HOUSE OF REPRESENTATIVES

REPORT OF COMMITTEE

**The Committee on Health, Human Services and Elderly
Affairs to which was referred HB 1271,**

**AN ACT limiting the authority of the department of
health and human services to mandate vaccinations;
and relative to quarantine costs. Having considered the
same, report the same: NOT RECOMMENDED FOR
FUTURE LEGISLATION.**

Rep. Mark Pearson

FOR THE COMMITTEE

COMMITTEE REPORT

Committee:	Health, Human Services and Elderly Affairs
Bill Number:	HB 1271
Title:	limiting the authority of the department of health and human services to mandate vaccinations; and relative to quarantine costs.
Date:	June 6, 2022
Consent Calendar:	CONSENT
Recommendation:	NOT RECOMMENDED FOR FUTURE LEGISLATION

STATEMENT OF INTENT

When the committee heard the bill last winter we came to this unanimous opinion: “No one on the committee was of the opinion that, in an emergency, the legislature, even with waiving of certain rules, could respond quickly enough to an authorization of emergency medical care or authorization of vaccination by the Governor or DHHS. If legislative response were deemed necessary either to overrule emergency actions, or make strong recommendations to withdraw such authorizations, JLCAR or the Joint Legislative DHHS Oversight Committee would be better vehicles to respond.” Nothing has changed our minds in the meantime.

Vote 17-0.

REPORT OF COMMITTEE

The Committee on Health, Human Services and Elderly Affairs to which was referred HB 1271,

AN ACT limiting the authority of the department of health and human services to mandate vaccinations; and relative to quarantine costs. Having considered the same, report the same with the recommendation that the bill be REFERRED FOR INTERIM STUDY.

Rep. Mark Pearson

FOR THE COMMITTEE

COMMITTEE REPORT

Committee:	Health, Human Services and Elderly Affairs
Bill Number:	HB 1271
Title:	limiting the authority of the department of health and human services to mandate vaccinations; and relative to quarantine costs.
Date:	March 7, 2022
Consent Calendar:	CONSENT
Recommendation:	REFER FOR INTERIM STUDY

STATEMENT OF INTENT

Additional to noting citation errors in the bill, no one on the committee was of the opinion that, in an emergency, the legislature, even with waiving of certain rules, could respond quickly enough to an authorization of emergency medical care or authorization of vaccination by the Governor or the Department of Health and Human Services (DHHS). If legislative response were deemed necessary either to overrule emergency actions, or make strong recommendations to withdraw such authorizations, JLCAR or the Joint Legislative DHHS Oversight Committee would be better vehicles to respond.

Vote 21-0.

HOUSE COMMITTEE ON HEALTH, HUMAN SERVICES AND ELDERLY AFFAIRS

PUBLIC HEARING on Bill # HB1271

BILL TITLE: An Act limiting the authority of the department of health and human services to mandate vaccinations and relative to quarantine costs.

DATE: 2/14/2022

ROOM: LOB 210-11

Time Public Hearing Called to Order: 1:16pm

Time Adjourned: 2:01pm

Committee Members: Reps. M. Pearson, Layon, Folsom, Acton, McMahon, Cushman, Kelsey, Gay, B. King, Kofalt, MacKay, DeLemus, Weber, Knirk, Nutter-Upham, Salloway, Snow, Cannon, Schapiro, Woods and Merchant,

TESTIMONY

Representative Comtois - introduced the bill

- there are some problems with the placement in RSAs
- emergency special session.
- Representatives should meet regardless of the situation, i.e., pandemic
- 2/3 vote when normally only a majority
- each new immunization would require its own bill.
- only a few narrowly defined exceptions
- Could this be done by the Oversight committee for DHHS

Abby Rogers, Anne Marie Mercuri, John Williams, DHHS - oppose

- there are several technical aspects of the bill that would have to be corrected
- all people have the right to refuse a vaccine
- state of emergency only
- commissioner cannot alone take these measures unless the governor has declared emergency

Respectfully submitted,

Rep. Beth Folsom, Clerk

HOUSE COMMITTEE ON HEALTH, HUMAN SERVICES AND ELDERLY AFFAIRS

PUBLIC HEARING on Bill # HB1271

BILL TITLE: Non-Germane amendment #2022-0729h

DATE: 2/22/2022

ROOM: LOB 210-11

Time Public Hearing Called to Order: 3:04pm

Time Adjourned: 4:00pm

Committee Members: Reps. M. Pearson, Layon, Folsom, Acton, McMahon, Cushman, Kelsey, Gay, B. King, Kofalt, MacKay, DeLemus, Weber, Knirk, Nutter-Upham, Salloway, Snow, Cannon, Schapiro, Woods and Merchant,

TESTIMONY

Representative Layon introduced the amendment

- this amendment is necessary to stop the Federal Gov't takeover of our hospitals
- this needs to be put into place now so that it is protection for the next "emergency"

***Jason Cole, CMC. NHHA - oppose**

- there is still a DHHS public health emergency special order still in place.
- this is different than a declared state of emergency by the governor
- the emergency orders gave the hospital more options for treating patients that normally wasn't allowed.
- the immunity comes through the state law not federal
- not sure if the immunity was retroactive
- is this where the no visitors rule came from
- statute is much better than just the AG opinion
- immunity is a higher bar than reasonable medical care

Paula Minnehan, NH Hospital Association - oppose

- needed it to be codified into law for full protection
- public health emergency vs state of emergency

Respectfully submitted,

Rep. Beth Folsom, Clerk

Amendment to HB 1271

1 Amend the title of the bill by replacing it with the following:

2

3 AN ACT repealing a statute relative to COVID-19 and health facilities.

4

5 Amend the bill by replacing all after the enacting clause with the following:

6

7 1 Repeal. RSA 21-P:42-a, relative to health facilities' compliance with orders, rules, and
8 directives issued during the state of emergency declared in response to COVID-19, is repealed.

9 2 Effective Date. This act shall take effect upon its passage.

UNAPPROVED

2022-0729h

AMENDED ANALYSIS

This bill repeals a statute regarding health facilities' compliance with orders, rules, and directives issued under the state of emergency declared in response to the COVID-19 pandemic.

UNAPPROVED

RE: HB 1271, limiting the authority of the department of health and human services to mandate vaccinations; and relative to quarantine costs.

Dear Chairman Pearson and members of the Committee:

The NH Community Behavioral Health Association wishes to register its opposition to HB 1271, being heard by your Committee on February 14th. The Association, representing the State's ten community mental health centers, has adopted the following policy:

The NH Community Behavioral Health Association (CBHA) would like to thank its Community Mental Health Center members and the thousands of Community Mental Health Center NH Employees for all their efforts to stay up to date and vaccinated for the best health and safety of the patients they serve. NHCBA believes that our state's public health policies should be based on scientific research, and medical literature, and reputable sources like the Centers for Disease Control and Prevention. At a time when the intense public health danger associated with the COVID-19 pandemic is being exacerbated with misleading and inaccurate information about basic public health norms – including vaccines, mitigation measures, and responsible public behavior – and is being amplified in public arenas, establishing this baseline of relying on trusted and informed voices is critically important.

Vaccines have worked historically for diseases such as polio and they work today – they are regulated and tested by credible science and their use should not be subjected to political interference. The CBHA opposes any legislation or state regulatory actions which would limit the funding or distribution of vaccines by the Division of Public Health; negatively impact the work of the Department's adult and childhood Immunization Program; or interfere with the ability and freedom of an employer, School Administration Unit, school board, or institution of higher education to adopt measures to ensure the health and welfare of their employees, students, and consumers.

1 Pillsbury Street, Suite 200
Concord, NH 03301
603.225.6633
www.nhcbha.org

The Association and the centers object to this bill because it would significantly interfere with the ability of the Department of Health and Human Services to carry out its legal responsibilities in the area of public health.

We respectfully request that you vote Inexpedient to legislate on HB 1271. Thank you for your consideration of our comments.

Sincerely,

A handwritten signature in cursive script that reads "Roland P. Lamy".

Health, Human Services and Elderly Affairs Committee -

I write in support of amending HB 1271. This bill makes immunization requirement for containing contagious disease subject to supermajority vote for passage while protecting individual's right to bodily autonomy. As worded, this statute cannot be applied to single individuals or groups and must be blanket application.

Presumably such vote will be on a bill that codifies mass immunization requirements somewhere in statutes?

Please amend to create a place in law where required immunizations are codified and recommend HB 1271 as OTP.

Daniel Richardson, Nashua

New Hampshire House Committee on Health, Human Services & Elderly Affairs

Monday, February 14, 2022

HB 1271 – Limiting the authority of the Department of Health & Human Services to Mandate Vaccinations

Although this bill would improve the law so the Commissioner of the Department of Health & Human Services could not force immunization on the populace without a 2/3 vote of the Legislature, I'm not fully supporting this bill as written.

NO ONE, the Legislature included, has the authority for force vaccinate me or anyone else in New Hampshire.

Respectfully submitted,

Susan LaPointe

Subject: In regards to amendment 2022-0729 to hb 1271 on our plate this Tuesday afternoon

Importance: Normal

Good afternoon, committee, We've got a non-germane amendment before us at 3 pm this coming Tuesday. People have asked for text and I found texts for the original bill, the amendment being heard on Tuesday, and the RSA the amendment would eliminate.

PLEASE REMEMBER ... do not discuss this via email with the whole committee. Talk it over with a few people, if you wish. Remember those 91-A statues, PLEASE. Rep. Mark Pearson

HERE IS THE LANGUAGE OF hb 1271 -Comtois, Kolfalt, Silber, Johnson- that HHS&EA heard on 2/14

Amend 21:P:53, V to read

V. The commissioner may order a person to undergo such medical care as may be necessary to treat or prevent an incident or threat of disease or other health condition prompting an investigation pursuant to paragraph IV. Such care may include immunization of individuals as necessary to prevent the spread of contagious disease, STRIKE THROUGH except that

BOLD ITALICS provided that any immunization requirement shall require a two thirds vote of the legislature that such action is a necessary and appropriate response and provided further that

REGULAR TYPE an individual may refuse treatment or immunization pursuant to the provisions of RSA 141-C:15, VI (we were told this is a wrong citation and the correct one is 141-C:16 and 141-C:20c

Committee member Erica Layon, 2022-0729 is bringing a non-germane amendment to HB 1271 us Tuesday:

Amend the title of the bill by replacing it with the following:

AN ACT repealing a statute relative to COVID-19 and health facilities.

Amend the bill by replacing all after the enacting clause with the following:

- 1 Repeal. RSA 21-P:42-a, relative to health facilities' compliance with orders, rules, and directives issued during the state of emergency declared in response to COVID-19, is repealed.
- 2 Effective Date. This act shall take effect upon its passage.

2022-0729h AMENDED ANALYSIS

This bill repeals a statute regarding health facilities' compliance with orders, rules, and

directives issued under the state of emergency declared in response to the COVID-19 pandemic.

So, the amendment does two things. It wipes out the original bill

and it eliminates **RSA 21-P:42-a** which reads

21-P:42-a Novel Coronavirus Disease (COVID-19); Health Facilities. – Acute care hospitals, assisted living facilities, long-term care facilities, nursing facilities, residential care facilities, ambulatory care clinics (as defined in RSA 151, RSA 151-A, RSA 151-D, RSA 151-E and RSA 151-H), and any other similar facilities providing care to elderly or infirm patients ("health facilities"), and the employees, agents and volunteers of such health facilities, are deemed to have been engaged in preparing for and/or carrying out "emergency management" functions for the purposes of RSA 21-P:35 when complying, or reasonably attempting to comply, with any executive order, agency order or rule, including but not limited to waivers from the Centers for Medicare and Medicaid Services (CMS) both issued as blanket waivers by CMS and as requested by New Hampshire department of health and human services pertaining to the state of emergency declared under state and/or federal law in response to the Novel Coronavirus (COVID-19). All such orders and rules are deemed to constitute orders and/or rules adopted and/or regulations promulgated pursuant to RSA 21-P. Accordingly, no such organization or person shall be liable for the death of or injury to persons, or for damage to property, as a result of such compliance or reasonable attempts to comply with such an emergency order or rule under this section. This section shall not apply to actions of health care facilities, employees, agents, or volunteers of such facilities that are not related to compliance or reasonable attempts at compliance with an emergency order or rule. This section shall not apply to actions performed after such an emergency order or rule is no longer in effect.

Importance: Normal

To the committee members,
I am writing to ask you to support the **amendment** to HB 1271.

Under no circumstance is it ok to force any individual to receive a vaccine or any other medical treatment. This is especially true for the Covid 19 shot as it is an experimental substance with the long term out comes unknown. It is clear it is not working as intended, and many other countries are banning the vaccine due to the high number of injuries, disabilities and death following the injections.

We should not in NH force our medical workers to get a shot with proven dangers. It must remain a choice for all people, but health care workers should also have that choice.

Trying to control health care facilities funding by coercion is unethical and takes away people right to choose their health care.

Please keep NH's constitution and democratic process intact.

Importance: High

Dear Members of the House Health, Human Services & Elderly Affairs
Committee:

I ask that you support Amendment 22-0729h to HB 1271 that would repeal RSA 21-P:42-a, which provides a complete liability shield in connection with health facilities' compliance (or attempted compliance) with any order, rule, and directive issued by the Executive Branch and DHHS during the state of emergency declared in response to COVID-19. The limitation of liability covers death, personal injury and property damage. The state of emergency has ended and the broad, sweeping powers in this statute need to be repealed.

Please vote OTP on Amendment 22-0729h.

Thank you.

Dear Members of Health & Human Services Committee,

HB 1271 Amendment , AN ACT that repeals a statute that was ill advisedly passed last year that essentially allows the state to force vaccinate people, it must be added as part of the HB 1271, otherwise it should be tossed into the “totalitarian rubbish can.” Healthcare is a personal decision. Its is not an exact science even when a doctor treats his patient “one on one.” i myself have been victim of misjudgments with personal care, nine times having an allergic reaction to prescribed medicine , of which four times I ended up in the hospital. Mass medication is not good idea for every human being , I’m sure you agree, that we are as different as our finger prints. Besides the vaccine is an experiment drug, and every vaccinated individual between the initial Wuhan virus vaccinated individual and May of 2023 when the first clinical test will be revealed, will be , and are the guinea pig, clinical evaluation. Get the true facts from The New American magazine of August 23rd , 2021: the most accurately researched magazine that has had a pristine track since 1958 of telling it like it is, not how the major media wants to paint the political climate. [tna3716](#)

As is , HB 1271 is for the “totalitarian rubbish can.” Vote OTP for the Amendment.

Sincerely & Respectfully

Dear Members the House Health and Human Services Committee,

This is a potentially dangerous bill that assumes that either the DHHS or the legislature has the power to force vaccination. These are two alternatives to the truth. Nobody or no entity has the right to play doctor representing “we the people.” Vaccination is a personal medical decision. Personal medical records are protected by HIPPA laws. Emergencies should not be the author of destruction of “freedom of choice” in medical care.

Sincerely & Respectfully

Russ Payne

Dear Committee Members:

[HB 1271](#) limits the authority of the Department of Health and Human Services to mandate vaccinations, and relative to quarantine costs.

Please do not support this bill, because I believe that no one, including the Legislature, has the authority to force vaccinate anyone. This is a slippery slope to losing our personal freedom medically and then in other ways.

Respectfully Submitted,

Linda F. Wade

Dear HHAEA Committee:

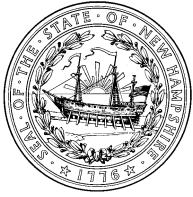

Please keep an eye on Hb 1271, limiting the authority of the department of health and human services to mandate vaccinations and relative to quarantine costs. This bill has some language that could provide the Legislature the authority to force vaccinate the citizens of NH.

Thank you,

David St. Lifer

Testimony for HB 1271
Limiting the authority of the Department of Health and Human Services to mandate
vaccinations and relative quarantine costs
Health and Human Services Elderly Affairs Committee, Legislative Office Building
Monday, February 14, 2022

Dear Chairman Pearson and Members of the Committee:

The Department of Health and Human Services is opposed to HB1271. The proposed legislation intends to amend RSA 21-P:53, V which relates to the authority of the Commissioner of Health and Human Services guided by RSA 141-C, the communicable disease statute, during a state of emergency.

The bill would require the Commissioner of Health and Human Services to be subjected to additional legislative oversight during the course of an investigation of any incident or imminent threat of disease pursuant to RSA 21-P:53, IV that would involve immunization. Currently, per RSA 21-P: 53,V the Commissioner may order an individual to undergo medical treatment including immunization as may be necessary to address a public health incident or threat of disease. HB 1271 proposes that any order that would require a person or persons to be immunized be subject to an approval vote of two thirds of the legislature before this action could take place. It also proposes a repeal of RSA 141-C: 15,V relative to the cost for maintenance of quarantine.

The statute with its current language serves as a protective mechanism for the Commissioner to have the authority to isolate, quarantine or control access to an exposure is designed to protect public health during a state of emergency. Actions and directives given during this time are based on consultation with epidemiologists, and other doctors when considering complex, ethical decisions related to medical care or immunizations to prevent the spread of communicable disease.

The Department is very concerned that by the time the legislature had gathered, and considered any proposed action, any delay would put at risk the emergency nature of any intended order to protect public health.

It may be too late to mitigate an outbreak or public health incident that any order was intended to address. The Department has serious concerns that consideration by the legislature of individual orders could present significant privacy issues related to protected health information.

In addition, HB 1271 has a statutory defect on line 8 of the bill as RSA 141-C:15, VI is referenced which is prior law. Last session in HB 187- *relative to the emergency powers of the Commissioner of Health and Human Services* which became law in August of last year, that reference was changed to RSA 141-C:16 which provides for an exemption from treatment for religious reasons as long as there is compliance with the sanitary, isolation and quarantine requirements as relates to the threat of a communicable disease. Also referenced here per HB 187 is RSA 141-C: 20-c, which relates to the provisions for medical and religious exemptions for children. Of course, Individuals also have due process under RSA 141-C: 14-a.

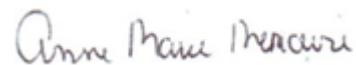

The Department is concerned with proposed provision for legislative oversight in HB 1271. It would hamper the ability for addressing emergent public health threats quickly and efficiently. **The Department has concerns with HB1271 as there are adequate safeguards in place currently to protect individual rights while simultaneously providing public health protection currently afforded by RSA 21-P:53.**

Respectfully Submitted,

There is compliance

Subject: In Support of amending HB 1271 limiting the authority of the department of health and human services to mandate, vaccinations and relative to quarantine costs

Importance: Normal

Ref: February 14, 2022 Public Hearing

Health, Human Services and Elderly Affairs Committee -

I write in support of amending HB 1271. This bill makes immunization requirement for containing contagious disease subject to supermajority vote for passage while protecting individual's right to bodily autonomy. As worded, this statute cannot be applied to single individuals or groups and must be blanket application.

Presumably such vote will be on a bill that codifies mass immunization requirements somewhere in statutes?

Please amend to create a place in law where required immunizations are codified and recommend HB 1271 as OTP.

Subject: Letters from CBHA on vaccine bills being heard tomorrow

Importance: Normal

Attachments:

2.14.22 LETTER HB1379 to HHS.docx ;2.14.22 LETTER HB 1495 to HHS.docx ;2.14.22 LETTER HB 1271 to HHS.docx ;

Good afternoon Rep. Pearson and members of the HHS&EA Committee:

Attached are three letters from the NH Community Behavioral Health Association (CBHA) regarding three bills you will hear tomorrow: HB 1271, HB 1379, and HB 1495.

All 3 letters re-state the CBHA policy on vaccines, shared with you earlier as testimony on HB 1224, prohibiting health care providers from refusing to provide care or services based on patient vaccination status:

The NH Community Behavioral Health Association (CBHA) would like to thank its Community Mental Health Center members and the thousands of Community Mental Health Center NH Employees for all their efforts to stay up to date and vaccinated for the best health and safety of the patients they serve. NHCBA believes that our state's public health policies should be based on scientific research, and medical literature, and reputable sources like the Centers for Disease Control and Prevention. At a time when the intense public health danger associated with the COVID-19 pandemic is being exacerbated with misleading and inaccurate information about basic public health norms – including vaccines, mitigation measures, and responsible public behavior – and is being amplified in public arenas, establishing this baseline of relying on trusted and informed voices is critically important.

Vaccines have worked historically for diseases such as polio and they work today – they are regulated and tested by credible science and their use should not be subjected to political interference. The CBHA opposes any legislation or state regulatory actions which would limit the funding or distribution of vaccines by the Division of Public Health; negatively impact the work of the Department's adult and childhood Immunization Program; or interfere with the ability and freedom of an employer, School Administration Unit, school board, or institution of higher education to adopt measures to ensure the health and welfare of their employees, students, and consumers.

Please let me know if you have questions or need any additional information.

We appreciate your consideration.

Thank you,

Susan

Chairman Pearson and Members of the Health, Human Services and Elderly Affairs Committee,

The NH Association of Counties would like to register its opposition to the non-germane amendment 2022-0729h to HB 1271.

County Nursing Homes have operated under extreme pressure for the last two years as a result of the COVID-19 pandemic. The unexpected and dramatic impact that COVID-19 has had on our facilities, including, but not limited to, the increased guidance and direction from both state and federal authorities that our facilities are required to comply with is challenging for all healthcare facilities across the state. In April of 2020, the NH Attorney General issued an opinion letter that stated that any actions that a health care facility took to comply with these new rules and regulations would provide the facilities with immunity from civil liability. The language is tailored to ensure that the specific actions laid out by state and federal authorities in regard to COVID-19 are the only ones that cannot lead to civil liability. This bill would remove the Attorney General's opinion from statute and put the county nursing homes at risk.

The Association asks for your opposition to the non-germane amendment 2022-0729h to HB 1271. If you have any questions, please feel free to reach out to our Executive Director, Kate Horgan at khorgan@dupontgroup.com.

Sincerely,

Wendy Piper
President
NH Association of Counties

February 22, 2022

The Honorable Mark Pearson
Chair
Health, Human Services and Elderly Affairs
Legislative Office Building 205
Concord, NH 03031

My name is John Friberg, and I am the Chief Legal Officer for SolutionHealth, the not-for-profit parent organization of Elliot Health System and Hospital in Manchester and Southern New Hampshire Health System and Medical Center in Nashua.

I appreciate the opportunity to testify in opposition to Amendment 2022-0729H which is being proposed as a non-germane amendment to HB 1271.

As the Committee is likely aware, the amendment seeks to remove a section of current New Hampshire law that was part of SB 149, passed during last year's legislative session (now codified as RSA 21-P:42-a). This statutory provision clearly confirmed the Legislature's intent regarding the applicability of New Hampshire's Emergency Management statute, RSA 21-P, to licensed healthcare facilities and their personnel when they have complied, or reasonably attempted to, comply with a COVID-19 related emergency order, rule, or waiver from state or federal authorities. This simply codified the Attorney General's opinion of April 22, 2020 and made the state of New Hampshire law undeniably clear – that actions to comply, or reasonably attempt to comply, with any such emergency order, rule or waiver constitutes Emergency Management activities and are thereby immune from civil liability.

Beginning in March of 2020, as the result of the sudden and unexpected onset of an unprecedented public health emergency, healthcare organizations and personnel were provided with guidance and direction from state and federal authorities, designed to slow the spread of the COVID-19 virus and ensure that we maximized our ability to respond effectively to patient surges and other complexities. These emergency orders, rules and waivers encouraged or required healthcare providers to, for example:

- Cancel elective procedures, to support stay-at-home orders and preserve resources for COVID response.
- Maximize the use of tele-health visits for the same reasons.
- Expand the locations at which healthcare is delivered, to Alternative Care Sites (ACSS) and into areas of our facilities not previously licensed for such services.
- Limit or prohibit visitors.
- Allow for ER triage screening in new places and ways.

- Source and utilize increasingly scarce Personal Protective Equipment (PPE) in non-traditional ways.
- Adjust documentation and discharge planning requirements.

Compliance with such guidance and directives has caused the healthcare system to deliver care in non-traditional ways in order to meet the COVID-19 challenge head on and as effectively as possible. A concern of many doctors and nurses has been whether these very actions, in order to comply with governmental guidance and directives, could give rise to potential civil tort liability, based on an assertion that such action in compliance falls below the standard of care, and are therefore indicative of constitute negligence. The language as now codified in state law is narrowly tailored and drafted to simply ensure that those specific actions in compliance, or reasonably attempting to comply, with such governmental guidance and/or directives, while such an emergency order or rule is in effect, may not give rise to civil liability.

Compliance with Emergency Management guidance and directives should not later give rise to civil tort liability exposure. This is why RSA 21-P conveys immunity from such claims in cases where healthcare personnel are acting within the scope of the statutory scheme.

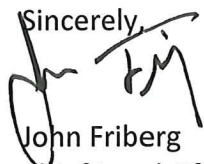

While New Hampshire's healthcare providers are certainly grateful to the Department of Justice for the Opinion of the Attorney General from last spring, opining that RSA 21-P does confer such immunity to such activities, a clear and succinct confirmation of the Legislature's intent, in agreement with this analysis, provided significantly greater comfort, clarity and protection.

In developing the legislation in 2021, SolutionHealth worked closely with the NH Association of Justice and Trial Bar to craft a narrowly-tailored bill which could be supported by a wide variety of interested parties.

The actions of the House Health and Human Services Committee, the full Legislature and the Governor regarding SB 149 last year were an important effort to ensure that New Hampshire's healthcare providers would not be inequitably penalized later, in the context of civil litigation, for what they were called upon to do in order to protect our communities and during this unprecedented public health emergency. This was a vital and worthy effort then, when this legislation was proposed and passed, and it remains so today for the very same reasons.

We thank you for your attention to this important issue, in furtherance of the health and well-being of the citizens of New Hampshire.

Sincerely,

John Friberg
Chief Legal Officer
SolutionHealth

HB 1271 - AS INTRODUCED

2022 SESSION

22-2242

05/04

HOUSE BILL **1271**

AN ACT limiting the authority of the department of health and human services to mandate vaccinations; and relative to quarantine costs.

SPONSORS: Rep. Comtois, Belk. 7; Rep. Kofalt, Hills. 4; Rep. Silber, Belk. 2; Rep. Johnson, Belk. 3

COMMITTEE: Health, Human Services and Elderly Affairs

ANALYSIS

This bill provides that any immunization requirement established by the commissioner of health and human services shall require a two thirds vote of the legislature that such action is a necessary and appropriate response to the virus. The bill also repeals the requirement that the owner is responsible for the cost of quarantine for cargo and commodities.

Explanation: Matter added to current law appears in ***bold italics***.
Matter removed from current law appears [~~in brackets and struckthrough.~~]
Matter which is either (a) all new or (b) repealed and reenacted appears in regular type.

STATE OF NEW HAMPSHIRE

In the Year of Our Lord Two Thousand Twenty Two

AN ACT limiting the authority of the department of health and human services to mandate vaccinations; and relative to quarantine costs.

Be it Enacted by the Senate and House of Representatives in General Court convened:

1 1 Public Health Emergency Management Powers. Amend RSA 21-P:53, V to read as follows:

2 V. The commissioner may order a person to undergo such medical care as may be necessary
3 to treat or prevent an incident or threat of disease or other health condition prompting an
4 investigation pursuant to paragraph IV. Such care may include immunization of individuals as
5 necessary to prevent the spread of contagious disease, ~~[except that]~~ ***provided that any***
6 ***immunization requirement shall require a two thirds vote of the legislature that such***
7 ***action is a necessary and appropriate response and provided further that*** an individual may
8 refuse treatment or immunization pursuant to the provisions of RSA 141-C:15, VI.

9 2 Repeal. RSA 141-C:15, V, relative to the cost for maintenance of quarantine, is repealed.

10 3 Effective Date. This act shall take effect 60 days after its passage.
