**HB 173-FN- FISCAL NOTE  
AS INTRODUCED**

AN ACT requiring the independent investment committee of the New Hampshire retirement system to report investment fees.

**FISCAL IMPACT:**     State         County         Local         None

**METHODOLOGY:**

This bill requires the New Hampshire Retirement System (NHRS) to include a description of all fees incurred due to investment transactions in the quarterly report on investment activity of the independent investment committee. The bill also requires NHRS to post quarterly and annual financial reports on their website. The NHRS states there is no expected fiscal impact to system operations, funds or employer contribution rates as a result of these new requirements.

**Who supports the bill:** Representative Dianne Schuett (Merrimack – District 20), Representative Jeff Goley (Hillsborough – District 8), Richard Gulla (SEA/SEIU L 1984), Karen Irwin, Casey McCabe (NH Retirement Security Coalition), Brian Hawkins (NEA-NH), Representative Gary Merchant (Sullivan – District 4), Robin Vogt, Representative Art Ellison (Merrimack – District 27), Cullen Tiernan (SEA/SEIU 1984), Brian Ryll (Professional Fire Fighters of NH), Virginia Clifford, and Avis Crane.

**Who opposes the bill:** None.

**Who is neutral on the bill:** Marty Karlon (NHRS).

**Summary of testimony presented in support:**

**Representative Dianne Schuett**

**Merrimack – District 20**

- Representative Schuett said HB 173-FN is an attempt to add transparency to the actions of the New Hampshire Retirement System (NHRS) independent investment committee. She

said that investment accounts regularly provide information on earnings, as well as the costs involved with having those accounts handled. She said NHRS members should have access to information on what is spent to increase the funds.

- Rep. Schuett said that transparency is the surest way to judge the value of decisions being made.
- Rep. Schuett said that HB 173-FN is a re-file of HB 1326 (2020), which was included in an omnibus bill that was vetoed for other reasons.
- Rep. Schuett said that HB 173-FN passed House Executive Departments and Administration unanimously and pass the House on the Consent Calendar.
- Senator Carson asked if HB 173-FN was asking NHRS to include fees in their quarterly statements to members.
  - Rep. Schuett said that the idea was that they be posted online but said Mr. Karlon from NHRS could address any further actions NHRS might take, such as including it in their quarterly statements.

### **Richard Gulla**

#### **President, SEA/SEIU Local 1984**

- Mr. Gulla said that he supports HB 173-FN.
- Mr. Gulla said that while he was representing SEA/SEIU members, he is also a NHRS member as a former Liquor Commission employee.
- Mr. Gulla said that because the NHRS is funded through public tax dollars, there is an expectation of complete transparency. He said that HB 173-FN creates a requirement to report fees on investment returns to NHRS trustees and members of the public.
- Mr. Gulla said that the return on investment of the NHRS trust fund is important to the stability of the fund, which affects property taxes. He said that property taxes are lower if the NHRS has strong returns.
- Mr. Gulla said that NHRS had a 1.1% return rate for FY 2020. He said that the assumed rate was 6.7% and the 1.1% rate was far off. He said it was illogical for a \$10 billion fund to return 1.1%. He said that it should be known how much went to managers and fees for consultants.
- Mr. Gulla said that transparency on fees would help to understand why NHRS performs the way it does and how much is being paid for the low performance.

**Summary of testimony presented in opposition: None.**

### **Neutral Information Presented:**

#### **Marty Karlon**

#### **NHRS**

- Mr. Karlon said that NHRS has no position on HB 173-FN. He said that NHRS reports fees annually in the annual financial report. He said that they could be posted online quarterly and can add that report if HB 173-FN is passed.
- Senator Carson said it is good to know that NHRS already collects the information on fees. She asked if it would be difficult to break it out quarterly and include it in quarterly

statements.

- Mr. Karlon said that because of the timing of billing and such, there would be a three-month lag in what is reported. He said that through March 31, for example, there would be no information until May or so. He said that NHRS would report the fees as NHRS received the information.
- Senator Carson asked if there would be information informing pensioners of the three-month lag.
  - Mr. Karlon said that whatever the final format is, it would include a narrative explaining the fees and adding context. He said that it would not be a sheet of numbers and NHRS would try to contextualize the information for a layperson's understanding.

Concord, NH 03301

RE: Testimony in support of HB173 *requiring the independent investment committee of the New Hampshire retirement system to report investment fees.*

Dear Madame Chair and Members of the Committee,

My name is Brian Ryll and I serve as the President of the Professional Fire Fighters of New Hampshire, representing 42 Local Unions and 2,000 active and retired fire fighters statewide. Additionally, I am a Captain for the City of Portsmouth Fire Department. I am testifying today in support of HB173 *requiring the independent investment committee of the New Hampshire retirement system to report investment fees.*

This bill seeks to provide more transparency to the 48,000 active and 39,000 retired members of the NH Retirement System as well as the public at large. The bill before you requires that the independent investment committee report and publicly post on their website a description of all fees that are paid for any and all investment transactions. Right now, all that is shared is the total amount of fees. Providing further description and explanation of these fees will provide necessary and important transparency to how the \$9 billion dollar fund is being invested and the fees being paid to do so.

We believe that investment fees are one of many important factors that can impact the overall health and stability of the retirement system. Several others are also necessary to note in this context, especially one directly connected to investment fees. The NH Retirement System [NHRS] under the guidance of the Independent Investment Committee saw only a 1.1% return for FY2020. Pensions & Investments (<https://www.pionline.com/section/returns-tracker>) compared the FY2020 returns of 56 public employee pension plans, including New Hampshire. Their research showed, only 11 did worse than NH, 3 did the same, and 41 did better than NHRS's 1.1% return.

We are concerned at the amount of fees being paid when all that is returned is a 1.1% on \$9 billion dollars. The research shows that receiving a higher rate of return was in fact possible even given the state of the markets at the beginning of 2020. Passing HB173 would help show us what is working and what needs to be revisited, given the very real concern of meeting actuarial assumptions in order to provide benefits to members and keep employer rates stable.

This is a small change towards more transparency and is an important step in the right direction. We respectfully ask that the committee support HB173 *requiring the independent investment committee of the New Hampshire retirement system to report investment fees.*

Respectfully Submitted,

Brian Ryll  
President  
Professional Fire Fighters of New Hampshire

HB 173: To the Chair and members of ED&A, this bill is an attempt to add some transparency to the actions of the independent investment committee of the New Hampshire Retirement System (NHRS). Like me, I'm guessing some of you have some sort of investment account which regularly provides you with information not only on earnings but also what it costs you to have a financial advisor handle those investments for you. It seems only proper that the members of the system (NHRS) – and the employers who provide a portion of the money that the investment committee handles should have access to information on what is spent to hopefully increase the trust fund. That is the surest way to judge the value of the decisions being made by that body. Again, this is a redraft of HB 1326 from the 2020 session which House ED&A passed unanimously and then was passed by the House on consent calendar. As with the previous bill, it was approved by your committee and folded into an omnibus bill only to be vetoed, I believe for reasons of some of the other items contained in that huge piece of legislation. So I hope this committee will be favorable to this subject again. Rep. Dianne Schuett
