CONSENT CALENDAR REPORTS

EXECUTIVE DEPARTMENTS AND ADMINISTRATION

SB 46, relative to public safety radio interoperability.

Ought to Pass, Vote 5-0.

Senator Carson for the committee.

This bill requires the advisory council on emergency preparedness and security to oversee statewide radio communications interoperability efforts. In addition, it establishes a statewide interoperability executive committee charged with development of a strategic statewide interoperable communications plan.

SB 66, naming the lobby of the legislative office building after former speaker of the house George Roberts. Re-refer to committee, Vote 5-0.

Senator Carson for the committee.

The committee believes that additional work will need to be completed on this legislation prior to its passage.

PUBLIC AND MUNICIPAL AFFAIRS

SB 74, establishing a committee to study reducing the cost of county government.

Ought to Pass with Amendment, 5-0.

Senator Boutin for the committee.

This bill establishes a committee to study reducing the cost of county government, which the committee believes is an important issue to examine. The amendment modifies the bill by requiring an interim report on November 1, 2015 and a final report on November 1, 2016.

SB 175, relative to the regulation of blighted property.

Re-refer to committee, Vote 5-0.

Senator Boutin for the committee.

This bill would have authorized municipalities to enact ordinances that address blighted property. At the request of the sponsor, the committee voted to re-refer the bill to committee, in order to allow for further study and input.

TRANSPORTATION

SB 16, relative to the requirement for observers of water skiers.

Ought to Pass, Vote 5-0.

Senator Birdsell for the committee.

This bill exempts the observer requirement from specially equipped boats towing water skiers under the circumstances specified in the bill. This legislation will enable a very discrete group of professional water skiers the opportunity to have more time to run specific courses and train for competitions.

SB 78, relative to original and youth operators' licenses.

Ought to Pass, Vote 5-0.

Senator Watters for the committee.

This bill amends a reference regarding original and youth operator's license. This legislation is a simple change to the statute reflecting a change that took place a couple of sessions ago in the DWI law, and merely updates the reference, which clarifies that a violation of DWI law is grounds for suspension of a youth operator's license.

SB 87, relative to wake on a certain area of the Piscataqua River.

Inexpedient to Legislate, Vote 5-0.

Senator Watters for the committee.

This bill repeals an exemption from headway speed requirements applicable to a certain area of the Piscataqua River. The committee heard a variety of testimony in opposition to this legislation as it would potentially create more problems than it would solve. The committee recommended ITL after much deliberation due to a lack of research and knowledge on the subject and felt it best to reexamine possible issues in the future.
