CONSENT CALENDAR REPORTS

EDUCATION

HB 1480, relative to the membership of the board of trustees of a chartered public school.
Inexpedient to Legislate, Vote 5-0.
Senator Watters for the committee.

This bill would modify the membership requirements of the board of trustees of a public chartered school, changing the ways that parents are represented on the board and making it so that no employee would be a voting member of the board. The committee believes that parent involvement is a vital part of a well-functioning charter school and that having teachers on the board is vital, given their expertise in making decisions that are best for students.

HB 1493, relative to the statewide assessment system of performance in schools.
Ought to Pass, Vote 5-0.
Senator Giuda for the committee.

This bill provides that the statewide education improvement and assessment program shall be designed to measure academic achievement and growth. The legislation also specifically enumerates that the assessments address post-secondary readiness and deals with the criteria to be used in the development of the program. This bill is an important step in aligning education statutes with the state's Every Student Succeeds Act (ESSA) plan.

HB 1494, relative to the definition of academic standards.
Ought to Pass, Vote 5-0.
Senator Ward for the committee.

This legislation clarifies the definition of "academic standards" by including what a student should know and be able to do in a course or at each grade level, in order to include students who may be taking courses above their given grade level.

HB 1551, relative to the retention of records of individualized education programs.
Ought to Pass, Vote 5-0.
Senator Watters for the committee.

This bill clarifies requirements to retain records on IEPs and streamlines recordkeeping for school districts. This legislation is important in order to deal with a recent change in rules.

ENERGY AND NATURAL RESOURCES

HB 1286, relative to fishing and hunting licenses for permanently disabled veterans.
Ought to Pass, Vote 5-0.
Senator Fuller Clark for the committee.

This bill will insert a provision in statute allowing New Hampshire veterans who are 80%-99% disabled to purchase a lifetime hunting and fishing license at a 50% discount. Such veterans must have received a discharge other than dishonorable from service in any war or police action in which the United States has been engaged. This bill will have a minimal fiscal impact on the New Hampshire Fish & Game Department and offers more opportunities to New Hampshire veterans.

HB 1575, permitting hunting with an air rifle.
Ought to Pass, Vote 5-0.
Senator Innis for the committee.

This bill permits the hunting of small game with an air rifle. This bill comes with the support of the New Hampshire Fish & Game Department. The bill has been tailored to prohibit the firing of an air rifle for the purposes of hunting within 300 feet of a permanently occupied dwelling. Air rifles are often chosen for vermin control and general shooting in compact areas.

EXECUTIVE DEPARTMENTS AND ADMINISTRATION

HB 1441-FN, establishing the office of the ombudsman in the department of state.

Inexpedient to Legislate, Vote 5-0.

Senator Gannon for the committee.

This bill was brought forward to establish an office of ombudsman within the department of state. The ombudsman would investigate criminal complaints from the public and from the New Hampshire General Court, and would also conduct investigations of such complaints. The Committee did not believe there were adequate resources to support this, in addition, there were no specific qualifications for this position. The committee felt there were many unanswered questions.

HB 1823-FN, relative to layered amortization of retirement system liabilities.

Ought to Pass, Vote 5-0.

Senator Carson for the committee.

This legislation incorporates recommendations from the Decennial Commission. It will assist in smoothing out the ups and downs of rates. This bill makes sense for our retirement system's future, in stabilizing the system and in having predictability for the New Hampshire Retirement System employees and employers.

JUDICIARY

HB 1425-FN, relative to simple assault.

Inexpedient to Legislate, Vote 5-0.

Senator Hennessey for the committee.

This bill would provide that, for the purpose of the simple assault statute, unprivileged physical contact which does not result in harm or injury to another would be charged as a violation and not a misdemeanor. The Committee believes this would be an unnecessary and confusing change to a statute that is working well.

HB 1683-FN, relative to the definition of child abuse.

Ought to Pass, Vote 5-0.

Senator French for the committee.

This bill will amend the definition of 'abused child' to include a child who has been subjected to human trafficking. Enacting this legislation will ensure that children who are sex trafficking victims will be able to receive all available services currently offered to abused children.

PUBLIC AND MUNICIPAL AFFAIRS

HB 1446, relative to childhood cancer awareness month.

Ought to Pass, Vote 5-0.

Senator Gray for the committee.

This bill designates September as childhood cancer awareness month. Recognizing that there is a cancer cluster in a five town area of the New Hampshire Seacoast, raising awareness is a priority. This legislation will facilitate the steps needed to encourage research, improve screening, and increase understanding of environmental triggers of pediatric cancers.

TRANSPORTATION

HB 1271, changing the name of Industrial Drive at the Hugh Gallen Office Park to Ratification Way.

Ought to Pass, Vote 5-0.

Senator Cavanaugh for the committee.

This bill renames a section of Industrial Drive in Concord as Ratification Way. The cost of any signage or other markers will be covered by the appropriation contained in the current capital budget for the archives building project.

HB 1290, relative to vehicle registration for new residents to New Hampshire.

Ought to Pass, Vote 5-0.

Senator Gannon for the committee.

This bill was requested by the Department of Safety to allow them to issue registrations and number plates to new residents whose vehicles were registered in another state and whose titles are held by an out-of-state lien holder. Current statute requires the department to issue temporary registrations valid for 60 days; however, 60 days has proven to be an insufficient timeframe for receipt of the title. The registrations will be valid until such time as they are due for renewal.

HB 1331, relative to incidental uses for agricultural plates.

Ought to Pass with Amendment, Vote 5-0.

Senator Ward for the committee.

This bill authorizes uses of a vehicle with agricultural plates that are incidental to agricultural uses. Authorized uses include, but are not limited to, stops at a school or place of business during travel. The committee amendment addresses a request of the Commissioner of Agriculture to update RSA 261:84 relative to farm plates so that a driver authorized by the holder may operate the vehicle.

HB 1363, relative to the waiver of vehicle registration suspension fees.

Ought to Pass, Vote 5-0.

Senator Birdsell for the committee.

This bill authorizes waiver of vehicle registration suspension fees in cases where an error resulting in suspension has been made by the Department of Safety, the court, or law enforcement.

HB 1453, relative to the traffic safety commission.

Ought to Pass, Vote 5-0.

Senator Birdsell for the committee.

This bill modifies the duties of the traffic safety commission by adding two members from the legislature. Legislative involvement will help to ensure that the legislature knows about the good work that this commission is doing and so that the commission may become better integrated with both the House and the Senate.

HB 1454, eliminating the commission to study recommendations of the National Transportation Safety Board.

Ought to Pass, Vote 5-0.

Senator Ward for the committee.

This bill eliminates the commission to study recommendations of the National Transportation Safety Board (NTSB). This commission was formed over 20 years ago and has not held one meeting. Further, studying recommendations of the NTSB is rightfully in the responsibilities of the traffic safety commission.

HB 1517, relative to vehicle inspection failures for rust.

Ought to Pass, Vote 5-0.

Senator Ward for the committee.

This bill will amend RSA266 to change rust examination during vehicle inspection and establish a standard for failure from rust that is structural in nature. This change will ensure that vehicles do not fail inspection for rust that is cosmetic only.

HB 1518, repealing the requirement that motor vehicle lighting and safety equipment be approved by the director of the division of motor vehicles.

Ought to Pass, Vote 5-0.

Senator Gannon for the committee.

This bill repeals the requirement that motor vehicle lighting and safety equipment be approved by the director of the Division of Motor Vehicles. As part of vehicle inspections conducted every year on vehicles, this is a more proper venue to determine if after-market parts meet the safety criteria. Further, to date, there has not been a request for approval of lighting devices to the director, making current law unnecessary.

HB 1523, relative to heavy duty recovery vehicles.

Ought to Pass, Vote 5-0.

Senator Cavanaugh for the committee.

At the request of the Department of Safety, this bill establishes weight limits for heavy duty recovery vehicles, which recover other large vehicles when they go off of the roadway. This bill creates a registration category for these vehicles and allows a permitting process for the weight class.
