CONSENT CALENDAR REPORTS

COMMERCE

HB 227, relative to property and casualty insurance.

Ought to Pass, Vote 5-0.

Senator Hosmer for the committee.

This bill is a request from the Department of Insurance and will update property and casualty insurance laws. The Department has worked with stakeholders for two years, and has their support, to make these updates to our statutes to reflect current industry practice and clarify any confusion in current law.

HB 343-FN, establishing a commission to study regulatory requirements for pawnbrokers and secondhand dealers in New Hampshire.

Ought to Pass with Amendment, Vote 5-0.

Senator Pierce for the committee.

HB 343-FN as amended by the Committee will re-establish a commission to study the current community-based system of commodities reporting by junk or scrap metal dealers and examine the advisability of creating a statewide database to assist in the deterrence or investigation of metal theft in New Hampshire. This is a commission that never got off the ground last year but the stakeholders are motivated to try again.

HB 350, prohibiting discrimination against the unemployed.

Inexpedient to Legislate, Vote 5-0.

Senator Sanborn for the committee.

This bill would prohibit hiring discrimination by employers based upon an individual's unemployment status. The supporters of this bill offered no evidence of this ever happening and the committee believes this is a solution in search of a problem.

HB 430, requiring insurance companies sending out solicitations for insurance to include a disclosure on such solicitations.

Inexpedient to Legislate, Vote 5-0.

Senator Cataldo for the committee.

This bill would have required insurance companies who mail solicitations for insurance to include a disclosure on such solicitations. The Committee didn't receive any information to show this is actually a problem and isn't convinced that this language would achieve the bills goals.

HB 1111, clarifying the term "valid claim" for property insurance.

Ought to Pass, Vote 5-0.

Senator Sanborn for the committee.

This bill is a request of the Department of Insurance and will clarify the term “valid claim” for purposes of nonrenewal of property insurance. This bill will make it clear that inquiries about coverage on a policy do not constitute a valid claim.

HB 1169, relative to enforcement of labor laws by the department of labor.

Ought to Pass, Vote 5-0.

Senator Cataldo for the committee.

This bill is a request of the Department of Labor and is a simple technical correction bill that permits the Commissioner of the Department of Labor to administer certain labor laws.

HB 1242-FN, relative to deductibles, coinsurance, and out-of-pocket maximums under health insurance policies.

Interim Study, Vote 5-0.

Senator Bradley for the committee.

HB 1242-FN would require insurers issuing accident and health insurance policies to credit insured members who maintain continuous coverage, for member cost sharing made during the prior policy period when the new policy is for fewer than 12 months. Stakeholders and the Committee have agreed that more time is needed to work on this issue.

HB 1309, making a technical change in the workers’ compensation law.

Ought to Pass, Vote 5-0.

Senator Cataldo for the committee.

This bill clarifies the appointing authority for a member of the workers’ compensation appeals advisory board by updating statute to reflect the name change of the New Hampshire Trial Lawyers Association to the New Hampshire Association for Justice.

HB 1334, relative to contributions to charities by employees.

Ought to Pass, Vote 5-0.

Senator Bradley for the committee.

This bill will permit charitable organizations to withhold wages from their employees when those employees give written authorization that they would like to voluntarily contribute to the charitable organization they work for.

HB 1404, relative to payroll cards.

Interim Study, Vote 5-0.

Senator Cataldo for the committee.

This bill would add requirements for the use of payroll cards. More time is needed to allow stakeholders to come together and agree on a proper balance that helps businesses use payroll cards and protects employees’ rights.

HB 1405, prohibiting an employer from using credit history in employment decisions.

Interim Study, Vote 5-0.

Senator Hosmer for the committee.

This bill would establish the Employee Credit Privacy Protection Act which prohibits employers from using credit history in employment decisions. The Senate recently passed SB 295 addressing this issue with much of the same language and supports that bill as a way to address the use of credit history in employment decisions.

ENERGY AND NATURAL RESOURCES

HB 1178, relative to the sale and transfer of animals from animal shelters.

Inexpedient to Legislate, Vote 5-0.

Senator Odell for the committee.

This bill removes the exemption for animal shelters regarding requirements prior to the transfer of dogs, cats, and ferrets. During the public hearing, the committee heard considerable testimony from various animal shelters and affiliated organizations that were opposed to this bill because of the likely costs it would impose upon them. Based upon the costs associated with this bill, and the lack of a discernable existing problem, the committee found this bill “inexpedient to legislate.”

HB 1197, permitting the construction of a dam at the natural outlet of Jenness Pond in the town of Northwood.

Ought to Pass, Vote 5-0.

Senator Fuller Clark for the committee.

This bill permits the Jenness Pond Shore Owners Association Inc. to construct a dam at the natural outlet of Jenness Pond in the town of Northwood and to control the water level of the pond. This bill is a measure to fix the unintended consequences of previous legislation. The land owners of Jenness Pond as well as the New Hampshire Department of Environmental Services support this bill.

HB 1224-FN, relative to pipeline operation safety.

Ought to Pass, Vote 5-0.

Senator Woodburn for the committee.

This bill requires the public utilities commission to apply annually to the Federal Pipeline and Hazardous Material Safety Administration for authorization to conduct pipeline inspections on its behalf. This bill also modifies the penalties for violation of standards for service equipment to conform to current Federal penalties.

HB 1229-FN, relative to the oil discharge and gasoline ether cleanup fund.

Ought to Pass, Vote 5-0.

Senator Odell for the committee.

This bill was a request from the oil fund disbursement board. This bill extends the repeal dates of diesel and gasoline cleanup funds. This bill also allows owners of facilities or land subject to fuel spill damages to seek additional damage reimbursement monies if they are spent on clean-up costs of the spill.

HB 1290-FN, allowing nonresident full-time students to purchase licenses for hunting and fishing.

Ought to Pass, Vote 5-0.

Senator Prescott for the committee.

This bill provides that nonresident full-time students at a public or private high school, postgraduate program, or postsecondary educational institution in this state may purchase a hunting and fishing license at the fee charged to residents for the license. New Hampshire Fish and Game supports this change and believe it will lead to more young people utilizing the natural resources of the state.

HB 1295, relative to the definition of livestock.

Ought to Pass with Amendment, Vote 5-0.

Senator Bradley for the committee.

This bill makes additions to the definition of livestock. There are currently multiple definitions in statute for livestock and this bill simplifies and unifies those definitions. The committee amendment to this legislation further specifies that livestock does not include domesticated pets.

HB 1300, creating an exemption from licensure for low volume seed sellers.

Ought to Pass, Vote 5-0.

Senator Prescott for the committee.

This bill creates an exemption from licensure for low volume seed sellers. Under current statute, all agricultural seed sellers must obtain a license before they can sell their seeds. This bill will exempt sellers of less than 25 pounds of fruit, flower, or vegetable seeds per year from those license fees.

HB 1367, relative to the sale of birds.

Ought to Pass, Vote 5-0.

Senator Woodburn for the committee.

This bill exempts birds from certain provisions regarding the sale and transfer of animals. This bill corrects the unintended consequences of previous legislation that increased costs on the sale of birds and made certain species no longer economically feasible as pets. The committee heard from several avian enthusiasts, as well as the state Veterinarian, and they all testified that it was a mistake to include birds in the previous legislation, and are in support of this change.

HB 1384, relative to rehearings by the public utilities commission.

Ought to Pass, Vote 5-0.

Senator Fuller Clark for the committee.

This bill requires the public utilities commission to reach a decision in a rehearing within 30 days. Currently, statute mandates that the PUC must respond within 10 days to rehearing motions. During the public hearing, the PUC testified that a number of their decisions often go before courts and allowing 30 days to reach a decision would give them greater flexibility to address rehearing motions.

EXECUTIVE DEPARTMENTS AND ADMINISTRATION

HB 226, relative to promotion of New Hampshire liquor and wines.

Inexpedient to Legislate, Vote 5-0.

Senator Carson for the committee.

This legislation requires the Liquor Commission to promote New Hampshire liquor and wines and establish an annual reporting requirement. The Committee found through testimony that by promoting would mean the Liquor Commission would be promoting some products and not others. In addition, defining domestic, feasible, and place of origin all need to be established.

HB 654-FN, relative to licensure and renewal fees.

Ought to Pass, Vote 5-0.

Senator Soucy for the committee.

This bill is the product of nearly two years of study and work. The bill establishes licensure and renewal fees by statute rather than by administrative rule for seventeen regulatory boards. The statutory fee structure reduces fees for many licensees and will simplify the budgeting process in the coming years when all 17 boards come under one consolidated budget.

HB 1102, relative to membership of the police standards and training council.

Ought to Pass, Vote 5-0.

Senator Watters for the committee.

This legislation adds two public members to the police standards and training council, neither of whom shall be a certified police officer, lawyer, or judge, and neither shall have a spouse, sibling, or parent, by birth, adoption, or marriage, who is a certified police officer, lawyer, or judge.

HB 1182, relative to membership of the state transparency website oversight committee.

Ought to Pass with Amendment, Vote 5-0.

Senator Reagan for the committee.

This bill changes the membership of the existing statutory committee from three members of the House and three members of the Senate to four members of the House and two members of the Senate. The amendment changes the membership to six members of the House and one member of the Senate.

HB 1222, prohibiting commercial use of the law enforcement and fallen firefighters memorials.

Ought to Pass, Vote 5-0.

Senator Reagan for the committee.

This legislation prohibits the commercial use of the law enforcement and fallen firefighters memorials. These memorials were placed in remembrance of those who gave their lives in the line of duty, and is a tribute in honor of the lives given.

HB 1398-FN, allowing the retirement system to make payments in lieu of payments to estates in certain instances.

Ought to Pass, Vote 5-0.

Senator Watters for the committee.

This legislation allows the retirement system to make payments of \$15,000 or less to the next of kin of a deceased member of a beneficiary when no probate proceedings are pending. This legislation was requested by the NH Retirement System.

HEALTH, EDUCATION AND HUMAN SERVICES

HB 461-FN, relative to long-term care services.

Ought to Pass, Vote 5-0.

Senator Reagan for the committee.

This bill clarifies long-term care eligibility for the purpose of receiving Medicaid-funded nursing home services by altering the financial-eligibility rules for those who are applying. The Committee believes that moving the financial-eligibility rules to an annual basis will be most beneficial on an administrative level and for the better planning of long-term care funding.

HB 1243, relative to the confidentiality of criminal background checks of school employees and volunteers.

Ought to Pass, Vote 5-0.

Senator Kelly for the committee.

This bill removes a cross-reference to youth skill camp criminal background checks in the law governing confidentiality of school employee criminal background checks. The law would still permit a prospective camp employee to consent to the release of a prior criminal background check. The Committee feels that this bill is important to ensure the best process of conducting background checks to establish safe environments at camps for New Hampshire's youth.

HB 1260-FN-L, relative to communication of the cost of services provided under the children in need of services (CHINS) program to parents.

Ought to Pass, Vote 5-0.

Senator Sanborn for the committee.

This bill requires the department of health and human services to inform parents or guardians of the cost of services that may be provided under the CHINS program and for which they may be financially responsible. Additionally, the bill directs parents to contact their insurance provider to determine whether coverage is available for services provided under the program. The Committee believes this bill will help to provide better information to families on the cost of the CHINS program and to help them make the most informed decisions on a child's care in New Hampshire.

HB 1392-FN-L, removing the restriction on the number of pupils eligible to transfer to a chartered public school. Ought to Pass, Vote 5-0.

Senator Reagan for the committee.

This bill removes the restriction on the number of pupils that may transfer from a school district to a chartered public school. This provision has never been used and therefore, the Committee believes that it can be removed in order to benefit the students of New Hampshire.

HB 1484-FN, relative to newborn DNA sequencing.

Ought to Pass, Vote 5-0.

Senator Gilmour for the committee.

This bill prohibits whole-genome DNA sequencing of newborns, unless the general court authorizes such sequencing. With the stakeholders and the Department of Health and Human Services in favor of this bill, the Committee believes that continuing the prohibition of whole-genome DNA sequencing of newborns in New Hampshire is medically sound.

HB 1572-FN, establishing a permanent subcommittee of the health and human services oversight committee relative to Alzheimer's disease and other related dementia and requiring certain training and education programs regarding Alzheimer's disease and other related dementia.

Ought to Pass, Vote 5-0.

Senator Sanborn for the committee.

This bill establishes a permanent subcommittee of the health and human services oversight committee relative to Alzheimer's disease and other dementia and requires the department to develop an education program on Alzheimer's disease. Additionally, it requires the police standards and training council to provide training to the law enforcement community on Alzheimer's disease. The Committee believes this permanent subcommittee will be vital in developing a state plan for Alzheimer's disease in our future.

HB 1587-FN-L, relative to the collection and disclosure of student data.

Ought to Pass, Vote 5-0.

Senator Sanborn for the committee.

This bill regulates the collection and distribution of student data by placing limitations on the New Hampshire Department of Education in collecting and retaining private and individual student data information. This bill, however, will not limit school districts from collecting and aggregating student data that is not individually identifiable. The Committee feels that this bill will help to protect the privacy of students throughout the state.

JUDICIARY

HB 1108-FN, requiring voir dire examination of prospective jurors in all criminal cases.

Ought to Pass, Vote 5-0.

Senator Lasky for the committee.

This bill allows the same voir dire process in criminal cases as is already done in civil cases. In the interest of justice, individuals who are enlisted to serve on criminal trials should be given the same scrutiny to do our best to have a fair and impartial jury.

HB 1144, establishing a committee to study information included in arrest records and access to information on the disposition of criminal cases.

Ought to Pass with Amendment, Vote 5-0.

Senator Carson for the committee.

This legislation creates a study committee to look at arrest record information and how that information is disseminated as well as how subsequent actions are reported. The Committee amendment removes the one Senate member and increases House members to five.

PUBLIC AND MUNICIPAL AFFAIRS

HB 114, relative to abutter access over subdivided land.

Inexpedient to Legislate, Vote 5-0.

Senator Pierce for the committee.

This bill sought to have the planning board require a subdivider to deed a right-of-way to an abutting owner of property with no legal access to a public way. Part First, Article 12-a of the New Hampshire Constitution prohibits the taking of private property for private development or other private use. The committee believes the proposal violates that provision of our constitution, and also believes the issue is a private arrangement between a landowner and an abutter.

HB 466-FN, relative to determining qualifications of voters.

Interim Study, Vote 5-0.

Senator Lasky for the committee.

This bill seeks to eliminate the Qualified Voter and Domicile Affidavits and permits voters to prove qualifications by swearing to a statement on the Voter Registration Form. The committee heard testimony that the Attorney General's Office found it helpful not to have these documents consolidated when they were taking enforcement action or prosecuting an individual who may not have had the appropriate domicile or other qualifications. Also, consolidating all of the additional information into one document will make the form much longer to complete than the one-page document currently used for voter registrations. The committee voted to refer the bill to interim study.

HB 1109, relative to providing notice to abutters of a petitioned warrant article to discontinue a class VI road.

Ought to Pass, Vote 5-0.

Senator Forrester for the committee.

This bill requires petitioners to bear the cost of notice when a petitioned warrant article calls for the discontinuance of a Class VI highway.

HB 1121, repealing the duty of assessors to compile a list of dogs in the town.

Ought to Pass, Vote 5-0.

Senator Pierce for the committee.

Because town clerks maintain a list of dogs in the town, this bill repeals the requirement for assessors to compile such a list.

HB 1124, relative to the adoption of zoning ordinances in towns that use official ballot voting.

Ought to Pass with Amendment, Vote 5-0.

Senator Stiles for the committee.

This bill permits towns to opt out of official ballot voting requirements for the consideration and adoption of zoning ordinances. HB 1124 also ratifies a warrant article adopted by the town of Rye at the 2014 annual meeting.

HB 1370, providing for minority party membership on the executive committee of the county convention.

Ought to Pass with Amendment, Vote 5-0.

Senator Pierce for the committee.

This bill requires that majority and minority party membership on each county's legislative delegation executive committee shall be in the same proportion as county convention majority and minority party membership. The bill also requires that if there is at least one member of a minority party in the county delegation, the minority party shall have at least one seat on the executive committee.

HB 1371, relative to grading and improving subdivision streets.

Ought to Pass with Amendment, Vote 5-0.

Senator Forrester for the committee.

This bill allows a municipality that has authorized the planning board to approve subdivisions to authorize the governing body to approve the grading and improving of subdivision streets.

WAYS AND MEANS

HB 1195, establishing a committee to study the impacts of the property tax on New Hampshire's residents, businesses, municipalities, and the economy.

Inexpedient to Legislate, Vote 5-0.

Senator Rausch for the committee.

The structure of the proposed committee coupled with the time constraints established in the bill as amended by the House are not conducive to effectively addressing the broad scope of the study, and would likely fail to yield a meaningful result.

HB 1333, establishing a committee to study the feasibility of prorating the elderly property tax exemption in certain cases.

Inexpedient to Legislate, Vote 5-0.

Senator Odell for the committee.

The local property tax exemption granted by municipalities to elderly residents is essential in order for many of our state's older citizens to remain in their homes and independent of public assistance. The committee does not see a need to adjust this successful program and therefore does not believe a study is warranted.

HB 1466, relative to modification of a tax increment financing plan.

Inexpedient to Legislate, Vote 5-0.

Senator Hosmer for the committee.

The committee had serious concerns that the language in this bill allowing a tax increment financing plan to be increased or decreased by a legislative body could jeopardize the integrity of bonds committed and future bonds to be issued. The legislation was brought forward in response to a unique instance and there is no evidence of a systemic problem.

Course placement includes but is not limited to Honors, International Baccalaureate, Advanced Placement, vocational, technical, and career pathways courses. Continuing the student's academic program from the previous school and promoting placement in academically and career challenging courses should be paramount when considering placement. This does not preclude the school in the receiving state from performing subsequent evaluations to ensure appropriate placement and continued enrollment of the student in the course or courses.

II. Educational program placement. The receiving state school shall initially honor placement of the student in educational programs based on current educational assessments conducted at the school in the sending state or participation/placement in like programs in the sending state. III. Special education services. (1) In compliance with the federal requirements of the Individuals with Disabilities Education Act (IDEA), 20 U.S.C.A. section 1400 et seq, the receiving state shall initially provide comparable services to a student with disabilities based on his or her current Individualized Education Program (IEP); and (2) In compliance with the requirements of section 504 of the Rehabilitation Act, 29 U.S.C.A. section 794, and with Title II of the Americans with Disabilities Act, 42 U.S.C.A. sections 12131-12165, the receiving state shall make reasonable accommodations and modifications to address the needs of incoming students with disabilities, subject to an existing 504 or Title II Plan, to provide the student with equal access to education. This does not preclude the school in the receiving state from performing subsequent evaluations to ensure appropriate placement of the student.

IV. Placement flexibility. Local education agency administrative officials shall have flexibility in waiving course/program prerequisites, or other preconditions for placement in courses/programs offered under the jurisdiction of the local education agency.

V. Absence as related to deployment activities. A student whose parent or legal guardian is an active duty member of the uniformed services, as defined by the compact, and has been called to duty for, is on leave from, or immediately returned from deployment to a combat zone or combat support posting, shall be granted additional excused absences at the discretion of the local education agency superintendent to visit with his or her parent or legal guardian relative to such leave or deployment of the parent or guardian.

ARTICLE VII

110-D:8 Graduation. In order to facilitate the on-time graduation of children of military families, states and local education agencies shall incorporate the following procedures:

I. Waiver requirements. Local education agency administrative officials shall waive specific courses required for graduation if similar course work has been satisfactorily completed in another local education agency or shall provide reasonable justification for denial. Should a waiver not be granted to a student who would qualify to graduate from the sending school, the local education agency shall provide an alternative means of acquiring required coursework so that graduation may occur on time.

II. Exit exams. States shall accept: (1) exit or end-of-course exams required for graduation from the sending state; or (2) national norm-referenced achievement tests; or (3) alternative testing, in lieu of testing requirements for graduation in the receiving state. III. Transfers during senior year. Should a military student transferring at the beginning or during his or her senior year be ineligible to graduate from the receiving local education agency after all alternatives have been considered, the sending and receiving local education agencies shall ensure the receipt of a diploma from the sending local education agency, if the student meets the graduation requirements of the sending local education agency. In the event that one of the states in question is not a member of this compact, the member state shall use best efforts to facilitate the on-time graduation of the student in accordance with paragraphs I and II.

ARTICLE VIII

110-D:9 State Coordination.

I. Each member state shall, through the creation of a state council or use of an existing body or board, provide for the coordination among its agencies of government, local education agencies, and military installations concerning the state's participation in, and compliance with, this compact and Interstate Commission activities. While each member state may determine the membership of its own state council, its membership shall include at least: the state superintendent of education, superintendent of a school district with a high concentration of military children, one representative from a military installation, one representative each from the legislative and executive branches of government, and other offices and stakeholder groups the state council deems appropriate. A member state that does not have a school district deemed to contain a high concentration of military children may appoint a superintendent from another school district to represent local education agencies on the state council.

II. The state council of each member state shall appoint or designate a military family education liaison to assist military families and the state in facilitating the implementation of this compact.

III. The compact commissioner responsible for the administration and management of the state's participation in the compact shall be appointed by the governor or as otherwise determined by each member state.

IV. The compact commissioner and the military family education liaison designated herein shall be ex-officio members of the state council, unless either is already a full voting member of the state council.

ARTICLE IX

110-D:10 Interstate Commission on Educational Opportunity For Military Children. The member states hereby create the “Interstate Commission on Educational Opportunity for Military Children.” The activities of the Interstate Commission are the formation of public policy and are a discretionary state function. The Interstate Commission shall:

I. Be a body corporate and joint agency of the member states and shall have all the responsibilities, powers and duties set forth herein, and such additional powers as may be conferred upon it by a subsequent concurrent action of the respective legislatures of the member states in accordance with the terms of this compact.

II. Consist of one Interstate Commission voting representative from each member state who shall be that state’s compact commissioner.

(a) Each member state represented at a meeting of the Interstate Commission is entitled to one vote.

(b) A majority of the total member states shall constitute a quorum for the transaction of business, unless a larger quorum is required by the bylaws of the Interstate Commission.

(c) A representative shall not delegate a vote to another member state. In the event the compact commissioner is unable to attend a meeting of the Interstate Commission, the governor or state council may delegate voting authority to another person from their state for a specified meeting.

(d) The bylaws may provide for meetings of the Interstate Commission to be conducted by telecommunication or electronic communication.

III. Consist of ex-officio, non-voting representatives who are members of interested organizations. Such ex-officio members, as defined in the bylaws, may include but not be limited to, members of the representative organizations of military family advocates, local education agency officials, parent and teacher groups, the United States Department of Defense, the Education Commission of the States, the Interstate Agreement on the Qualification of Educational Personnel, and other interstate compacts affecting the education of children of military members.

IV. Meet at least once each calendar year. The chairperson may call additional meetings and, upon the request of a simple majority of the member states, shall call additional meetings.

V. Establish an executive committee, whose members shall include the officers of the Interstate Commission and such other members of the Interstate Commission as determined by the bylaws. Members of the executive committee shall serve a one year term. Members of the executive committee shall be entitled to one vote each. The executive committee shall have the power to act on behalf of the Interstate Commission, with the exception of rulemaking, during periods when the Interstate Commission is not in session. The executive committee shall oversee the day-to-day activities of the administration of the compact including enforcement and compliance with the provisions of the compact, its bylaws and rules, and other such duties as deemed necessary. The United States Department of Defense, shall serve as an ex-officio, nonvoting member of the executive committee.

VI. Establish bylaws and rules that provide for conditions and procedures under which the Interstate Commission shall make its information and official records available to the public for inspection or copying. The Interstate Commission may exempt from disclosure information or official records to the extent they would adversely affect personal privacy rights or proprietary interests.

VII. Give public notice of all meetings and all meetings shall be open to the public, except as set forth in the rules or as otherwise provided in the compact. The Interstate Commission and its committees may close a meeting, or portion thereof, where it determines by 2/3 vote that an open meeting would be likely to:

(a) Relate solely to the Interstate Commission’s internal personnel practices and procedures;

(b) Disclose matters specifically exempted from disclosure by federal and state statute;

(c) Disclose trade secrets or commercial or financial information which is privileged or confidential;

(d) Involve accusing a person of a crime, or formally censuring a person;

(g) Specifically relate to the Interstate Commission's participation in a civil action or other legal proceeding.

VIII. Cause its legal counsel or designee to certify that a meeting may be closed and shall reference each relevant exemptible provision for any meeting, or portion of a meeting, which is closed pursuant to this provision. The Interstate Commission shall keep minutes which shall fully and clearly describe all matters discussed in a meeting and shall provide a full and accurate summary of actions taken, and the reasons therefor, including a description of the views expressed and the record of a roll call vote. All documents considered in connection with an action shall be identified in such minutes. All minutes and documents of a closed meeting shall remain under seal, subject to release by a majority vote of the Interstate Commission.

IX. Collect standardized data concerning the educational transition of the children of military families under this compact as directed through its rules which shall specify the data to be collected, the means of collection, and data exchange and reporting requirements. Such methods of data collection, exchange, and reporting shall, in so far as is reasonably possible, conform to current technology and coordinate its information functions with the appropriate custodian of records as identified in the bylaws and rules.

X. Create a process that permits military officials, education officials, and parents to inform the Interstate Commission if and when there are alleged violations of the compact or its rules or when issues subject to the jurisdiction of the compact or its rules are not addressed by the state or local education agency. This section shall not be construed to create a private right of action against the Interstate Commission or any member state.

ARTICLE X

I. To provide for dispute resolution among member states.

II. To promulgate rules and take all necessary actions to effect the goals, purposes and obligations as enumerated in this compact. The rules shall have the force and effect of statutory law and shall be binding in the compact states to the extent and in the manner provided in this compact.

II. The Interstate Commission shall, by a majority of the members, elect annually from among its members a chairperson, a vice-chairperson, and a treasurer, each of whom shall have such authority and duties as may be specified in the bylaws. The chairperson or, in the chairperson’s absence or disability, the vice-chairperson, shall preside at all meetings of the Interstate Commission. The officers so elected shall serve without compensation or remuneration from the Interstate Commission; provided that, subject to the availability of budgeted funds, the officers shall be reimbursed for ordinary and necessary costs and expenses incurred by them in the performance of their responsibilities as officers of the Interstate Commission.

III.(a) The executive committee shall have such authority and duties as may be set forth in the bylaws, including but not limited to:

(1) Managing the affairs of the Interstate Commission in a manner consistent with the bylaws and purposes of the Interstate Commission;

(2) Overseeing an organizational structure within, and appropriate procedures for the Interstate Commission to provide for the creation of rules, operating procedures, and administrative and technical support functions; and

(3) Planning, implementing, and coordinating communications and activities with other state, federal and local government organizations in order to advance the goals of the Interstate Commission.

(b) The executive committee may, subject to the approval of the Interstate Commission, appoint or retain an executive director for such period, upon such terms and conditions and for such compensation, as

the Interstate Commission may deem appropriate. The executive director shall serve as secretary to the Interstate Commission, but shall not be a member of the Interstate Commission. The executive director shall hire and supervise such other persons as may be authorized by the Interstate Commission.

IV. The Interstate Commission's executive director and its employees shall be immune from suit and liability, either personally or in their official capacity, for a claim for damage to or loss of property or personal injury or other civil liability caused or arising out of or relating to an actual or alleged act, error, or omission that occurred, or that such person had a reasonable basis for believing occurred, within the scope of Interstate Commission employment, duties, or responsibilities; provided, that such person shall not be protected from suit or liability for damage, loss, injury, or liability caused by the intentional or willful and wanton misconduct of such person.

(a) The liability of the Interstate Commission's executive director and employees or Interstate Commission representatives, acting within the scope of such person's employment or duties for acts, errors, or omissions occurring within such person's state may not exceed the limits of liability set forth under the Constitution and laws of that state for state officials, employees, and agents. The Interstate Commission is considered to be an instrumentality of the states for the purposes of any such action. Nothing in this section shall be construed to protect such person from suit or liability for damage, loss, injury, or liability caused by the intentional or willful and wanton misconduct of such person.

(b) The Interstate Commission shall defend the executive director and its employees and, subject to the approval of the attorney general or other appropriate legal counsel of the member state represented by an Interstate Commission representative, shall defend such Interstate Commission representative in any civil action seeking to impose liability arising out of an actual or alleged act, error or omission that occurred within the scope of Interstate Commission employment, duties or responsibilities, or that the defendant had a reasonable basis for believing occurred within the scope of Interstate Commission employment, duties, or responsibilities, provided that the actual or alleged act, error, or omission did not result from intentional or willful and wanton misconduct on the part of such person.

ARTICLE XII

110-D:13 Rulemaking Functions of The Interstate Commission.

I. The Interstate Commission shall promulgate reasonable rules in order to effectively and efficiently achieve the purposes of this compact. Notwithstanding the foregoing, in the event the Interstate Commission exercises its rulemaking authority in a manner that is beyond the scope of the purposes of this act, or the powers granted hereunder, then such an action by the Interstate Commission shall be invalid and have no force or effect.

II. Rules shall be made pursuant to a rulemaking process that substantially conforms to the "Model State Administrative Procedure Act," of 1981 act, Uniform Laws Annotated, Vol. 15, p.1 (2000) as amended, as may be appropriate to the operations of the Interstate Commission.

III. Not later than 30 days after a rule is promulgated, any person may file a petition for judicial review of the rule; provided, that the filing of such a petition shall not stay or otherwise prevent the rule from becoming effective unless the court finds that the petitioner has a substantial likelihood of success. The court shall give deference to the actions of the Interstate Commission consistent with applicable law and shall not find the rule to be unlawful if the rule represents a reasonable exercise of the Interstate Commission's authority.

IV. If a majority of the legislatures of the compacting states reject a rule by enactment of a statute or resolution in the same manner used to adopt the compact, then such rule shall have no further force and effect in any compacting state.

ARTICLE XIII

110-D:14 Oversight, Enforcement, and Dispute Resolution.

I. Oversight.

(a) The executive, legislative, and judicial branches of state government in each member state shall enforce this compact and shall take all actions necessary and appropriate to effectuate the compact's purposes and intent. The provisions of this compact and the rules promulgated hereunder shall have standing as statutory law.

(b) All courts shall take judicial notice of the compact and the rules in any judicial or administrative proceeding in a member state pertaining to the subject matter of this compact which may affect the powers, responsibilities, or actions of the Interstate Commission.

(c) The Interstate Commission shall be entitled to receive all service of process in any such proceeding, and shall have standing to intervene in the proceeding for all purposes. Failure to provide service of process to the Interstate Commission shall render a judgment or order void as to the Interstate Commission, this compact, or promulgated rules.

II. Default, technical assistance, suspension, and termination. If the Interstate Commission determines that a member state has defaulted in the performance of its obligations or responsibilities under this compact, or the bylaws or promulgated rules, the Interstate Commission shall:

(a) Provide written notice to the defaulting state and other member states, of the nature of the default, the means of curing the default and any action taken by the Interstate Commission. The Interstate Commission shall specify the conditions by which the defaulting state must cure its default.

(b) Provide remedial training and specific technical assistance regarding the default.

(c) If the defaulting state fails to cure the default, the defaulting state shall be terminated from the compact upon an affirmative vote of a majority of the member states and all rights, privileges, and benefits conferred by this compact shall be terminated from the effective date of termination. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of the default.

(d) Suspension or termination of membership in the compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the Interstate Commission to the governor, the majority and minority leaders of the defaulting state's legislature, and each of the member states.

(e) The state which has been suspended or terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of suspension or termination including obligations, the performance of which extends beyond the effective date of suspension or termination.

(f) The Interstate Commission shall not bear any costs relating to any state that has been found to be in default or which has been suspended or terminated from the compact, unless otherwise mutually agreed upon in writing between the Interstate Commission and the defaulting state.

(g) The defaulting state may appeal the action of the Interstate Commission by petitioning the United States District Court for the District of Columbia or the federal district where the Interstate Commission has its principal offices. The prevailing party shall be awarded all costs of such litigation including reasonable attorney's fees.

III. Dispute resolution.

(a) The Interstate Commission shall attempt, upon the request of a member state, to resolve disputes which are subject to the compact and which may arise among member states and between member and non-member states.

(b) The Interstate Commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes as appropriate.

IV. Enforcement.

(a) The Interstate Commission, in the reasonable exercise of its discretion, shall enforce the provisions and rules of this compact.

(b) The Interstate Commission, may by majority vote of the members, initiate legal action in the United State District Court for the District of Columbia or, at the discretion of the Interstate Commission, in the federal district where the Interstate Commission has its principal offices, to enforce compliance with the provisions of the compact, its promulgated rules and bylaws, against a member state in default. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary the prevailing party shall be awarded all costs of such litigation including reasonable attorney's fees.

(c) The remedies herein shall not be the exclusive remedies of the Interstate Commission. The Interstate Commission may avail itself of any other remedies available under state law or the regulation of a profession.

ARTICLE XIV

110-D:15 Financing of the Interstate Commission.

I. The Interstate Commission shall pay, or provide for the payment of the reasonable expenses of its establishment, organization, and ongoing activities.

II. The Interstate Commission may levy on and collect an annual assessment from each member state to cover the cost of the operations and activities of the Interstate Commission and its staff which must be in a total amount sufficient to cover the Interstate Commission's annual budget as approved each year. The aggregate annual assessment amount shall be allocated based upon a formula to be determined by the Interstate Commission, which shall promulgate a rule binding upon all member states.

III. The Interstate Commission shall not incur obligations of any kind prior to securing the funds adequate to meet the same; nor shall the Interstate Commission pledge the credit of any of the member states, except by and with the authority of the member state.

IV. The Interstate Commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the Interstate Commission shall be subject to the audit and accounting procedures established under its bylaws. However, all receipts and disbursements of funds handled by the Interstate Commission shall be audited yearly by a certified or licensed public accountant and the report of the audit shall be included in and become part of the annual report of the Interstate Commission.

ARTICLE XV

110-D:16 Member States, Effective Date and Amendment.

I. Any state is eligible to become a member state.

II. The compact shall become effective and binding upon legislative enactment of the compact into law by no less than 10 of the states. The effective date shall be no earlier than December 1, 2007. Thereafter it shall become effective and binding as to any other member state upon enactment of the compact into law by that state. The governors of non-member states or their designees shall be invited to participate in the activities of the Interstate Commission on a nonvoting basis prior to adoption of the compact by all states.

III. The Interstate Commission may propose amendments to the compact for enactment by the member states. No amendment shall become effective and binding upon the Interstate Commission and the member states unless and until it is enacted into law by unanimous consent of the member states.

ARTICLE XVI

110-D:17 Withdrawal and Dissolution.

I. Withdrawal.

(a) Once effective, the compact shall continue in force and remain binding upon each and every member state; provided that a member state may withdraw from the compact by specifically repealing the statute which enacted the compact into law.

(b) Withdrawal from this compact shall be by the enactment of a statute repealing the same, but shall not take effect until one year after the effective date of such statute and until written notice of the withdrawal has been given by the withdrawing state to the governor of each other member jurisdiction.

(c) The withdrawing state shall immediately notify the chairperson of the Interstate Commission in writing upon the introduction of legislation repealing this compact in the withdrawing state. The Interstate Commission shall notify the other member states of the withdrawing state's intent to withdraw within 60 days of its receipt thereof.

(d) The withdrawing state is responsible for all assessments, obligations, and liabilities incurred through the effective date of withdrawal, including obligations, the performance of which extend beyond the effective date of withdrawal.

(e) Reinstatement following withdrawal of a member state shall occur upon the withdrawing state reenacting the compact or upon such later date as determined by the Interstate Commission.

II. Dissolution of compact.

(a) This compact shall dissolve effective upon the date of the withdrawal or default of the member state which reduces the membership in the compact to one member state.

(b) Upon the dissolution of this compact, the compact becomes null and void and shall be of no further force or effect, and the business and affairs of the Interstate Commission shall be concluded and surplus funds shall be distributed in accordance with the bylaws.

ARTICLE XVII

110-D:18 Severability and Construction.

I. The provisions of this compact shall be severable, and if any phrase, clause, sentence, or provision is deemed unenforceable, the remaining provisions of the compact shall be enforceable.

II. The provisions of this compact shall be liberally construed to effectuate its purposes.

III. Nothing in this compact shall be construed to prohibit the applicability of other interstate compacts to which the states are members.

ARTICLE XVIII

110-D:19 Binding Effect of Compact and Other Laws.

I. Other laws.

(a) Nothing herein prevents the enforcement of any other law of a member state that is not inconsistent with this compact.

(b) All member states' laws conflicting with this compact are superseded to the extent of the conflict.

II. Binding effect of the compact.

(a) All lawful actions of the Interstate Commission, including all rules and bylaws promulgated by the Interstate Commission, are binding upon the member states.

(b) All agreements between the Interstate Commission and the member states are binding in accordance with their terms.

(c) In the event any provision of this compact exceeds the constitutional limits imposed on the legislature of any member state, such provision shall be ineffective to the extent of the conflict with the constitutional provision in question in that member state.
