**METHODOLOGY:**

This bill increases fees for certain services of sheriffs and deputy sheriffs. The New Hampshire Association of Counties indicates these fees were last increased in 2010 and costs have increased since that time. The proposed fees bill represent an increase in civil service fees of approximately 20%. The Association provided the following fee revenue and number of civil services from each county, which may include multiple services for a single document and excludes postage and civil arrest fees:

County	Revenue			# of Civil Services		
	2017	2018	2019*	2017	2018	2019*

-------	-------------	-------------	-------------	--------	--------	--------

\* 2019 amounts are projections.

Based on the information above and assuming a relatively level number of civil service fees, the bill would raise approximately \$400,000 per year, beginning in FY 2021. ( $\$2,000,000 \times 20\% = \$400,000$ ).

The Judicial Branch indicates in 2019, the Branch spent \$8,837 on sheriffs' service fees. While it is anticipated that the increase in fees proposed by this bill would result in additional expenditures, the Judicial Branch does not anticipate that this increase will exceed \$10,000.

Senator D'Allesandro, Prime Sponsor:

- Senator D'Allesandro sponsored the very same bill last session, which passed the Senate on a voice vote.
- The NH Sheriffs Association requested sponsorship of the bill. Their fees for service have not been increased for more than 10 years. They are asking for a moderate increase to cover their own increases in the cost of fuel, wages, mailing, the cost of cruisers, and every other aspect of writ services.
- We all have to recognize the cost of doing business has increased over the last 10 years.

Sheriff Eli Rivera, Cheshire County:

- In response to a question posed by Senator Giuda concerning whether or not service of process on different parties can be made on the same trip, Sheriff Rivera explained there might be occasions where a sheriff might visit a home and serve multiple parties at that home with different papers. Instead of applying mileage to both parties, mileage would only be applied to one, due to traveling to the same location. If they were serving on a different date, they would again apply mileage. Senator Giuda rephrased his question using the example of Grafton County, which could have processes to serve on individuals in 3 separate towns. Is there a policy that might perhaps only charge for the farthest location, or is each location charged the full cost of the service? Senator Giuda is looking for ways to make it more efficient. Sheriff Rivera explained in such a case, the individuals would incur the cost from the office to the location, regardless of the Sheriff having to serve multiple papers throughout the county. Each paper has mileage attached to it from the Sheriff's Office to where it is

being served. The difficulty with Senator Giuda's suggestion is that they would be unable to determine how to apply the mileage and to whom to charge the mileage . Multiple attempts might be required, but in other instances papers might just be left at the home.

- The Association is requesting minor increases in service fees, which have not increased since 2010. The increase in costs since that time have all been absorbed by county taxpayers.
- It is time to increase these fees, and share some of the costs with the actual entities using the services.
- The average increase is approximately \$5 per service.
- There is a mechanism in place for an exemption by court motion to have the fees waived.
- Senator Daniels inquired if there was any expense to the state. Sheriff Rivera indicated in the case where the court waives the fee for service, the court assumes the liability of payment.
- Senator Rosenwald noted the fiscal note on the bill indicates an increase in revenue to the county of \$400,000. She wondered if that amount was offsetting county costs that we're not seeing, or is it merely additional revenue to the county. Sheriff Rivera stated it would offset the costs of the services they provide, to some degree. They have a statutory obligation to provide the services.
- Senator Hennessey sought confirmation that the changes in the proposal will not generate revenue, but merely offset the expense. Sheriff Rivera indicated Senator Hennessey was correct; not all of the expense would be offset, however.

Marissa Chase, NH Association for Justice:

- Their members are the attorneys who typically pay these service fees when papers must be served for clients.
- Ms. Chase cited a few instances where their members were charged for mileage twice to the same address, i.e., a husband and wife living at the same location being served at the same time, on the same trip, for the same case. Mileage should only be charged once, as the sheriff is driving to that location only once. If multiple attempts are required, mileage should be charged multiple times.
