CONSENT CALENDAR REPORTS

COMMERCE

HB 158, requiring the managing agent to return the records of a condominium association upon the request of the association.

Ought to Pass, Vote 5-0.

Senator Pierce for the committee.

Currently, some managing agents delay for significant amounts of time when asked to return condominium association documents. This bill would solve that by requiring the managing agent to return the records of a condominium association upon the request of the association.

HB 308, relative to the supervision of a real estate office and the duties of a facilitator under the real estate practice act.

Ought to Pass, Vote 5-0.

Senator Soucy for the committee.

This bill removes the requirement for on-site real estate office supervision by a principal or managing broker. This bill which is supported by the Real Estate Commission, reflects the current industry practice of working off site but at the same time maintains current levels of industry supervision. This bill also clarifies a facilitator's duty to present all offers and agreements.

HB 353, relative to the governance of condominium unit owners' associations.

Ought to Pass with Amendment, Vote 5-0.

Senator Cataldo for the committee.

This bill revises statutes governing the contents of condominium bylaws, meetings of the unit owners' association, and the authority of the board of directors of unit owners' associations. This bill is a request of the committee to study the laws relating to condominium and homeowners' associations. The committee amendment adds the language previously passed by SB 57 so that these similar issues can be addressed by one bill.

HB 358, relative to driver's license information obtained by pawnbrokers and secondhand dealers.

Ought to Pass with Amendment, Vote 5-0.

Senator Soucy for the committee.

This bill is a request of the committee to study pawn brokers and secondhand dealers. This bill allows pawn brokers and secondhand dealers to retain certain identifying information from a customer's driver's license as long as the license holder consents for the purpose of identifying sellers of stolen merchandise. Currently, local rules are a patchwork of regulations and often don't allow this information to be transferred to law enforcement.

HB 478, relative to rulemaking for market conduct record retention and production.

Ought to Pass, Vote 5-0.

Senator Soucy for the committee.

This bill, a request of the Insurance Department, will authorize the Insurance Commissioner to adopt rules for the purposes of governing market conduct record retention and production. The addition of rulemaking authority to RSA 400-B will enable the Department to clarify with more specificity which documents are to be kept, which documents can be destroyed and which documents may be requested in a market conduct examination.

HB 531, establishing a committee to study short-term rentals by homeowners and owners of residential properties.

Ought to Pass with Amendment, Vote 5-0.

Senator Cataldo for the committee.

This bill establishes a committee to study short-term rentals by homeowners and owners of residential properties. The committee will evaluate the effect this type of rental has on the traditional lodging market and will solicit information and testimony from individuals and organizations with experience or expertise deemed relevant. The committee amendment reduced the number of Senators to one and increased the number of Representatives to four.

HB 644-FN, relative to regulation of small loans, title loans, and payday loans.

Ought to Pass, Vote 5-0.

Senator Pierce for the committee.

This bill is a request of the Banking Department and will make technical changes to the regulation of small loans, title loans, and payday loans so that the statutes will be more user friendly, easy to understand, and offer clear and consistent requirements among its regulated entities. While mostly technical, this bill addresses one substantive policy issue which is the requirement for bonding of licensees. HB 644-FN requires licensees to post a surety bond, instead of cash reserves or loan assets, in case the department needs to access funds for consumer restitution or department invoice.

HB 421, authorizing the university of New Hampshire to grow industrial hemp for research purposes.

Ought to Pass, Vote 5-0.

Senator Woodburn for the committee.

This legislation authorizes an institution of higher education to grow industrial hemp for research purposes, with the support of the New Hampshire Department of Agriculture, Markets, and Foods. This research also requires the study of economics of industrial hemp, including markets and processing.

Ought to Pass with Amendment, Vote 5-0.

Senator Carson for the committee.

Inexpedient to Legislate, Vote 5-0.

Senator Carson for the committee.

This bill sought to establish a commission to study the legalization, regulation, and taxation of marijuana.

The committee believes that it is premature to study this issue because the sale and usage of marijuana is a violation of federal law.

HB 190, establishing a statutory commission to study the standards for collaborative pharmacy practice.

Ought to Pass with Amendment, Vote 5-0.

Senator Kelly for the committee.

This bill establishes a statutory commission to study the standards for collaborative pharmacy practice.

The committee amended the bill to add a member who is a family physician and a member who is an internist, both to be appointed by the board of medicine. The committee feels this bill is an important first step for New Hampshire in order to move towards utilizing pharmacists to improve healthcare costs.

HB 484, relative to medication administration by licensed nursing assistants and relative to exemptions from regulation for certain nursing care and attendant care services.

Ought to Pass with Amendment, Vote 5-0.

Senator Fuller Clark for the committee.

This bill clarifies the authority of licensed nurse assistants to administer medication and adds an exemption from regulation for nursing care and consumer directed attendant care services provided by unlicensed persons. The committee amended the bill to ensure that hospices were included among the places in which an LNA is employed and can administer medication. The committee believes this bill is important in order to keep patients in their homes and to ensure their safety.

PUBLIC AND MUNICIPAL AFFAIRS

HB 149, relative to qualifications for the office of county commissioner.

Ought to Pass, Vote 5-0.

Senator Boutin for the committee.

This bill provides that the office of county commissioner is an incompatible office with other federal, state, and county elective offices.

HB 331, relative to absences among selectmen on election day.

Re-refer to committee, Vote 5-0.

Senator Boutin for the committee.

This bill would have allowed for a selectman to appointment a selectman pro tem to perform their duties for the duration of Election Day, as the NH Constitution requires a quorum of selectmen be present on Election Day. However, the committee feels as though there are other possible avenues for addressing the quorum requirement and therefore voted to re-refer the bill for further examination.

HB 493, relative to minimum voting booths for city or town elections.

Ought to Pass with Amendment, Vote 5-0.

Senator Lasky for the committee.

This bill establishes separate minimum voting booth requirements for city or town elections. The committee amended the bill to include village and school district elections, as it was inadvertently left out and to change the effective date to upon passage, so that this may apply to an upcoming special election.

This bill establishes a committee to study the classifications of military vehicles and equipment that may be purchased by the state and its political subdivision and establishes a separate committee to study honorary legislation. Ought to Pass, Vote 5-0.

Senator Daniels for the committee.

This bill establishes fines for violations of the laws requiring drivers to give wide berth to highway workers and at highway emergencies. Establishing a fine schedule for the “move over law” allows citizens the opportunity to choose whether they’d like to handle their violation via mail or the DMV website, while still allowing them the option to appear in court if they so choose; as is the protocol for all other traffic violations. This legislation makes it more manageable for our state’s police to enforce this law, keeping the roads safer, while providing efficiency for violators.
