Introduced

SB 395 - AS INTRODUCED

2022 SESSION

22-3074

04/10

SENATE BILL **395**

AN ACT relative to the broadband matching grant initiative.

SPONSORS: Sen. Kahn, Dist 10; Sen. Bradley, Dist 3; Sen. Sherman, Dist 24; Sen. Whitley, Dist 15; Sen. Watters, Dist 4; Sen. Cavanaugh, Dist 16; Sen. Prentiss, Dist 5; Sen. Rosenwald, Dist 13; Sen. Perkins Kwoka, Dist 21; Sen. Hennessey, Dist 1; Rep. Maneval, Ches. 9; Rep. Weber, Ches. 1; Rep. Buco, Carr. 2; Rep. Porter, Hills. 1

COMMITTEE: Election Law and Municipal Affairs

ANALYSIS

This bill allows municipalities and cell phone service providers to apply for broadband matching grant funds to upgrade local cell phone service to the standard necessary to support broadband and other advanced communication services.

Explanation: Matter added to current law appears in *bold italics*.
Matter removed from current law appears [~~in brackets and struck through.~~]
Matter which is either (a) all new or (b) repealed and reenacted appears in regular type.

STATE OF NEW HAMPSHIRE

In the Year of Our Lord Two Thousand Twenty Two

AN ACT relative to the broadband matching grant initiative.

Be it Enacted by the Senate and House of Representatives in General Court convened:

1 1 New Paragraph; Department of Business and Economic Affairs; Broadband Matching Grant
2 Initiative. Amend RSA 12-O:61 by inserting after paragraph III the following new paragraph:

3 IV.(a) A municipality that is located in an area that is determined to lack adequate cell
4 phone service shall be eligible to apply for a grant under this section to provide such service through
5 a communications provider that is capable of serving the area in which the municipality is located.
6 A cell phone service provider that serves an area lacking adequate cell phone service shall, upon
7 approval of governing body of the municipality to be served, also be eligible to apply for a grant
8 under this section. For the purposes of this paragraph, "adequate cell phone service" shall mean cell
9 phone service that meets federal standards for speed, latency, reliability, and consistency in quality
10 of service.

11 (b) Any infrastructure or improvements funded through a grant under this section shall
12 be capable of scaling speed over time to meet the evolving connectivity needs of households and
13 businesses, and to support the deployment of future wireless technologies and other advanced
14 communications services. For the purposes of this paragraph, "advanced communications services"
15 shall have the same meaning as in 47 C.F.R. section 14.10(c), as amended, including:

- 16 (1) Interconnected VoIP service.
- 17 (2) Non-interconnected VoIP service.
- 18 (3) Electronic messaging service.
- 19 (4) Interoperable video conferencing service.

20 2 Effective Date. This act shall take effect 60 days after its passage.

COMMITTEE: Election Law and Municipal Affairs

AMENDED ANALYSIS

This bill establishes a wireless deployment grant initiative and fund in the department of business and economic affairs.

Explanation: Matter added to current law appears in *bold italics*.
Matter removed from current law appears [~~in brackets and struckthrough.~~]
Matter which is either (a) all new or (b) repealed and reenacted appears in regular type.

STATE OF NEW HAMPSHIRE

In the Year of Our Lord Two Thousand Twenty Two

AN ACT establishing the wireless development initiative and the wireless deployment grant fund.

Be it Enacted by the Senate and House of Representatives in General Court convened:

1 1 Findings. The general court hereby finds that the COVID-19 pandemic has shown Internet
2 access is not a luxury in a connected society and mobile connectivity for all New Hampshire
3 residents is crucial for public safety, to enable remote work, telehealth services, education access,
4 and for other purposes. The pandemic has also shown gaps in wireless coverage in many areas of
5 New Hampshire and a critical need to eliminate those gaps. The need to eliminate those gaps in
6 coverage is critical for individuals, our communities, and economic development in the state of New
7 Hampshire. A grant program using a competitive award process is essential to a wireless
8 infrastructure deployment initiative throughout New Hampshire. This fund would invest in capital
9 assets designed directly to support work, education, safety, and health care-related services.

10 2 New Subdivision; Wireless Deployment Initiative and Grant Fund. Amend RSA 12-O by
11 inserting after section 64 the following new subdivision:

12 Wireless Deployment Initiative and Grant Fund

13 12-O:65 Wireless Deployment Grant Initiative Established.

14 I. There is hereby established within the department of business and economic affairs a
15 wireless deployment grant initiative, the purpose of which shall be to award grants to wireless
16 providers in order to improve wireless connectivity within municipalities and across the state.

17 II. Eligible projects shall provide wireless infrastructure in areas unserved by or lacking
18 consistent mobile wireless coverage.

19 III. Eligible projects shall be evaluated as part of a competitive process.

20 IV. Selected projects shall meet the needs of consumers with the lowest possible cost and
21 highest possible functionality.

22 V. Projects under construction at the time of application shall be ineligible.

23 VI. Projects that have been awarded funding, but not yet built shall be ineligible. This
24 includes projects for which a provider is already obligated to deploy wireless service pursuant to
25 regulatory or other legally enforceable commitment.

26 VII. Funding shall be awarded for no more than one project in any proposed coverage area.

27 12-O:66 Program Guidelines; Rulemaking.

28 I. The department of business and economic affairs shall adopt rules under RSA 541-A,
29 relative to grant application and distribution procedures for wireless initiatives pursuant to 12-O:65.

1 II. The rules shall, at a minimum, include the following:

2 (a) Establishment of a competitive grant process based on objective criteria, prioritizing
3 areas unserved by or lacking consistent mobile wireless coverage.

4 (b) Establishment of a challenge process, with reasonable timelines, through which
5 information may be provided to the state to ensure that funds are used to build projects in areas
6 unserved by or lacking consistent mobile wireless coverage.

7 (c) A method to ensure an applicant's trade secrets, financial information, and
8 proprietary information submitted as part of an application are exempt from disclosure under RSA
9 91-A.

10 (d) Establishment of a process that promotes wireless connectivity statewide.

11 (e) Establishment of a program or mechanisms to encourage adoption of wireless
12 services.

13 III. Eligible costs for the program shall include, but are not limited to:

14 (a) Costs of construction and government permitting, installation, and operation of
15 wireless network infrastructure, including but not limited to buildings, towers, digital devices,
16 equipment, and fiber-optic lines.

17 (b) Upgrades to existing wireless network infrastructure.

18 (c) All other costs directly attributable to the construction project. In cases where a cost
19 is shared with another ongoing project, shared costs shall be prorated.

20 (d) Planning costs related to network design and program eligibility.

21 (e) Awards pursuant to this subdivision shall be contingent on the issuance of necessary
22 government permits.

23 IV. The department of business and economic affairs shall not, as a condition of an award of
24 grant money, impose any requirement, rate regulation, or other term or condition of service that
25 differs from the applicant's terms or conditions of service in its other service areas.

26 12-O:67 Wireless Deployment Grant Fund.

27 I. There is hereby established in the state treasury the wireless deployment grant fund. The
28 fund shall be kept separate and distinct from all other funds and shall be nonlapsing and continually
29 appropriated to the commissioner of the department of business and economic affairs for the
30 purposes of this subdivision. In addition to state appropriations, the department may accept gifts,
31 grants, and donations for deposit into the fund.

32 II. Federal funds received by the state for the purposes of expanding or improving Internet
33 access or wireless connectivity may be credited to the wireless deployment grant fund.

34 12-O:68 Federal Law Supersedes. If any provision of this subdivision conflicts with any
35 provision of funding guidance under federal law, the federal funding guidance shall supersede.

36 3 New Subparagraph; Application of Receipts; Wireless Deployment Grant Fund. Amend RSA
37 6:12, I(b) by inserting after subparagraph (382) the following new subparagraph:

SB 395 - AS AMENDED BY THE HOUSE

- Page 3 -

- 1 (383) Moneys credited to the wireless deployment grant fund established in RSA 12-

STATE OF NEW HAMPSHIRE

In the Year of Our Lord Two Thousand Twenty Two

AN ACT establishing the wireless development initiative and the wireless deployment grant fund.

Be it Enacted by the Senate and House of Representatives in General Court convened:

1 231:1 Findings. The general court hereby finds that the COVID-19 pandemic has shown
2 Internet access is not a luxury in a connected society and mobile connectivity for all New Hampshire
3 residents is crucial for public safety, to enable remote work, telehealth services, education access,
4 and for other purposes. The pandemic has also shown gaps in wireless coverage in many areas of
5 New Hampshire and a critical need to eliminate those gaps. The need to eliminate those gaps in
6 coverage is critical for individuals, our communities, and economic development in the state of New
7 Hampshire. A grant program using a competitive award process is essential to a wireless
8 infrastructure deployment initiative throughout New Hampshire. This fund would invest in capital
9 assets designed directly to support work, education, safety, and health care-related services.

10 231:2 New Subdivision; Wireless Deployment Initiative and Grant Fund. Amend RSA 12-O by
11 inserting after section 64 the following new subdivision:

12 Wireless Deployment Initiative and Grant Fund

13 12-O:65 Wireless Deployment Grant Initiative Established.

14 I. There is hereby established within the department of business and economic affairs a
15 wireless deployment grant initiative, the purpose of which shall be to award grants to wireless
16 providers in order to improve wireless connectivity within municipalities and across the state.

17 II. Eligible projects shall provide wireless infrastructure in areas unserved by or lacking
18 consistent mobile wireless coverage.

19 III. Eligible projects shall be evaluated as part of a competitive process.

20 IV. Selected projects shall meet the needs of consumers with the lowest possible cost and
21 highest possible functionality.

22 V. Projects under construction at the time of application shall be ineligible.

23 VI. Projects that have been awarded funding, but not yet built shall be ineligible. This
24 includes projects for which a provider is already obligated to deploy wireless service pursuant to
25 regulatory or other legally enforceable commitment.

26 VII. Funding shall be awarded for no more than one project in any proposed coverage area.

27 12-O:66 Program Guidelines; Rulemaking.

28 I. The department of business and economic affairs shall adopt rules under RSA 541-A,
29 relative to grant application and distribution procedures for wireless initiatives pursuant to 12-O:65.

CHAPTER 231
SB 395 - FINAL VERSION
- Page 2 -

1 II. The rules shall, at a minimum, include the following:

2 (a) Establishment of a competitive grant process based on objective criteria, prioritizing
3 areas unserved by or lacking consistent mobile wireless coverage.

4 (b) Establishment of a challenge process, with reasonable timelines, through which
5 information may be provided to the state to ensure that funds are used to build projects in areas
6 unserved by or lacking consistent mobile wireless coverage.

7 (c) A method to ensure an applicant's trade secrets, financial information, and
8 proprietary information submitted as part of an application are exempt from disclosure under RSA
9 91-A.

10 (d) Establishment of a process that promotes wireless connectivity statewide.

11 (e) Establishment of a program or mechanisms to encourage adoption of wireless
12 services.

13 III. Eligible costs for the program shall include, but are not limited to:

14 (a) Costs of construction and government permitting, installation, and operation of
15 wireless network infrastructure, including but not limited to buildings, towers, digital devices,
16 equipment, and fiber-optic lines.

17 (b) Upgrades to existing wireless network infrastructure.

18 (c) All other costs directly attributable to the construction project. In cases where a cost
19 is shared with another ongoing project, shared costs shall be prorated.

20 (d) Planning costs related to network design and program eligibility.

21 (e) Awards pursuant to this subdivision shall be contingent on the issuance of necessary
22 government permits.

23 IV. The department of business and economic affairs shall not, as a condition of an award of
24 grant money, impose any requirement, rate regulation, or other term or condition of service that
25 differs from the applicant's terms or conditions of service in its other service areas.

26 12-O:67 Wireless Deployment Grant Fund.

27 I. There is hereby established in the state treasury the wireless deployment grant fund. The
28 fund shall be kept separate and distinct from all other funds and shall be nonlapsing and continually
29 appropriated to the commissioner of the department of business and economic affairs for the
30 purposes of this subdivision. In addition to state appropriations, the department may accept gifts,
31 grants, and donations for deposit into the fund.

32 II. Federal funds received by the state for the purposes of expanding or improving Internet
33 access or wireless connectivity may be credited to the wireless deployment grant fund.

Effective Date: August 16, 2022

Amendments

Amendment to SB 395

1 Amend the bill by replacing section 1 with the following:

2

3 1 New Paragraph; Department of Business and Economic Affairs; Broadband Matching Grant
4 Initiative. Amend RSA 12-O:61 by inserting after paragraph III the following new paragraph:

5 IV. A municipality that is located in an area that is determined to lack adequate cell phone
6 service shall be eligible to apply for a grant under this section to provide such service through a
7 communications provider that is capable of serving the area in which the municipality is located. A
8 cell phone service provider that serves an area lacking adequate cell phone service shall, upon
9 approval of governing body of the municipality to be served, also be eligible to apply for a grant
10 under this section. For the purposes of this paragraph, "adequate cell phone service" shall mean cell
11 phone service that meets federal standards for speed, latency, reliability, and consistency in quality
12 of service.

Amendment to SB 395

Who opposes the bill: None

Summary of testimony presented in support:

Senator Jay Kahn

- Cheshire County is a rural county and broadband has been a significant issue.
- In the last legislative session, they created a broadband matching grant fund.
- The BIA administers this program which is up and running with staff to organize it.
- Cellular service in the state of NH is still very spotty
- There are cell phone deserts throughout the state
- Communities are at a disadvantage when they cannot provide good wireless service.
- For business and community groups it is an economic disadvantage.
- It has been 25 years since he got his first cellphone and he still cannot it in certain areas.
- This legislation allows municipalities and cell phone service providers to apply for broadband matching grant funds to upgrade local cell phone service.
- This need is not just for the convenience of using a cell phone.
- One of the police chiefs in his district told him that he gets 911 calls that drop and he cannot reach the caller when he calls back.
- In the more rural communities public safety can depend on the wireless service.
- He knows that not all broadband funding can be used for this purpose. allowed to be used for this.
- This is enabling legislation and allows means for the funding to be explored.
- The department is looking for the legislature to provide some leadership which they will take and develop.
- The department requested that part B of the bill be deleted and he is in agreement with that.

Representative Andrew Maneval

- In addition to representing Cheshire County, he is a Select Board member in the town of Harrisville.
- Many times, people have approached him with questions and complaints about cell service.
- They have trouble attracting families and businesses to their area due to lack of wireless and broadband services.
- Those qualities, cell and broadband, are a significant part of our daily lives.
- They have completed their negotiations for broadband expansion and now have turned their attention to cell service.
- Leaders in his community have had many requests to work towards making this better.
- This bill is just one small part of the process and will be very valuable part.

Henry Underwood – South West Region Planning Commission

- Monadnock is a rural region that is underserved with both high speed internet and wireless service.
- Approximately 13% of Cheshire County households lack internet access at any speed and 10% do not have access to a computer or a smart phone.
- Most internet subscribers cannot obtain connectivity speeds at the minimum defined by the SEC.
- Wireless providers lack incentives to develop wireless infrastructure.
- Lower population density and hilly terrain make this an even bigger challenge.
- Since the adoption of the broadband plan for South West NH in 2014, a variety of broadband champions have continued to draw attention to the issue of wireless service.
- Just ten years ago 35% of adults nationwide had a smart phone, today it is up to 85%.
- In some cases, this is a households only means of internet access.
- South West NH needs a broad array of wireless service including from cellular providers.
