<b>Recommendation:</b>	<b>OUGHT TO PASS</b>

### STATEMENT OF INTENT

This bill, requested by the Society of Physician Assistants, puts into statute current best practices by these individuals and is important to supporting PCP availability in rural NH areas. The bill neither changes the scope of practice nor is a path to independent practice. This bill puts rule making into statute, requires physician assistants to carry insurance and requires a collaboration agreement with one or more overseeing physician. NH Association for Justice is neutral on the bill but confirmed the consensus built in this bill in promoting mid-level health care. The NH Medical Society testified in support of this bill.

**TESTIMONY**

Sen. Bradley, prime sponsor, introduced the bill and spoke in favor. He said he introduced the bill at the request of the NH Society of Physician Assistants. He said it would improve access to health care especially in rural areas and help contain costs. He said this would make NH attractive to PA's since ME and VT have similar legislation. The bill was modeled after VT's and Sen. Bradley got the cooperation of the Medical Society, OPLC and the Hospital Association. He noted the bill kept the legal "tether" between the PA and the doctor and did not allow PA's to practice independently. It would not absolve the doctor of liability and would better align statute with the way PA's actually practice. He walked the Committee through the five provisions of the bill.

David Cuzzi, a lobbyist (Prospect Hill Strategies) for the NH Society of PA, spoke in favor. He cited the shortage of medical providers in NH. He described what a PA was. He said there were no major changes: no change in regulatory regimen, no change in scope of practice. He supported Sen. Bradley's five points as updates. He said many states have legislation regulating the practice of PA's. He discussed the collaboration agreement and the practice agreement and how they are combined in the bill. He also discussed liability concerns. He took Committee questions.

Michael Padmore, NH Medical Society, spoke in favor. He said the previous speakers explained the bill well. He said that the Hospital Association was supportive and answered Committee questions indicating that physicians would be more willing to engage with PA's with this bill in law.

Marissa Chase, NH Ass'n for Justice was neutral on the bill. She discussed liability coverage issues and the legal considerations that go into law suits. She took Committee questions concerning discoverability of the collaboration agreements and issues of liability and its insurance.

Respectfully Submitted,

Rep John Sytek

Dear Chairman Pearson and members of the Committee:

The NH Nurse Practitioner Association, representing licensed prescribers working in the state of New Hampshire, wishes to belatedly register its support for SB 228, relative to the regulation and practice of physician assistants. We believe this is a reasonable piece of legislation that will help address the health care workforce shortage.

Nurse practitioners see the value of the role and work of physician assistants and we ask that you recommend Ought to Pass on SB 228. Thank you for your consideration.

Sincerely,

Dear Chair McGuire and Members of House ED&A-

I write on behalf of the NH Homebuilders to express the Association's support for SB443, an act relative to building codes. SB443 provides an important opportunity to review and catalogue municipal amendments to the State building codes, which sometimes conflict with State codes, go unknown and can be expensive traps for the unsuspecting. The bill does not interfere with the local legislative process, but instead requires the submission of minimal documentation to the BCRB to ensure no conflicts with statewide building and fire codes.

Transparency and clear expectations help contractors better inform customers of pricing, timeframes and delivery. SB443 will assist the building trades in meeting customer expectations.

The NH Homebuilders ask for your support on HB443, as amended by the Senate.

Thank you.
