**VETO MESSAGE**

June 5, 2003

To the Honorable Members of the General Court:

**By the authority vested in me as Governor of New Hampshire, pursuant to Part II, Article 44 of the Constitution of New Hampshire, I have vetoed Senate Bill 145, an Act relative to the duties of the board of trustees of the department of regional community-technical colleges.**

S.B. 145 would allow the board of trustees of the department of regional community-technical colleges to disburse non-general fund revenue from each of the colleges to the community-technical college foundation. My objection to S.B. 145 arises not from a lack of confidence in the board of trustees, but from a belief that the decision to disburse such funds should be subject to statutory limitation or subject to additional oversight. Because S.B. 145 does not clearly establish sufficient limitation or oversight, I have vetoed it.

Currently, the department maintains a non-lapsing account, funds from which can be used for limited purposes. See RSA 188:14-c. Funds in this account may be disbursed only with the prior approval of the fiscal committee and with the approval of the governor and council. I think that there should be no less oversight for the disbursement of funds contemplated in S.B. 145. Not only does it appear that S.B. 145 would allow the transfer of any non-general-fund revenue out of the colleges and into the foundation, but it does so without the requirement for governor and council approval. In addition, S.B. 145 does not make it sufficiently clear that prior fiscal committee approval is still required before funds may be disbursed.

Although the bill provides that the presidents of the regional community-technical colleges may make "recommendations to the board of trustees" about the disbursement of the funds, S.B. 145 would not require that the board follow the recommendation of the presidents. S.B. 145 would allow the board of trustees to move funds from the regional community-technical colleges even if some, most or even all of the presidents of the regional community-technical colleges object. The power of the board of trustees under S.B. 145 would be unfettered.

Finally, the purpose of the foundation is to raise money from private sources. Money raised by the foundation should be flowing to the colleges to support their programs, not the other way around. If the foundation raises funds as promised, there should be no need to transfer money from the colleges into the foundation. The operating expenses of the foundation should be a small percentage of the private donations received by the foundation. If the purpose of S.B. 145 is to pay the initial operating expenses of the foundation using non-general-fund revenue, then the better approach would be for the department to justify this expenditure and seek legislative approval in the usual manner, rather than to delegate such broad and unchecked authority to the board of trustees. Because S.B. 145 chose the latter approach and does not contain sufficient safeguards, limitations or oversight, I have vetoed S.B. 145.

Respectfully submitted,  
Craig R. Benson  
Governor
