CONSENT CALENDAR REPORTS

COMMERCE

HB 278, relative to the New Hampshire insurance department's annual hearing requirement.

Ought to Pass, Vote 5-0.

Senator Cavanaugh for the committee.

This bill updates the insurance commissioner's annual public hearing requirement relative to premium rates. This legislation will help to focus the insurance department's annual public hearings discussion so they can better assess the cost drivers for health care premiums. The bill also synchronizes dates of data collection and cleans up confusing language.

HB 339, relative to commercial modernization.

Ought to Pass, Vote 5-0.

Senator French for the committee.

This bill makes changes to the laws governing property and casualty insurance, specifically commercial modernization. The legislation streamlines the process of filing forms as well as approving, withdrawing or discontinuing forms according to the needs and concerns of the department of insurance.

HB 342, relative to insurance examinations.

Ought to Pass, Vote 5-0.

Senator Morgan for the committee.

This bill clarifies the disclosure of reports and other information related to workers' compensation audits to the department of labor. This legislation allows the department of labor and the department of insurance to easily share information, without a written agreement, while continuing to keep the information confidential. The bill also makes additional language changes for clarification purposes.

HB 433, relative to foreign insurance companies.

Ought to Pass, Vote 5-0.

Senator Cavanaugh for the committee.

This bill is relative to foreign insurance companies and it inserts a definition section into RSA 405 for clarity. This bill updates statutes' regarding the regulation of foreign insurance companies. The bill also defines surplus line insurers as property and casualty businesses, therefore making New Hampshire law align with the federal law.

HB 528-FN, relative to insurance reimbursement for emergency medical services.

Ought to Pass, Vote 5-0.

Senator Morgan for the committee.

This bill provides that an insurer retrospective review of a claim for reimbursement for emergency services shall include consideration of the presenting symptoms, final diagnosis, and statutory definitions of emergency medical condition and emergency services. This bill adds clarity to the existing law so that patients who seek emergency services avoid denial of claims because their claim will be determined by the patient's presenting diagnosis and not their discharge diagnosis.

HB 589, relative to signs for New Hampshire liquor and wine manufacturers.

Ought to Pass, Vote 5-0.

Senator Morgan for the committee.

This bill allows liquor and wine manufacturers to advertise on the site of their licensed premises through the use of internally illuminated signs. This bill still allows towns to make the final decision in regards to zoning. This legislation also creates parity, regarding these signs, between beverage/wholesale manufacturers and liquor/wine manufacturers.

HB 597-FN, relative to sales of beverages and wine hosted by other licensees.

Ought to Pass, Vote 5-0.

Senator French for the committee.

This bill allows nano brewery licensees to distribute samples at a wine manufacturer's facility for an annual fee. This bill also allows wine manufacturer licensees to distribute samples at a nano brewery. This bill allows a winery and brewery to accommodate to groups of individuals by offering a wider selection of beverages. The committee feels that this bill will help to increase patronage to local businesses.

HB 649-FN, relative to consumer credit corrections, consumer credit protection from fraud, and consumer credit regulatory reform.

Ought to Pass, Vote 5-0.

Senator French for the committee.

This bill clarifies the banking commissioner's rulemaking authority relative to certain regulated transactions, defines "significant event" for purposes of consumer credit, small loans, debt adjustments, and money lending, and makes other technical changes to statutes pertaining to banks and banking in New Hampshire. The committee feels that this bill modernizes and streamlines the process for how the banking commission oversees regulated transactions.

EDUCATION AND WORKFORCE DEVELOPMENT

HB 123, relative to emergency response plans in schools.

Ought to Pass, Vote 5-0.

Senator Morgan for the committee.

This bill requires that at least four of the ten currently required fire evacuation drills be emergency, all hazard response drills of which at least one shall test emergency response to an armed assailant. This legislation does not limit the number to four but recognizes the need for schools to prepare for the worst-case situation.

HB 181, relative to the house and senate members of the university system board of trustees.

Ought to Pass, Vote 5-0.

Senator Ward for the committee.

The bill will repeal the effective date of the removal of the members of the House of Representatives and the Senate from the University System of New Hampshire Board of Trustees resulting in the house and senate members remaining on the Board of Trustees as voting members. These members have given great perspective and wisdom when debating issues that come before the Board of Trustees.

ELECTION LAW AND MUNICIPAL AFFAIRS

HB 136, increasing the maximum period for the zoning board of adjustment to hold a public hearing.

Ought to Pass, Vote 5-0.

Senator Sherman for the committee.

This bill will increase the time frame within which the zoning board of adjustment must hold a public hearing. It extends the time from thirty days to forty-five days. As a result, the board will not have to hold extra meetings for applications that come in close to the scheduled regular meeting. Additionally, it will relieve the extra administrative burden from the board volunteers.

HB 167, allowing the town of Kingston to hold a bonfire event in 2019.

Ought to Pass, Vote 5-0.

Senator Birdsell for the committee.

This bill allows the town of Kingston to hold a bonfire event with a car on top of such bonfire in 2019. Due to the paint on the car that cannot be removed and state air quality standards, an exception to the permit process was needed. The official from the Department of Environmental Services was satisfied with safety measures the town has implemented for the bonfire event.

HB 245, relative to the planning board's procedures on plats.

Ought to Pass, Vote 5-0.

Senator Birdsell for the committee.

This bill will allow a planning board to specify, in its rules, a shorter filing deadline for plan applications than the current twenty-one days before a meeting. Some municipalities have the staff to review the applications at a faster pace but cannot due to the twenty-one-day requirement. The language in this legislation leaves it up to the individual municipality and gives planning boards the option of setting the time frame for what their board can handle.

EXECUTIVE DEPARTMENTS AND ADMINISTRATION

HB 150-FN, relative to statements of financial interests filed by state officials.

Re-refer to Committee, Vote 5-0.

Senator Carson for the committee.

This bill would direct the Attorney General to contact any person who fails to file a statement of financial interests required under RSA 15-A and establishes a \$50 late fee for the failure to file in a timely manner. The bill would further direct the Attorney General to review disclosures made under RSA 15-A and compel compliance with the filing requirement. The Committee believes it may be possible to address this issue through the Ethics Committee and therefore requests support in the motion of Re-Refer.

HB 196, relative to proof of residency for fish and game purposes.

Ought to Pass with Amendment, Vote 5-0.

Senator Rosenwald for the committee.

This bill allows for the use of a DD Form 214 from any branch of the armed forces to prove residency for fish and game purposes. The Committee amended the bill to clarify the language regarding accepted proofs of residency by the Department of Safety.

HB 214, repealing an obsolete provision for legislative mileage for attaches from Concord.

Ought to Pass, Vote 5-0.

Senator Chandley for the committee.

This is a housekeeping bill that repeals a provision for mileage for Concord attaches. The single sentence of the statute is obsolete. The Committee asks for your support in repealing RSA 14:17-a.

HB 398, relative to New Hampshire MasoniCare.

Ought to Pass, Vote 5-0.

Senator Cavanaugh for the committee.

This bill amends the membership requirements for the New Hampshire MasoniCare board of trustees to assist the board in accomplishing their work more efficiently. Therefore, the Committee asks for support in passing this legislation.

HB 418-FN, relative to the limitations on part-time employment under the New Hampshire retirement system.

Inexpedient to Legislate, Vote 5-0.

Senator Carson for the committee.

This bill would modify the grandfathering provision for changes to part-time employment with a Retirement System employer to require only that grandfathered retired members remain with the same employer. The creation of this grandfathering provision last year was a hard fought compromise and the Committee believes more time should be given to its implementation before amending it. Therefore the Committee requests support in the motion of Inexpedient to Legislate.

HB 419, relative to the position of house clerk.

Ought to Pass, Vote 5-0.

Senator Reagan for the committee.

This is a housekeeping bill that simply clarifies the employment status of the Clerk of the House of Representatives by mirroring the language that covers the Clerk of the Senate. Making this change will ensure the clerks of both bodies are treated the same under the law.

HB 463-FN, relative to licensure of pharmacist assistants.

Ought to Pass with Amendment, Vote 5-0.

Senator Reagan for the committee.

As amended this bill establishes the duties of and requirements for the licensure of advanced pharmacy technicians working in a pharmacy under a supervising pharmacist. Implementing this bill will allow for the Board of Pharmacy to develop rules regarding the creation of this licensure, which will act as a mid-level position between the roles of the pharmacist and the technician. The Committee amended the bill to change the title of the position and to clarify some language.

HB 488-FN, requiring interpreters for the deaf and hard of hearing at the state house campus.

Ought to Pass, Vote 5-0.

Senator Chandley for the committee.

This bill declares that interpreters shall be provided to persons who are deaf or hard-of-hearing when they consult with their senator or representative on the state house campus. The language of this bill is a narrow and appropriate way to ensure that individuals in the deaf and hard-of-hearing community are able to have access to their legislators on the state house campus, but also to ensure that New Hampshire legislators have access to those in the deaf and hard-of-hearing community.

HB 634, establishing a commission to study the licensure of individuals who forage for wild mushrooms for sale to others.

Ought to Pass, Vote 5-0.

Senator Reagan for the committee.

This is a timely bill to establish a commission to study the licensure of individuals who forage for wild mushrooms for sale to others. There is a growing interest in foraging and purchasing wild mushrooms in New Hampshire and the commission will examine this movement through the lens of safety and support for the industry.

HB 675-FN, relative to the purchase of service credit in the state retirement system.

Ought to Pass, Vote 5-0.

Senator Cavanaugh for the committee.

This bill is a request of the NH Retirement System to modify the calculation methodologies for the cost of the purchase of service credit in the Retirement System for active service in the armed forces and in cases of employer fault. Making these changes will not have a material impact on the unfunded liability of the System, but it will implement a fairer and more consistent application of the service purchase statute. Therefore, the Committee requests support for the Ought to Pass recommendation.

HB 701-FN, relative to bow and arrow licenses for certain disabled veterans.

Ought to Pass, Vote 5-0.

Senator Reagan for the committee.

This bill discounts the bow and arrow license fee for certain disabled veterans. This is a housekeeping bill, as this discount was created in the previous Session, but conflicting terminology with federal identifiers prevented their sale to veterans who are between 80% and 99% disabled as intended.

TRANSPORTATION

HB 140, establishing a commission to study the licensing of drivers from foreign countries.

Ought to Pass, Vote 5-0.

Senator Hennessey for the committee.

This bill establishes a commission to study the licensing of drivers from foreign countries. There are many important issues the commission will look at including: rules and regulations of foreign driving privileges, reciprocity, how many people with foreign drivers' licenses seek licensure in New Hampshire, and how other states handle granting licenses to individuals from foreign jurisdictions. The committee believes it makes good sense to take a closer look at these issues and determine whether any changes or improvements can be made.

HB 148, relative to electric bicycles.

Ought to Pass, Vote 5-0.

Senator Ward for the committee.

This bill defines and regulates the three classes of electric bicycles based on their capabilities. It follows model language that has been enacted in other states and will bring New Hampshire in line with national standards. This will clarify confusion regarding where electric bicycles can be ridden while maintaining the ability of local authorities to enact restrictions on trails under their jurisdiction.

HB 188, amending the definition of headway speed.

Ought to Pass, Vote 5-0.

Senator Hennessey for the committee.

This bill removes the 6 mile per hour portion of the definition of headway speed and is supported by the Department of Safety's Marine Patrol Bureau. The Bureau testified to the fact that some boaters use that provision to travel faster than necessary in no wake zones, thus creating potentially damaging wake. Under this bill, headway speed will be defined as the slowest speed possible that a boat can operate and still maintain the ability to travel straight.

HB 307, relative to driver's license photographs.

Ought to Pass, Vote 5-0.

Senator Levesque for the committee.

This bill removes the requirement that drivers' license photographs be in color and was requested by the Division of Motor Vehicles (DMV). The Director of the DMV testified that new technologies can produce black and white photographs that are clearer than a color photograph. While the DMV has no immediate plans to change drivers' license photographs, they would like to have this option when their current contract expires and they issue a new request for proposal.

HB 372-FN, relative to motorist duties when approaching highway emergencies.

Ought to Pass, Vote 5-0.

Senator Birdsell for the committee.

This bill requires that motorists give a wide berth when encountering emergency vehicles that are displaying blue, red, or amber emergency or warning lights regardless of whether the emergency vehicle is moving or stationary, without endangering oncoming traffic. The state's current "move over" law applies only to stationary vehicles. This bill simply removes the word "stationary" from the existing statute.

HB 391, relative to permits for vehicle registration.

Ought to Pass, Vote 5-0.

Senator Ward for the committee.

The committee heard testimony that municipalities are currently inconsistent with regard to the practice of requesting photo identification from individuals seeking to register a vehicle and nothing in state law gives them the explicit authority to do so. This bill simply places in statute the requirement that one furnish a current, government-issued photo identification card when registering a vehicle at the municipal level. This requirement will be helpful should any investigations of fraudulent activity occur.

HB 420, relative to naming buildings and other construction built using public funds.

Inexpedient to Legislate, Vote 5-0.

Senator Watters for the committee.

No sponsors or members of the public spoke in support of this legislation, which sought to restrict the state's ability to name highways, bridges, and buildings after only those who have been deceased for at least 2 years and who have made a positive contribution to their local community, the state or the nation. The state has, on several occasions, named roads, bridges and buildings after living individuals for good reason and the committee sees no reason to restrict the state's ability to do so.

HB 428, relative to pedestrian control signals.

Ought to Pass, Vote 5-0.

Senator Ward for the committee.

This bill eliminates a conflict between RSA 265:11 and RSA 265:10 III(f) by clarifying that motorists may make a right turn during a steady or flashing pedestrian signal provided there is no pedestrian within 50 feet of the roadway and no signage prohibiting such a turn.

HB 500, naming the Warner roundabout in memory of Barbara Annis.
Ought to Pass, Vote 5-0.
Senator Birdsell for the committee.

This bill names the roundabout in the town of Warner in honor of Warner resident Barbara Annis. She had a long record of community service, including as a member of the Warner Planning Board, and played a crucial role in bringing the roundabout to fruition. The Department of Transportation will work with the advocates to develop appropriate signage.

Amendment to HB 463-FN

Amend the title of the bill by replacing it with the following:

AN ACT relative to licensure of advanced pharmacy technicians.

Amend the bill by replacing all after the enacting clause with the following:

1 New Paragraph; Definition; Licensed Advanced Pharmacy Technician. Amend RSA 318:1 by inserting after paragraph XXXII the following new paragraph:

XXXIII. "Licensed advanced pharmacy technician" means a person licensed by the board who:

(a) May perform all functions allowed by federal or state law and approved by the board, under the supervision of a licensed pharmacist who is physically on premises and holds an unrestricted license issued by the board.

(b) May conduct product verification, process refills, verify repackaging of drugs, and perform other pharmacist tasks not required to be completed by a licensed pharmacist.

(c) May perform duties allowed by either certified or registered pharmacy technicians.

(d) Shall not interpret or evaluate a prescription or drug order, verify a compounded drug, or counsel or advise individuals related to the clinical use of a medication.

2 New Paragraph; Pharmacy; Rulemaking; Licensed Advanced Pharmacy Technician. Amend RSA 318:5-a by inserting after paragraph XI-b the following new paragraph:

XI-c. Licensure of advanced pharmacy technicians, including:

(a) Requirements for licensure, including experience and education requirements.

(b) The duties, functions, and standards of conduct of licensed advanced pharmacy technicians.

(c) Standards for the supervision of licensed advanced pharmacy technicians by licensed pharmacists.

(d) Standards for denial and revocation of licensure.

(e) Establishment of the effective period of a license.

(f) Requirements for renewal of a license.

(g) Requirements for reinstatement of a license.

3 New Section; Licensed Advanced Pharmacy Technician. Amend RSA 318 by inserting after section 15-b the following new section:

318:15-c Licensed Advanced Pharmacy Technician.

I. No person employed as a licensed advanced pharmacy technician shall perform the functions or duties of a licensed advanced pharmacy technician as defined in RSA 318:1, XXXIII unless such person is issued a license by the board and does so under standards of supervision established by rules of the board adopted pursuant to RSA 318:5-a, XI-c.

II. When a pharmacy employs a licensed advanced pharmacy technician, in addition to dispensing prescriptions the pharmacist shall provide clinical services and the pharmacy owner shall provide the resources necessary for the pharmacist to safely provide the clinical services as determined in rules adopted by the board.

III. Nothing in this section shall require a pharmacy to employ a licensed advanced pharmacy technician.

4 Fees; Licensed Advanced Pharmacy Technician. Amend RSA 318:6-a, I to read as follows:

I. The board shall establish fees for examination of applicants, for licenses and for renewal of licenses to practice pharmacy, **for licensed advanced pharmacy technicians**, for registration and certification of pharmacy technicians, and for transcribing and transferring records and other services.

5 Notification; Reference Added. Amend RSA 318:26-a to read as follows:

318:26-a Change in Name, Employment, or Residence. Any pharmacist, **licensed advanced pharmacy technician**, or pharmacy technician who changes his or her name, place or status of employment, or residence shall notify the board in writing within 15 days. For failure to report such a change within 15 days, the board may suspend the pharmacist's license, **the advanced pharmacy technician's license**, or the pharmacy technician's registration. Reinstatement shall be made only upon payment of a reasonable fee as established by the board.

6 Continuous Quality Improvement Program; Reference Added. Amend RSA 318:45-a, II to read as follows:

II. A CQI program may be comprised of staff members of the pharmacist, including pharmacists, registered pharmacist interns, **licensed advanced pharmacy technicians**, registered pharmacy technicians, clerical staff, and other personnel deemed necessary by the pharmacist in charge or the consultant pharmacist of record.

7 Receipt of Oral Prescriptions. Amend RSA 318:47-c, I(a) to read as follows:

I.(a) A prescription may be written, oral, or electronically transmitted. All oral prescriptions shall be immediately reduced to writing by the pharmacist ~~or~~, authorized technician, **or licensed advanced pharmacy technician** receiving the oral prescription and shall indicate at least the name of the patient; the name, strength, and quantity of the drug prescribed; any directions specified by the prescriber; the name of the practitioner prescribing the medication; the date the prescription was ordered; a statement that the prescription was presented orally; and the name of the pharmacist who took the oral order. The pharmacist who dispensed an original prescription shall indicate on the face of the prescription at least the assigned prescription identification number; the date of dispensing; the quantity actually dispensed; and his or her name or [initials] **unique identifiers**. The prescription shall be filed numerically by the assigned identification number for a period not less than 4 years. Such prescription files shall be open to inspection by the pharmacist board and its agents.

8 Effective Date. This act shall take effect July 1, 2019.
