**The Committee on Criminal Justice and Public Safety
to which was referred HB 1178,**

**AN ACT prohibiting the state from enforcing any
federal statute, regulation, or Presidential Executive
Order that restricts or regulates the right of the people
to keep and bear arms. Having considered the same,
report the same with the following amendment, and the
recommendation that the bill OUGHT TO PASS WITH

Rep. John Burt

FOR THE COMMITTEE

COMMITTEE REPORT

Committee:	Criminal Justice and Public Safety
Bill Number:	HB 1178
Title:	prohibiting the state from enforcing any federal statute, regulation, or Presidential Executive Order that restricts or regulates the right of the people to keep and bear arms.
Date:	February 9, 2022
Consent Calendar:	REGULAR
Recommendation:	OUGHT TO PASS WITH AMENDMENT 2022-0479h

STATEMENT OF INTENT

Under the provisions of this bill, state and local government officials will be under order to not enforce federal gun laws. Over the years, on many topics, both democrat and republican attorneys general have opined that New Hampshire law enforcement should not be enforcing federal laws. This is a simple concept, state and local police are hired, trained, and compensated with state and local tax dollars. It makes no sense to divert those scant resources to enforce federal laws that, if they are to be enforced, should properly be enforced by federal law enforcement officers. This bill is wholly consistent with U.S. Supreme Court rulings. In 1997 the Supreme Court ruled in *Printz v. United States* that Congress cannot make states enforce the federal Brady gun control law which attempted to require local Sheriffs or police to carry out gun background checks. And the *Printz* case was not an outlier, in the late 1800s, some northern states, such as Pennsylvania, passed personal liberty laws which made it illegal for citizens of the commonwealth to help enforce the Fugitive Slave Act. Likewise, in the eighteenth century, Virginia and Kentucky threatened to nullify the Alien & Sedition Acts of 1798, which essentially jailed people for criticizing government officials. American states have a long history of pushing back against federal mandates and federal oversight. This bill is consistent with that history.

Vote 12-7.

8

RELATING TO THE RIGHT TO KEEP AND BEAR ARMS

9

10 159-E:1 Federal Statutes, Regulations, and Presidential Executive Orders Relating to the Right
11 to Keep and Bear Arms. Pursuant to the general court's authority under Part II, Article 5 of the
12 New Hampshire Constitution, the state of New Hampshire, a political subdivision of this state, or
13 any person acting under the color of state, county, or municipal law shall be prohibited from using
14 any personnel or financial resources to enforce, administer, or cooperate with any law, act, rule,
15 order, or regulation of the United States Government or Executive Order of the President of the
16 United States that is inconsistent with any law of this state regarding the regulation of firearms,
17 ammunition, magazines or the ammunition feeding devices, firearm components, firearms supplies,
18 or knives. Silence in the New Hampshire Revised Statutes Annotated pertaining to a matter
19 regulated by federal law shall be construed as an inconsistency for the purposes of this chapter.

20 159-E:2 Application. In light of the long-standing practice of cooperation between federal, state,
21 and local law enforcement agencies, nothing in this chapter shall prevent a state, county, or local
22 official from cooperating with or rendering aid or assistance to federal officials in any circumstance
23 where there is reasonable suspicion to believe that a person who is the subject of an investigation for
24 violation of federal firearms law covered by RSA 159-E:1 also has committed, is committing, or is
25 about to commit a violation of New Hampshire law or a violation of a federal law, regulation, order,
26 or practice not covered by RSA 159-E:1. Nothing in this chapter shall prevent a state, county, or
27 local official from providing authorized federal officials, upon their request, with official state,
28 county, or local records that are available to the public or which constitute criminal history records
29 maintained by an agency of state, county, or local government, or taking any other action necessary
to fulfill or comply with the state's obligations under the National Crime Prevention and Privacy

Amendment to HB 1178

- Page 2 -

1 Compact approved and ratified in RSA 106-B:14, III, provided that the provisions of this chapter
2 shall not provide for the distribution of information required to be destroyed pursuant to 18 U.S.C.

4 159-E:3 Severability. If any provision of this chapter or the application thereof to any person or
5 circumstances is held invalid, such invalidity shall not affect other provisions or applications of the
6 chapter which can be given effect without the invalid provision or application, and to this end the
7 provisions of this chapter are declared to be severable.

RE: Support of HB 1178

Dear Chairman Abbas and Committee Members:

May this find you all well. I am writing today as both a resident of Bedford, NH and as the New Hampshire State Director for Gun Owners of America, a national organization with over two million individual members and supporters. **We strongly support HB 1178 which will prohibit state and local police from enforcing federal firearms laws.**

If HB 1178 is enacted into law, state and local government officials will be under order to NOT enforce federal gun laws. Over the years, on many topics, both Democrat and Republican attorneys general have opined that New Hampshire law enforcement should not be enforcing federal laws. This is a simple concept, given that state and local police are hired, trained and compensated with state and local tax dollars. It makes no sense to divert those scant resources to enforce federal laws that, if they are to be enforced, should properly be enforced by federal law enforcement officers.

This is not a new idea and would not be the first time that a state law has been used to combat tyrannical federal laws. In the 1800s, some northern states, such as Pennsylvania, passed Personal Liberty Laws which made it illegal for citizens of the Commonwealth to help enforce the Fugitive Slave Act.

Likewise, Virginia and Kentucky threatened to nullify the Alien & Sedition Acts of 1798, which essentially jailed people for criticizing government officials.

The Honorable Daryl Abbas
Chair
House Criminal Justice and Public Safety Committee

HB 1178 is wholly consistent with U.S. Supreme Court rulings. In 1997 the Supreme Court ruled in *Printz v. United States* that Congress cannot make states enforce the federal Brady gun control law which attempted to require local Sheriffs or police to carry out gun background checks.

And in the 2012 challenge to Obamacare, *NFIB vs. Sebelius*, the Supreme Court held: “Congress has no authority to order the States to regulate according to its instructions. ... or risk losing all Medicaid funding.”

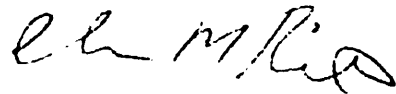

American states have historically fought back against all forms of government tyranny, and enacting HB 1178 will go a long way towards protecting our Constitutional Right to Bear Arms – a right that is guaranteed by the New Hampshire Constitution.

On behalf of the two million members and supporters of Gun Owners of America, I am urging you to vote HB 1178 “ought to pass” without any amendments or changes.

I respectfully request that this letter be included in the official records of HB 1178.

Thank you for your kind consideration.

Very truly yours,

A handwritten signature in black ink, appearing to read "Alan M. Rice". The signature is fluid and cursive, with the first letters of the first and last names being capitalized and prominent.

New Hampshire State Director

PLEASE do not amend/poison the bill and please don't let the Senate poison or kill the bill. Thank you very much!!!

Dear Committee Members:

Please support HB1178 with a YES vote. Not only is federal gun control an enormous overreach of the Constitution of the United States but it empowers agencies like the ATF to create new, dangerous rules and enforcement by fiat against innocent citizens, sending their own militias to search, confiscate, and incarcerate at will. They have a long storied history of doing this, even while we are required in their public hearings to ask them not too. The people of NH have no recourse to stop the endless distraction and bullying from such agencies.

While I support measures that stop real criminals who do criminal acts, I am weary of the corruption seeping into politics that harms the innocent. That corruption from federal “gun control” has been a century in the making, often targeting minorities and the poor, by removing the means they would otherwise choose to protect themselves from harm and corruption under the protection of the New Hampshire Constitution.

New Hampshire Constitution: Part 1, Article 2-a:

“All persons have the right to keep and bear arms in defense of themselves, their families, their property, and the state.”

Voting YES in HB1178 brings the decision making home and protects us in NH from federal overreach by protecting the rights of free and moral people.

Thank you.

This bill would assert separation of powers and prevent federal interference with state rights, as it would prohibit the state of New Hampshire, a political subdivision of this state, or any person acting under the color of state, county, or municipal law from using any personnel or financial resources to enforce, administer, or cooperate with any law, act, rule, order, or regulation of the United States Government or Executive Order of the President of the United States that is inconsistent with any law of this state regarding the regulation of firearms, ammunition, magazines or the ammunition feeding devices, firearm components, firearms supplies, or knives. Thus, I support HB1178 and respectfully urge this Committee to support it as well.

As a Granite Stater, I'm asking you to prioritize legislation to address gun violence in our state.

Research shows that strong gun laws save lives. Our country is in a gun violence crisis—and we need our state legislators to act now to prevent senseless gun deaths.

As a member of the House Criminal Justice Committee, you have an opportunity to pass legislation that would save lives in our state and reject bills that make us less safe. Bills moving through your committee include:

- HB1668 would require a background check on all firearm sales in the state. **Please vote YES on HB1668.**
- HB1151 and HB1096 would prohibit open carrying of firearms in sensitive places such as polling locations and public demonstrations. **Please vote YES on HB1151 and HB1096.**
- HB1178 seeks to nullify and undermine most federal gun laws and regulations by forbidding state authorities from enforcing or cooperating in the enforcement of such laws. **Please vote NO on dangerous HB1178.**

Thank you for prioritizing gun safety this session.

I am asking because our state and country are at a critical time and it seems like the more injustice and violence we see, we try to solve it with even more injustice violence from the opposite side, which is only leading to more injustice and violence. We have put ourselves in a dangerous vortex spinning up ever faster toward more and more violence. No amount of injustice and violence can get us out of violence.

If more Guns made people safer, The United States would be the safest place on earth from gun violence. We are not or anywhere close to it.
We have the most guns and the most gun violence.

Thank you for prioritizing gun safety this session.

Dear & Public Safety Committee Criminal Justice,

Gun Owners of America told me that on January 26, the Criminal Justice and Public Safety Committee will conduct public hearings on five bills that will have a significant impact on firearms, freedom, civil liberties and the quality of life in New Hampshire.

HB 1096 and HB 1151 will make Granite Staters and visitors less safe by prohibiting the carry of firearms in a long list of places. New Hampshire was most recently ranked the "freest state" and is consistently ranked as one of the top 5 safest states. People have a long track record of using firearms responsibly for self-defense as well as any other lawful means. Please vote HB 1096 and HB 1151 "inexpedient to legislate" (ITL).

HB 1668 is a recycled, old anti-gun idea that has been rejected many times before. Under the provisions of HB 1668, if someone sells, gives or lends a firearm to a friend or family member they could go to jail. Please do not criminalize the trading of firearms between friends and family and vote HB 1668 ITL.

HB 1636 will extend Constitutional Carry, which has been the law in New Hampshire for almost five years, to snowmobiles and ATVs. If a person can carry a gun on their boat, in their car or any place else where they might legally be in our state, they should also be able to carry a gun on a snowmobile or ATV. Please vote HB 1636 "ought to pass" without any amendments or changes.

HB 1178 is a simple bill that puts into law a decades long practice of New Hampshire law enforcement not enforcing federal laws. State and local police are hired and compensated with state and local tax dollars. They should not be doing the work of federal law enforcement officers. Please vote HB 1178 "ought to pass" without any amendments or changes.

Gun Owners of America will keep me informed about your votes in Committee and on the House floor. Thank you for your consideration.

Dear & Public Safety Committee Criminal Justice,

Gun Owners of America told me that on January 26, the Criminal Justice and Public Safety Committee will conduct public hearings on five bills that will have a significant impact on firearms, freedom, civil liberties and the quality of life in New Hampshire.

HB 1096 and HB 1151 will make Granite Staters and visitors less safe by prohibiting the carry of firearms in a long list of places. New Hampshire was most recently ranked the "freest state" and is consistently ranked as one of the top 5 safest states. People have a long track record of using firearms responsibly for self-defense as well as any other lawful means. Please vote HB 1096 and HB 1151 "inexpedient to legislate" (ITL).

HB 1668 is a recycled, old anti-gun idea that has been rejected many times before. Under the provisions of HB 1668, if someone sells, gives or lends a firearm to a friend or family member they could go to jail. Please do not criminalize the trading of firearms between friends and family and vote HB 1668 ITL.

Please do not criminalize the trading of firearms between friends and family and vote HB 1668 ITL.

HB 1636 will extend Constitutional Carry, which has been the law in New Hampshire for almost five years, to snowmobiles and ATVs. If a person can carry a gun on their boat, in their car or any place else where they might legally be in our state, they should also be able to carry a gun on a snowmobile or ATV. Please vote HB 1636 "ought to pass" without any amendments or changes.

HB 1178 is a simple bill that puts into law a decades long practice of New Hampshire law enforcement not enforcing federal laws. State and local police are hired and compensated with state and local tax dollars. They should not be doing the work of federal law enforcement officers. Please vote HB 1178 "ought to pass" without any amendments or changes.

Gun Owners of America will keep me informed about your votes in Committee and on the House floor. Thank you for your consideration.

Dear & Public Safety Committee Criminal Justice,

Gun Owners of America told me that on January 26, the Criminal Justice and Public Safety Committee will conduct public hearings on five bills that will have a significant impact on firearms, freedom, civil liberties and the quality of life in New Hampshire.

HB 1096 and HB 1151 will make Granite Staters and visitors less safe by prohibiting the carry of firearms in a long list of places. New Hampshire was most recently ranked the "freest state" and is consistently ranked as one of the top 5 safest states. People have a long track record of using firearms responsibly for self-defense as well as any other lawful means. Please vote HB 1096 and HB 1151 "inexpedient to legislate" (ITL).

HB 1668 is a recycled, old anti-gun idea that has been rejected many times before. Under the provisions of HB 1668, if someone sells, gives or lends a firearm to a friend or family member they could go to jail. Please do not criminalize the trading of firearms between friends and family and vote HB 1668 ITL.

Dear & Public Safety Committee Criminal Justice,

Gun Owners of America told me that on January 26, the Criminal Justice and Public Safety Committee will conduct public hearings on five bills that will have a significant impact on firearms, freedom, civil liberties and the quality of life in New Hampshire.

HB 1096 and HB 1151 will make Granite Staters and visitors less safe by prohibiting the carry of firearms in a long list of places. New Hampshire was most recently ranked the "freest state" and is consistently ranked as one of the top 5 safest states. People have a long track record of using firearms responsibly for self-defense as well as any other lawful means. Please vote HB 1096 and HB 1151 "inexpedient to legislate" (ITL).

HB 1668 is a recycled, old anti-gun idea that has been rejected many times before. Under the provisions of HB 1668, if someone sells, gives or lends a firearm to a friend or family member they could go to jail. Please do not criminalize the trading of firearms between friends and family and vote HB 1668 ITL. This also violates my right to "contract" under the commerce clause of the U.S. Constitution.

HB 1636 will extend Constitutional Carry, which has been the law in New Hampshire for almost five years, to snowmobiles and ATVs. If a person can carry a gun on their boat, in their car or any place else where they might legally be in our state, they should also be able to carry a gun on a snowmobile or ATV. Please vote HB 1636 "ought to pass" without any amendments or changes.

HB 1178 is a simple bill that puts into law a decades long practice of New Hampshire law enforcement not enforcing federal laws. State and local police are hired and compensated with state and local tax dollars. They should not be doing the work of federal law enforcement officers. Please vote HB 1178 "ought to pass" without any amendments or changes.

Gun Owners of America will keep me informed about your votes in Committee and on the House floor. Thank you for your consideration.

Sincerely,

Robert Larson

HB 1668 is a recycled, old anti-gun idea that has been rejected many times before. Under the provisions of HB 1668, if someone sells, gives or lends a firearm to a friend or family member they could go to jail. Please do not criminalize the trading of firearms between friends and family and vote HB 1668 ITL.

HB 1636 will extend Constitutional Carry, which has been the law in New Hampshire for almost five years, to snowmobiles and ATVs. If a person can carry a gun on their boat, in their car or any place else where they might legally be in our state, they should also be able to carry a gun on a snowmobile or ATV. Please vote HB 1636 "ought to pass" without any amendments or changes.

HB 1178 is a simple bill that puts into law a decades long practice of New Hampshire law enforcement not enforcing federal laws. State and local police are hired and compensated with state and local tax dollars. They should not be doing the work of federal law enforcement officers. Please vote HB 1178 "ought to pass" without any amendments or changes.

Gun Owners of America will keep me informed about your votes in Committee and on the House floor. Thank you for your consideration.

Dear & Public Safety Committee Criminal Justice,

Gun Owners of America told me that on January 26, the Criminal Justice and Public Safety Committee will conduct public hearings on five bills that will have a significant impact on firearms, freedom, civil liberties and the quality of life in New Hampshire.

HB 1096 and HB 1151 will make Granite Staters and visitors less safe by prohibiting the carry of firearms in a long list of places. New Hampshire was most recently ranked the "freest state" and is consistently ranked as one of the top 5 safest states. People have a long track record of using firearms responsibly for self-defense as well as any other lawful means. Please vote HB 1096 and HB 1151 "inexpedient to legislate" (ITL).

Dear & Public Safety Committee Criminal Justice,

Gun Owners of America told me that on January 26, the Criminal Justice and Public Safety Committee will conduct public hearings on five bills that will have a significant impact on firearms, freedom, civil liberties and the quality of life in New Hampshire.

HB 1096 and HB 1151 will make Granite Staters and visitors less safe by prohibiting the carry of firearms in a long list of places. New Hampshire was most recently ranked the "freest state" and is consistently ranked as one of the top 5 safest states. People have a long track record of using firearms responsibly for self-defense as well as any other lawful means. Please vote HB 1096 and HB 1151 "inexpedient to legislate" (ITL).

HB 1668 is a recycled, old anti-gun idea that has been rejected many times before. Under the provisions of HB 1668, if someone sells, gives or lends a firearm to a friend or family member they could go to jail. Please do not criminalize the trading of firearms between friends and family and vote HB 1668 ITL.

HB 1636 will extend Constitutional Carry, which has been the law in New Hampshire for almost five years, to snowmobiles and ATVs. If a person can carry a gun on their boat, in their car or any place else where they might legally be in our state, they should also be able to carry a gun on a snowmobile or ATV. Please vote HB 1636 "ought to pass" without any amendments or changes.

HB 1178 is a simple bill that puts into law a decades long practice of New Hampshire law enforcement not enforcing federal laws. State and local police are hired and compensated with state and local tax dollars. They should not be doing the work of federal law enforcement officers. Please vote HB 1178 "ought to pass" without any amendments or changes.

Gun Owners of America will keep me informed about your votes in Committee and on the House floor. Thank you for your consideration.

Sincerely,

Gilbert Manning III

HB 1668 is a recycled, old anti-gun idea that has been rejected many times before. Under the provisions of HB 1668, if someone sells, gives or lends a firearm to a friend or family member they could go to jail. Please do not criminalize the trading of firearms between friends and family and vote HB 1668 ITL.

HB 1636 will extend Constitutional Carry, which has been the law in New Hampshire for almost five years, to snowmobiles and ATVs. If a person can carry a gun on their boat, in their car or any place else where they might legally be in our state, they should also be able to carry a gun on a snowmobile or ATV. Please vote HB 1636 "ought to pass" without any amendments or changes.

HB 1178 is a simple bill that puts into law a decades long practice of New Hampshire law enforcement not enforcing federal laws. State and local police are hired and compensated with state and local tax dollars. They should not be doing the work of federal law enforcement officers. Please vote HB 1178 "ought to pass" without any amendments or changes.

Gun Owners of America will keep me informed about your votes in Committee and on the House floor. Thank you for your consideration.

Dear & Public Safety Committee Criminal Justice,

Gun Owners of America told me that on January 26, the Criminal Justice and Public Safety Committee will conduct public hearings on five bills that will have a significant impact on firearms, freedom, civil liberties and the quality of life in New Hampshire.

HB 1096 and HB 1151 will make Granite Staters and visitors less safe by prohibiting the carry of firearms in a long list of places. New Hampshire was most recently ranked the "freest state" and is consistently ranked as one of the top 5 safest states. People have a long track record of using firearms responsibly for self-defense as well as any other lawful means. Please vote HB 1096 and HB 1151 "inexpedient to legislate" (ITL).

Dear & Public Safety Committee Criminal Justice,

Gun Owners of America told me that on January 26, the Criminal Justice and Public Safety Committee will conduct public hearings on five bills that will have a significant impact on firearms, freedom, civil liberties and the quality of life in New Hampshire.

HB 1096 and HB 1151 will make Granite Staters and visitors less safe by prohibiting the carry of firearms in a long list of places. New Hampshire was most recently ranked the "freest state" and is consistently ranked as one of the top 5 safest states. People have a long track record of using firearms responsibly for self-defense as well as any other lawful means. Please vote HB 1096 and HB 1151 "inexpedient to legislate" (ITL).

HB 1668 is a recycled, old anti-gun idea that has been rejected many times before. Under the provisions of HB 1668, if someone sells, gives or lends a firearm to a friend or family member they could go to jail. Please do not criminalize the trading of firearms between friends and family and vote HB 1668 ITL.

HB 1636 will extend Constitutional Carry, which has been the law in New Hampshire for almost five years, to snowmobiles and ATVs. If a person can carry a gun on their boat, in their car or any place else where they might legally be in our state, they should also be able to carry a gun on a snowmobile or ATV. Please vote HB 1636 "ought to pass" without any amendments or changes.

HB 1178 is a simple bill that puts into law a decades long practice of New Hampshire law enforcement not enforcing federal laws. State and local police are hired and compensated with state and local tax dollars. They should not be doing the work of federal law enforcement officers. Please vote HB 1178 "ought to pass" without any amendments or changes.

Gun Owners of America will keep me informed about your votes in Committee and on the House floor. Thank you for your consideration.

Sincerely,

Gary Supenor
