COMMITTEE REPORT

Committee:	Judiciary
Bill Number:	HB 1181-FN
Title:	allowing the biological father of an unborn child to petition the court for an injunction prohibiting the biological mother from having an abortion.
Date:	February 22, 2022
Consent Calendar:	CONSENT
Recommendation:	REFER FOR INTERIM STUDY

STATEMENT OF INTENT

This bill seeks to establish that the father of a pre-born child has legal rights when the mother seeks to abort their child. While this right has been tacitly acknowledged under the current *Roe v. Wade* framework, it hasn't been codified anywhere. The majority commends the sponsor for his work to protect the life of fathers and the pre-born, but the complexity of addressing what are necessarily third tier rights was more than we could overcome and so recommend the bill for Interim Study.

Vote 18-1.

Date:	October 18, 2022
Consent Calendar:	REGULAR
Recommendation:	NOT RECOMMENDED FOR FUTURE LEGISLATION

STATEMENT OF INTENT

A strong majority of the committee voted not to recommend this bill for future legislation. Without regard to the health of the pregnant individual, or the potential existence of a fatal fetal anomaly, this bill involves the state in a complicated legal proceeding that could take a minimum of three weeks, and more if DNA testing is required. The individual asserting paternity has responsibility for some court costs and for some medical expenses, but the bill ends paternal responsibility once the pregnancy ends.

Vote 12-7.

Bill Sponsors: Rep. Greeson, Graf. 16; Rep. Stapleton, Sull. 5

TESTIMONY

* Use asterisk if written testimony and/or amendments are submitted.

***Rep. Greeson Sponsor** This bill simply addresses a gap in our laws. In Roe v Wade SCOTUS recognized the importance to the state in protecting the right to life for the preborn. Its jurisprudence has developed into the "Undue Burden" standard which says the State may not unduly burden the woman's right to get an abortion. The rights of father in relation to abortion has not been addressed. This bill puts the burden of proof on the father to justify circumventing the mother's rights. It is consistent with our existing abortion law in NH. If the mother denies the claim of fatherhood, the court can order genetic testing to establish the truth. This bill properly recognizes the right of the father and balances it against the mother's rights.

Q McLean: What kind of situation would cause an injunction to be granted?

Ans: There is a legal presumption the mother might seek an abortion. When the petition for injunction is filed, the court will go through the process and determine whose right will prevail. Typically, there would have to be a very good reason to deny such a petition.

Q DiLorenzo: What would happen with more than one man claiming to be father?

Ans: Only the biological father has any rights. One of them must win.

Q How would that be resolved:

Ans: Only one man is the father and DNA testing would have to determine.

Q Paige: The bill requires the father to pay some costs to the mother.

Q: Would other costs be considered?

Q: What about the mother's legal fees?

Ans: The father should have to bear all those costs and, after the child is born, the father is asking for full custody. If you choose to amend the bill to cover cases where the mother keeps the child the father is responsible for support, I would support that, but under the routine case, the mother would have no post-partem costs.

Q Smith Congratulations, this is the first bill dealing with this subject to come before this committee. Is the purpose of this bill to protect the woman? The biological father? The fetus?

Ans: Yes, to all. The State has to balance the rights of all three. This is as much about recognizing the father's rights at all as the correct balance among the rights of all those concerned.

I see nowhere in the bill language that says that the father will assume all responsibilities for raising the child resulting from the pregnancy.

Q Shouldn't that be included?

Ans: The father has to claim he wants to raise the child himself.

Q McLean Is it the intent of this bill, that the fathers claim to fatherhood should trump the women's right to an abortion?

Ans: He is asking the court to ensure he gets the child to raise. That is it.

Q Paige: Would this bill give NH Courts authority over a mother who had never been in NH?

Ans: That's a legal hypothetical I am unqualified to answer.

Rep Stapleton: Sull 5 Cosponsor Support In SCOTUS decisions they have said that the right to privacy isn't acknowledged. It is the natural right of both parties in the pregnancy to participate in all decisions regarding the child. The father has been silenced up to now. The mother has the right to abortion, but the father has no rights at all. The father represents the acknowledged State's interest in protecting the fetus.

Q Horrigan: What does this do to ensure the child will be properly cared for after birth?

Ans: If the injunction is granted, the second part of the bill talks to the costs of expenses, but the bill doesn't extend past the birth. Other sections of law exist to ensure proper care.

Q Chase: When would the mother have to file a restraining order against the father?

Ans: The bill doesn't prevent cooperation between the parents after the child is born. It is narrowly focused on protecting the father's right to participate in the life of his child.

Q Simpson: You have used the term 'transaction' a few times. To what part of this do you refer?

Ans: Adoption is an option when the parents aren't capable, but we have to honor life at all stages.

Rep DeLemus: Self Support I was married for several years and got pregnant by my husband and decided I didn't want the child. My husband came to me and begged me not to abort the baby. That was the worst decision I have ever made. He had the right to have that child, to raise that child, and to give it a good life. But I told him, you don't have any rights. What I did was wrong and this bill could have saved my child.

***Frank Knaack ACLU NH Opposed** This legislation would empower anyone claiming paternity to veto the mother's right to abortion. It would criminalize be able people for seeking a constitutionally protected medical procedure. It is another attempt to make abortion access as difficult as possible.

Sara Smith Self Opposed I was raped when I was in college. The first thing a rape victim thinks about is if the rapist will return. This bill makes that nightmare come true. There is nothing in this bill that says anything the woman wants will be considered.

***Josie Pinto Self Opposed** [E-mailed] The decision about a pregnancy should always be up to the woman. Access to abortion care is hard enough it doesn't need to be further restricted by this bill. The longer the time a pregnancy goes on the more risk to the mother from an abortion. This bill would reduce abortion to a battle over civil right.

Rep Hakken-Phillips Self Opposed It is not established in law that the father should have any right regarding abortion. The woman has the right to choose subject to the 'undue burden' standard. The State can't prohibit abortion. The court clearly stated both parents have an interest but only one can prevail, thereby establishing the woman's right over the father's. This bill will lead to more expensive litigation the State will have to pay for.

***Sophia Biandolillo: NH HS Democrats Opposed** This bill would enable an abusive partner to force a pregnant person to undergo a painful and unwanted pregnancy against their will. The court process could take months and would be costly to the mother. The bill's language would be very easy to abuse if it were put into statute and puts the well-being of pregnant people in danger.

***Liz Canada PPNH Action fund; PPNNE Opposed** See Written This bill is a blatant attempt to curtail the right to abortion. Women deserve the right make these decisions by themselves.

***Loreley Godfrey Self. Opposed** This bill would force women to hold onto an unwanted pregnancy. It gives the father greater rights than the mother. If an injunction is granted, an appeal would delay the abortion. Abortion is an intensely personal decision. Victims of domestic and sexual abuse shouldn't have to go through this process.

Oge young Opposed This law would allow any male to seek an injunction without any evidence to interfere with the mother's right to an abortion. Practically, this would delay the process for over a month,

Nina Webb Self Opposed It's important to note where we are as a State and a Country. We don't provide free healthcare and the State hasn't raised the minimum wage in over 13 years. We don't have a lot of other free stuff. If I were to get pregnant, I couldn't provide the best care for my child. Some pregnancies endanger women. Where is the woman's voice in this?

Maris Toland Self Opposed I'm a resident OBGYN. This bill makes me sick. She paints pictures of abused women: one incestuous; another abused by her husband. This bill is about a man controlling a woman. This bill limits access to a safe and legal medical service.

HB1181 Testimony

RE: HB 1181: Allowing the biological father of an unborn child to petition the court for an injunction prohibiting the biological mother from having an abortion.

Dear Judiciary Committee:

Please vote to protect the life of the innocent baby from being murdered by its mother.

Please also allow the father of the baby to have Paternal Rights over his own child.

May God have mercy on your souls.

Respectfully Submitted,

Importance: Normal

Good evening,

My name is Alexis Cleary and I am a 20 year old UNH student. I am against the bill HB1181 allowing “ the biological father of an unborn child to petition the court for an injunction prohibiting the biological mother from having an abortion”. This bill would be extremely dehumanizing to many women seeking abortion. This bill would take away a woman’s choice for her own body. As a woman, this bill is particularly terrifying to me. The fact that I could get pregnant and be forced to carry a child I wouldn’t want is not a reality I would want anyone to live. Because of the reasons I listed and many more, I am against HB1181. Thank you for your time and I hope you’ll take this into consideration.

The depravity of the attacks on women's life, liberty and the pursuit of happiness by the Republican party in NH and across this country is reprehensible and a stain and shame on the Bill of Rights; these are tyrannical acts and unfit for rulers of free people in a free country.

"In every stage of these Oppressions We have Petitioned for Redress in the most humble terms: Our repeated Petitions have been answered only by repeated injury. A Prince whose character is thus marked by every act which may define a Tyrant, is unfit to be the ruler of a free people...."

Dear Ladies and Gentlemen of the Committee,

As a registered New Hampshire voter, health care worker, and mother of four, I can't tell you how vehemently opposed I am to HB1181, HB1477-FN and HB1625. These draconian, regressive, and radical proposals are the antithesis of everything the majority of New Hampshire residents want their reproductive health care to be.

If HB1181 passes, would we then hold the biological father who prohibits a pregnant woman from seeking abortion to pay all medical bills, as well as any physical, mental or psychological damage/injury which may occur during the pregnancy?

Lost wages? Maternal leave and childcare?

It gets even dicier when there is alleged rape, abuse or incest...!

Only a pregnant woman should make a decision about her own body and person-hood.

Government legislation has no business forcing New Hampshire women to give birth.

HB1477-FN is totally arbitrary and punitive. Who decided detection of a "fetal heartbeat" is the criteria for limiting our right to full reproductive care? In fact, a fetal heart is in no way fully developed at 6 weeks... New Hampshire women want access to safe, early abortion, but this limit is absurd if you know anything about the menstrual cycle and/or fetal development.

Or the anguish of discovering that the fetus you carry has an anomaly severe enough to threaten life, or meaningful existence, at any time during a pregnancy.

These highly personal decisions cannot, and should not, be decided for women and families by the State.

And finally, HB1625... A blatant attempt to harass, intimidate and shame women. Forced abortion is not a "thing" in New Hampshire (or anywhere in the USA, as far as I know) - why should forced birth be?

I hope you will hear my concerns, and those of the majority of New Hampshire women and families, and I ask that you

do your just duty as our representatives by opposing HB1181, HB1477-FN and HB1625.

Thank you,

Subject: Oppose HB 1181 - I urge you to vote ITL

I urge you to oppose HB 1181 because at its very root is a brutal attack on the bodily autonomy of pregnant women who should have the fundamental right to decide for themselves whether to become a parent.

HB 1181 must be voted ITL as it would threaten *every pregnant woman* in our state by:

- allowing any "man" to prohibit her from having an abortion and to remain pregant against her will
- there are no exception for rape or incest meaning a rapist could take a pregnan woman to court to force her to continue pregnancy
- in circumstances of domestic violence, abusers could continue to traumatize pregnant women by taking them to court and forcing them to continue pregnancy
- pregnant women would be forced to defend themselves in-person at their cost and would bear the burden of obtaining DNA testing for both parties

This bill is cruel. Our state should not allow judges, rapists, sexual partners or anyone to make these personal decisions for women.

I am appalled about this proposed bill. As a man I am embarrassed to have members like Greeson and Stapleton thinking they should exert more control over women's rights when it is not warranted. What if women tried to pass a law forcing men to get vasectomies? This is an outrageous bill, and goes against our state motto of 'Live Free or Die'. Don't let this bill pass please.

NH is already trying to 'be more like Texas' in its approach to making it harder for a woman to control her own body. Just because we happen to be overrun w/'Free Staters' and radical right anti-abortionists in our legislature doesn't mean we have to further become the laughingstock of the northeast with our Texas-like stupid laws that excessively prohibit a women's right to freedom. Don't have NH's legislature become known as the 'Taliban of the NE!' Apply some common sense to these bills and support/oppose as listed above.

Oppose HB 1181 – No One Should be Able to Veto Another Person’s Decision About Whether to Have a Child

Bill Summary: HB 1181 would give anyone who claims paternity the power to seek a court injunction prohibiting a pregnant person from having an abortion. The bill would also require the pregnant person to have a DNA test at the same testing facility as the person seeking the injunction. If the pregnant person does not attend the hearing on the injunction request, the injunction shall be granted. In addition, in cases of incest, the pregnant person would bear the cost of DNA testing to show that the incest occurred. Finally, the bill would place a pregnant person who has an abortion in violation of a court injunction in jeopardy of being held in civil or criminal contempt.

This legislation gives an abortion patient’s current or former partner – or anyone claiming paternity – the power to veto the pregnant person’s decision and force them to have a child. This legislation would fundamentally alter the right to abortion in New Hampshire, effectively forcing someone to remain pregnant against their will. No one should be able to make such an important decision for someone else.

This legislation means that survivors of abusive relationships could have their abortion blocked by their abuser. Under this legislation, a survivor of sexual assault could have their abortion blocked by their rapist. For victims of incest, this bill would require the victim to cover the costs of DNA testing to prove their claim. Let’s be clear – this bill is dangerous.

This legislation could criminalize people for seeking a constitutionally protected medical procedure. Under New Hampshire law, pregnant people have the right to seek an abortion prior to 24 weeks. Yet, if passed, this bill would place pregnant people at risk of criminal sanction for seeking a safe and legal medical procedure. Lawmakers should reject this blatant attempt to further restrict the right to abortion in New Hampshire.

This legislation places pregnant people at greater risk of harm. Even if a pregnant person is eventually allowed to have an abortion, this bill would force a patient to delay their abortion further into their pregnancy, potentially at risk to the patient’s health. While we may not all agree about abortion, we should all agree at the end of the day that the only person who should make the decision is the person who is pregnant – no one else.

This bill is yet one more attempt to make abortion as difficult to access as possible. With *Roe* under threat, this bill is yet another reminder that the fundamental right to abortion is under real threat in New Hampshire. As of January 1, 2022, our lawmakers have placed numerous hurdles in front of people seeking abortion care, including parental consent, limitation on public funding, a ban on abortion at 24 weeks or later, and a mandatory ultrasound requirement. Now is the time for the legislature to draw a line in the sand and make clear that pregnant people should be able to seek abortion care without shame, stigma, or unnecessary obstacles.

Oppose HB 1181 – Don’t force people to carry a pregnancy against their will.

Dear Committee Members:

As a New Hampshire citizen, I am contacting you to voice my strong opposition to three bills on abortion policy that you are considering: HB1181, HB1477-FN, and HB1625. For me it is unethical for any law or any other person or persons to infringe on a woman's bodily autonomy, including when the woman is pregnant. No one but the woman is ethically entitled to decide whether to bring the pregnancy to term, and no one is ethically entitled to limit or prevent women from accessing the full spectrum of reproductive medical care.

For these reasons I encourage you to act favorably on Constitutional Amendment Concurrent Resolution 18 as well as HB1674 and HB1673-FN.

Thank you for considering my perspective.

Dear House Judiciary Committee,

As a concerned NH resident, I am writing to express my position on several bills that may come before you in the near future:

HB1181 - Oppose
HB1477 - Oppose
CACR18 - Support
HB1674 - Support
HB1673 - Support

My testimony and reasoning is similar for all five, but I have not been able to successfully sign in to submit them online. I appreciate your consideration of the following:

A year ago, I survived a high-risk twin pregnancy and emergency Cesarean delivery. Despite being young, in perfect health, well-resourced, and intending to have children, carrying two babies for almost 38 weeks took an enormous toll on my body; I have still not fully recovered. Just before 38 weeks, I developed pre-eclampsia and was admitted to the hospital with very high blood pressure, with plans to induce labor so that I didn't have a seizure before delivering the babies. When induction was unsuccessful and eventually led to complications, the babies were delivered by emergency C Section. During the procedure, I hemorrhaged, and experienced an extended period of convulsions and vomiting. My blood pressure remained elevated for several weeks and I required medication to prevent seizures. My husband and I were incredibly shaken by the experience and it took me months to feel anything close to myself. We have a safe home, financial resources, a supportive network including active and healthy grandparents, and we have always known that we wanted these children. I cannot imagine undergoing such an ordeal without any one of these things. A year later, I am still not fully recovered, we both work full time to support our family, and parenting is *hard*. No one should be forced into any part of this experience against their will. It is not in the interest of a parent or a child.

While I understand that an ideal scenario would involve parents making decisions about pregnancy together, on purpose, and with consent from both sides, this is not always possible. While I agree that decreasing the *need* for abortions is good work, I am vehemently opposed to any legislation that would force a mother into any part of pregnancy, labor, or parenting against her will.

Thank you for your service to our state and for your consideration in this important matter,

Regarding: HB 1181, HB 1477, and HB 1625

These laws represent unnecessary government intrusion into the lives of women, and into the lives of the people who care about them...their health, well-being and individual autonomy. Abortion is a medical procedure and should be handled between a pregnant person and her physician, period.

These laws are a stupendous waste of time when there are far more pressing issues to which you should be attending. Their implementation will have devastating personal impacts on your constituents and ultimately the economy of the state. The majority of citizens support the protection of abortion including the people who have sent you there to represent them. Please do your jobs and truly represent the majority of your constituency.

In addition to all the above points stands the inevitable waste of our money in defending these laws in court that you will incur!

Noreen Daly-Eytel

Dear House Judiciary Committee,

Oppose HB 1181, HB 1477, HB 1625. These are dangerous bills that further restrict abortion in New Hampshire. A man should not be allowed to decide for a woman if she should or should not carry a pregnancy to term. The ideas that married women are subject to their husbands wishes and unmarried women should be subjected to paternity tests on fetuses are simply absurd. There is not even a medically reasonable way to perform a paternity test before birth without invading a woman's body to do so. There is no situation where the government should require someone to perform a medical intervention against their will.

These laws are dangerous, invasive and unnecessary. Oppose these bills, stop government overreach, and do not allow people to invade other's bodies.

Sincerely,
Emily A. Zajano, MD

How dare get between my physician and my right as an individual to make my health care choices.

As a lifelong Granite Stater, I am appalled by this attack on bodily autonomy and personal freedom in the so-called “Live Free or Die” state. As an educated adult, I am concerned by the scientifically incorrect language and lack of research regarding reproductive medicine as evinced by the current wording in the bills. My thoughts on each bill are as follows:

- 1) *HB 1181: Allows the biological father of an unborn child to petition the court for an injunction prohibiting the biological mother from having an abortion.*

Establishing a legal avenue to prevent a pregnant person from terminating a pregnancy creates dangerous opportunities for abusers to force the continuation of unwanted pregnancies. As currently worded, HB 1181 allows for the possibility of any man to petition the court to prevent a pregnant person from aborting. Biological paternity can only be established at the absolute earliest at six weeks of gestation via a noninvasive prenatal paternity test (Chang, et al., 2019), negating what is already a limited window for abortion under the current proposal and forcing the continuation of pregnancy altogether. While the matter gets clogged in red tape as it moves through the courts and months pass by, terminating the pregnancy will inevitably become a moot point. Adding insult to injury, prenatal paternity testing is often not covered by private insurance (Benoy, et al., 2021) and may incur an undue financial burden. A recent study found one in three individuals learn they are pregnant at six weeks or later and that gestational bans in the first trimester will disproportionately prevent young people, people of color, and those living with food security from being able to access abortion (Ralph, et al., 2021).

- 2) *HB 1477: Prohibits a doctor from performing an abortion after detecting a fetal heartbeat. A doctor who violated the law would face disciplinary action.*

According to physicians who specialize in reproductive health, the term “fetal heartbeat” referenced in HB 1477 itself is a misnomer (Simmons-Duffin, 2021). After six weeks of gestation, the cardiac valves doctors listen for to detect a heartbeat in an adult patient do not yet exist in what is technically an embryo at this stage in development (Simmons-Duffin, 2021). Obstetricians do not start using the term “fetus” until eight weeks into gestation (Artal-Mittelmark, 2021).

- 3) *HB 1625: Repeals the protest-free buffer zone around reproductive health facilities.*

Protest-free buffer zones are in the best interest of public safety, to ensure patients can receive access to the healthcare they need.

Thank you.

I am absolutely appalled at this bill. This is a clear overstep of government power. Jeffrey Greeson, you should be ashamed of this bill that you chose to bring to the house, and ashamed at the public statement you have made about your clear disrespect of the rights of all women.

I am strongly opposed to this bill, about as strongly opposed as I can be to any bill. The ramifications of this would be insurmountably detrimental to the human rights of women in the state of NH. This bill is utterly disgusting, and anyone involved in the creation of it needs to reevaluate their moral code.

I am writing to oppose HB1181

AN ACT allowing the biological father of an unborn child to petition the court for an injunction prohibiting the biological mother from having an abortion.

HOUSE BILL 1181-FN would establish the right of a biological father to obtain an injunction prohibiting a pregnant woman from obtaining a legal abortion. I oppose this bill for several reasons.

- A woman should have the right to obtain legal medical care without permission of their husband or any other person. Just as all other adults have the right to obtain medical care they deem necessary. Allowing the father of a fetus to determine the medical care a woman receives is wrong.
- No one should be required to obtain DNA testing against their will as this legislation requires. A woman is put in the position of giving up her right to a legal medical procedure if she does not provide a DNA sample. I do not believe there is any other situation where the state has such a requirement.
- The legislation requires the father of the fetus who obtains such an injunction to pay 250.00/month during the pregnancy to the woman. This amount may not correspond to the real costs the woman may require if for any number of reasons the woman could not continue employment. In addition, there is no requirement for continued support of the child in HB1181 and it is already clear from experience in our state that unpaid child support is a common and continuing problem. If this bill is passed the legislation needs to include significant financial requirements for support of the resulting child and significant penalties if the father who obtained an injunction to prevent an abortion does not adhere to the required support.

For these and other reasons I find this legislation simply an attack on the right of a woman to choose the health care she feels is best for her. Granting a man the power to deny a woman health care they want and is legal is simply saying that a woman is that man's property.

I hope the committee will find this legislation not worthy of support or passage.

HB 1181: allowing the biological father of an unborn child to petition the court for an injunction prohibiting the biological mother from having an abortion.

Committee: House Judiciary

Date: February 9, 2022

Position: OPPOSE

HB1181 is one of the most extreme attacks on abortion and bodily autonomy in the country. This bill would allow *any man*, without needing to prove paternity prior, to file a petition to the court, immediately prohibiting a pregnant woman from having an abortion. The legal process could take up to a month to conclude, prohibiting the woman from accessing abortion during that entire time, forcing her to remain pregnant against her will for weeks.

Pregnant people both in and outside of New Hampshire would be subject to this law, as it permits male residents to file suit against any pregnant woman outside state boundaries and permits any man outside New Hampshire to file suit against a pregnant Granite Stater. The woman must attend the hearing in person – even if she lives out of state. Even though she may have only days to organize and arrange for travel to the proper venue, if she is not able to attend the hearing, under this legislation, she would be prohibited from having an abortion. **The unconstitutionality and illegality of this bill is plain. It not only infringes on fundamental tenets of bodily autonomy, it also allows individuals to use our state judiciary as a tool of abuse and persecution.**

Additionally, this is a blatantly sexist attack on women. Again, *any man* would be able to claim paternity in order to delay a woman from accessing abortion – as there is no requirement for DNA evidence prior to filing a petition with the court. **Once the petition is filed, the woman is prohibited from having an abortion, even if the pregnancy is a result of rape or incest.** Additionally -- and absolutely outrageously -- if the pregnancy is the result of rape or incest, **this bill would subject the pregnant survivor to further trauma and even financial burdens in order to defend her right to make personal decisions about her pregnancy.** Survivors of rape would be forced to report their rape prior to her rapist taking her to court to prevent her abortion. We know there are numerous reasons rape survivors choose not to report the violence against them—among these are fear of being re-traumatized and fear of retribution from their abuser. **This bill could subject survivors of rape to a greater threat of harm by forcing her to report her rape or risk being forced to continue her pregnancy.** For people who are pregnant as a result of incest, this bill would put the financial burden of obtaining DNA from both parties onto *the pregnant woman*. Especially for survivors of domestic and inter-family violence, these costs could be too extreme for the person to carry and could result in her being denied an abortion.

The decision about whether and when to become a parent is one of the most important life decisions we make. When people can make decisions that are best for their lives, families thrive, and we build communities where each of us can participate with dignity and equality. Pregnant people deserve to make these decisions for themselves, with influence from their loved ones and health care providers. Our state should not allow judges, rapists, sexual partners, or anyone—including politicians—to make these decisions for women.

WE URGE A VOTE OF “INEXPEDIENT TO LEGISLATE” ON HB 1181.

RE: HB 1181, HB 1477, HB 1625

These bills are part of a set a pro-life bills. I support the choice to be pro-life, however, I do not support attempts to force that choice on others. These bills wreak havoc in real people's lives. They do nothing for the public good.

I oppose this bill HB1181 because I believe a woman's medical care is something that should be decided by the woman herself and the medical professionals she chooses to work with.

Dear sirs;

New Hampshire celebrates freedom more than any other state in the Union. I believe we should respect the autonomy of every person to control their own medical care. As such, I oppose any law that would restrict the right of a woman to terminate or continue a pregnancy as she sees fit. Health issues, economic considerations, and changes in relationships with the father all place a burden on the pregnant woman, and she and she alone must make the decision about how much is too much.

As a Catholic, abortion is already illegal for me in a way. It is not the place of the laws of man to impose my and others' spiritual laws on the general population of the state. If we support education, child care, and a health care safety net, fewer women will conclude that they cannot raise a child—or raise an additional child.

We are not yet at the state, technologically, where someone who objects to someone else's abortion can simply offer to carry the child to term themselves. I see no reason not to invest in research into an artificial uterus, which would help premature babies in addition to fetuses that might otherwise be aborted. They can already do it with sheep.

Sincerely,

D. Flynn

My name is Alexis Cleary and I am a 20 year old UNH student. I am against the bill HB1181 allowing “ the biological father of an unborn child to petition the court for an injunction prohibiting the biological mother from having an abortion”. This bill would be extremely dehumanizing to many women seeking abortion. This bill would take away a woman’s choice for her own body. As a woman, this bill is particularly terrifying to me. The fact that I could get pregnant and be forced to carry a child I wouldn’t want is not a reality I would want anyone to live. Because of the reasons I listed and many more, I am against HB1181. Thank you for your time and I hope you’ll take this into consideration.

Dear House Judiciary Committee,

I am writing to express my opposition to HB-1181. This bill is inherently discriminatory—giving male persons legal power over female persons during pregnancy.

By giving the biological father of a fetus the authority to petition a court against a pregnant woman, this bill clearly violates the values of equality and independence.

HB-1181 seems to have been written specifically for the benefit of rapists, as well as abusive husbands and boyfriends. I cannot imagine that any man who had a healthy relationship with a woman would take legal measures against her. To attempt to steal from a woman her right to control her own body is itself a form of abuse. As such, the only people who will benefit from this bill are men whose relationships with the pregnant women in question are already unhealthy and potentially violent. This bill, therefore, seeks not only to take away the autonomy of women, making females second class citizens, but also seeks to give rapists and abusers legal power over the people they have raped and abused.

I shall assume, logically, that all members of the New Hampshire State Legislature who vote in favor of this bill are also in favor of rape. I for one will certainly mention that fact to people should any of those legislators seek reelection.

I, along with all of the decent citizens of New Hampshire, hope that this bill will not pass. Thank you for taking the time to read my testimony.

Sincerely,
Daniel Medeiros

Dear friends,

I am opposed to HB1181. Whatever you think of abortion, it is terrible to allow any man to petition to prevent a pregnant woman from making her own decisions about her body – especially when these bills would also prevent abortion after a time in pregnancy when most women do not even know that they are pregnant. And it is a disgrace to repeal a law that allows a safe and private zone for people to be free of strangers bothering them when they are seeking medical treatment. These bills would violate our rights in this state, where we are so proud to live free.

Please take into account the opposition of my mother, my daughter, my son in law, and I to this bill.

Thank you,

Objection to HB1181:

As a resident of New Hampshire I am shocked and frightened that this bill is being introduced here. Several aspects of the bill are of particular concern, and should be even to those who support it.

The drafted law states, "1. The court shall deny the petition for injunction if one or more of the following is true:(a) If the pregnancy is the result of rape which the mother has claimed prior to petition for injunction."

This law is creating a new loophole for rapists – as long as they petition for injunction early enough, and or/without telling her until it is already filed, then the court of law will no longer allow the woman to claim it as a rape. Is that what you intended? To allow men to rape a women, claim he wants the child quickly enough that he then cannot be prosecuted for the rape?

Let's remember that the majority of rapes go unreported – "only 310 out of 1,000" are reported to the police according to RAINN (Rape, Abuse & Incest National Network), the nation's largest anti-sexual violence organization which also operates the National Sexual Assault Hotline. Of the reasons reported why victims chose not to report include, fear of retaliation, belief that the police would do nothing to help, or they did not want the perpetrator to get in trouble. Considering that 54% of sexual assault victims are between the ages of 18-34, let's imagine a young woman, your daughter, in her freshman year in college. She became friends with a male student, she trusted him completely, and perhaps did not have much experience with being betrayed or taken advantage of prior, for having been in a safe community with protective parents. This 'friend,' rapes her one day, when she thought they were just going to hangout – she is shocked, betrayed, embarrassed and confused. He tries to brainwash her into thinking the act was part of their friendship. He continues to act like they are friends, or even lovers, and she has few other confidants to talk with since she is a new student. She is embarrassed to tell her parents, she is young and scared and has no idea how to navigate this trauma. And so she does not report it. And then this young "friend" of hers takes advantage of the bill you created to control and destroy her future – he forbids her to undergo an abortion by using your law. She has to drop out of college due to the pregnancy and baby, perhaps her parents are ashamed of her and will no longer support her. It turns out this 'friend' is controlling and abusive, and he now has utter control over this young woman and the baby. You have ruined your daughter's bright future, and the future of the child. Rape is not done by a stranger in an alley – 8 out of 10 rapes are committed by someone known to the victim. The decision to report a rape is a complex one – what if it is your boss that raped you, and you are a single mother who desperately needs your paycheck? What if it is a police officer, and so you feel unsafe reporting this to his colleagues without fear of retaliation? What if you're 18 and were staying at your cousin's house when your uncle raped you? There are many reasons why women do not immediately report a rape.

Another very dangerous section of the drafted law states, "If the mother's physician determines that the pregnancy poses imminent threat to the life of the mother, the mother may file an emergency petition to rescind the injunction. Certified documentation by the physician recommending an abortion must accompany the emergency petition. The court shall grant the emergency petition if the pregnancy poses imminent threat to the life of the mother."

The definition of the word “imminent” is that something is about to happen. As in, “they were in imminent danger of being swept away by the flood.” It means danger in the next few seconds, or minutes, not danger only when the court is in session and is convenient for everyone else. With this stipulation, you are guaranteeing that the mother will die, and likely the infant too. If a threat is imminent, there is no time to draft and file an ‘emergency petition’, certify documentation by the physician, get all the documents printed and nicely sealed in an envelope, go to the post office and then wait for the court to receive it, process it and respond. The mother is already dead. That is the nature of an “imminent” threat – there is no time to lose, certainly not in the quagmire of paperwork of the court. And so it becomes clear in this case, that you are not “pro-life” – your priority is not protecting the life of the baby or the mother. Your priority is making sure that a man’s rights trump all else- include the life and safety of a woman.

Who then is to blame, for the death of the mother and baby in the above instance? The answer is, whoever wrote and supported this bill. You are willing to take the risk of killing the mother and the baby, in order to make the man feel better.

Why don’t we make a bill penalizing men for irresponsibly getting women involuntarily pregnant? Where is the bill forcing the man to pay for the abortion because he selfishly prioritized his own sexual gratification? You are not concerned about equal rights, you are concerned about this; that when it comes to a woman’s body, a man does not *yet* have total control over that too. Did anyone “force” this man to have unprotected sex? Was he being forcibly raped? It is implied in your law that he knowingly engaged in unprotected sex, or sex where the protection failed, without knowing if the partner consented to a possible pregnancy, or not caring enough to ask until it was too late, or even while knowing she would refuse to be pregnant. So through his irresponsibility and selfishness, she is pregnant, but instead of punishing the man, you want to reward him with the right to dictate what happens to her body and her life for the next 9 months, and indefinitely should she have a healthy child. This is not ethical. If he wants to have a child, then it is his responsibility to avoid any and all risks of impregnating a woman who does not consent to this. It is his job to find a partner who actually wants to have a child with him, and only then, with consent, take the risk.

This law also forces the mother to have to interact with this man for the rest of her child’s life – something which likely would be chronically psychologically traumatic both to her and the child caught in between. And who then, has parental rights to the child? You have created a nightmare for this infant to grow up into. But again, you don’t care about the child’s quality of life, or the child’s rights – you only care about the man.

The rules of service of a copy of the injunction are further problematic - I suspect everyone in the country has had the experience of mail being mis-delivered, or never showing up, I know I have. Sometimes people go on a vacation, a reasonable thing to do, and so they do not collect their mail for a week while they are away. Sometimes someone steals your mail. And in the case where the address is unknown, what are you going to do? Put out a search warrant for her arrest simply because a) some jerk got her pregnant against her will and b) a piece of mail never got to her? Are you going to throw her in jail because of a failure of the postal service to get her the letter, or the failure of the man to know her actual address? And let’s just take a moment to

pause and ponder that last part; this man got her pregnant and wants to have her child, but he doesn't even know where she lives? This is ridiculous, this is not the kind of behavior we should be promoting in the granite state. Again, it makes it clear that you are simply trying to control and penalize woman for being independent and autonomous. It would be more reasonable if you stated it is the responsibility of the individual filing to ensure that the female received the injunction. But then of course the problem is, what if that man is abusive? What if he starts stalking her in an effort to find her address? There is no reasonable solution, because this is an unreasonable bill.

The drafted law also states, "Accept all prenatal medical expenses, including prenatal vitamins and medication, not covered by the mother's insurance, Medicare, or Medicaid up to and including birth.

(b) Provide the mother with \$250 per month for the duration of pregnancy for the purpose of proper and adequate nutrition."

And how will you ensure that he pays these bills and does so on time? Not to mention, 250\$ is not adequate to sustain a person's nutrition for a month. What about medical expense for the mother post-partum? She did not agree to be pregnant, why should she be responsible for the expense of recovering from pregnancy, labor and delivery? There are many medical risks postpartum, she is now shouldered with these alone. And, lest we forget, what about care of the child thereafter? Will he be required to pay for the infant's care, to compensate the mother for lost income from taking a maternity leave, and possibly a lost job, due to needing to care for the infant? What if the infant is born with significant and severe genetic birth defects and health issues? And now this woman is forced to have an ongoing relationship with this man who forced her to be pregnant – you are ensuring a life of trauma for her and the child. All so that the man can "have a say." He had a chance to say "no" to having sex, and he chose it despite the risk of pregnancy. He got his say when he made his choice to have intercourse knowing she did not want a child, and he is not entitled to take over her rights because of his error.

New Hampshire is known as the "Live Free or Die" state, because of how fiercely we value our autonomy, our independence and individual rights to do with our lives as we freely choose. This bill makes clear that you believe it is only the men of the granite state who are entitled to "Live Free"; you do not want women to have the same autonomy, independence or the right to have the final say over their own bodies. Well, many of us granite state women and men fiercely disagree with this; women have the same right to "Live Free" here as our men, and we don't plan on letting anyone take that away from us.

RE: House Bill 1181 (allowing the biological father of an unborn child to petition the court for an injunction prohibiting the biological mother from having an abortion)

Dear Chairman Gordon and members of the House Judiciary Committee:

I am writing with regard to a number of significant technical and mechanical defects that exist with House Bill 1181 that would render it nearly impossible to implement. The Judicial Branch filed its Fiscal Impact Worksheet with the Legislative Budget Assistant (“LBA”) on October 26, 2021. The LBA’s Worksheet includes Section D, which requests input on any technical or mechanical defects that existed in the bill. Because these technical defects were identified in the Judicial Branch’s Fiscal Impact Worksheet for this bill, I have attached a copy of the Judicial Branch’s worksheet with this letter. Section D begins on page 3, and the defects described are incorporated into this letter of testimony.

Please do not hesitate to contact me if you have any questions.

Sincerely,

Richard W. Head
Government Affairs Coordinator

Cell: 603-716-8235

PLEASE COMPLETE ALL SHADED AREAS IN THE WORKSHEET. IF YOU HAVE ANY QUESTIONS, PLEASE REFER TO THE LBA GUIDELINES FOR FISCAL NOTE WORKSHEETS OR CONTACT OUR OFFICE (271-3161).

A. Fiscal Impact Summary

- Specify the total impact on revenues and expenditures for each level of government and fund(s) impacted.
- Only the *incremental change* from the current law or budget should be included.
- If there is no fiscal impact, enter a zero (“\$0”). If the fiscal impact cannot be estimated, enter “Indeterminable” (**with a range if possible**) and indicate if the impact may increase or decrease revenues or expenditures.
- The amounts in the table below should correspond with the calculations in Section C of this worksheet.
- Decreases should be presented within parenthesis.
- If there is a fiscal impact **after** FY 2022 through FY 2025, please include in section C.
- **Provide account/fund for revenue impacts and/or source of funds for estimated expenditures (i.e., general fund, highway fund, federal funds, name of restricted dedicated fund, etc.)**

B. Assumptions

- Clearly explain your understanding of the proposed legislation, how it would be implemented or impact current operations, and any other important cost-related assumptions.
- Assumptions should be clear and not chosen to influence one’s opinion of the proposed legislation.
- Assumptions used should relate directly to your agency’s estimate of the fiscal impact on the revenues, expenditures, or fiscal liability of the state, or a city, town or county.

- This bill would create a new chapter, RSA 546-C, authorizing the biological father of an unborn child to request an injunction to prohibit a woman who is pregnant with the person’s unborn child from obtaining an abortion. Petitions would be filed in Circuit Court, Family Division in the county in which the respondent resides or, if not a resident, the county in which the petitioner resides. The bill would have the Court serve the petition on the respondent at least 5 days before a hearing.
- The bill would require the petition to be filed and an injunction be issued or rejected before any established limitations in law on abortions.
- The bill would require all such proceedings be on an accelerated docket, with an evidentiary hearing to be held within 14 days of the petition being filed. If the minimum requirements of the Petition are met and none of the grounds for denial of an injunction in the bill is met, the Court would issue an injunction.
- The Judicial Branch has no information upon which to estimate how many petitions could be filed under this bill.
- The bill would require the Judicial Branch to make service of the petition on the respondent. Although the bill is not clear as to the method of service, if by sheriff, the Judicial Branch assumes that it would be required to fund the service costs.

C. Calculations and Methodology

- Using the assumptions provided in Section B, calculate the estimated fiscal impact of the proposed legislation.
- Calculations should be detailed with the methodology clearly stated.
- If calculating position costs please use and attach the appropriate position cost calculator worksheet found [here](#).
- If the fiscal impact is zero (\$0) or indeterminable, please explain why.
- The calculations for FY 2022 through FY 2025 should agree with summary table in Section A. **Please also include information on fiscal impacts estimated outside of this period in this section.**

The fiscal impact of this bill is indeterminable for the following reasons: This bill would create a new chapter, RSA 546-C, authorizing the biological father of an unborn child to request an injunction to prohibit a woman who is pregnant with the person’s unborn child from obtaining an abortion. Petitions would be filed in Circuit Court, Family Division in the county in which the respondent resides or, if not a resident, the county in which the petitioner resides and would be required to be heard and ruled upon on an expedited basis. The Judicial Branch has no information upon which to estimate how many petitions could be filed under this bill and therefore cannot determine the fiscal impact on judicial resources.

If the court is required to make service of the petition and it is made by the sheriff, the fee for service is established by RSA 104:31. The fiscal impact due to increases in the amount paid to sheriffs for service is indeterminable because the Judicial Branch is unable to determine the number of petitions that will require service.

D. Technical or Mechanical Defects

- Identify any conflicts between this bill and current law, either state or federal, and identify possible technical errors. This information is provided to the Office of Legislative Services where it is evaluated and may be discussed with the bill’s sponsor.
- If no technical or mechanical defects are identified, please state “None Identified” below.
- Do not comment on the merits of the legislation.

The following potential technical or mechanical defects were noted:

1. Page 1, Lines 10-11: The bill requires the court to make service of the petition on the respondent.

- a. The method of service required is not stated (mail, in-person by sheriff or some other method).
 - b. Except in rare instances (for example domestic violence petitions), the court clerks are not responsible for making service upon respondents – it is the petitioner’s responsibility. It is unclear if the sponsor assumes that the court normally makes service on respondents, or if the intent of the bill is to specifically require that service be by the court clerks outside of the normal process. If the sponsor intended service to be as is normally done, service would be arranged by the petitioner.
2. Page 1, Lines 12-15: The bill required the court to issue a decision on the petition “before reaching any established limitations in law, such as prohibitions after a certain number of weeks of pregnancy.”
 - a. The Judicial Branch would not have factual information available to determine the established limitations in law, such as the gestational age of the fetus, to determine when a certain number of weeks will have passed. As such, the Court would not be able to calculate the date by when the order would need to be issued.
 - b. The bill does not address the timing of an appeal of the family court decision on the injunction as it relates to the established limitations in law.
3. Page 2, Lines 5-20: The bill includes a requirement of DNA paternity testing under certain scenarios, and the Petitioner must submit DNA test results to the court within 15 days of declaring intent to obtain DNA paternity testing.
 - a. It is not clear from the bill whether the declaration of intent should delay the evidentiary hearing or if the hearing is required to occur without yet receiving DNA paternity test results.
 - b. The bill also does not state what the court is required to do if the DNA testing process extends beyond the established limitations in law for an abortion.
 - c. The bill does not describe what occurs if the DNA laboratory does not issue results within the 15 day deadline established by the bill.
4. Page 2, Lines 26-31: The bill calls for the injunction to be signed by the parties or counsel. All other injunctions and other orders of the court only require the signature of the court. It is unclear from the bill as to the intent for having the parties sign the injunction.
5. Page 2, Line 28: If the injunction is only signed by one party or counsel, the bill requires counsel for the signing party to certify that a copy of the proposed order has been served on all other parties or counsel. The language should be expanded to provide that either counsel or, if not represented the party, so certify.
6. Page 2, Line 32 – Page 3, Line 3: The bill provides that service of the injunction will be by the court.
 - a. The bill provides that service may be made by delivery to the party or counsel, or by certified mail to the party’s last known address. In the event the last known address cannot be ascertained by diligent inquiry, the certificate of service must so state. It is unclear if the clerk is responsible for making diligent inquiry to ascertain the last known address or if it is a party’s obligation.
 - b. Although the bill provides that service can be by mail, in the event a party lives outside the county where the order was issued, the bill provides that the clerk may transmit the order to the sheriff in the appropriate county. It is assumed that the transmittal to the sheriff would be to make service, but as written it is not clear if service by mail is only if the party lives within the county.
7. Page 4, lines 1-3: The bill provides that, if a petition is rescinded and it is past any legally imposed viability limits, “the court may grant the mother permission to obtain an abortion.” There should be a cross reference in RSA 329:43-50 (Fetal Life Protection Act) to create an exception to the civil and

criminal penalties if the sponsor intends to provide that an abortion after rescission can be performed in New Hampshire.

Women's health care includes abortion. This is a decision not lightly taken, often made in difficult circumstances. It should be a private decision between a woman and her doctor, not involving politicians and judges and forced procedures such as unnecessary ultrasounds.

Every child should be a wanted child, and abortion, though never the first choice, is an option for reaching this outcome. Women are not forced to have abortions. Women should not be forced to be pregnant either. Please oppose HB 1181 and leave the important decision of giving birth to a child in the hands of mothers. Thank you.

Chairman Gordon and members of the House Judiciary Committee:

I am submitting this letter representing my remote written testimony to register my strong objection to House Bill 1181-FN, both as a woman of childbearing age and a family law attorney. I will outline my specific issues with various provisions of the bill's proposed chapter RSA 546-D below, followed by some additional lingering issues, and a final call to action for this Committee.

Problems presented by proposed RSA 546-D:

RSA 546-D:1, I (Page 1, line 6): As an initial matter, this places jurisdiction with the family division rather than Superior Court, which *might* actually have the resources to handle any additional case load. Our family division is overloaded right now with its core duties in divorce and parenting actions. I have a hearing on a motion to compel scheduled for next week in Manchester Family Division... for a motion to compel that was filed in August of 2020.

RSA 546-D:1, II (Page 1, line 11): Despite the fact that time is clearly of the essence and proposed RSA 546-D:1, III states that the petition "shall be filed and injunction issued or rejected before reaching any established limitations in law" *and* proposed RSA 546-D:1, IX(a) allows for granting of the injunction if the respondent does not appear, this section requires service of the petition on the respondent only "at least 5 days prior to such hearing" rather than establishing that the respondent be served as soon as possible after the petition is filed.

RSA 546-D:1, IV (Page 1, lines 16-20): This section does not articulate any legally established burden of proof. By what burden of proof does the petitioner prove biologic relation? What is a "reasonable probability"? Is that by preponderance of the evidence? I also want to point out that, although it is implied, nothing in this entire bill requires the petitioner to establish in the petition that the respondent is actually pregnant at all, essentially enabling any man to waste any woman's time and energy (and money if she ends up hiring an attorney). RSA 546-D:1, V(a)(3) seems to implicitly sanction this by preventing the petitioner's information from being entered on the birth certificate unless the injunction is actually granted.

RSA 546-D:1, V(a) (Page 1, lines 25-26): Notably, this is an "acknowledgement" and not any sort of affidavit or sworn statement. Why not? It states that the acknowledgement cannot be rescinded, but it is unclear if that it is only in the context of this petition or if the petitioner would be barred from denying paternity in a subsequent proceeding initiated by the respondent, possibly related to child support.

RSA 546-D:1, V(c) (Page 2, lines 5-20): It is unclear when this DNA testing is supposed to take place- if hearing is supposed to take place within 14 days of filing the petition, could within 15 days of “declaring intent” be 15 days after the hearing 14 days after the petition is filed? Already we’re at over a month of the respondent not having any timely resolution of this matter, which increases the complications associated with abortion and continued pregnancy. Additionally, although subpart (5) references “non-invasive manner” in passing, nothing in this section requires that the DNA paternity testing actually being accomplished non-invasively. For those on the committee who are unaware, there are 3 ways to establish paternity of a fetus, the 2 most common and inexpensive of which are also incredibly invasive. Amniocentesis involves puncturing the abdomen with a needle to extract amniotic fluid. This test is typically done between 15-20 weeks of pregnancy and results may take several weeks to be available. The other invasive method is chorionic villus sampling (CVS), which requires using a needle to extract a portion of the placenta through the cervix or abdomen. CVS is typically done between 11-14 weeks of pregnancy and results also take several weeks. Both amniocentesis and CVS present risks to fetal health and in some cases could lead to pregnancy loss. There is one type of non-invasive prenatal paternity test, but it can only be done between weeks 7 and 12 of pregnancy.

RSA 546-D:1, VII(a) (Page 2, lines 23-25): By issuing a temporary injunction simply upon filing of a petition, without the need for any judicial analysis, especially in context with all the other troubling issues with this proposed statute, this section would delay the respondent’s ability to exercise a – as of today – constitutional right without any due process.

RSA 546-D:1, IX(a) (Page 3, lines 10-11): Issuing an injunction without requiring the petitioner to still meet their burden of proof simply because the respondent – who this proposed statute requires only be served the petition at least 5 days before the hearing – does not appear at a hearing that they might not have had sufficient notice of or the ability to attend is in complete contradiction to this state’s other laws surrounding the granting of injunctive relief.

RSA 546-D:2, I(a) (Page 3, lines 15-16): Without even getting into the offensive insinuations of the word “claimed” in this context, this section is also troubling when we consider that, statistically, most sexual assault victims do not necessarily report their assaults. Further, this section suggests that even if the respondent is able to prove by a preponderance of the evidence (or even clear and convincing evidence) that the pregnancy is the product of sexual assault, that does not matter because it wasn’t “claimed” prior to the filing of the petition.

RSA 546-D:2, I(d) (Page 3, lines 20-26): This section bizarrely shifts the financial burden of DNA testing on the respondent if they assert that the pregnancy is the result of incest.

RSA 546-D:3, I(a) (Page 4, lines 6-7): This section does not make it clear exactly what it means for the petitioner to “accept” respondent’s prenatal medical expenses. Does this mean that the petitioner reimburses the respondent or that he is billed directly?

RSA 546-D:3, II(b) (Page 4, lines 13-16): This is one of the most deeply concerning sections of this proposed statute. It would subject the respondent to civil or *criminal* contempt for not attending “all appropriate medical appointments to promote a safe and healthy pregnancy,” as well as any perceived failure to follow medical advice. As far as I am aware, this state does not even require parents to take their living, breathing children to the doctor. This is a state that does not *require* people over the age of 18 to wear seatbelts. This is the Live Free or Die state where we trust adults to make reasonable decisions. This provision of the proposed law completely strips those rights from any pregnant person with the misfortune of having a current or former intimate partner vengeful or controlling enough to file a petition for an injunction. This focus on protecting what RSA 546-D:1, VII(d) refers to as “the *petitioner’s* unborn child” (rather than simply “the unborn child,” thus conveying possession of the fetus not to the person physically bearing it but rather the person who impregnated them) is very much in keeping with a *Handmaid’s Tale*-esque view of women as mere vessels for a man’s seed to sprout. Are *we* in a dystopian future? I hope not.

RSA 546-D:4, I (Page 4, lines 18-22): The respondent may file an emergency petition to rescind the injunction to allow for termination of the pregnancy only if the respondent’s physician provides “certified documentation” that there is an “imminent threat to the life of the mother.” This section overlooks the fundamental truths of medical emergencies: an imminent threat to life typically does not leave ample time to acquire and file certified medical documentation and affidavits with the Court and then wait for its judgment. As a result, this raises the question as to whether the respondent could still be held in contempt for receiving a medically necessary, emergency abortion.

My lingering rhetorical questions and thoughts:

- What if the respondent is a minor? How would proposed RSA 546-D interact with the judicial bypass law, if at all?

- What if the respondent has a miscarriage and needs a D&C (dilation and curettage) to remove the risk of infection from remaining fetal and placental tissue? Proposed RSA 546-D:3, II(b) suggests that the respondent could be under scrutiny for contempt in the event of any pregnancy loss, effectively penalizing an event that is both physically and emotionally traumatic.
- This proposed law makes no mention of what recourse the respondent has against the petitioner if the injunction is denied or ultimately rescinded, even though the law would obligate the respondent to spend time, energy, possibly money in order to litigate what could ultimately be a meritless or frivolous petition. This isn't even including the emotional distress of having to spend what could be the respondent's entire first trimester or more having to fight for bodily autonomy in court, including where the respondent may not even actively plan to abort – RSA 546-D:1, IV(b) only requires a “reasonable probability” that the respondent will seek an abortion.
- The proposed law contains no reference to any interplay with RSA 458-C. It requires support during pregnancy but still ostensibly obligates the respondent to petition the family division in a separate action in order to seek and receive child support once the child is born even if the RSA 546-D injunction had been granted.
- The potential and foreseeable consequences of this law on people in abusive relationships cannot be overstated: attempting “trap” a victim on the verge of ending the relationship or marriage with pregnancy is a hallmark of abusive relationships because even if the victim does end up ending the relationship or filing for divorce, the abuser can always exert control over the victim through their shared children. Not only does this increase the risk that the cycle of abuse could continue, but it is also incredibly detrimental to the children involved who are being used by the abusive parent as pawns.

Final thoughts and call to action:

If you have read this far and are thinking “Well surely some friendly amendments could resolve these points and questions,” let me be clear: HB 1181-FN is beyond reform. This bill would take New Hampshire back to the dark ages before the United States Supreme Court found that spousal notification laws placed an undue burden on the right to safe, legal abortion and were unconstitutional in *Planned Parenthood v. Casey* (1992). In fact, this bill goes far beyond even requiring that a spouse be *notified* and instead permits any putative current or former

intimate partner to actively intervene, delay, and disrupt a deeply personal, private medical decision.

Pregnancy is physically taxing and can be traumatic and even life-threatening. To actively allow basically any man (again, since there is no initial requirement to prove either biological relation or even the existence of a pregnancy) to attempt to use our state's courts to *force* someone to go through with pregnancy unless one of very few limited exceptions applies or until there is active, imminent medical emergency (that also allows for ample time to file an emergency petition) is downright unconscionable.

As such, I request that this Committee vote that HB 1181-FN is **inexpedient to legislate**.

Thank you for your time and attention to this testimony.

AGAINST HB 1181, 1147 AND 1625

As a male voter in Ossipee, New Hampshire, the father of two daughters and the grandfather of three children, I adamantly oppose HB 1181, HB 1477 and HB 1625.

Each of these bills in its own way attempts to prevent the great majority of constitutionally permitted abortions in New Hampshire, or to facilitate the intimidation of women who seek them and the medical personnel who provide them.

The net effect of these bills would be to egregiously limit a woman's constitutional right to choose whether to bear a child.

HB 1181 and HB 1477 would enact government mandates that in practice would force women to bear a child against her will, or provide no reasonable period of time – before the viability of a fetus – to make that decision on her own.

Conservatives have long claimed to oppose government interference in the lives of ordinary citizens. Yet conservative sponsors and supporters of these bills now propose the most consequential of all possible intrusions into the private lives of women.

This is what the word hypocrisy was invented for.

Perhaps the sponsors and supporters of these bills consider themselves to be acting on high moral ground in preventing or greatly limiting access to abortion or facilitating the intimidation of those who seek or provide abortions.

But the great majority of the public over decades has consistently agreed that there is a still higher moral imperative – that women shall have the freedom of choice in whether to bear a child.

I am a 78 year old female. I have lived in NH since 1968.

These laws, HB 1181, HB 1477, and HB 1625 are extremely insulting, and backward.

When the decision makers have lived the life of a woman, when they have passed legislation showing care about the lives of babies, passed legislation to provide childcare including infant care, readily available contraceptive access, and SO much more, then they can voice an opinion about abortion.

How many ways this legislation is just grand-standing ridiculous . . . words fail.

I was alive before birth control pills, I knew young women who were raped, had ilegal abortions..and were hospitalized afterwards.

The people who proposed this have NO idea what they are on about.

This is not morality, or caring for life, it is posturing of the worst sort to play to a very vocal minority who will be the first to rail against support for those babies and mothers they are so involved in pretending interest in.

No, no, no and NO.

Testimony Opposing HB1181

Dear Honorable Members of the Judiciary Committee:

My name is Amanda Elizabeth Toll and I represent Cheshire 16, the City of Keene at Large. I am vehemently opposed to HB1181, which would allow the biological father to prevent abortion. Being pregnant and having a child dramatically impacts multiple social, physical, and economic aspects of one's life. As a result, the decision whether to terminate or carry a pregnancy to term should reside with the pregnant person alone. I am confident that the vast majority of my constituents agree with this, so today on their behalf I am asking you to vote this reactionary, dangerous bill "inexpedient to legislate".

Respectfully,
Amanda Elizabeth Toll

The passage of this bill would allow rapists or other abusive biological fathers the right to enforce a pregnancy, viable or not, without a commitment to equally support any resulting child, or support the mother during the pregnancy.

RE: HB1181

Thank you Chairman Gordon and members of the committee for taking my testimony today. For the record my name is Sophia Biondillo, I'm 15, I'm from Manchester, and I am speaking today on behalf of the New Hampshire High School Democrats. I also submitted my testimony via the remote sign-in ahead of the hearing.

The New Hampshire High School Democrats urge the committee to recommend that HB1181 be Inexpedient to Legislate. Outside of the issue of abortion, there are quite a few issues with this legislation that make it ill-advised regardless of what stance members of this committee might otherwise have on the issue of abortion.

HB1181 would put several barriers in place through long and complicated legal obligations which would make attaining justice impossible for a pregnant person. This would enable an abusive partner to force a pregnant person to undergo a painful and unwanted pregnancy against their will, even if the court ultimately would have deemed that terminating that pregnancy would have been appropriate in the first place.

Firstly, it's important to consider the reality of the New Hampshire Family Court System. Family courts are constantly overwhelmed, and after filing a complaint with the court, it's likely that a petitioner would have to wait several months for a hearing. If mediation is required, that would add additional months to the timeline. DNA testing as described in this bill would create further delay on top of this. In addition, obtaining legal services and continuing to pay for them over the course of these proceedings places an unnecessary burden on somebody who is most likely already struggling financially if they are seriously considering terminating their pregnancy.

While the case is still active, the pregnant person is not able to receive abortion services, and that combined with New Hampshire's 24-week abortion ban means it is likely that court system delays would completely prevent access to an abortion for someone who would otherwise be able to obtain one in our state. This would still be the case even if the court eventually determined an abortion should have been accessed by the respondent. Even if a pregnant person can successfully advocate for their right to obtain an abortion, this bill would essentially enable an abusive partner to deny someone's right to bodily autonomy purely through manipulation of

the judicial system. It is not the legislature's intent to take power away from our courts, and passing this bill would very likely do just that.

Therefore, knowing that this bill's language would be very easy to abuse if it were put into statute and puts the well-being of pregnant people in danger, *and* understanding the legislative overreach it demonstrates, the New Hampshire High School Democrats would urge the committee to recommend that HB1181 be Inexpedient to Legislate. I thank the committee for your time and I will take any questions.

Respectfully,

House Bill 1181

This proposed legislation is a far over-reach of legislative and judicial power and in no way in the best interests of women in the state of NH. The court systems are overburdened as it is and allowing for this type of legislation would only further that situation. Additionally, allowing a bill like this to pass could put additional emotional and physical strain on a woman who is already in a difficult situation and it could clearly be manipulated to create further hardships for women in this situation.

This bill is ill conceived on every level.

RE: Oppose HB 1181

Dear Chairman Gordon, VChairman McLean, and members of the Committee:

On behalf of the New Hampshire Section of the American College of Obstetricians and Gynecologists (ACOG) we respectfully oppose HB 1181 as dangerous and ill-advised. Our members dedicate their careers and lives to providing evidence-based care, delivered with quality, safety, integrity, and compassion. As such, the ACOG New Hampshire Section strives to confront and seek solutions for issues related to coercion, harassment, and violence against women and individuals seeking our obstetric and gynecologic care. Instead, this legislation would stoke and exacerbate these issues, would be profoundly harmful to the communities in our state, and upends the values of autonomy, privacy, and safety that New Hampshireites hold dear.

By distorting the legal system into a lever to delay, postpone, impede, and harass our patients seeking to access abortion care, HB1181 would dangerously enshrine into New Hampshire statute what clinicians, social service providers, mental health professionals, domestic violence experts, and the public health community identify as reproductive coercion. ACOG defines reproductive coercion as “behavior intended to maintain power and control in a relationship related to reproductive health by someone who is, was, or wishes to be involved in an intimate or dating relationship with an adult or adolescent. This behavior includes explicit attempts to impregnate a partner against her will, control outcomes of a pregnancy, coerce a partner to have unprotected sex, and interfere with contraceptive methods.”ⁱ Because many who experience reproductive and sexual coercion also experience physical or sexual violence, this legislation would exacerbate dangerous situations for those already in hazardous or tenuous situations.

The intent and effect of this legislation is to establish an avenue for delaying a person’s access to abortion with a potentially lengthy and byzantine legal process—initiated by anyone simply claiming to have standing under the law. Already, abortion access can be difficult for those with limited financial needs, those living long distances from a health care providers, those already facing structural barriers in the health care system, and this state-sanctioned delay tactic could result in pushing it entirely out of reach. Being denied abortion care can have serious long-lasting consequences for a person’s physical health, including leading to serious medical conditions during the end of pregnancy, and can inflict long-term harm on their emotional well-being and socioeconomic security. The social and economic

repercussions of being denied a wanted abortion are also felt by the person's family— including their children.ⁱⁱ

Quality, compassionate health care must be available, free of undue outside interference in the patient-physician relationship and patient decisionmaking. Our patients must be able to make health care decisions without fear of reprisal, delay, or state-sanctioned harassment. As physicians who care for the communities in our state, and as New Hampshireites who value treating our neighbors with respect, we urge you to oppose this legislation.

From the desk of Karen Testerman

Good Morning Chairman Gordon and Representatives,

My name is Karen Testerman and I am a citizen of the State of New Hampshire and I am domiciled in the city of Franklin.

Thank you for this opportunity to share my opinion in support of HB1181

As many testify to the detriment of this bill, I am struck by the citation of inconvenience or the monetary impact the born child would have on the lives of the adults. Many of these people view children as a disposable commodity. Children are human beings who provide hope for the continuation of society. They provide laughter, enjoyment, and are the future of our culture and country. They are not a disposable paper cups for adults to trash because adult doesn't want or can't afford the interference.

The pre-born if allowed to fully develop become the next generation, the hope for the future. Certainly there are challenges in life and not one person lives a life without some mountain to climb. But those challenges make us better in many cases.

In my work as the founder and Executive Director of Cornerstone Policy Research and in my research for my 15 years of radio and television programming, I have encountered several men who were denied the opportunity to provide for and raise their off spring because the mother either chose or in many cases was coerced into destroying the life within her. Due to the anguishing helplessness these fathers felt, they too have embarked in the movement to preserve life.

These fathers suffered mentally just as many women do after they realize what they have done. As Representative Susan Delemus testified even today, some thirty three years later she still suffers mentally and emotionally.

You were once a pre-born. As with the fictional George Bailey, what would your circle of influence have been if you were not allowed to exist? Additionally many of the problems we are experiencing in our culture stem from the lack of father involvement. Ultimately, it takes two bodies to create the pre-born. Both have a vested interest. Both should be allowed to make the final decision to choose life.

May I remind you of your oath to support the NH Constitution that defends life. Please consider the value of both the father and the mother and vote HB1181 Ought to Pass.

Thank you.

Dear Honorable Representatives:

I write to you in opposition to HB1181. Having served for many years as a social worker I find this Bill to be totally unrealistic and harmful. Should this Bill become a NH Law it will clearly begin a hateful process for parenthood. It will absolutely destroy the willingness for potential parents to become partners in parenting. This will be ammunition to increase aggression and nurture anger in the potential parents. You will learn from thoughtful N.H. Judges the only way for a family to partner as parents is to mediate a conflict of this sort. Sad it is there are those who wish to retaliate against sexual partners and will do all in they are capable of to torture and harm the well-being of the parent carrying an unborn child. Not only will this injure the potential parents, it will also create an inordinate amount of stress quite likely injuring the unborn. Please carefully consider the harm this will do to the well being of the parents and the unborn child. Mediation and conflict resolution are the proper methods to resolve this sort of dispute.

Thank you for your thoughtful decision-making.

Subject: Please support dads who want to raise their children and save lives-- HB 1181

Dear Judiciary Committee Members,

Abortion is a complex issue that is often viewed as only affecting women, but the termination of a pregnancy permanently and irreversibly impacts three lives: The life of the biological mother, the life of the unborn child, AND the life of the biological father.

Abortion also terminates entire generations on both the maternal AND the paternal side of the child's family. While both biological parents have an equal claim to the genetics of the resulting child, and abortion affects a triad of lives, currently only one member of the triad is given 100% of the choice of whether the child will live or die. This is an inequality under the law. For these complex reasons, **I ask that you please support HB 1181, which would allow the biological father to petition the court to prevent the death of his child by abortion.**

A small study by Coyle, Coleman, and Rue (2010) found that fathers who have lost a child to abortion experience grief and trauma. Teenage boys, young men, and men who have lost a child to abortion are at risk for depression, prolonged grief, Post Traumatic Stress Disorder, suicidal ideation, and suicide attempts, according to the Coyle et al. study and an Australian report in the Daily Telegraph by Corrine Barraclough (2017). Barraclough reported that fathers of abortion silently suffer a "heartbreaking ocean of pain" that has no outlet in society and no empathic ear. As a mental health counselor who has worked with boys and young men, I attest to the trauma suffered by young fathers who lost or almost lost a child to abortion.

I also want to share with you a situation that hit close to home that, thankfully, did NOT result in an abortion of my now 4-year-old granddaughter, but DID result in the tragic and cataclysmic suicide of my son, Brycen.

I adopted an extremely traumatized, disabled son in 2005 when he was 11 years old. My son suffered rape and sexual assault in both the biological family and while in one of 15 foster care placements (in another state). He was also on the autism spectrum and had medical issues. The now well-known Adverse Childhood Experiences (ACEs) studies first conducted by Felitti et al. (1998; 2010) and later expanded by others have shown that adolescent boys and young men who suffered sexual abuse earlier in childhood are exponentially more likely than their non-abused peers to become young fathers. Sexually abused boys and young men are also highly at risk for further sexual exploitation-- especially if they have neurological conditions such as Autism Spectrum Disorder... When my son was almost 23, he became involved in a very unhealthy relationship with a young woman who was also a trauma survivor. My son experienced additional trauma in this relationship. While very vulnerable and mentally unstable at that time, my son experienced what, under the law, would be considered date rape: He was made to impregnate his partner against his "better judgement" and wishes. I did not learn the details until after his death.

In spite of how it happened, when my son learned that he became a father, he immediately expressed love for his child and became very protective of the

unborn child. However, he realized that he was completely helpless to actually do anything but make suggestions to the mother, who was not taking care of herself and in fact was experiencing complications and not following doctor's orders. My son said to me, in a panic, "Mom, I wish so much that I was the one pregnant..." and, "I have zero control now... She can do what she wants with my baby..." While neither of the two of them believed in abortion, when complications became severe, there was a pivotal moment when my son feared that abortion was something possible, because two different OB/GYNs were "offering" it as an "option" to end the young woman's symptoms! My son and I came face-to-face with the horror of being the paternal side of the family and having absolutely no say in whether the youngest member of our family would live or die. Gratefully, and fortunately for my granddaughter, her mother didn't believe in abortion. But as the pregnancy continued, the baby was used as a weapon against my son, with threats to cut off his rights and our family's access once the baby was born. My son, who had been two years into a severe relapse of PTSD with psychotic features, could not handle the thought of a loss that deep, and he ended his life two and a half months before his daughter was born. ***Dads LOVE their children, and the prospect of losing their children can lead to tragedy like this!*** The devastation that my son's death caused me and our family is beyond words--I thought my anguish had reached the threshold of human endurance-- until I was completely cut out of the life of my granddaughter after her birth. However, ***she is alive***, and someday, I will meet her and I will be able to tell her how much I love her, how much our family loves her, ***and how much her daddy loved her.*** HB 1181 stands up as a balancing factor to the inequality in abortion laws and to the contempt currently shown toward fathers and their rights. HB 1181 gives fathers a chance to protect their children and save lives. ***If the biological father of a child is willing to raise and take financial responsibility for his child, why should that child have to die? Please SUPPORT HB 1181!***

Sincerely,

Subject: Please support dads who want to raise their children and save lives-- HB 1181

Dear Judiciary Committee Members,

Abortion is a complex issue that is often viewed as only affecting women, but the termination of a pregnancy permanently and irreversibly impacts three lives: The life of the biological mother, the life of the unborn child, AND the life of the biological father.

Abortion also terminates entire generations on both the maternal AND the paternal side of the child's family. While both biological parents have an equal claim to the genetics of the resulting child, and abortion affects a triad of lives, currently only one member of the triad is given 100% of the choice of whether the child will live or die. This is an inequality under the law. For these complex reasons, **I ask that you please support HB 1181, which would allow the biological father to petition the court to prevent the death of his child by abortion.**

A small study by Coyle, Coleman, and Rue (2010) found that fathers who have lost a child to abortion experience grief and trauma. Teenage boys, young men, and men who have lost a child to abortion are at risk for depression, prolonged grief, Post Traumatic Stress Disorder, suicidal ideation, and suicide attempts, according to the Coyle et al. study and an Australian report in the Daily Telegraph by Corrine Barraclough (2017). Barraclough reported that fathers of abortion silently suffer a "heartbreaking ocean of pain" that has no outlet in society and no empathic ear. As a mental health counselor who has worked with boys and young men, I attest to the trauma suffered by young fathers who lost or almost lost a child to abortion.

I also want to share with you a situation that hit close to home that, thankfully, did NOT result in an abortion of my now 4-year-old granddaughter, but DID result in the tragic and cataclysmic suicide of my son, Brycen.

I adopted an extremely traumatized, disabled son in 2005 when he was 11 years old. My son suffered rape and sexual assault in both the biological family and while in one of 15 foster care placements (in another state). He was also on the autism spectrum and had medical issues. The now well-known Adverse Childhood Experiences (ACEs) studies first conducted by Felitti et al. (1998; 2010) and later expanded by others have shown that adolescent boys and young men who suffered sexual abuse earlier in childhood are exponentially more likely than their non-abused peers to become young fathers. Sexually abused boys and young men are also highly at risk for further sexual exploitation-- especially if they have neurological conditions such as Autism Spectrum Disorder... When my son was almost 23, he became involved in a very unhealthy relationship with a young woman who was also a trauma survivor. My son experienced additional trauma in this relationship. While very vulnerable and mentally unstable at that time, my son experienced what, under the law, would be considered date rape: He was made to impregnate his partner against his "better judgement" and wishes. I did not learn the details until after his death.

In spite of how it happened, when my son learned that he became a father, he immediately expressed love for his child and became very protective of the unborn child. However, he realized that he was completely helpless to actually do anything but make suggestions to the mother, who was not taking care of herself and in fact was experiencing complications and not following doctor's orders. My son said to me, in a panic, "Mom, I wish so much that I was the one pregnant..." and, "I have zero control now... She can do what she wants with my baby..." While neither of the two of them believed in abortion, when complications became severe, there was a pivotal moment when my son feared that abortion was something possible, because two different OB/GYNs were "offering" it as an "option" to end the young woman's

symptoms! My son and I came face-to-face with the horror of being the paternal side of the family and having absolutely no say in whether the youngest member of our family would live or die. Gratefully, and fortunately for my granddaughter, her mother didn't believe in abortion. But as the pregnancy continued, the baby was used as a weapon against my son, with threats to cut off his rights and our family's access once the baby was born. My son, who had been two years into a severe relapse of PTSD with psychotic features, could not handle the thought of a loss that deep, and he ended his life two and a half months before his daughter was born. ***Dads LOVE their children, and the prospect of losing their children can lead to tragedy like this!***

The devastation that my son's death caused me and our family is beyond words--I thought my anguish had reached the threshold of human endurance-- until I was completely cut out of the life of my granddaughter after her birth. However, ***she is alive***, and someday, I will meet her and I will be able to tell her how much I love her, how much our family loves her, *and how much her daddy loved her.*

HB 1181 stands up as a balancing factor to the inequality in abortion laws and to the contempt currently shown toward fathers and their rights. HB 1181 gives fathers a chance to protect their children and save lives. ***If the biological father of a child is willing to raise and take financial responsibility for his child, why should that child have to die? Please SUPPORT HB 1181!***

Sincerely,

Laurie A. Couture

HB 1181 is an underwritten, under thought out bill. There are so many variables that determine why a women needs an abortion. Don't you think that if she was in a solid relationship where she could see that the future held a partnership for raising a child, that this would be a non-issue? This bill is unnecessary and I strongly oppose it.

I also do not support HB-1625. This should not be repealed. Do you remember the minister that was protesting at military funerals because he believed it was just punishment for tolerating homosexuality? This is the type of unbalanced, finge person that would spend their time haranguing a person in front of a clinic. Recently demonstrations in this country have been violent and repealing this buffer will lead to violence against women.

Thank you for your service.

Dear Committee Members,
My name is Heidi Foster and I live in Hollis, NH.

I'm writing to strongly urge you to vote against HB 1181, HB 1477-FN, and HB 1625; likewise, I'm urging you to support CACR18, HB 1674, and HB 1673-FN.

The government should have no part in the extremely private decisions a woman faces about her reproduction. None.

Every situation is unique, and a woman's right to make her own decisions about her body, her future, and her health are her own:

politicians may have their place in civic lives, but not in such private matters.

NH is supposed to be the "Live Free or Die" state -- women deserve to continue to "live free" in their reproductive lives.

Sincerely,
Heidi Foster

Dear Judiciary Committee,

I urge you to vote NO on HB 1181-FN, allowing the biological father of an unborn child to petition the court for an injunction prohibiting the biological mother from having an abortion.

I find this a completely repugnant intrusion on a woman's control over her own body. A dead corpse has more legal rights to maintain its boundary of where others cannot have a say. Give women at least the same corporeal rights as a dead body.

In section IV it is utterly hypocritical that the abortion would be allowed in opposition to the current terrible short 24 week limit. I: "IV. If a petition is rescinded and it is past any legally imposed viability limits, the court may grant the mother permission to obtain an abortion, if she chooses to do so."
It exposes the invalid concept that the 24 week limit is somehow special.

Where is the protection in the case of a rape which she has been to scared to report? Most women are raped by men they know, this could allow a horrendous imbalance of power over her own body. The loophole here is frightening.

Vote ITL to this bad idea.

Importance: Normal

I urge you to oppose HB 1181 because at its very root is a brutal attack on the bodily autonomy of pregnant women who should have the fundamental right to decide for themselves whether to become a parent.

HB 1181 must be voted ITL as it would threaten *every pregnant woman* in our state by:

- allowing any "man" to prohibit her from having an abortion and to remain pregnant against her will
- there are no exception for rape or incest meaning a rapist could take a pregnant woman to court to force her to continue pregnancy
- in circumstances of domestic violence, abusers could continue to traumatize pregnant women by taking them to court and forcing them to continue pregnancy
- pregnant women would be forced to defend themselves in-person at their cost and would bear the burden of obtaining DNA testing for both parties

This bill is cruel. Our state should not allow judges, rapists, sexual partners or anyone to make these personal decisions for women.

Dear House Judiciary Members,

Due to a broken arm, I cannot write separate letters on my very strong opposition to the House Bills 1181, 1477, and 1625.

I have been a nurse and a midwife for 40 plus years. Until you have walked in the shoes of those of us on the frontline of women's health or, as a woman, had to deal with the devastating consequences of an unplanned and unwanted pregnancy, you will never know the toll it has taken on thousands of women. Men are not beholden to mere strangers, legislatures and judges dictating what they can or cannot do with their bodies for their healthcare! It is an outrageous and egregious assault on a women's right to her own bodily functions that are NOT perpetrated on any male.

I strongly oppose the biologic sperm donor having power over a pregnant woman as stated in HB 1181.

I strongly oppose banning pregnancy termination at first sign of a heartbeat. 10 years ago I was faced with a parent from central NH, a prominent and public member of an antichoice group. The sixteen year old daughter of this parent was 12 weeks pregnant and wanted an abortion. The parent said "I don't believe in abortion, but this case is different!" NO! It is not different. This true story happens thousands and thousands of times.

I strongly oppose HB 1625. Any patient should be able to enter the healthcare facility of their choice without getting harassed. Imagine getting harassed because you were going for a prostate exam.

Imagine walking in the shoes of those on the front line, doctors, nurses, and midwives and those women forced into complying with laws regarding their reproductive healthcare.

Sincerely,

Susan Bartlett RN

These laws represent unnecessary government intrusion into the lives of women, and into the lives of the people who care about them...their health, well-being and individual autonomy. Abortion is a medical procedure and should be handled between a pregnant person and her physician, period.

These laws are a stupendous waste of time when there are far more pressing issues to which you should be attending. Their implementation will have devastating personal impacts on your constituents and ultimately the economy of the state. The majority of citizens support the protection of abortion including the people who have sent you there to represent them. Please do your jobs and truly represent the majority of your constituency.

In addition to all the above points stands the inevitable waste of our money in defending these laws in court that you will incur!

Dear Committee Members,

Current law deputizes people unconnected with an abortion to sue health care providers. The civil remedies section of the abortion ban allows the spouse or parents of a person who has an abortion outside of the ban to sue the health care provider who performed the abortion for civil damages. In reality, this means that an abusive spouse or estranged parents have legal standing to sue a medical provider. This should not be allowed.

Please vote "inexpedient to legislate" on HB 1181.

STATE OF NEW HAMPSHIRE

In the Year of Our Lord Two Thousand Twenty Two

AN ACT allowing the biological father of an unborn child to petition the court for an injunction prohibiting the biological mother from having an abortion.

Be it Enacted by the Senate and House of Representatives in General Court convened:

1 1 New Chapter; Petition for Injunction to Prohibit Abortion. Amend RSA by inserting after
2 chapter 546-C the following new chapter:

3 CHAPTER 546-D

4 PETITION FOR INJUNCTION TO PROHIBIT ABORTION

5 546-D:1 Petition for Injunction to Prohibit Abortion.

6 I. A person may petition the judicial branch family division to request an injunction to
7 prohibit a woman who is pregnant with the person's unborn child from obtaining an abortion.

8 II. Venue for a petition filed pursuant to this section is in the county in which the
9 respondent resides or, if the respondent is not a resident of this state, the county in which the
10 petitioner resides. The court shall cause a copy of the petition and notice of the date set for the
11 hearing on such petition to be served upon the respondent at least 5 days prior to such hearing.

12 III. To ensure that, if a petition is ultimately denied, the mother would still be able to
13 lawfully proceed with seeking an abortion at her discretion, a petition for injunction shall be filed
14 and injunction issued or rejected before reaching any established limitations in law, such as
15 prohibitions after a certain number of weeks of pregnancy.

16 IV. Within 14 days of the petition being filed, the court shall hold a hearing at which both
17 parties may present evidence. At a minimum, petitioner shall demonstrate that:

18 (a) The petitioner is the biological father of the respondent's unborn child; and

19 (b) There is a reasonable probability that the respondent will seek an abortion prior to
20 giving birth to the unborn child.

21 V. This section shall not require the petitioner to provide DNA evidence to prove that the
22 petitioner is the father of the respondent's unborn child.

23 (a) If the parties are not married, the petitioner shall execute a voluntary
24 acknowledgment of paternity that is not subject to being rescinded.

25 (1) The voluntary acknowledgment of paternity shall be proven by filing a certified
26 copy with the court.

27 (2) The voluntary acknowledgment of paternity may be executed without the
28 signature of the child's mother.

1 (3) A voluntary acknowledgment of paternity for the purpose of seeking an
2 injunction shall not result in the father's name, surname, or information being entered on the child's
3 birth certificate unless an injunction is issued.

4 (b) If the parties are married, the petitioner is automatically assumed to be the father.

5 (c) If the mother denies paternity asserted under subparagraphs (a) or (b), the petitioner
6 shall either withdraw the petition or seek DNA evidence to substantiate claim of paternity given the
7 following:

8 (1) Petitioner must declare intentions to obtain DNA paternity immediately.

9 (2) Petitioner assumes all costs associated with DNA paternity testing for both
10 himself and the mother.

11 (3) Petitioner must obtain and submit DNA test results to the court within 15 days
12 of declaring intent.

13 (4) DNA must be obtained, and testing performed, by a legally accredited DNA
14 testing facility whose credentials allow for the results to be accepted by the presiding court.

15 (5) Because of the non-invasive manner in which DNA is obtained, the mother must
16 submit to the DNA testing and shall not obtain an abortion during this time. She does not have to
17 report for testing at the same time as the father, but she does have to report to the same testing
18 location as the father, in order to protect chain of custody.

19 (6) If DNA evidence indicates petitioner is not the father, the petition shall be
20 immediately dismissed.

21 VI. An injunction issued pursuant to this section shall prohibit the mother from seeking or
22 obtaining an abortion.

23 VII.(a) If the mother has been served with a copy of the petition and notice of the hearing, a
24 temporary injunction is effective when entered. She may not obtain an abortion during this time. If
25 the petition for permanent injunction is denied, the temporary injunction is immediately lifted.

26 (b) For purposes of this section, an injunction is considered entered when signed by:

27 (1) The judge and all parties or counsel;

28 (2) The judge and one party or counsel, and contains a certificate of counsel that a
29 copy of the proposed order has been served on all other parties or counsel; or

30 (3) The judge, and contains a certificate of the clerk that a copy has been served on
31 all other parties or counsel.

32 (c)(1) Service upon a party or counsel must be made by delivering to the party or counsel
33 a copy of the injunction, or by the clerk mailing the injunction to the party's last known address. In
34 the event the party's last known address is unknown and cannot be ascertained upon diligent
35 inquiry, the certificate of service must so state.

36 (2) Service by mail is complete upon mailing. In order to complete service of process
37 in a timely manner on a party who lives outside the county where the order was issued, the clerk

1 may transmit the order to the sheriff in the appropriate county by facsimile or other electronic
2 transmission.

3 (3) All mailing shall be certified to prove date of mailing.

4 (d) Notwithstanding when an injunction is considered entered under this paragraph, if
5 the court finds that the protection of the petitioner's unborn child so requires, the court may order,
6 in the manner provided by law or rule, that the injunction take effect immediately.

7 VIII. Upon violation of an injunction issued pursuant to this section, the court may hold the
8 respondent in civil or criminal contempt.

9 IX. Failure to Appear.

10 (a) If the mother does not appear at the hearing, the injunction shall be granted unless
11 otherwise prohibited by this statute.

12 (b) If the father does not appear, the injunction shall be denied.

13 546-D:2 Grounds for Denial of Petition.

14 I. The court shall deny the petition for injunction if one or more of the following is true:

15 (a) If the pregnancy is the result of rape which the mother has claimed prior to petition
16 for injunction.

17 (b) If the father is currently imprisoned for any other crimes.

18 (c) If the father has been convicted of previous sexual crimes or violent crimes against
19 any person, or crimes against children.

20 (d) If the pregnancy is the result of incest.

21 (1) If incest is claimed, DNA testing must be conducted at the expense of the person
22 making the claim of incest to determine if the child is the result of an incestuous relationship.

23 (A) DNA testing must occur within 10 days.

24 (B) Both parties must submit to DNA testing.

25 (2) If testing refutes incest, the injunction shall be issued unless one of the other
26 reasons for denial applies.

27 (e) If the father violates any restraining orders imposed upon him by any court during
28 the processing of the petition,

29 (f) If the father is arrested for any violent crimes, sexual crimes, or crimes against a
30 child during the processing of the petition.

31 II. The court shall rescind an injunction if:

32 (a) The father is arrested for any violent crime, sexual crime, or crime against a child; or

33 (b) The father violates any restraining orders imposed upon him by any court.

34 III. Denial of a petition must be done in a timely manner so as to ensure the mother has
35 ample time to obtain a legal abortion, if she desires to do so.

1 IV. If a petition is rescinded and it is past any legally imposed viability limits, the court may
2 grant the mother permission to obtain an abortion, if she chooses to do so. All costs for this
3 procedure shall be paid by the father.

4 546-D:3 Injunction.

5 I. If an injunction is issued under this chapter, the father shall:

6 (a) Accept all prenatal medical expenses, including prenatal vitamins and medication,
7 not covered by the mother's insurance, Medicare, or Medicaid up to and including birth.

8 (b) Provide the mother with \$250 per month for the duration of pregnancy for the
9 purpose of proper and adequate nutrition.

10 (c) Obey any other instructions given him by the court.

11 II. If an injunction is issued under this chapter, the mother shall:

12 (a) Not obtain an abortion.

13 (b) Attend all appropriate medical appointments to promote and ensure a safe and
14 healthy pregnancy. The mother may attend medical appointments without the father and may
15 attend the physician of her choice. The mother must follow the medical advice of her physician to
16 ensure a safe and healthy pregnancy.

17 546-D:4 Emergency Petition; Restraining Order.

18 I. If the mother's physician determines that the pregnancy poses imminent threat to the life
19 of the mother, the mother may file an emergency petition to rescind the injunction. Certified
20 documentation by the physician recommending an abortion must accompany the emergency petition.
21 The court shall grant the emergency petition if the pregnancy poses imminent threat to the life of
22 the mother.

23 II. The mother may request, and the court may issue, a restraining order against the father
24 with whatever conditions the court deems appropriate to ensure the safety of the mother. Any
25 violations by the father shall result in the injunction being rescinded.

26 2 Effective Date. This act shall take effect January 1, 2023.

METHODOLOGY:

This bill allows the biological father of an unborn child to petition the court for an injunction prohibiting the biological mother from having an abortion.

The Judicial Branch indicates the fiscal impact of this bill is indeterminable. This bill would create a new chapter, RSA 546-C, authorizing the biological father of an unborn child to request an injunction to prohibit a woman who is pregnant with the person’s unborn child from obtaining an abortion. Petitions would be filed in Circuit Court, Family Division in the county in which the respondent resides or, if not a resident, the county in which the petitioner resides and would be required to be heard and ruled upon on an expedited basis. The Judicial Branch has no information upon which to estimate how many petitions could be filed under this bill and therefore cannot determine the fiscal impact on judicial resources.

If the court is required to make service of the petition and it is made by the sheriff, the fee for service is established by RSA 104:31. The fiscal impact due to increases in the amount paid to sheriffs for service is indeterminable because the Judicial Branch is unable to determine the number of petitions that will require service.
