HOUSE OF REPRESENTATIVES

REPORT OF COMMITTEE

The Committee on Labor, Industrial and Rehabilitative Services to which was referred HB 1377,

AN ACT relative to unemployment benefits for employees terminated for refusing to comply with a vaccine mandate. Having considered the same, report the same with the following resolution: **RESOLVED**, that it is **INEXPEDIENT TO LEGISLATE**.

Rep. Lino Avellani

FOR THE COMMITTEE

COMMITTEE REPORT

Committee:	Labor, Industrial and Rehabilitative Services
Bill Number:	HB 1377
Title:	relative to unemployment benefits for employees terminated for refusing to comply with a vaccine mandate.
Date:	March 1, 2022
Consent Calendar:	CONSENT
Recommendation:	INEXPEDIENT TO LEGISLATE

STATEMENT OF INTENT

This bill seeks to add an additional six months of unemployment compensation to a certain segment of the workforce beyond the maximum amount currently allowed. While well-intentioned, it will place an additional financial burden on all businesses that contribute to the unemployment security fund. For this reason, the majority finds this bill Inexpedient to Legislate.

Vote 20-1.

TESTIMONY

* Use asterisk if written testimony and/or amendments are submitted.

Rep. Barbara Comtois introduced the bill. This bill is introduced to deal with mandates that went into effect after the employee was hired. These mandates are forcing loyal employees to be let go. We owe it to the employees to authorize additional unemployment to be paid to these workers.

Rep. Sullivan: I would think that someone who refuses the vaccine is voluntarily quitting?

Rep. Comtois I think the additional 6 months is reasonable.

Rep. Maneval: Would this make it difficult to keep staff if you are offering them 6 extra months.

It is nothing compared to the extra benefits the government gave people who were too "scared to work" because of covid or the extra \$600 they got for not going back to work.

Richard Lavers, Deputy commissioner of Employment Security handed out material. He stated that the unemployment council is against this bill, but the department is neutral. This bill has been sent to the federal department of Labor for comment, but none has been received. From previous experience it is likely they would not be in favor of giving different benefits to one class of employees. They have received recently 134 claims for unemployment compensation from employees who were fired for not taking the vaccine. They have denied 70% of those claims. He said they respect the at will status of NH employment. Employers have the right to set requirements for work. If the employee does not want to conform to those requirements the employer can let them go. In the case of a non-medical employer not giving an alternative such as testing instead of vaccination the employee is more likely to qualify for benefits.

Rep. Seaworth: There seems to be a gray area. Is poor performance really the same as non-compliance with a mandate?

Deputy Commissioner Lavers: Ability or lack thereof does not make you ineligible for benefits, but refusal to comply with requirements of the job does generally make you ineligible.

Rep. Sullivan: This does not make the payment of benefits automatic, does it?

Deputy Commissioner Lavers: No

Rep. Sullivan: Could you address roman numerals II and III?

Deputy Commissioner Lavers: You first appeal to the department then go to court if not satisfied.

Rep. Avellani: Would the trust fund have to absorb the cost of the benefits under this and would it be charged also to the employer?

Yes and yes.

Rep. Mackie: Wasn't there a time during the pandemic when fear of COVID was considered a legitimate reason to turn down a job and continue to collect unemployment?

Deputy Commissioner Lavers: Yes, under the CARES act that was permitted.

Rep. Mackie: Isn't it then hypocritical to not allow fear of the vaccine as a reason to collect if one is fired for not taking the vaccine?

Deputy Commissioner Lavers: We go by the applicable law at the time.

Russan Chester testified that she supports the bill.

Respectfully submitted,

Rep. Jonathan Mackie

Today is a critical day. The most important virtue of all the virtues is Courage. Without courage the rest of the virtues are meaningless. Without courage then when the other virtues are at risk you cannot do what is right. So today is a day we have to make a choice. If a company changes a policy after employment that makes the employee no longer qualified for the position then they should at the very least get unemployment benefits if terminated.

Florida already has similar laws in place. They also have a booming economy that is doing better than anywhere else in the country. Follow their lead. Have courage to do what is right and stand up for your values. Stand up for the minority who chooses not to get vaccinated for many personal reasons. Please support bill HB1377

RE: HB 1377 relative to unemployment benefits for employees terminated for refusing to comply with a vaccine mandate

Dear Chairman Infantine and Members of the House Labor, Industrial and Rehabilitative Services Committee:

Bi-State Primary Care Association and our members respectfully request HB 1377, relative to unemployment benefits for employees terminated for refusing to comply with a vaccine mandate, be recommended inexpedient to legislate. Bi-State staff and our members will not attend legislative hearings due to the risk of COVID-19, and we thank you for the opportunity to submit written testimony to your committee electronically. Bi-State and our members write to you in strong opposition of HB 1377 because this bill penalizes businesses, including health care organizations, for putting measures in place to keep their employees and customers safe from preventable diseases.

Bi-State Primary Care Association (Bi-State) is a 501(c)(3) nonprofit organization, formed by two health and social service leaders in 1986 to advance access to comprehensive primary care and preventive services for all, with special emphasis on those most in need in New Hampshire and Vermont. Today, Bi-State represents 28 member organizations across both states that provide comprehensive primary care services to over 300,000 patients at 146 locations. Our members include community health centers (CHCs), federally qualified health centers (FQHCs), rural health clinics (RHCs), area health education center programs, and Planned Parenthood of Northern New England. New Hampshire's 13 health centers serve approximately 112,000 patients at locations across the state, including in those districts represented by the members of the Labor, Industrial and Rehabilitative Services Committee.

In addition to the danger it poses for patients, Bi-State and our members oppose HB 1351 because they must comply with the federal law to operate and serve Granite Staters through Medicare, Medicaid, and state contracts.

HB 1377 requires employees who are terminated, placed on leave, or given zero hours of billable time due to their noncompliance with an employer-mandated vaccination requirement, access to an additional six months of unemployment benefits. This bill penalizes private businesses, including health care organizations, for trying to prevent the spread of diseases by requiring vaccinations of their workforce, and as introduced, applies to all vaccination requirements. Vaccination requirements for health care workers are not new. For example, FQHCs are

governed by patient-majority boards, meaning members of the communities served by the FQHCs approve the policies and procedures the FQHC must utilize. Their regulating body, the Health Resources and Services Administration, conducts site visits at least every three years, to ensure the FQHCs comply with the federal rules and regulations governing FQHCs. Health centers are required to “provide services...so that such services are available and accessible promptly, as appropriate, and in a manner that will assure continuity of services to the residents of the center’s catchment area.”² In order to demonstrate compliance with the clinical staffing requirements of FQHCs, an FQHC must have procedures in place to grant and renew privileges for clinical staff members who are “health center employees, individual contractors, or volunteers.”³ The procedures for privileging clinicians include verifying immunization and communicable disease status. As of January 13, 2022, all health care organizations that are Medicare- and Medicaid-certified provider organizations must ensure applicable staff are vaccinated against COVID-19. This is only one of several health care related requirement health care workers have, nor is it one that Bi-State or our members object to.

On November 4, 2021, the Centers for Medicare & Medicaid Services (CMS) issued an Interim Final Rule with Comment Period (IFC) requiring that health care workers at Medicare and Medicaid-certified facilities – which include community health centers, federally qualified health centers, and rural health clinics – be vaccinated against COVID-19.¹ As of January 19, 2022, the CMS vaccine requirement is in effect in all 50 states, Washington D.C., and the territories; and its legal status is not expected to change. The IFC also requires health centers to have a detailed set of policies and procedures relating to the CMS vaccine rules and the rules. These policies and procedures must apply to students in training who are working at health care organizations. Students training to be health care professionals receive hands-on training that includes contact with high-risk patients, including children too young to be vaccinated. Both the Medicare and Medicaid statutes contain several provisions that authorize the U.S. Department of Health and Human Services (HHS) to impose requirements necessary “in the interest of the health and safety of beneficiaries.” CMS contends correctly that, under the Supremacy Clause of the U.S. Constitution, this IFC “preempts inconsistent State and local laws as applied to Medicare- and Medicaid-certified providers and suppliers.”

Bi-State and our members oppose HB 1377 because it penalizes Granite State employers’, including health care organizations’, ability to maintain safe workplaces and HB 1377 will needlessly endanger the health and welfare of patients.

Without a vaccine requirement in place, health care organizations are putting the health of their staff and their patients at grave risk, including children, who account for ~53% of COVID-19 cases in New Hampshire on January 26, 2022.² The integrated services that health centers offer “all under one roof” include a wide range of pediatric services, family support programs, children’s oral health care, and childcare to the community. Pediatric patients make up ~25% of health centers’ patient population, and many of these young patients are immunocompromised or too young to be vaccinated. Moreover, overall, a high proportion of health center patients are at high risk of severe illness and hospitalization if they were to get infected with the virus,

including pregnant mothers, patients who are experiencing homelessness, individuals with complex chronic illnesses such as diabetes and heart disease, and cancer patients.

If HB 1351 were to become law, the State would be prohibited from working with CHCs through state contracts because CHCs must require vaccinations, including for COVID-19.

New Hampshire relies heavily on CHCs to provide an array of health care services that the State itself is unable to provide. For example, the State of New Hampshire relies on nonprofit organizations like the FQHCs to provide health care services to pregnant women and children through a Title V block grant. Additionally, Bi-State and the health centers work with the State to ensure access to medication-assisted treatment for pregnant and postpartum patients. How would the State provide these services otherwise?

If New Hampshire's community health centers were in violation of state statute, they could be forced to shut the doors to the more than 112,000 Granite Staters who rely upon them for their primary care, substance use disorder treatment, mental health services, and pediatric care. Where would these health center patients turn for their health care needs?

For example, Coos County Family Health Services is the only primary care provider in the Berlin/Gorham area and provides much needed primary care and oral health services to those communities. Many of the services the citizens of Berlin and Gorham rely on are funded through State contracts. How would the State fulfill the terms and conditions of its federal and state if the State of New Hampshire could no longer contract with Coos County Family Health Services?

New Hampshire is suffering from not only our highest numbers of COVID-19 infections, hospitalizations, and deaths, but also extraordinary staffing shortages that are impacting all residents and their ability to access primary and emergency care. Staffing shortages at CHCs are *not* due to vaccine requirements; ~5% of their workforce is currently out sick due solely to illness from COVID-19. This does not include their health care staff who are unable to go to work because they are at home caring for a sick child, nor does it illustrate the incredible strain that working at reduced workforce capacity puts on the rest of their staff.

For these reasons and more, Bi-State Primary Care Association and our members respectfully request the Committee recommend HB 1377 be inexpedient to legislate.

Sincerely,

Nobody should be forced injected to begin with and if they chose not to be and get fired. They should be able to feed their family. And people should be allowed to sue to employers for any vaccine injury or death if forced to keep their job. This is bullying and un-American.

Colleagues,

While other states may provide guidance, we tend to do things the New Hampshire way and for the most part, it's working. Our UI trust fund is solvent, and the 0.5% base rate reductions are expected to reach their triggers soon. The \$50M in federal funds was very helpful as was the waiving of experience increases to employer rates per Emergency Order #5 which also provided unemployment benefits to self-employed for whom no payments to the UI fund were ever made.

<https://www.governor.nh.gov/sites/g/files/ehbermt336/files/documents/emergency-order-5.pdf>

There was some great information on our state's economy in the House Ways and Means Joint Economic Briefing (01/28).

Dear Honorable Representatives,

Please support HB 1377 to extend unemployment to those individuals who have been lost their job due to vaccine discrimination. Discrimination should not be tolerated in the state of NH, and this is just one small way the state can help alleviate an injustice done against the People.

Chairman Infantine and Members of the House Labor, Industrial and Rehabilitative Services
Committee,

The NH Association of Counties would like to register its opposition to HB 1377, relative to unemployment benefits for employees terminated for refusing to comply with a vaccine mandate.

The New Hampshire Association of Counties believes that each county has the right to set their own vaccine policies that align to the needs of their county. NH counties are subject to both federal and state regulations and when the two entities set conflicting policies, it requires NH Counties to make a choice regarding which set of rules to follow. Therefore, the NHAC does not support any statute that would set state and federal policy against one another, and NH counties should be able to set their own vaccine policies for their own counties' facilities.

The Association asks you to oppose HB 1377. If you have any questions, please feel free to reach out to our Executive Director, Kate Horgan at khorgan@dupontgroup.com.

Sincerely,

Wendy Piper

I fully support HB1377 and urge the committee to support it as well.

Since Big-Pharma has absolutely ZERO liability for adverse reactions, including death, as a result of the Covid "vaccine", and companies falling into the public pressure to enforce vaccine mandates, someone has to be responsible. This shouldn't even be an issue, particularly after the Supreme Court rulling against the President's "annointing" OSHA to enforce the mandates.

This bill, if passed and signed by our Governor, will put the companies imposing unconstitutional mandates as the responsible parties in their clear virtue signalling they exercised by imposing ridiculous mandates for a "vaccine" that the Pfizer chief admitted last week was obsolete and ineffective for both Delta and Omicron. The "vaccine" was never meant for mass distribution to the populace originally, it was intended solely for the elderly and immuno deficient, not anyone else. Certainly not those rising into the work force, children.

The EUA is no longer effective for any of the vaccines for Covid, yet the media-Pharma complex to the opposite, despite what the HHS committee heard last week with Dr. Marik's testimony... that Ivermecin and Hydroxychloroquin are effective prophylactic and therapeutic treatments. This would have prevented the whole charade we have lived the last now, 12 months.

Dear House Labor Committee members,

My name is Amanda Mastroianni and I live in Merrimack , NH.

There are many reasons why someone would opt out of taking a medical treatment. I don't believe firing someone because they opt out should be allowed in the first place because it is discrimination. But at the very least, if someone is fired for opting out, they should definitely be offered unemployment or severance.

If an employer is making you take a medical treatment (especially one where the makers of the medical treatment have no liability), than that employer should definitely assume liability if the treatment harms that employee in anyway.

Everyone should be allowed exemptions from medical treatments, medical testing and/or medical interventions.

Please pass HB 1089, 1143, 1358, 1377 & 1410 as these bills properly protect those wishing to practice bodily autonomy.

Thank you!

When it was found the vaccines did nothing to prevent infection, the societal benefit ended at that point, Why didn't we drop the mandates then?

Is it ethical to mandate a vaccine that is more likely to kill people than to save them?

Is it ethical to mandate a vaccine where most all of the vaccine injured cannot be cured?

Is it ethical to ever mandate any vaccine ever?

If the mandates are to protect society, why isn't there a risk benefit analysis anywhere?

If you want to mandate something, why not mandate that everyone with COVID get early treatment ? Or be healthy and do healthy things and live a healthy lifestyle?

Why won't anyone with a mandate accept liability? If you die from the vaccine, many insurance companies won't pay for it since you opted for an experimental treatment forced by your employer. Is it right for the burden to be on you?

If the vaccines are as safe and effective as claimed, why do we need mandates?

Pediatric patients make up ~25% of health centers’ patient population, and many of these young patients are immunocompromised or too young to be vaccinated. Moreover, overall, a high proportion of health center patients are at high risk of severe illness and hospitalization if they were to get infected with the virus,

RE: **HB 1377** relative to unemployment benefits for employees terminated for refusing to comply with a vaccine mandate

Dear Chairman Infantine and Members of the House Labor, Industrial and Rehabilitative Services Committee:

Bi-State Primary Care Association and our members respectfully request HB 1377, relative to unemployment benefits for employees terminated for refusing to comply with a vaccine mandate, be recommended inexpedient to legislate. Bi-State staff and our members will not attend legislative hearings due to the risk of COVID-19, and we thank you for the opportunity to submit written testimony to your committee electronically. Bi-State and our members write to you in strong opposition of HB 1377 because this bill penalizes businesses, including health care organizations, for putting measures in place to keep their employees and customers safe from preventable diseases.

Bi-State Primary Care Association (Bi-State) is a 501(c)(3) nonprofit organization, formed by two health and social service leaders in 1986 to advance access to comprehensive primary care and preventive services for all, with special emphasis on those most in need in New Hampshire and Vermont. Today, Bi-State represents 28 member organizations across both states that provide comprehensive primary care services to over 300,000 patients at 146 locations. Our members include community health centers (CHCs), federally qualified health centers (FQHCs), rural health clinics (RHCs), area health education center programs, and Planned Parenthood of Northern New England. New Hampshire's 13 health centers serve approximately 112,000 patients at locations across the state, including in those districts represented by the members of the Labor, Industrial and Rehabilitative Services Committee.

In addition to the danger it poses for patients, Bi-State and our members oppose HB 1377 because they must comply with the federal law to operate and serve Granite Staters through Medicare, Medicaid, and state contracts.

HB 1377 requires employees who are terminated, placed on leave, or given zero hours of billable time due to their noncompliance with an employer-mandated vaccination requirement, access to an additional six months of unemployment benefits. This bill penalizes private businesses, including health care organizations, for trying to prevent the spread of diseases by requiring vaccinations of their workforce, and as introduced, applies to all vaccination requirements. Vaccination requirements for health care workers are not new. For example, FQHCs are

HB 1377 –Relative to Unemployment Benefits for Employees Terminated for Refusing to Comply with a Vaccine Mandate.

Testimony

Good afternoon, Mr. Chairman, and members of the committee. My name is Paula Minnehan, Senior Vice President, State Government Relations with the New Hampshire Hospital Association (NHHA), representing all 26 of the state's community hospitals as well as all specialty hospitals.

The NHHA is opposed to HB 1377. The bill before you would establish rights for employees for noncompliance with an employer-required vaccination mandate.

It is NHHA's position that employers have the right to determine what is best for their employees and their clients, patients, and/or patrons. Requiring vaccinations of healthcare workers from communicable diseases is not new for hospitals in New Hampshire. Hospitals have required vaccination against several communicable and deadly diseases such as mumps, measles, rubella, chicken pox, diphtheria, tetanus, pertussis, and influenza as a condition of employment, with the same type of medical and religious exemptions allowed for COVID-19 vaccines. We believe this is absolutely the right thing to do for the health and safety of our patients, our staff, and the citizens of New Hampshire. The vast majority of hospital staff have been vaccinated against COVID-19 or have received exemptions, and we've heard from many healthcare workers who support the vaccine requirement to protect their health and that of their patients.

The fact is that very, very few individuals have either chosen to leave employment with a hospital due to this requirement or have been relieved of their position. However, this bill could cause a perverse incentive to encourage individuals to choose to not comply with the employer's requirement to be vaccinated. Further, the bill before you is not specific to COVID-19 vaccinations, which causes additional concerns and confusion for employers due to the open ended nature of the bill language.

We also question why this bill does not have a fiscal note as we believe this bill, as drafted, would have a measurable financial impact to the state of New Hampshire, the unemployment compensation fund, and the court system.

We are opposed to HB 1377, and we urge the committee to find this bill Inexpedient to Legislate. Thank you for the opportunity to provide our comments on HB 1377.
