Who opposes the bill: 218 people signed up in opposition to the bill. Full sign in sheet available upon request.

Summary of testimony presented in support:

Representative Yakubovich

- This is simple change to the law clarifying what is enshrined in the constitution, the right to bear arms.
- This inserts a paragraph to RSA 631:3 that states displaying a firearm does not constitute reckless conduct.
- Is a door knocker. If someone shows him their firearm, appreciates it because he would rather be shown a firearm than to be shot with it. A warning in plenty.

Honorable Joe Hannon (Gun Owners of NH)

- The mere display of a firearm is perfectly legal in NH, we are an open carry state and you do not need a permit to carry a concealed firearm.
- The allowing the mere display of a firearm is not giving someone license to threaten or point or fire a firearm.
- If someone is walking to their gun club with rifle over their shoulder or carrying it does not constitute as a crime.

- However, people may be charged with reckless conduct by certain individuals if they decide to stretch of the law.
- Just because something is being held does not mean it is reckless, unless they are pointing it at someone or threatening them.
- This does not apply to domestic violence situations because if someone has a history of domestic violence or abuse the victim can easily get an order to prohibit the abuser from possessing a firearm.
- There are still statutes for abusers to be charged if they are threatening someone.
- This is protecting people who are already exercising their rights.
- Senator Gannon stated that women who are domestic violence victims whose abuser puts a gun on the bedside table or a driver who is brandishing a weapon is putting someone in fear of imminent bodily harm. That is a very different thing than a firearm visible in a holster.
 - Agrees. The example of someone cleaning their firearms being a threat in their home is odd. It would have to be someone saying they will shoot the person if they don't get the eggs. If a person has a history of domestic violence the victim will be able to get an order against that person. This does not apply in those situations.
- Senator Gannon pointed out the pattern of behavior to use it as a threat is different then being down in the basement cleaning the gun.
 - That is a pattern of behavior that can be used to charge someone with domestic violence.
- Senator Kahn pointed out the word reckless is in the section that reads 'intimate partners, family, or household members the conviction under this section shall be recorded as reckless conduct'. This bill would say that it is not reckless. Asked why someone would display a firearm before a family member without it being threatening.
 - That section would still be part of the RSA. If someone is making a reckless display that is different than a mere display. Was a cub scout leader and was showing them the difference between real firearms and toy ones. That is not reckless display.
- Senator Kahn pointed out that this bill is not about displaying a firearm for educational purposes, this is displaying it before a family member or intimate partner.
 - It is not illegal to show someone a firearm in your home unless you are doing it in a threatening manner. The mere showing of a firearm in your home is not currently against the law. This bill is to protect people in a public place who are displaying a firearm.
- Senator Whitley asked for clarification about his statement regarding it being easy to get a domestic violence protective order.
 - Does not remember saying it was easy, but the victims can get one. The definition of 'reckless' is being utterly unconcerned about the

consequences of some actions without caution and being careless. There is a difference between displaying something and being reckless with an object.

- Senator Whitley pointed out that in a domestic violence situation there is an imbalance of power and therefore is it not so easy to just go and get a protective order.
 - Doesn't imagine it would be, but they are able to if they meet certain criteria according to the law.
- Senator Whitley asked if he understands that victims do not always feel safe enough to get a protective order.
 - Recognizes the balance of power. That is not an excuse for the current laws that allow people to do certain things. Being reckless or threatening is not being allowed under this. It is very black and white when it comes to the mere display of a firearm. If someone is threatening, they should pursue charges and get a protective order. Understands that may not be easy to do, but they are able to do it.

Honorable Danial Itse (NH Firearms Coalition)

- This has nothing to do with waving anything around, it has to do with displaying, allowing to be seen, showing.
- During his time in the legislature often carried a firearm and on occasion certain people could see it and complained to the Speaker.
- This is about protecting the ability of a firearm to be displayed in a holster or carrying it to and from the woods.
- Waving a firearm around or threatening people with it is clearly reckless conduct.
- This is about giving law enforcement clear and concise guidelines that simply allows a firearm to be seen and does not constitute reckless conduct.

Alan Rice (Gun Owners of America)

- Defensive display of a firearm within use of force common law is a valid and legitimate way to warn off a potential criminal attacker.
- The person displaying that firearm to warn off an attacker should not be subject to criminal prosecution for reckless conduct.
- Criminals have their own set of pride and hierarchy within their criminal gangs and activities.
- If someone says 'you need to drop the weapon, I am armed' the attacker may or may not drop it. But when someone points a gun at them, the firearm is a far superior weapon to a bat or a knife. Even a criminal, with a criminal mind, in most cases will drop the bat.
- Just carrying a gun in a holster or carrying a rifle in a sling, without words or other actions, is not a crime under current law.
- Those who choose to carry a gun in the open should not be threatened with prosecution for reckless conduct because someone else has an unfounded fear of an inanimate object.

- This is a simple housekeeping bill to bring the criminal code into conformity with the long accepted common law use of deadly force and of open carrying.

Summary of testimony presented in opposition:

Erin Jasina (NH Legal Assistance)

- On Saturday in Times Square there was a shooting. Witnesses reported that 2-4 males were in a dispute and at least one person displayed a firearm. Three innocent bystanders were shot, including a 4-year-old girl.
- This is the scenario we are inviting with the passage of this bill.
- The free pass this bill creates will bring more gun deaths to NH.
- Domestic violence can take many forms.
- Words and actions that seem harmless, might signal death for a victim.
- For a victim, a signal or a trigger may be their abuser displaying a firearm.
- An abuser making their victim watch the cleaning of their gun ever night, places the victim at risk of serious bodily injury.

Pamela Keilig (NHCADSV) (provided written testimony)

- Similar testimony to HB196.
- It is vital we are not giving abusers more opportunities to intimidate, threaten, or hold power over victims.
- Adding display of a firearm as a exception to reckless conduct would allow an abuser to use a firearm as a tool to coerce and intimidate their victim.
- An abuser displaying their gun is an intentional act aimed at sending a threatening message and cannot be interpreted as neutral or passive.
- A huge component of reckless conduct is based on whether a person's behavior places or may place another in danger of serious bodily injury.
- This could give abusers power to legally threaten victims without it being considered a form of coercion or abuse.
- This bill makes it okay to intentionally display your gun as a warning sign.

Lois Cote (provided written testimony)

- Volunteers with Moms Demand Action.
- This is a dangerous invitation to draw and brandish firearms recklessly including for the purpose of intimidation without fear of criminal consequences.
- The bill states that displaying a firearm can never be deemed as reckless conduct under the law.
- There are numerous examples in which drawing a firearm may place another in danger of serious bodily injury.
- A traffic dispute where one party draws a gun, prompting the other driver to veer off the road or brandishing a firearm in a crowd causing panic or drawing a firearm while intoxicated.
- The message this bill gives to gun owners is that they have no duty to others to safely and responsibly manage their firearms, and that drawing their gun no matter the context, cannot ever result in a criminal charge of reckless conduct.

Valerie Fagin

- Volunteers with Moms Demand Action.
- Research shows that visible guns have been found to make people more aggressive.
- Displaying a gun makes it more likely that disagreements will turn into violent conflicts.
- Holding a gun impacts various cognitive process, including a person's intentions, priorities, and abilities to judge if a person is armed or holding a neutral object.
- A gun does not need to be fired to inflict fear and abuse.
- Approximately 4.5million American women today have been threatened with a gun by an intimate partner.
- One study of domestic violence found that women who have been threatened with a gun or fear that their partner would use one against them had more severe psychological symptoms opposed to women who had endured other types of abuse.

Representative Horrigan

- This is a bad bill, and it makes no sense as written.
- A deadly weapon is specifically defined as gun, knife, or other substantive thing known to be capable of causing death or serious bodily injury.
- This bill is carving out a special exemption for firearms.
- In many situations merely displaying a gun is going to be perceived as a threat to the victim, and the law should respect the victims' point of view in that.
- Why not be able to display a knife under this?

Zandra Rice Hawkins (Gunsense NH)

- RSA 631:3 states a person is guilty of reckless conduct if they recklessly engage in conduct which places or may place another in danger of serious bodily injury.
- Reckless conduct is a class B felony if a person uses a deadly weapon or a misdemeanor for all of conduct.
- This statute is important to domestic violence protections because it goes on to say, 'upon proof that the defendant were intimate partners, family, or household members.'
- A conviction under this section is recorded as 'reckless conduct-domestic violence.'
- This bill gives a free pass to anyone who chooses to recklessly display firearms to harass, intimidate, coerce, control, or threaten others.
- This bill is completely unnecessary because RSA 627:4 already allows a person who responds to a threat that would be consider by a reasonable person as likely to cause serious bodily injury or death to a person or another, to display a firearm with the intent to warn away the person making the threat without having committed a criminal act.
- There is a reason this is being removed from this section of the law instead of RSA 627:4 which comes with some responsibilities and protections.

Representative Altschiller

- This bill seeks to add a new qualifier to RSA 631.

- RSA 625 defines deadly weapon as a firearm, knife, or other substance or thing which in the manner it is used, intended to be used, or threatens to be used, is known to be capable of producing death or serious bodily injury.
- If a person is walking through Market Basket carrying a baseball bat doing nothing else that will cause alarm because the baseball bat is something unusual to carry around the supermarket.
- If a person is at a restaurant and places a serrated hunting knife on to the table that is an alarming situation.
- Those instances are examples of coercive control.
- They are actions that are taken to send a message to the people around them that the balance of power is in favor of the person with the weapon.
- There are no campaigns by baseball bat coalitions or hunting knife companies to normalize these types of behaviors.
- This bill and others seek to normalize the presence of firearms everywhere.
- Coercive control creates unequal power dynamics in a relationship, and it is a form of violence.
- Article 2 of the Constitution ensures all persons have the right to keep and bear arms, but Article 1 is often glossed over which states that the government is founded in consent and for the general good.
- Living under the threat of coercive control in no way contributes to the common good.

Subject: NH resident OPPOSE HBs 196, 195, 307, 334

As a native NH resident, I strongly oppose the following bills: **HB 196, HB 195, HB 307, and HB 334.**

HB 196 would provide legal justification for a property owner to point a gun at someone and threaten to shoot him or her if that person merely stepped onto the property owner's driveway or lawn by later explaining that the property owner feared the person would cause damage to their property. That is too much threat of harm for an *imagined* potential harm to property.

HB 195 would except "display" of a firearm from the definition of "reckless conduct," even though NH's statute on reckless conduct specifies that reckless conduct committed with a deadly weapon is a felony. What is the purpose of displaying one's weapon, other than to intimidate others?

HB 195 would make it easier for someone, especially domestic abusers, to use a firearm to intimidate others without having to worry about consequences.

HB 307 would nullify any existing local, university or school district firearms restrictions, as well as prevent any public entity from adopting any restrictions in the future. The ban extends to any private entity contracting with public entities to use their facilities, too.

K-12 schools, colleges and universities would all have to permit guns on grounds/campuses. How will anyone know whether it's a "good guy" with a gun or someone who intends to do harm? Guns do NOT belong in schools.

HB 334, would reverse the current ban on carrying a loaded firearm during operation of a OHRV or snowmobile. Why is this bill needed, when there is currently a ban? Clearly, it has already been deemed a public safety issue. Considering the weekly accidents involving snowmobiles & off-road vehicles, especially roll-overs, carrying a loaded weapon is a hazard. And, just why does a snowmobiler need such "protection"? Who do they anticipate meeting out on the trails?

Subject: I ask that you find the following bills ITL

Every conversation with a constituent that turns to the subject of guns ends with "Guns are an immense responsibility that should never be treated lightly." Responsible - that is the word that comes from conversations with citizens at Ward 1 Nashua doors.

When we start the conversation, some say that we are limiting their right to own, some think we're trying to confiscate all their weapons - this is the propaganda they hear from lobbyists, receive in their emails, and read on some websites. This is so very wrong - in fact for decades the push has been to relax laws to leave few safety regulations in place.

Schools should not have visitors bringing guns, ever. It terrorizes those who have ever watched the news. Waving your gun at another motorist is just plain wrong, always. We have the Castle Defense in NH, and it works, please don't expand it even further.

These bills come from out of state, prepared by lobbyists and posed as necessary by activists. This is enough, it's time to hold those who own weapons to always be responsible.

Please, vote down the gun bills coming to you today.

Regards,
Representative Jan Schmidt

Subject: I am a NH voter and constituent, PLEASE OPPOSE HB 196, HB195, HB307 and HB334

Dear Chair Sharon Carson and Senate Judiciary Committee members,

I am a NH voter and a constituent. Please oppose HB 196, HB195, HB307, and HB334. I am tired of guns and violence being protected above every day people.

Any one of these bills would make NH a more dangerous place to live, work and play; taken together, passage of these bills would go a long way to making our state a place where guns are far more protected than people.

Why you should oppose HB 195, adding display of a firearm as an exception to reckless conduct. This bill would except "display" of a firearm from the definition of "reckless conduct," even though NH's statute on reckless conduct specifies that reckless conduct committed with a deadly weapon is a felony.

As a rape survivor, this bill horrifies me. HB 195 would make it easier for someone, especially domestic abusers, to use a firearm to intimidate others without having to worry about consequences. As a rape survivor, this bill horrifies me.

Why you should oppose HB 196, adding trespass as an exception to the charge of criminal threatening. So if I go to a neighbor's house to give them an Amazon box that was mistakenly dropped on my doorstep, I can be threatened with a gun? Merely stepping onto someone's driveway or lawn would be sufficient legal justification for a property owner to point a gun at someone and threaten to shoot them if they later explained that they feared the person would cause damage to their property.

Why you should oppose HB 307, relative to the state preemption of the regulation of firearms and ammunition.

HB 307 would nullify any existing local, university or school district firearms restrictions, as well as prevent any public entity from adopting any restrictions in the future. The ban extends to any private entity contracting with public entities to use their facilities, too.

K-12 schools, colleges and universities would all have to permit guns on grounds/campuses.

Schools, colleges, towns, and municipal entities also would be forbidden from creating rules around how firearms are carried on their grounds, such as for safety purposes. For example, a school would not be permitted to say that guns must be stored or carried safely, or that those bringing guns to school must have undergone training. A fire department would not be able to say that firefighters must not wear loaded weapons into a fire.

Violations for public officials who attempt to pass gun safety restrictions are punitive: up to \$10,000, and possible removal from their positions by the governor. (For real? This seems against democracy if you ask me.)

Why you should oppose HB 334, a bill to reverse the current ban on carrying a loaded firearm on a loaded OHRV or snowmobile. This is just silly and embarrassing. Seriously?

These bills will make the people of NH more vulnerable to gun violence. Please oppose them all, especially on HB 307, the most sweeping of the bills, that would go so far as to punish town and school officials for trying to keep their communities safe.

Thank you for your immediate consideration of these important issues.

Sincerely,

Mel Hinebauch
Concord, NH 03301

Subject: HB195

As a senior woman I find this bill so alarming. Is NH becoming the Wild West?
The thought of someone being allowed to brandish a gun is terrifying. This puts lives in harms way, especially the disenfranchised. Do we really need to become the Alabama of the north! Changing this law is ludicrous, there is simply no benefit and it certainly increases danger.
What is wrong with these people!?

Subject: Testimony against HB195: adding display of a firearm as an exception to reckless conduct

Dear Senators

Testimony from Representative Debra Altschiller, Stratham Rockingham 19 HB 195: *adding display of a firearm as an exception to reckless conduct*

House Bill 195 seeks to add a new qualifier to Chapter 631:3. (CHAPTER 631 ASSAULT AND RELATED OFFENSES (state.nh.us)) As a refresher, that chapter begins like this: "A person is guilty of reckless conduct if he recklessly engages in conduct which places or **may place** another in danger of serious bodily injury." Then follows with this: "Reckless conduct is a class B felony if the person uses a deadly weapon as defined in RSA 625:11". (Section 625:11 General Definitions. (state.nh.us)) Dig into that and you'll find a deadly weapon defined as "any firearm, knife or other substance or thing which, in the manner it is used, **intended to be used, or threatened to be used**, is known to be **capable** of producing death or serious bodily injury".

If a person goes walking through the aisles of Market Basket carrying a baseball bat around, not hitting anything, not necessarily coming near anyone, not saying anything, maybe just striding through carrying it on their shoulder do you think that behavior will cause alarm? Of course it will because a baseball bat is something unusual to carrying around the supermarket, it is not normal. It is alarming and it should be.

Let's say you go to a restaurant and the person at the table next to you pulls out their ten and $\frac{3}{4}$ inch Weyland survival knife with the serrated edge and the gut hook. They just put it on the table for everyone to see. Why on earth would they do that? Ostensibly the restaurant provides its own cutlery. That is an unusual item to bring into a restaurant. That is an alarming situation and it should be.

Those instances are examples of coercive control. They are actions taken that send a message to the people around them that the balance of power is in their favor because they have introduced an item that is unusual to its surroundings and circumstance and they have demonstrated a comfortableness with threatening. That is coercive control.

Neither one of these situations are normal behavior, we wouldn't accept it. Interestingly enough, no coalition of baseball enthusiasts plan events to normalize the use of bats in places other than baseball games. There are no campaigns by hunting knife companies to BYOK, trying to normalize bringing your own knife to restaurants. But every year, this legislature hears bills that seek to normalize the presence of a firearm everywhere. Bring your gun to pick up a pizza, bring your gun to your kid's ballet class, bring your gun to the library, bring your gun dinner, bring your gun to your house of worship, and bring your gun to work. All in an effort to normalize the presence of the most lethal means of coercive control in our communities.

Coercive control creates unequal power dynamics in a relationship. It is a form of violence. It is a key factor of domestic abuse and intimate partner violence. It is part of the pattern of behaviors perpetrators use to gain control and power. Coercive control is an act of intimidation, it is a silent threat. It breaks down boundaries and it threatens safety.

When someone has a firearm, they don't need to brandish it. It's presence is a threat alone. Ask any victim of domestic violence whose abuser never pointed a weapon at them but would take it out and leave it on the kitchen table as a warning. Ask the victim whose date ended in sexual assault why they froze when the weapon came out of the glove compartment "just for show". Ask the family members who lost a loved one to gun violence how normal it feels to be around people who to their knowledge have no permit, no training and for all anyone knows, no background check in acquiring that weapon because private sales don't require it in New Hampshire. I'll share with you that those are all people I have worked with, and the presence of a gun has improved none of those situations.

Normalizing the presence of firearms in all parts of our lives is the goal of this kind of legislation, because it sells more firearms.

We should not endeavor to normalize the abusive act of coercive control. We have an obligation to the citizens of New Hampshire to create safe communities free from abuse. Article 2 of the New Hampshire Constitution ensures all persons have the right to keep and bear arms in defense of themselves, their families, their property and the state. Often glossed over though is Article 1 that states our government is founded in consent and for the general good. Living under the threat of coercive control in no way contributes to the common good.

I respectfully ask you to please vote inexpedient to legislate (ITL) on House Bill 195.

Subject: Written Testimony Regarding HB195, HB196, & HB307

Honorable Members of the Senate Judiciary Committee,

My name is Amanda Elizabeth Toll. I represent Cheshire 16, which encompasses the city of Keene at-large.

I believe both HB195 and HB196 move to eradicate common sense gun violence prevention measures and will put victims at increased risk of domestic abuse. The New Hampshire Coalition Against Domestic and Sexual Violence shares this view and is on record opposing these two bills.

HB307 moves to eradicate a common sense gun violence prevention measure and puts students at public universities and colleges at increased risk.

Common sense gun violence prevention measures are necessary to protect domestic violence victims, keep our schools safe, and prevent mass shootings and other violent tragedies.

Protecting domestic violence survivors and student populations from gun violence should not be a partisan issue. Moreover, I feel confident that my constituents would want me to oppose these dangerous pieces of legislation on their behalf. I ask you to vote to ITL HB195, HB196, and HB307 and put the safety of Granite Staters over the will of gun lobbyists.

Respectfully,

Amanda Elizabeth Toll

New Hampshire State Representative.

Subject: Vote NO on HB 195, HB 196, HB 307 and HB 334.

Dear Senate Judiciary Committee members,

Please stand up for gun violence prevention. Prevent more violence. Protect New Hampshire citizens. Vote NO on HB 195, HB 196, HB 307 and HB 334.

New Hampshire has an approach to guns and gun safety that allows a large amount of rights to own and carry firearms. These current laws already permit carrying guns and protecting oneself. HB 195 and 196 are dangerous and allow threatening and abusive behavior that can lead to harm and death. They go too far, and would make New Hampshire less safe.

HB 307 is unnecessary and dangerous. NH already has an expansive firearm preemption law. It is inappropriate to add new punitive measures to prevent local communities from doing what is right for their school and towns. The state has already enacted a preemption law, there is no need to take it further. This is overreach by the state government and this bill should be stopped.

Finally, HB 334 is simply dangerous. As a Pediatric Emergency Physician, I already take care of victims of recreational vehicle accidents and gun violence and accidents. Combining the two is reckless and dangerous. There is so much risk of accidental discharge of a loaded firearm while on a snowmobile or other off-road vehicle. This could harm the driver, rider, or someone completely unrelated. Do not allow loaded firearms on these vehicles. Use common sense, don't make my job harder, don't make NH citizens less safe.

We all want our communities, neighbors, friends and family to be safe and healthy. We want to visit each other again, give hugs, share stories and laughs. I so miss my community and contact from before this Covid 19 pandemic. As we reach out and start to interact more, now that case numbers are decreasing and vaccines are increasing, I do not want gun violence to get in the way. Please continue to do what is best and safest for NH, and vote NO on these dangerous laws. By doing so, you would not be limiting or taking away any rights of gun use, you are simply ALSO protecting those near guns.

As always, thank you for working hard for NH and our communities.

Sincerely,
Emily Zajano, MD
Exeter, NH

Senate Judiciary Committee, 05/10/2021

HB195, adding display of a firearm as an exception to reckless conduct

Testimony of Pamela Keilig

Public Policy Specialist, NH Coalition Against Domestic and Sexual Violence

Good afternoon Madam Chair and Members of the Committee. My name is Pamela Keilig, and I am the Public Policy Specialist at the New Hampshire Coalition Against Domestic and Sexual Violence. The Coalition is an umbrella organization for 12 community-based crisis centers who each year provide free and confidential services to nearly 15,000 survivors of sexual and domestic violence. I am here in opposition of HB195, which would add display of a firearm as an exemption to reckless conduct. Thank you for the opportunity to share this testimony.

If passed, this legislation will greatly tip power and control into the hands of the abuser and place domestic violence victims at severe risk. While we absolutely recognize the right of New Hampshire citizens to own and have access to guns, I wanted to briefly highlight how firearms can be used by abusers in domestic violence cases. Domestic violence is the deadliest crime in our state, and it is essential that we are not giving abusers more opportunities to intimidate, threaten or hold power over victims.

Many abusive partners use firearms to control and even terrorize their victims. Firearms are often used in different ways during the course of non-fatal domestic violence, whether it be an abuser threatening to shoot a victim (with or without displaying the firearm), intimidating the victim with the weapon, or simply having the gun present. This could be heightened if the abuser has previously threatened to shoot the victim, making the mere presence of a gun an alarming sight. Adding display of a firearm as an exception to reckless conduct would allow an abuser to use a firearm as a tool to further coerce and intimidate their victims. An abuser displaying their gun is an intentional act aimed at sending a threatening message and cannot be interpreted as a neutral or passive action.

In fact, statistics from the National Violence Against Women Survey suggests that 3.5% of women in the U.S. have been threatened with a gun by an intimate partner; this equates to roughly 4.5 million people. Firearms do not have to be fired in order to instill fear in a victim and the absence of physical injuries should not undermine the psychological harm that victims experience. Acts of non-fatal domestic violence often cause significant psychological trauma. This can have long-term impacts on a victim's mental health and many victims of psychological abuse experience depression, post-traumatic stress disorder, suicidal ideation, low self-esteem, and difficulty trusting others.

Finally, a huge component of how we understand the term "reckless conduct" is based on whether a person's behavior 'places or may place another in danger of serious bodily injury". This could give abusers leverage and power to legally threaten victims without it being considered a form of coercion. While the bill does not go so far as to protect those who point a gun at an unarmed person and threatens to shoot them, it makes it okay to intentionally display your gun as a warning sign. This an unnecessary and potentially dangerous change to current statute and absolutely should not pass. I strongly urge the committee to vote ITL on this bill.

Subject: Bills before your committee

Dear Senate Judiciary Members,

There are 6 critical second amendment bills that are in the possession of the your committee and need to be voted out prior to the Senate Calendar Deadline so as to clarify and cement our citizens' constitutional rights.

Please vote Ought To Pass on ALL of the following bills:

HB307 "The 2021 2nd Amendment Sanctuary State Act" [relative to the state preemption of the regulation of firearms and ammunition.]

HB195 "Ending prosecution for display of a firearm under reckless conduct" [adding display of a firearm as an exception to reckless conduct.]

HB196 "Property protection is not a crime" [adding trespass as an exception to the charge of criminal conduct.]

HB197 "Expanded Stand your Ground for vehicles" [relative to the use of deadly force in defense of another.]

HB334 "Constitutional Carry for ATV and Snowmobiles" [relative to prohibitions on carrying a loaded firearm on an OHRV or snowmobile.]

HB440 "The 2021 Protect Our Constitutional Rights Act" [prohibiting the suspension of civil liberties during a state of emergency.]

It is essential that while we have a legislature that favors our 2nd amendment rights that we undo the damage from years of abuse.

Sincerely,

Robert Moulton
Wentworth, NH

HB197 "Expanded Stand your Ground for vehicles" [relative to the use of deadly force in defense of another.]

HB334 "Constitutional Carry for ATV and Snowmobiles" [relative to prohibitions on carrying a loaded firearm on an OHRV or snowmobile.]

HB440 "The 2021 Protect Our Constitutional Rights Act" [prohibiting the suspension of civil liberties during a state of emergency.]

It is essential that while we have a legislature that favors our 2nd amendment rights that we undo the damage from years of abuse.

Thank you.

Michael D. Houst
Barrington, NH

Never mind the fact that Congress defined a firearm when they passed the unconstitutional 1968 Gun Control Act: 18 U.S.C. § 921 (a) "(3) The term "firearm" means (A) any weapon (including a starter gun) which will or is designed to or may readily be converted to expel a projectile by the action of an explosive; (B) the frame or receiver of any such weapon;.."

Maybe it's just me, but I would find it hard to use a 80% lower with a single slot machined into the fire control cavity as an item that "may readily be converted to expel a projectile by the action of an explosive;", and I personally own the Bridgeport necessary to make the changes. There is nothing that is "readily" convertible about a partially machined AR lower.

Now, Biden is pushing to have the former lobbyist for the Giffords group as the new head of the ATF, someone former Congresswoman Gabrielle Giffords labeled as the "perfect choice".

Strangely, there are some in New Hampshire that want to give the Federal Government FBI and ATF greater responsibility for who can and who cannot purchase firearms in NH. Later this week we will be sharing the dangers of one of the Senate bills going through the State House that proposes to give the Federal Government FBI exclusive control over NH gun owners access to firearms from firearms stores.

We need to build a wall at the state level to stop the federal government from continuing to take away our rights.... And this is where we need your help! The New Hampshire Senate needs to hear from you!

The Senate Judiciary committee will be voting on 6 critical pro-2a bills on Tuesday (5/25) and they need to hear from you tomorrow! We need the Senators to vote OTP (Ought To Pass) on each of these pieces of legislation. CLICK HERE TO COMPOSE A EMAIL TO THE SENATE

Email address for the cmte members. [Some email programs might require you to add the names directly to the email.

Sharon.Carson@leg.state.nh.us
William.Gannon@leg.state.nh.us
Harold.French@leg.state.nh.us

Becky.Whitley@leg.state.nh.us
Jay.Kahn@leg.state.nh.us
jennifer.horgan@leg.state.nh.us

The following bills are in the Senate Judiciary Committee and need to come out with an Ought To Pass (OTP) recommendation and be passed on the Senate floor.

HB307 "The 2021 2nd Amendment Sanctuary State Act" [relative to the state preemption of the regulation of firearms and ammunition.]

This bill prohibits local officials from creating local gun free zones without General Court Approval. This bill expands what was started years ago. Current law prohibits the creation of local gun free zones, but the statute does not assign a penalty for breaking the law. Local officials seem to have no regard for willfully violating this statute. This bill will correct those willful violations by adding a penalty. This is the most important bill that we need your help to pass.

HB195 "Ending prosecution for display of a firearm under reckless conduct" [adding display of a firearm as an exception to reckless conduct.]

Simply displaying a firearm is not a crime. Threatening someone is an action and that is completely different from being charged for your shirt shifting while getting out of a car or reaching for a box of cereal on the top shelf at the grocery store. No one should be forced to spend their life savings to defend themselves in a court fighting a class B felony for a firearm showing under your shirt while you stoop or bend over to pick up something.

HB196 "Property protection is not a crime" [adding trespass as an exception to the charge of criminal conduct.]

This is a bill to prevent prosecution for what Mark and Patricia McCloskey did to protect their property. *No one was hurt when a mob broke through the gates and trespassed on their property, yet the McCloskey's were charged with a crime and the mob damaging their property was not charged for their criminal acts.*

HB197 "Expanded Stand your Ground for vehicles" [relative to the use of deadly force in defense of another.]

Current law prohibits you from defending your loved ones sitting in your car. Under certain conditions when someone is about to commit a felony against you and you are inside your vehicle, you do not have the right to protect yourself or those with you. This bill would restore that chance to defend yourself and your loved ones without fear of criminal prosecution.

HB334 "Constitutional Carry for ATV and Snowmobiles" [relative to prohibitions on carrying a loaded firearm on an OHRV or snowmobile.]

This bill simply solves a small oversight from when Constitutional carry was passed in 2017. Currently you are prohibited from riding a ATV or snowmobile on your own property while carrying a loaded handgun.

HB440 "The 2021 Protect Our Constitutional Rights Act" [prohibiting the suspension of civil liberties during a state of emergency.]

Currently the courts have ruled that the executive branch can strip us of our constitutional protections during a declared "state of emergency". Remember hurricane

Katrina? This bill would correct that.

Sample email to the Senate:

Sharon.Carson@leg.state.nh.us; William.Gannon@leg.state.nh.us;

Harold.French@leg.state.nh.us; Becky.Whitley@leg.state.nh.us;

Jay.Kahn@leg.state.nh.us; jennifer.horgan@leg.state.nh.us

Dear Senate Judiciary Members,

There are 6 critical second amendment bills that are in the possession of the your committee and need to be voted out prior to the Senate Calendar Deadline.

Please vote OTP on ALL the following bills:

HB307 "The 2021 2nd Amendment Sanctuary State Act" [relative to the state preemption of the regulation of firearms and ammunition.]

5/10/2021

New Hampshire Senate Judiciary Committee

My name is Lois Cote. I am a volunteer with the NH Chapter of Moms Demand Action for Gun Sense in America and a resident of Manchester. I am submitting written testimony in opposition to HB195. This bill is a dangerous invitation to draw and brandish firearms recklessly, including for the purpose of intimidation, without fear of criminal consequences. This is not how responsible gun owners behave, and it should not be allowed or encouraged in the Granite State.

The bill plainly states that displaying a firearm can never be deemed "reckless conduct" under NH law. Our law defines reckless conduct as "conduct which places or may place another in danger of serious bodily injury." There are numerous examples in which drawing a firearm "may place another in danger of serious bodily injury" --imagine a traffic dispute in which one party draws a gun, prompting the other to veer off the road, or brandishing a firearm in a crowd causing panic and possibly injury, or drawing a firearm while intoxicated. The very thought that drawing and displaying a deadly weapon can not--by definition--be considered a reckless act just does not line up. The message that this policy gives to NH gun owners is that they have no duty to others to safely and responsibly manage their firearms and that drawing their gun, no matter the context in which they do so, cannot ever result in a criminal charge of reckless conduct.

I urge you to oppose HB 195.

Subject: 2A bills to support

Dear Senate Judiciary Members,

There are 6 critical second amendment bills that are scheduled to be discussed by your committee tomorrow, May 25, 2021, and I am asking that you vote for/ support each one of them.

Please vote to pass the following 2A bills:

HB307 "The 2021 2nd Amendment Sanctuary State Act" [relative to the state preemption of the regulation of firearms and ammunition.]

HB195 "Ending prosecution for display of a firearm under reckless conduct" [adding display of a firearm as an exception to reckless conduct.]

HB196 "Property protection is not a crime" [adding trespass as an exception to the charge of criminal conduct.]

HB197 "Expanded Stand your Ground for vehicles" [relative to the use of deadly force in defense of another.]

HB334 "Constitutional Carry for ATV and Snowmobiles" [relative to prohibitions on carrying a loaded firearm on an OHRV or snowmobile.]

HB440 "The 2021 Protect Our Constitutional Rights Act" [prohibiting the suspension of civil liberties during a state of emergency.]

These 2nd Amendment bills are critical for our "Live Free or Die" state to give citizens the right to protect ourselves. We would very much appreciate your support in helping to make this happen. It is so important to give law abiding citizens the comfort of safety and security of being able to protect ourselves.

Thank You!
Sincerely,

Nancy House

Subject: Please support and pass these six bills in front of your committee

Dear Senate Judiciary Members,

I am contacting you to voice my support and to urge you to pass six critical bills that are in your committee now. These bills need to progress prior to the Senate Calendar Deadline.

For all of the following bills, I urge you please vote OTP:

HB307.

Title: Relative to the state preemption of the regulation of firearms and ammunition.

This helps to guarantee uniformity across the entire state.

HB195

Title: Adding display of a firearm as an exception to reckless conduct.

This is vital for our constitutional carry state.

HB196

Title: Adding trespass as an exception to the charge of criminal threatening.

This bill is one you hope you never have to use, but you want it in place - an insurance policy.

NH has been very safe over the last year while we have watched chaos engulf other areas of the country. Lets keep it that way. This bill protects the people of New Hampshire if that could be forced to protect their property and their family if such emergency would arise.

HB197

Title: Relative to the use of deadly force in defense of another.

This is a common sense law. A person should be able to protect themselves, their family, and friends from the vehicle they occupy as if it was there home. Even though this is rare it has happened in Nashua where attempted car-jackings have taken place in the downtown area.

HB334

Title: Relative to prohibitions on carrying a loaded firearm on an OHRV or snowmobile.

An oversight and should be passed so that it reads like other legislature from the passing of 2017 Constitutional Carry.

HB440

Title: Prohibiting the suspension of civil liberties during a state of emergency.

Last but certainly not least is this bill. I personally feel this one of the most vital pieces of legislature under consideration by the Senate. The contents of this bill should apply to every American, but today we have to focus on the citizens of our state. State of emergency can not be used to set aside our rights. This seems like common sense, but here in NH we had a court rule that the governor had the right to do so - shocking to think this happened in the state with the moto of "Live Free or Die".

I urge you please vote OTP on HB440!

Kind Regards,

Brady Owens
Nashua, NH

HB334 "Constitutional Carry for ATV and Snowmobiles" [relative to prohibitions on carrying a loaded firearm on an OHRV or snowmobile.]

HB440 "The 2021 Protect Our Constitutional Rights Act" [prohibiting the suspension of civil liberties during a state of emergency.]

It is essential that while we have a legislature that favors our 2nd amendment rights that we undo the damage from years of abuse.

Sincerely,

Rick Hiland
