CONSENT CALENDAR REPORTS

EXECUTIVE DEPARTMENTS AND ADMINISTRATION

HB 1604, establishing a commission to study financial fraud laws and the rights of victims of financial fraud. Inexpedient to Legislate, Vote 5-0.
Senator Reagan for the committee.

The legislation establishes a commission to study financial fraud laws and the rights of victims of financial fraud. This legislation is not the correct vehicle for what was an extremely unfortunate incident. The Committee felt there would be a gigantic burden to the state to figure out and formulate all revisions to statutes and rules for all agencies under this particular piece of legislation.

HEALTH, EDUCATION AND HUMAN SERVICES

HB 1132-FN, relative to school building security.
Ought to Pass with Amendment, Vote 5-0.
Senator Reagan for the committee.

This bill requires the department of education, during the school approval process, to confirm that public and nonpublic schools have an emergency response plan in place according to RSA 189:64. If the school has a building schematic floor plan diagram, the school may submit this to the division of homeland security and emergency management, department of safety in digital format, with the approval of the local school board. This bill will enable the state to better prepare and respond to potentially dangerous situations.

JUDICIARY

HB 1159, providing immunity from criminal prosecution for seeking medical assistance with an emergency drug or alcohol overdose event.

Interim Study, Vote 5-0.

Senator Carson for the committee.

This bill is identical to legislation the Senate passed just this past January to create a study to look at these issues. Because the study has not yet organized and completed their work, this should not go forward at this time.

HB 1176, relative to grounds for termination of parental rights.

Inexpedient to Legislate, Vote 5-0.

Senator Carson for the committee.

This legislation deals with the same subject matter as a previously-passed Senate Bill. The Committee feels that the Senate Bill is better policy and that only one bill dealing with this topic should move forward.

HB 1272, excluding certain leases by fraternal or social organizations from the definition of tenancy.

Ought to Pass, Vote 5-0.

Senator Carson for the committee.

This bill deals with a narrow section of landlord – tenant law affecting primarily fraternities and sororities. As these groups have special circumstances because of the populations they are dealing with, the Committee supports excluding them from tenancy definitions as outlined in the bill.

PUBLIC AND MUNICIPAL AFFAIRS

HB 1459, relative to domicile for voting purposes during a temporary absence.

Ought to Pass, Vote 5-0.

Senator Pierce for the committee.

This bill provides that a person shall not be deemed to have lost a domicile by reason of absence or presence due to his or her employment in the service of the United States, or due to such employment by his or her spouse.

HB 1543, relative to filing for state representative special elections and relative to processing absentee ballots.

Ought to Pass with Amendment, Vote 5-0.

Senator Lasky for the committee.

This bill clarifies the filing period for state representative special elections. The committee amended the bill by eliminating Section 2, processing absentee ballots, citing the lack of a challenge provision and an advance notice posting requirement, which would maintain the transparency of the election process. Without these items the bill suggests an almost certain veto by the Governor.

TRANSPORTATION

HB 1145-FN, relative to the proposed Sewalls Falls Bridge in the city of Concord and the Riverdale Road Bridge in the town of New Boston.

Ought to Pass, Vote 5-0.

Senator Stiles for the committee.

This bill authorizes the transfer of interest in certain state-owned lands to allow for reconstruction of the Sewalls Falls Bridge in Concord, New Hampshire and the Riverdale Road Bridge in the town of New Boston. This legislative step is currently required by statute due to conservation regulations and the overall process may need to be examined by legislation in the future to address this growing situation.

HB 1183, relative to display of antique motor vehicle plates.

Ought to Pass with Amendment, Vote 5-0.

Senator Gilmour for the committee.

This bill changes the date in the statute governing the display of plates issued in the year an antique motor vehicle was manufactured. The Committee amended the bill to clarify that an antique plate cannot display the same numbers, as a plate currently in use.

HB 1359-FN, establishing a committee to study the feasibility of placing medal decals on special number plates for veterans.

Ought to Pass with Amendment, Vote 5-0.

Senator Boutin for the committee.

This bill establishes a committee to study the feasibility of placing medal decals on special number plates for veterans. The Committee amended the bill to include adopting the Honor and Remember Flag as the state's emblem of the service and sacrifice of the brave men and women of the United States Armed Forces who have given their lives in service.

HB 1546, relative to insurance coverage for tractors.

Ought to Pass with Amendment, Vote 5-0.

Senator Boutin for the committee.

This bill exempts tractors with farm tractor registrations from the motor vehicle liability requirements. This will allow insurers to insure these vehicles under farm liability insurance policies, rather than requiring that they register under a separate automobile insurance policy. The Committee amended the bill to clarify that individuals can still purchase insurance under a separate automobile policy if they so choose.
