## **NOTICES**

In the very near future, the Statehouse Cafeteria dining room will be set up as a "Wi-Fi HotSpot." Anyone using an 802.11 wireless compatible device (laptop or PDA) will be able to access the Internet for free during the hours that the cafeteria dining room is open. Unlike other areas of the Statehouse complex, where an Encryption Key must be used, the Cafeteria will offer open access. This new HotSpot will be set up on a separate network so that the legislative network will remain secure. This was made possible through joint efforts of House and Senate leadership under the guidance of Stan Kelly, Manager of the Statehouse Information Systems.

Theodore L. Gatsas, Senate President

On Monday, March 27th at 10:00 a.m. in Room 101, LOB. I will be chairing a review audit of the Department of Health and Human Services performance regarding the drill which took place on November 19th across the state. Discussed will be the administration of people, the triage, the delivery of the immunization system, (using flu shots as substitutes), and the amount of people who came to be administered to in Manchester, Portsmouth and Colebrook.

We will be discussing other ideas regarding Avian Flu at this meeting and I urge the entire Senate Health and Human Services Committee to be in attendance in order to hear first hand just where the Department of Health and Human Services is regarding this issue.
