Bill Number:	<b>HB 625-FN</b>
Title:	<b>relative to the protection of fetal life.</b>
Date:	<b>February 16, 2021</b>
Consent Calendar:	<b>REGULAR</b>
Recommendation:	<b>INEXPEDIENT TO LEGISLATE</b>

**STATEMENT OF INTENT**

This bill prohibits a health care provider from performing an abortion if the gestational age of the fetus is at least 24 weeks, unless there is a medical emergency. This bill sets an extremely narrow exception to the prohibition of abortion, excluding emotional, psychological, and other health factors worthy of consideration as determined by a patient and the patient's doctor. Not even rape or incest would be a permissible exception. Viability varies with each pregnancy. It has no predictive value in utero. It is only after birth that viability might become a relevant measure. This bill requires that all patients, no matter at what state of the pregnancy, seeking an abortion to have an ultrasound, imaging studies, and possibly other costly and invasive tests. The majority believes that doctors must be able to provide the best possible health care for each individual patient. By threatening criminal charges against providers who are exercising their best medical judgment, passage of this bill will result in intimidation and harassment against medical professionals.

Vote 11-10.

**STATEMENT OF INTENT**

This bill prohibits abortions on babies older than 24 weeks who can live outside of the mother's womb, except when the alternative poses significant risk to the life or health of the mother. This bill implements the compelling state interest in protecting viable babies and minimizes risk to the mother's health. This is about the values that define us. We see potential in every life- including the pre-born, and we recognize that the pre-born has been endowed by her creator with the inalienable right to life. We believe that viable babies should be allowed to live even if they have Down Syndrome or are otherwise less than perfect. We know every OB/GYN with a pregnant patient has two patients; mother and child, and uses all their skills to protect both. We believe the law should do the same. Testimony showed this bill to be consistent with standards of care for pregnant women who present with very difficult pregnancies. The minority of the committee believes that New Hampshire should never be a haven for those like Kermit Gosnell, the Pennsylvania abortionist who heartlessly snipped the spinal cords of "accidentally" born babies. We are proud to support legislation that reflects our values and protects the sanctity of human life. The minority stands in the gap, defending the most defenseless, and giving voice to the voiceless. New Hampshire should join the many states with post-viability bans by adopting this bill.

HOUSE COMMITTEE ON JUDICIARY

PUBLIC HEARING ON HB 622-FN  
HB 625-FN

**HB 622 BILL TITLE:** relative to protecting nascent human life as a reasonable and valid state interest.

**HB 625 BILL TITLE:** relative to the protection of fetal life

**DATE:** 2/9/2021

**LOB ROOM:** Remote

**Time Public Hearing Called to Order:** 9:02 AM  
**Time Adjourned:** 11:22 AM

**HB 625 Rep. Folsom**

TESTIMONY

\* Use asterisk if written testimony and/or amendments are submitted.

**\*Rep. Stapleton** introduced HB622. This bill steps away from religious and political considerations. It's based upon the US Supreme Court decision of Planned Parenthood v Casey which changed the requirements for abortion regulation. My bill is an attempt to use this Supreme court decision to reach common ground and restore some respect for life in its early stages. The intent is to reduce if not eliminate the dichotomy between the right to an abortion and the State interest in nascent human life, with no reference to the moral acceptability of abortion. Three essential holding of Case were : 1) women have an unrestricted right to abortion in early pregnancy; 2) the state may regulate abortion later in pregnancy; 3) the State has an important interest in protecting nascent human life. Since 1973 America has aborted 62 million pre-born. Without those abortions, our population might be 400 million vice the 300 million we have. Our birth rate is well below the population maintenance level. Abortion relies upon the judgment of medical practitioners. This bill recognizes the importance of other professionals/people in counseling the woman about whether or not to have an abortion. The woman should not be alone in that decision.

**\*Rep. Folsom** introduced HB625. It is shameful we have to be here addressing the lack of restrictions on when abortion may be performed. NH has a Republican trifecta, but this bill brings us into line with other states having a Democrat trifecta. NH is recognized as one of the most abortion friendly states in the country. NH has a single restriction on abortion: a ban on partial birth abortion. The only abortion prohibited agree those in which the provider is willing to pierce the skull of a partially delivered fetus. In Roe v Wade, the Supreme court explicitly rejected, rejected, the absolute right to an abortion. Some maintain that even a 37 week ban would itself be unlawful. I appeal to all Democrats and liberal Republicans to join us in support of this bill. Q McLean-Are you aware of any challenges to the abortion laws in states you mentioned? A I defer to a lawyer who will follow me. Q Have you invited any out-of-state to participate today? A No. This bill was entirely constructed in NH.

**Dr Shopa-Vermulla (?)** As a physician and Ob/Gyn I am very concerned about complications from these bills. When a woman seeks late term abortion they typically have very difficult decisions. In many cases the fetus will be incapable of survival. We talk to patients from our heart. We discuss all the options available and sometimes the woman will choose to have a "C" section and be able to hold the baby in their arms. HB622 criminalizes a procedure that no person desires. Patients should have access to abortion as their circumstances change. Please oppose Hb622

**Althea Ansa Pres Students for Life UNH** I strongly support these bills. NH is one of only three states with no abortion statistics and is one of only a few with no protection for pre-born children. Babies can feel pain at 21 weeks and they become “viable” even before 24 weeks. I am a practicing Protestant Christian. There will be no criminal penalties for the mothers and the ones for medical providers are not severe. Please support HB 622 and HB625

**\*Dr Mass Toalnd (?) Resident ad Dartmouth Hitchcock.** I went int Ob/Gyn because I want ed to help women through pregnancies, which includes abortions and d many other The bills pose a health risk to women in our state. Various things put women at risk of serious blood loss and other conditions that can e life-threatening. We shouldn’t have to wait for that risk . NH has a shortfall in ObGyns. These bills will discourage future doctors from coming to NH by threatening them with criminal charges. Both of these bills are bad for NH. Q Silber-Do they perform abortion on fetuses older than 24 weeks? A I am not sure. It is exceedingly uncommon. If it did I suspect it would be on a fetus not capable of surviving on its own. Q Have you done a post 24 week abortion? A No Q Alexander-have you noticed a decrease in ObGyns in stages with these laws? A I haven’t looked at the numbers but I myself would be inhibited/

**\*Sarah aBscal Board certified ObGyn** I am here to support HB 625 only. In many hospitals, including my own, when a woman presents as pregnant and over 24 weeks, she is assessed by a team. We may deliver a baby by C section if necessary or provide other medical care as appropriate. A recent study indicated that at 24 weeks survival rate is over 90%. Thus a 24 week ban is not a restriction of medical care as it enacts the standard of care in many hospitals.

**\*Dr Christina Francis OBgyn Charlotte Lozier Institute** As an Obgyn I monitor both the mother and the child throughout the pregnancy. I have successfully delivered infants born at 23 weeks and literature shows an 80% survival rate for babies at 24 weeks. Interventions for babies. Abortions after 24 have major problems for the mothers. 85% of OBGYNs do not perform abortions at any gestational age. Enacting these bills will in no way deter ObGyns from coming to NH Q Simpson-where do you practice? A I practice in Indiana .

**Joshua Gordon Attorney Opposes** In our founding documents Liberty is every where. Liberty means not restricting personal choice, but my Republican party has this exception for women’s reproductive choices.

**\*Dr Richard Johnson Supports** Supreme ‘court has supported the principle that the State has a legitimate interest in protecting pre-born life. These bills do not criminalize the procedure, it is the result being criminalized, which is aligned with medical ethics. Abortion does not penalize a procedure like all those intended to cure an disease or injury.

**\*Hillary Kilcullen Phys Asst Carol** Medical professionals can’t create Life, but they can end it. Terminating fetal life has been put on an equal footing with curative procedures. That is wrong

**Jeanne Hruska ACLU Oppose** Viability is nearly impossible to diagnose in Utero. The very narrow exceptions exclude procedures necessary to the mental or emotional health of he mother. HB625 require the mother to be in counsel with family members. It is patronizing to require they do that consultation by law. Doctors and patients are in the best position to make the decision and should be free to do so.

**\*Bob Dunn Catholic Diocese-Manchester Supports** We support these bills as we have supported many other initiatives to protect life. We must treat the life in the womb as we do all others. To do otherwise is to make human life expendable.

**Cheseal Dedanian (?) Self** Supports HB625. I am pregnant and just want to state there is forgiveness for anyone who has an abortion challenge all those who oppose to consider that life begins at conception. At 5 weeks I saw an ultrasound showing my baby’s life.

**Jane Hague self opposed** I think we have reached a standoff on the subject of abortion. When we continually bring up these issues, we are dividing the country and they reflect a perception that a small piece of flesh the size of a fingernail deserves protection.

**\*Devon Sirelli (?) Support** Conditions incompatible with life are diagnosed far before 24 weeks and the decision should be mad e then

**Rev Heidi Keith** **Opposes** I want to dispute the claim that all diagnoses are made early in pregnancy. In my practice many women were diagnosed late and forced to carry their pregnancies to term.

**\*Elizabeth Swerda** **Self** I appreciate your mothers for having you. I want to make sure you know little children have no voice but ours. I saw a dog trying to swim to safety and his owner, with help, found a long stick to rescue that dog. The master and his pet can be compared to this bill. You are tasked with deciding when human life becomes important enough to save. Give a timeline of fetal development. Please protect the pre-born child.

**\*Dr Dana Pierce** **Self Veterinarian Opposes** My baby diagnosed at 31 weeks with a lethal abnormality. Cameron was suffering and had no future. Because of Maine's abortion restrictions, we had to travel all across the country and pay \$25,000 to end my Child's suffering. We need to ensure women like me can get compassionate care.

**10:22 recess 10:35 Resume**

**\*Sophia Delilo (?)** **NH High School democrats Oppose** **Only 1 percent of abortions** are performed this late in pregnancy. Viability must be decided on a case-by-case basis. The idea a fetus can feel pain at 20 weeks is wrong because the structures are not in place. Data show that most women do not regret their abortions. Women who are denied abortion care are disproportionately poorer later in life. Prohibiting these abortions would be very detrimental to women's health.

**\*Catherine Glenn foster** **AUL support** I am a post abortive woman. Last term abortions carry high risk and the risk increases with gestational age. At 21 weeks gestation a woman is 91 times more likely to die from an abortion than in a first trimester. We must come alongside women with problem pregnancies. Current NH law does not protect babies after they can experience pain. It is well within State interest to protect babies who can feel pain. It is well within Constitutional guidelines to protect fetal life at these stages. Many states already do. **Q** Horrigan-Has AUL had a hand in crafting these bills? **A** We had no role in creating it. **Q** Where do you practice **A** I practice in DC and am licensed in some other states. My role at AUL is to study the laws in states across the country so legislators can compare. **Q** McLean-What other states have 24 weeks and has it been tested? **A** Yes At least 24 states have such restrictions and many have not been challenged but some have been.

**\*Michael king** **Massachusetts family Institute Supports** I recently moved into NH hoping it would have more restrictive laws protecting the pre-born only to find that the only restriction in NH is on the partial birth abortion procedure. Please support HB 625.

**\*Dr, Peter Kiprock (?)** **Family practiced Supports HB 625** We know after 24 weeks survival rate is significantly high after 24 weeks compared to earlier. I delivered a 25 week old baby girl who, after intensive care.

**Shannon McGinley** **Cornerstone Supports** A friend of mine had the same genetic abnormality described by the mother from Maine. It was diagnosed at a routine 20 week ultrasound. 32 weeks is not a typical time for such an exam. Physician misdiagnose. My son Aden was diagnosed with an abnormality, but a second opinion from a different team said that was false. My son was born totally normal. I wonder what would have happened to him in another hospital.

**\*Kayla Montgomery** **Planned parenthood Opposes** Every pregnancy is different and there should be no "one-size fits all" rule. Families and medical providers need freedom to make decisions. Families need our compassion and support, not government interference. ITL both these bills.

**\*Ian Huyett** **Atty Supports HB625** In Massachusetts, up until very recently had a more severe restriction on abortions after 24 weeks. Mass is recognized as one of the best states in the union for medical care. The 'viability' standard was opposed in previous legislation as too vague. Now, we hear you can't have a simple standard. At some point in time, SCOTUS explicitly says the State must balance the value of the pre-born life against other interests. I have not heard that balance even mentioned today.

**\*Kelly Nine** **Support HB625** I am 25 and live in NH. In contrast to much data I should oppose these bills but I support them. The truth is often simple and we must honor truth. HB625 does that as opposed to our current state of law. Opponents believe with fetal abnormalities are better off aborted than living. The simple truth is that human life is worthy of protect.

**Rep Maria Perez** **Opposes** I am here not as a Representative but as a victim of sexual assault. When someone tries to tell me what is right or wrong about my body, they shouldn't. As a victim I should have the right to decide what is right or wrong for my body.

**Jason Hennessey** **NHRTL Support** Please consider two questions: who is a person and what protection does that person deserve. You can see that most atrocities in history begin with denying that some people are not human.

**Elliot Axelman**      **Critical care paramedic**      Supports Both Hb622 and HB625      AAs a paramedic I can declare life or death. Generally the heartbeat is a dividing line. Somewhere around 6 or 8 weeks the baby has a heartbeat. Many patients in my ambulance have a far less chance of survival than a 24 week baby. Two purposes of government are to protect life and liberty. These bill so both. I doubt many medical providers would be deterred from coming to NH. AS to viability, I have e had many patients who couldn't survive without substantial medical support-ventilators, etc. We should value early life as much as those of the very old and frail

**Xindi Song**      Support both HB622 and HB625      Why is NH so backward when other states have bans at 22 weeks or 24 weeks. NH says we should Live Free or Die, but we all know everyone would prefer to Live free. There is no reason we should be so backward on abortion. They say women have a right to their body, but in abortion there is another body too and half of them are also women. Babies/Fetuses are people too and should be protected.

Neil Hubacker Self      Supports      My 9 year-old daughter wants to submit her testimony.  
[Inaudible]

**Rep Nicole Klein-Knight**      **Opposes**      if this bill were to pass we don't have the infrastructure to care for children who need substantial care. My taxpayers want t know how many more people will be put on assistance. If that number is substantial we are doing a disservice to taxpayers.

**Marc Guilmette**      I am speaking for Dr Damian... who will submit written testimony.

NEW HAMPSHIRE ACADEMY OF  
**FAMILY PHYSICIANS**  
DEDICATED TO QUALITY HEALTHCARE

February 7th 2021

The Honorable Edward Gordon  
Chair, Judiciary Committee  
New Hampshire House of Representatives  
LOB Room 208, 107 North Main Street  
Concord, NH 03301

Dear Chairman Gordon:

On behalf of the NH Academy of Family Physicians 25 member board, our primary care physicians and the state's two Family practice residency programs we are writing in strong opposition to the upcoming reproductive rights hearings on HB622, HB625, HB430, HB434, HB596, and HB233.

We endorse the AMA letter sent on January 29 on this issue.

Our group is composed of a diverse group of family doctors ranging in age from 27 - 75 years old. We care for our patients throughout their lifespan. We stand by our patient's side during birth, childhood crisis, tragic accidents, chronic disease, joyful ceremonies and death. We carry out our ethical duty to protect our patient's right to self-determination. We uphold our duty to ensure we are helping our patients remain safe from domestic violence, human trafficking and yes, a forced pregnancy. The decision to carry a pregnancy can be a complex private journey for many of us. Our patients and their families have the right to explore safe, non-stigmatized alternative options based on their individual medical, emotional and other personal circumstances.

We strongly urge the members of this committee to honor the training of family physicians, AMA and our surgical OBGYN colleagues on the private sanctity of this matter by standing up in complete opposition to the legislation HB622, HB625, HB430, HB434, HB596, and HB233.

Sincerely,

**Joann Buonomano MD, CPE, FAAFP**  
**NHAFP president 2020-2022**

To: The Honorable Edward Gordon

From: Patrick Ho, MD, MPH, President, New Hampshire Psychiatric Society

Date: February 8, 2021

On behalf of the New Hampshire Psychiatric Society and our members, I am writing to express our concern about and strong opposition to abortion-related legislation that would interfere with physicians' ability to provide timely reproductive medical care to women in New Hampshire. We stand firmly with our colleagues from the New Hampshire Medical Society and our state's other medical societies and believe that such legislation would be detrimental to the practice of medicine in our state.

The New Hampshire Psychiatric Society agrees with the stance of the American Medical Association that all women should have access to reproductive health services, and that this ought to include abortion. The early termination of pregnancy is a safe, established, and accepted medical practice. Physicians should play a key role in helping their patients choose whether, when, and how to perform an abortion without stigma. Furthermore, inability to access adequate reproductive medical care can be extremely detrimental to a woman's physical and mental health. As physicians who care deeply for the patients that we serve, we believe that efforts to deny access to established and accepted medical services as unacceptable. We strongly urge you and the members of your committee to protect the rights and health of our citizens and reject legislation that would limit timely access to abortion and other reproductive health services.

Thank you for your consideration. Please do not hesitate to reach out to me at [Patrick.a.ho@hitchcock.org](mailto:Patrick.a.ho@hitchcock.org) with further questions.

Sincerely,  
Patrick Ho, MD, MPH

February 7, 2021

The Honorable Edward Gordon  
Chairman, Judiciary Committee  
New Hampshire House of Representatives  
LOB Room 208, 107 North Main St  
Concord, NH 03301

Dear Chairman Gordon:

I am writing on behalf of the American College of Obstetricians and Gynecologists (ACOG) with deep concern regarding abortion related legislation: HB 622, HB 625, HB 430, HB 434, HB 596, and HB 233. These upcoming bills collectively threaten physicians' ability to provide the most appropriate reproductive medical care to women in New Hampshire.

ACOG opposes any legislation that limits women's access to reproductive health services, including pregnancy termination. Pregnancy termination has been shown time and again to be safe and is a widely accepted medical practice. Decisions regarding pregnancy termination are deeply personal and should be made by a patient in consultation with her physician free of interference from the New Hampshire State Legislature.

The bills currently under consideration threaten to deny patients' access to pregnancy termination and further seek to criminalize patients and physicians faced with difficult and private choices. We implore you and the members of your committee to reject these bills which we view as harmful to patients, physicians, and their ability to make safe, appropriate medical decisions.

Sincerely,

Courtney B. Jones, MD  
Section Chair, New Hampshire ACOG

The Honorable Edward Gordon  
Chairman, Judiciary Committee  
New Hampshire House of Representatives  
LOB Room 208, 107 North Main Street  
Concord, NH 03301

Dear Chairman Gordon:

On behalf of the American Medical Association (AMA) and our physician and medical student members, I am writing to express our concern about abortion-related legislation that would interfere with physicians' ability to provide timely reproductive medical care to women in New Hampshire. We believe such legislation represents a troubling legislative intrusion into the practice of medicine.

The AMA believes that all women should have access to reproductive health services, including abortion. The early termination of pregnancy is a safe, established, and accepted medical practice, and the decision whether, when, and how to perform an abortion is a medical matter that should be made between a physician and his or her patient, free of external interference and subject to the physician's clinical judgment, the patient's informed consent, and the standards of good medical practice.

Protecting the sanctity of the patient-physician relationship, including defending the freedom of communication and medical decision-making between patients and their physicians, is a core priority for the AMA and a fundamental tenet of high-quality medical care. We view efforts to deny patients access to established and accepted medical services as unacceptable governmental interference into the practice of medicine. We strongly urge you and the members of your committee to reject legislation that would limit timely access to abortion and other reproductive health services.

We thank you for the opportunity to express our views on this important matter. If the AMA can be of assistance, please contact Annalia Michelman, JD, AMA Advocacy Resource Center, at [annalia.michelman@ama-assn.org](mailto:annalia.michelman@ama-assn.org).

Sincerely,

Dear Members of the House Judiciary Committee,

My name is Dr. Christine Arsnow. I am a pediatrician and Vice President of the New Hampshire Pediatric Society, the state chapter of the American Academy of Pediatrics, which represents 242 pediatricians in New Hampshire. My testimony is on behalf of that organization.

I am testifying in opposition to House Bills 434 and 596 because I believe that affordable access to emergency contraception and abortion is a crucial aspect of women's healthcare.

In addition, I would like to state the NH American Academy of Pediatrics opposition to HB622, HB625, HB430, and HB233.

A national report conducted by the CDC National Center for Health Statistics showed that 55% of male and female teens have had sexual intercourse by age 18.<sup>1</sup> As a mother of two young daughters, I understand the temptation to hide from these statistics. While we educate and foster a culture of responsible sexual behavior, we must offer options for women. These bills seek to severely restrict access to abortion and emergency contraception, which would have a negative impact on teenagers.

Teen pregnancy and childbearing bring substantial social and economic costs on teen parents and their children. Pregnancy and birth are significant contributors to high school dropout rates among girls. Only about 50% of teen mothers are able to earn a high school diploma compared to approximately 90% of women who do not give birth during adolescence.<sup>2</sup> Children born to teenage mothers are more likely to have lower school achievement and to drop out of high school, have more health problems, be incarcerated at some time during adolescence, give birth as a teenager, and face unemployment as young adults.<sup>3</sup>

Teenage pregnancy disproportionately impacts Black, Hispanic and Native people, and women from low-income backgrounds.<sup>4</sup> Teens in child welfare systems are at higher risk of teen pregnancy and birth than other groups. Young women living in foster care are more than twice as likely to become pregnant than those not in foster care.<sup>5</sup> Because women from low-income backgrounds are at higher risk for teen pregnancy, it is crucial to provide affordable emergency contraception and abortion services.

Studies suggest that almost 1 in 4 of women will have had an abortion by the age of 45.<sup>6</sup> The Hyde Amendment currently bans the use of federal funds for abortion coverage for individuals enrolled in Medicaid,<sup>7</sup> which means that these procedures must be paid for out of pocket or via state funds for those without private insurance. Taking away state support as this bill suggests would mean that women with low income, including teenagers, would need to pay out of pocket for abortions. At an average cost of over \$500,<sup>8</sup> this is out of reach for many women.

Emergency contraception is a medication that can prevent pregnancy when used in the days immediately following unprotected intercourse. According to the 2006–2010 National Survey of Family Growth (NSFG) 11% of all sexually active women and nearly 1 in 4 sexually active women

ages 20-24 reported ever using emergency contraception.<sup>9</sup> About half of these women reported using emergency contraception because of fear of method failure (45%), and half because they had unprotected sex (49%). It is appalling to imagine any young woman would be in a position where she could not access emergency contraception.

Abortion and emergency contraception are two necessary aspects of women's reproductive health that must be available and affordable to all women. The decision to proceed with one of these therapies should be between a woman and her doctor and should not be limited by the government. I strongly oppose this bill.

Thank you for taking the time to read my testimony.

Christine Arsnow, MD, FAAP

Vice President of the NH Chapter of the AAP

STATE OF NEW HAMPSHIRE

*In the Year of Our Lord Two Thousand Twenty One*

AN ACT relative to the protection of fetal life.

*Be it Enacted by the Senate and House of Representatives in General Court convened:*

1 Title. This act may be known and cited as the “Fetal Life Protection Act.”

2 Legislative Findings and Purpose.

I. The general court finds that:

(a) The prohibition of late-term abortion is supported by history and the common law. The Hippocratic Oath as Literary Text: A Dialogue Between Law and Medicine, 2 Yale J. Health Policy L. & Ethics 299, 308 (discussing the Hippocratic Oath’s prohibition on abortion); Digest of Justinian: Digest 4.48.8.8 (classifying abortion as a form of homicide); 2 Bracton on Laws and Customs of England 341 (S. Thorne trans. 1968) (classifying abortion as a form of homicide “especially if [the fetus] is quickened”); 1 W. Blackstone, Commentaries on the Law of England 125 (1773) (stating that the common law has historically prohibited abortion “as soon as an infant is able to stir in the mother’s womb.”). The New Hampshire supreme court has observed that “The common law has always been most solicitous for the welfare of the fetus in connection with its inheritance rights as well as protecting it under the criminal law.” *Poliquin v. Donald*, 101 N.H. 104, 107 (1957).

(b) The United States Supreme Court, in holding that the United States Constitution protects abortion, also stated that “The pregnant woman cannot be isolated in her privacy. She carries an embryo and, later, a fetus... The situation therefore is inherently different from marital intimacy [etc.]... it is reasonable and appropriate for a State to decide that at some point in time another interest, that of... [fetal] life, becomes significantly involved. The

woman's privacy is no longer sole and any right of privacy she possesses must be measured accordingly." *Roe v. Wade*, 410 U.S. 113, 159 (1973).

(c) The *Roe* Court specifically rejected the view that "the woman's right is absolute and that she is entitled to terminate her pregnancy at whatever time, in whatever way, and for whatever reason she alone chooses." *Roe v. Wade*, 410 U.S. 113, 153 (1973).

(d) The *Roe* Court affirmed that "For the stage subsequent to viability, the State in promoting its interest in the potentiality of human life may, if it chooses, regulate, and even proscribe, abortion except where it is necessary, in appropriate medical judgment, for the preservation of the life or health of the mother." *Roe v. Wade*, 410 U.S. 113, 164-165 (1973).

(e) The United States Supreme Court, in rejecting the trimester framework of *Roe*, reaffirmed "the State's power to restrict abortions after fetal viability, if the law contains exceptions for pregnancies which endanger the woman's life or health" and stated that "the State has legitimate interests from the outset of the pregnancy in protecting... the life of the fetus that may become a child." *Planned Parenthood v. Casey*, 505 U.S. 833, 846 (1992).

(f) Already in 1973, the Supreme Court had observed that "Viability is usually placed at about seven months (28 weeks) but may occur earlier, even at 24 weeks." *Roe v. Wade*, 410 U.S. 113, 160 (1973). Since that time, however, there has been "dramatic improvement in survival for infants born at the border of viability ( $\leq 24$  weeks)." Barbara Luke and Morton B. Brown, The changing risk of infant mortality by gestation, plurality, and race: 1989-1991 versus 1999-2001, *Pediatrics*, Dec. 2006, 118 (6): 2488-2497.

(g) The Supreme Court has observed that "In some broad sense it might be said that a woman who fails to act before viability has consented to the State's intervention on behalf of the developing child." *Planned Parenthood v. Casey*, 505 U.S. 833, 870 (1992).

(h) New Hampshire has historically seen the fetus as a separate entity from the mother with distinct legal interests. *Bennett v. Hymers*, 101 N.H. 483, 485 (1958) ("We adopt the opinion that the fetus from the time of conception becomes a separate organism and remains so throughout its life."); N.H. Rev. State. Ann § 630:1-a: IV (stating that "the meaning of 'another' shall include a fetus" under specified criminal laws).

(i) "[R]espect for the dignity of human life" is a legitimate state purpose. *Gonzales v. Carhart*, 550 U.S. 124, 157 (2007). The United States Supreme Court has said that "Respect for human life finds an ultimate expression in the bond of love the mother has for her child... While we find no reliable data to measure the phenomenon, it seems unexceptionable to conclude some women come to regret their choice to abort the infant life they once created and sustained." *Id.* at 159.

(j) In addition, there is substantial medical evidence that a fetus by at least 20 weeks' gestation has the capacity to feel pain during an abortion. K. Anand and P. R. Hickey, Pain and its effects in the human neonate and fetus, *N.E.J.M.*, 1987, 317:1321.

II. Based on the findings in paragraph I, the general court's purposes in promulgating this act are:

(a) Based on the state's interest in protecting fetal life, to prohibit abortions at or after 24 weeks gestation, except in cases of a medical emergency.

(b) To define "medical emergency" to encompass "significant health risks," namely those circumstances in which a pregnant woman's life or a major bodily function is threatened. *Gonzales v. Carhart*, 550 U.S. 124, 161 (2007).

2 New Subdivision; Fetal Life Protection Act. Amend RSA 329 by inserting after section 42 the following new subdivision:

#### Fetal Life Protection Act

329:43 Definitions. In this subdivision:

I. "Abortion" means the act of using or prescribing any instrument, medicine, drug, or any other substance, device, or means with the intent to terminate the clinically diagnosable pregnancy of a woman with knowledge that the termination by those means will with reasonable likelihood cause the death of the fetus. Such use, prescription, or means is not an abortion if done with the intent to:

(a) Save the life or preserve the health of the fetus;

(b) Remove a dead fetus caused by spontaneous abortion; or

(c) Remove an ectopic pregnancy.

II. "Attempt to perform" means an act or omission of a statutorily required act that, under the circumstances as the actor believes them to be, constitutes a substantial step in a course of conduct planned to culminate in the

performance or inducement of an abortion.

III. "Conception" means the fusion of a human spermatozoon with a human ovum.

IV. "Gestational age" means the time that has elapsed since the first day of the woman's last menstrual period.

V. "Major bodily function" includes, but is not limited to, functions of the immune system, normal cell growth, and digestive, bowel, bladder, neurological, brain, respiratory, circulatory, endocrine, and reproductive functions.

VI. "Medical facility" means any public or private hospital, clinic, center, medical school, medical training institution, health care facility, physician's office, infirmary, dispensary, ambulatory surgical treatment center, or other institution or location wherein medical care is provided to any person.

VII. "Health care provider" means any person who provides health care services. The term includes but is not limited to medical doctors, doctors of osteopathy, nurses, or any employee of a medical facility.

VIII. "Pregnant" or "pregnancy" means the female reproductive condition of having one or more developing embryos or fetuses implanted in the uterus or elsewhere in the female body.

IX. "Probable gestational age" means what, in reasonable medical judgment, will with reasonable probability be the gestational age of the fetus at the time the abortion is considered, performed, or attempted.

X. "Reasonable medical judgment" means that medical judgment that would be made by a reasonably prudent physician in the community, knowledgeable about the case and the treatment possibilities with respect to the medical conditions involved.

XI. "Fetus" means an unborn offspring, from the embryo stage which is the end of the twentieth week after conception or, in the case of in vitro fertilization, the end of the twentieth week after implantation, until birth.

#### 329:44 Prohibition.

I. Except in the case of a medical emergency as specifically defined in paragraph III, no abortion shall be performed, induced, or attempted by any health care provider unless a physician has first made a determination of the probable gestational age of the fetus. In making such a determination, the physician shall make such inquiries of the pregnant woman and perform or cause to be performed all such medical examinations, imaging studies, and tests as a reasonably prudent physician in the community, knowledgeable about the medical facts and conditions of both the woman and the fetus involved, would consider necessary to perform and consider in making an accurate diagnosis with respect to gestational age, provided, however, that the physician shall conduct an obstetric ultrasound examination of the patient for the purpose of making the determination.

II. Except in a medical emergency as specifically defined in paragraph III, no health care provider shall knowingly perform, induce, or attempt to perform an abortion upon a pregnant woman when the probable gestational age of her fetus has been determined to be at least 24 weeks or in the absence of a determination by a physician pursuant to paragraph I as to the fetus' probable gestational age.

III. For the purposes of this subdivision only, "medical emergency" means a condition in which an abortion is necessary to preserve the life of the pregnant woman whose life is endangered by a physical disorder, physical illness, or physical injury, including a life-endangering physical condition caused by or arising from the pregnancy itself, or when continuation of the pregnancy will create a serious risk of substantial and irreversible impairment of a major bodily function, as defined in RSA 329:43, V, of the pregnant woman.

#### 329:45 Reporting.

I. Any health care provider who performs an abortion under this subdivision shall report, in writing, to the medical facility in which the abortion is performed the reason for the determination that a medical emergency existed. The health care provider's written report shall be included in a written report from the medical facility to the department of health and human services. If the abortion is not performed in a medical facility, the health care provider shall report, in writing, the reason for the determination that a medical emergency existed to the department of health and human services as part of the written report made by the health care provider to the department. The health care provider and the medical facility shall retain a copy of the written reports required under this section for not less than 5 years.

329:46 Criminal Penalties. Any health care provider who intentionally or knowingly performs or induces an abortion in violation of this subdivision shall be guilty of a class B felony and shall be fined not less than \$10,000 nor more than \$100,000, or both.

#### 329:47 Civil Remedies.

I. The woman, the father of the fetus if married to the mother at the time she receives an abortion in violation of this subdivision, and/or, if the mother has not attained the age of 18 years at the time of the abortion, the maternal grandparents of the fetus may in a civil action obtain appropriate relief, unless the pregnancy resulted from the plaintiff's criminal conduct or, if brought by the maternal grandparents, the maternal grandparents consented to the abortion.

II. Such relief shall include monetary damages for all psychological and physical injuries caused by the violation of this subdivision.

329:48 Review by New Hampshire Board of Medicine.

I. A defendant health care provider accused of violating this subdivision may seek a hearing before the board of medicine as to whether the health care provider's conduct was necessary to save the life of the mother whose life was endangered by a physical disorder, physical illness, or physical injury, including a life-endangering physical condition caused by or arising from the pregnancy itself; and/or as to whether the continuation of the pregnancy would have created a serious risk of substantial and irreversible impairment of a major bodily function, as defined in RSA 329:43, V, of the pregnant woman.

II. The findings on this issue are admissible at the criminal and civil trials of the defendant. Upon a motion of the defendant, the court shall delay the beginning of the trial for not more than 30 days to permit such a hearing to take place.

329:49 Construction. Nothing in this subdivision shall be construed as creating or recognizing a right to abortion.

329:50 Severability. If any provision of this subdivision or the application thereof to any person or circumstances is held invalid, such invalidity shall not affect other provisions or applications of the subdivision which can be given effect without the invalid provision or application, and to this end the provisions of this subdivision are declared to be severable.

3 Effective Date. This act shall take effect 60 days after its passage.

**METHODOLOGY:**

This bill prohibits a health care provider from performing an abortion if the gestational age of the fetus is at least 24 weeks unless there is a medical emergency. This bill contains a penalty that may have an impact on the New Hampshire judicial and correctional systems. There is no method to determine how many charges would be

brought as a result of the changes contained in this bill to determine the fiscal impact on expenditures. However, the entities impacted have provided the potential costs associated with these penalties below.

Judicial Branch	FY 2021	FY 2022
Routine Criminal Felony Case	\$494	\$494
Appeals	Varies	Varies
It should be noted that average case cost estimates for FY 2021 and FY 2022 are based on data that is more than ten years old and does not reflect changes to the courts over that same period of time or the impact these changes may have on processing the various case types.		
Judicial Council		
Public Defender Program	Has contract with State to provide services.	Has contract with State to provide services.
Contract Attorney – Felony	\$825/Case	\$825/Case
Assigned Counsel – Felony	\$60/Hour up to \$4,100	\$60/Hour up to \$4,100
It should be noted that a person needs to be found indigent and have the potential of being incarcerated to be eligible for indigent defense services. The majority of indigent cases (approximately 85%) are handled by the public defender program, with the remaining cases going to contract attorneys (14%) or assigned counsel (1%).		
Department of Corrections		
FY 2020 Average Cost of Incarcerating an Individual	\$47,691	\$47,691
FY 2020 Annual Marginal Cost of a General Population Inmate	\$6,407	\$6,407
FY 2020 Average Cost of Supervising an Individual on Parole/Probation	\$584	\$584
NH Association of Counties		
County Prosecution Costs	Indeterminable	Indeterminable
Estimated Average Daily Cost of Incarcerating an Individual	\$105 to \$120	\$105 to \$120

The Department of Justice indicates the proposed legislation does not appear to impose professional sanctions against health care providers who may violate the law. It is unknown to the Department how many abortions are currently carried out for the purpose outlined in the proposed legislation. The Department of Justice, however, would not necessarily be involved in the criminal prosecution of such offenses, the majority of which would instead, be handled by the county attorneys. Appeals from any convictions from any such offenses would be handled by the Criminal Justice Bureau and likely could be done within the current budget. Because the legislation does not appear to create professional sanctions for health care providers, the Department’s Administrative Prosecutions Unit would not be involved in bringing such claims before the Board of Medicine or other professional licensing boards. Thus, the Department does not anticipate an increase in workload or costs for the Administrative Prosecutions Unit.

The Judicial Branch indicates this bill creates a criminal penalty and provides for disciplinary action before the Board of Medicine which would be subject to appeal to the Supreme Court. While it is likely this would result in additional criminal actions filed in superior court, appeals of criminal verdicts to the Supreme Court, and appeals of disciplinary action by the Board of Medicine to the Supreme Court, it is not possible to calculate how many new cases would be filed under the new provision or the impact on the Judicial Branch’s resources. In addition, the new criminal penalties will require updates to the uniform charge table, notification and training of judges

and staff, updating the Judicial Branch's Odyssey database, modifying or creating new forms, and/or making any changes to the e-filing system. Those costs will be collectively determined based on all legislation that is passed into law during the session.
