the heart of liberty is man's ability to define his own meaning of the universe. The term refers to a religion that does not fulfill any compelling state interest but instead tends to erode community standards of decency and promote licentiousness. The term refers to the unproven belief that convenience abortions are moral or plausible. The term includes sexual orientation orthodoxy and non-secular self-asserted sex-based identity narratives. The term refers to the belief that man is merely a bundle of chemicals, animated pieces of meat, or accidental particles and that nature is all there is. The term refers to the unproven faith-based assumption or Nietzschean theory that man evolved from monkeys and should, therefore, love one another just because.

XXIV. "Secular policy" means a course or principle of action adopted or proposed by a state actor that is natural, neutral, and non-controversial that is based on self-evident morality and objective truth from the reasonable observer perspective. The term includes government procedure or state action that generally accomplishes its goals and does not tend to put religion over non-religion or one religion over another or does not convey to a reasonable observer that the state favors one religion. The term includes a course of government action where the pre-eminent and primary force driving the policy is genuine, not a sham, and not merely secondary to a religious objective.

XXV. "Secular abortion" means the act of using or prescribing an instrument, medicine, drug, device, or another substance or means with the intent to terminate the clinically diagnosable pregnancy of a woman with knowledge that the termination by those means will with reasonable likelihood cause the death of the unborn child, when carried out to:

(a) Save the life of the mother or resolve a medical emergency.

(b) Save the life or preserve the health of the unborn child.

(c) Remove a dead unborn child caused by spontaneous abortion.

(d) Remove an ectopic pregnancy.

(e) Abort and remove an unborn child that is the result of rape or incest reported to a law enforcement agency.

(f) Abort and remove an unborn child because of a fetal malformation that is incompatible with the baby being born alive.

XXVI. "Taxpayer standing" means standing of a taxpayer to file a lawsuit against the government actor that is directly or symbolically engaging in practices that violate the Establishment Clause of the First Amendment after it actually or prospectively engaged in action that potentially failed at least one prong of the Lemon test or coercion test. The term includes a test that requires a minimal logical nexus in order to be invoked by a taxpayer when the government is directly or symbolically endorsing a religion in a coercive manner in violation of the Lemon test.

XXVII. "Unborn child" means the offspring of human beings from fertilization until birth.

XXVIII. "Violence Against Women Act" means sections of the Violent Crime Control and Law Enforcement Act of 1994, Pub. L. 103-322.

132-B:3 Prohibition of Appropriations of Public Funds to Convenience Abortion Providers.

I. No agency or instrumentality of the state may appropriate or award a grant of public funds to pay the direct or indirect costs of performing, inducing, referring, or counseling in favor of convenience abortions, because such state action fails the Lemon test and violates the First Amendment Establishment Clause of the United States Constitution and article 6 of the New Hampshire constitution for:

- (a) Constituting a non-secular sham.
- (b) Cultivating indefensible legal weapons against non-observers of the religion of Secular Humanism.
- (c) Having the effect of excessively entangling the government with the religion of Secular Humanism.

II. - (a) Performs convenience abortions, induces convenience abortions, provides convenience abortion referrals, or counsels in favor of convenience abortions; and

III. Pursuant to the First Amendment Establishment Clause of the United States Constitution, article 6 of the New Hampshire constitution, and the state's compelling interest to uphold community standards of decency, no agency or instrumentality of the state shall appropriate or award a grant of public funds to pay the direct or indirect costs of performing, inducing, referring, or counseling in favor of convenience abortions including, without limitation:

- (a) Perform convenience abortions.
- (b) Promote convenience abortions.
- (c) Contract with any entity that performs or promotes convenience abortions.
- (d) Become or continue to be an affiliate of any entity that performs or promotes convenience abortions because such an appropriation endorses non-secular practices and has the effect of excessively entangling the government with the religion of Secular Humanism.

V. Any taxpayer of this state or its political subdivisions shall have taxpayer standing to bring suit in a court of competent jurisdiction to enforce the provisions of this section. The prevailing party may seek attorney fees, costs, and other forms of equitable relief.

VI. Any officer or employee of the state who knowingly authorizes the use of public funds prohibited by this section may be dismissed from that person's office or position and the person's employment may be immediately terminated.

III. Public funds that would have otherwise been appropriated in the past to facilities providing convenience abortions may be appropriated to the fund.

IV. All interest earned on the fund shall be credited to the fund.

I. Pursuant to the Free Exercise Clause of the First Amendment of the United States Constitution and article 5 of the New Hampshire constitution:

**HB 596-FN- FISCAL NOTE  
AS INTRODUCED**

AN ACT prohibiting public funding of abortions and establishing the New Hampshire foster care and adoption initiative fund.

**FISCAL IMPACT:**     **State**                     **County**                     **Local**                     **None**

STATE:	Estimated Increase / (Decrease)			
	FY 2021	FY 2022	FY 2023	FY 2024
<b>Appropriation</b>	\$0	\$0	\$0	\$0
<b>Revenue</b>	\$0	Indeterminable	Indeterminable	Indeterminable

<b>Expenditures</b>	\$0	Indeterminable	Indeterminable	Indeterminable
<b>Funding Source:</b>	<input checked="" type="checkbox"/> General <input type="checkbox"/> Education <input type="checkbox"/> Highway <input checked="" type="checkbox"/> Other - Federal funds; newly-established NH foster care and adoption initiative fund.			

**METHODOLOGY:**

This bill prohibits any public funds from paying for an abortion not necessary to save the woman's life. In addition, the bill establishes a New Hampshire foster care and adoption initiative fund, to be funded by fees, fines, and other monetary penalties collected from abortion providers for violations of the newly created chapter. The fund would also be authorized to accept gifts, grants, donations, and bequests.

The Department of Health and Human Services states that currently, federal and state general funds are used to fund family planning centers in New Hampshire, although they are not used for terminations of pregnancy.

With respect to services for termination of pregnancy, each entity supported under the NH family planning program must not provide an actual abortion as a method of family planning. The Department further notes that the State does not employ any physicians or other health care practitioners who perform termination of pregnancy services. The program does pay a percentage of medical provider's salaries who may provide other services outside the purview of the NH Family Planning program.

Given the above limitations on the use of state and federal family planning funds, the bill's fiscal impact is unclear.

The Judicial Branch states that the bill creates a civil cause of action. While it is likely this would result in additional civil actions filed in superior court, it is not possible to calculate how many new cases would be filed under the new provision or the impact on the Judicial Branch's resources.
