CONSENT CALENDAR REPORTS

COMMERCE

SB 39, relative to automobile insurance cancellation.

Inexpedient to Legislate, Vote 5-0.

Senator Sanborn for the committee.

New Hampshire is unique in that it doesn't require citizens of this state to carry car insurance. In 2002, a law was put into place requiring a NH resident to sign a residency form. Our rates were very low and many were crossing the state line to purchase insurance here. This bill would have deleted the requirement to sign a residency form, proponents of the bill feel that the forms can get misplaced causing unintended consequences. Unfortunately, this bill may lead to bigger unintended consequences than just misplacing a form. The law should be kept the way it is currently written in order to protect the citizens of this state. This is the reason the Commerce committee voted inexpedient to legislate

If for any reason there is insufficient area for a full segment, or the segment contains areas ***naturally*** incapable of supporting trees and saplings, such as areas of rock, ledge, or beaches, the point score requirement for the remaining vegetation in that partial segment shall be reduced proportionally to that required of a full segment. Vegetation shall not be removed from any segment which fails to meet the minimum point score for that segment. Amendment to SB 48

Amend the title of the bill by replacing it with the following:

AN ACT establishing a commission to study the efficiency and effectiveness of the fish and game department's operations, governance, and management structure.

Amend the bill by replacing all after the enacting clause with the following:

1 Declaration of Purpose. The duties of the fish and game department include management of the state's fish, wildlife, and habitat; off-highway recreational vehicle training and enforcement; conducting search and rescue operations; and administering the statewide public boat access program. Over the past several years, the department has seen declining revenue from license fees and an increase in operating expenses, including information technology, retiree health insurance, employee benefits, and utility costs. While the number of the department's hunting, fishing, and trapping constituents has been declining, non-consumptive users who benefit from the department's efforts to conserve and protect wildlife species and habitats have been on the rise. It was noted in the January 2008 audit of the department that this broader user base has not been well integrated into the governance, policy making, and financial support of the department. It is in the best interests of both wildlife and the people of New Hampshire that the financial operations, management, and governance of the department are structured in a way that is representative, efficient, effective, and financially secure.

2 New Section; Fish and Game; Study Commission Established. Amend RSA 206 by inserting after section 1-c the following new section:

206:1-d Commission Established.

I. There is established a commission to study the efficiency and effectiveness of the fish and game department's operations, governance, and management structure.

II. The members of the commission shall be as follows:

(a) One member of the senate appointed by the president of the senate.

(b) Three members of the house of representatives, at least one of whom shall be from the fish and game and marine resources committee, and one of whom shall be from the finance committee, appointed by the speaker of the house of representatives.

(c) The executive director of the fish and game department.

(d) One member of the fish and game commission, appointed by the chairperson of the fish and game commission.

(e) One person representing hunting, fishing, or trapping, appointed by the speaker of the house of representatives.

(f) One person representing non-hunting wildlife interests, appointed by the president of the senate.

(g) One person representing land conservation organizations, appointed by the governor.

- (h) One member representing the New Hampshire Guides' Association, appointed by the association.
- (i) One member representing recreational interests, appointed by the president of the senate.
- (j) One member representing the general public, appointed by the governor.

III. The members of the commission shall elect a chairperson from among the members. The first meeting of the commission shall be called by the senate member. The first meeting of the commission shall be held within 45 days of the effective date of this section. Seven members of the commission shall constitute a quorum.

IV. Legislative members of the commission shall receive mileage at the legislative rate when attending to the duties of the commission.

V. The commission shall make recommendations to improve the management, governance, and long-term financial health of the fish and game department, including but not limited to the fish and game commission membership and authority, the department's name, new revenue sources, and other organizational and structural improvements that will better enable the department to carry out its statutory responsibilities. In developing recommendations, the commission shall:

- (a) Review the findings of the 2008 legislative budget assistant's performance audit of the fish and game department.
- (b) Solicit input from the fish and game department, the fish and game commission, and the public.
- (c) Review governance structures and long-term funding mechanisms of other states' wildlife agencies.
- (d) Review additional reports and studies it deems appropriate to its purpose.

VI. Appropriate legislative research entities shall provide assistance and support to the commission as necessary and as requested by the chairperson.

VII. The commission may form subcommittees or appoint technical committees composed of commission members and nonmembers to advance the goals of this section.

VIII. The commission may accept financial support or other resources and expend such sums in the development of its work and reports.

IX. The commission shall report its findings and recommendations for proposed legislation to the president of the senate, the speaker of the house of representatives, the senate clerk, the house clerk, the governor, the chairperson of the house fish and game and marine resources committee, the chairperson of the senate energy and natural resources committee, and the state library on or before January 1, 2018.

3 Repeal. RSA 206:1-d, relative to the commission to study changes to the fish and game commission and department, is repealed.
