That the Senate and House adopt the following new amendment to the bill as amended by the Senate, and pass the bill as so amended:

Amend RSA 479-B:3, II (e) as inserted by section 1 of the bill by replacing it with the following:

(e) Contain a statement, located in immediate proximity to the space reserved for the homeowner's signature, stating: "You have a right to cancel this transaction within 5 business days until midnight of \_\_\_\_\_ (insert date). If you cancel, you must pay within 60 days \$\_\_\_\_\_, which is the amount paid to your lender to stop the foreclosure sale or to the municipality, county, or state to prevent execution of a tax deed."

(f) Contain an itemization of amounts expended on the homeowner's behalf to the homeowner's lender to stop the foreclosure sale or to the municipality, county, or state to prevent execution of a tax deed.

Amend RSA 479-B:4, VII as inserted by section 1 of the bill by replacing it with the following:

VII. As part of the cancellation of a foreclosure consulting contract or pre-foreclosure conveyance, the homeowner shall repay, within 60 days from the date of cancellation or such longer period of time as may be deemed equitable by the court, any funds actually paid by a foreclosure consultant or pre-foreclosure purchaser to delay or prevent a mortgage default or delinquency, foreclosure, or execution of a tax deed in the form of mortgage arrearage, property tax arrearage, current mortgage payments, current tax payments, late fees, penalties, and any other out-of-pocket expenditures necessary to avoid the loss of the home by the homeowner. The amount to repay shall not include any fees or interest charged by the pre-foreclosure purchaser.

Amend RSA 479-B:5, II as inserted by section 1 of the bill by replacing it with the following:

II. A foreclosure consultant may not:

(a) Enter any agreement or provide any services on behalf of a homeowner until the homeowner has executed a foreclosure consulting contract;

(b) Claim, demand, charge, collect, or receive any compensation until after the foreclosure consultant has fully performed each and every service the foreclosure consultant contracted to perform or represented that the foreclosure consultant would perform;

(c) Take any wage assignment, any lien of any type on real or personal property, or other security to secure the payment of compensation. Any such security is null and void;

(d) Receive any consideration from any third party in connection with foreclosure consulting services provided to a homeowner unless the consideration is first fully disclosed in writing to the homeowner and the third party's interest do not conflict with the homeowner's or create a conflict between the consultant and the homeowner;

(e) Acquire any interest, directly or indirectly, or by means of a subsidiary, affiliate, or corporation in which the foreclosure consultant or a member of the foreclosure consultant's immediate family is a primary stockholder, in a residence in foreclosure from a homeowner with whom the foreclosure consultant has contracted;

(f) Take any power of attorney from a homeowner for any purpose, except to inspect documents as provided by law;

(g) Induce or attempt to induce any homeowner to enter into a foreclosure consulting contract that does not comply in all respects with this chapter; or

(h) Create or facilitate a transaction which would violate a homeowner's current deed of trust or other security interest, or which would constitute a default or cause a foreclosure or an acceleration of the debt secured by those agreements.

Amend RSA 479-B:5, III(d)(3) as inserted by section 1 of the bill by replacing it with the following:

(3) Make payment to the homeowner within 90 days of any resale of the property so that the homeowner receives cash payments or consideration in an amount equal to at least 90 percent of the net proceeds from any resale of the property should a property subject to a pre-foreclosure conveyance be sold within 36 months after entering into a pre-foreclosure conveyance agreement. As used in this subparagraph, the term "net proceeds from any resale" means the resale price minus any necessary funds actually expended by the pre-foreclosure purchaser on the homeowner's behalf in order to delay or prevent the mortgage default of delinquency, foreclosure, or execution of a tax deed;

Amend RSA 479-B:7 as inserted by section 1 of the bill by replacing it with the following:

479-B:7 Maintenance of Rights Against Transferee.

I. Any agreement, encumbrance, assignment or transfer of any interest in violation of this chapter shall be voidable at the option of the homeowner, until the time of a completed conveyance to a third party.

Committee of Conference Report on HB 927-FN, an act relative to the specific criteria and substantive educational program that define an adequate education.

**Recommendation:**

That the House recede from its position of nonconcurrence with the Senate amendment, and concur with the Senate amendment, and

That the Senate and House adopt the following new amendment to the bill as amended by the Senate, and pass the bill as so amended:

Amend the bill by replacing all after the enacting clause with the following:

## 1 Statement of Purpose.

I. The general court embraces its duty to define the opportunity for a constitutionally adequate public education for every child in the state. The Encouragement of Literature clause of the New Hampshire constitution declares that knowledge and learning spread through a community are “essential to the preservation of a free government,” and that “spreading the opportunities and advantages of education” is a means to preserving a free, democratic state. Beyond competencies in reading, writing, and arithmetic, a broad exposure to the social, economic, scientific, technological, and political realities of today’s society is essential for New Hampshire students to compete, contribute and flourish in the twenty-first century.

II. The general court finds that the opportunity for a constitutionally adequate education in New Hampshire consists of the substantive education programs from kindergarten through twelfth grade that deliver the essential opportunities to acquire skills, competencies, and knowledge in the subject areas of English/language arts and reading, mathematics, science, social studies, the arts, world languages, technology, information and communication technologies, health and physical education. The general court finds that an adequate education shall provide every child in New Hampshire with the opportunity to receive these substantive education programs in accordance with the specific criteria and high standards for such education programs that are set forth in the applicable school approval standards. The opportunity for an adequate education includes a range of services, educational supports, and instructional resources.

III. In September 2006, the New Hampshire supreme court ruled in Londonderry School District SAU #12 & a. v. State of New Hampshire that the state had not met its duty to define a constitutionally adequate education for New Hampshire’s public school students by not identifying the specific criteria and the substantive education program that delivers the opportunity for an adequate education.

IV. In responding to its responsibility to determine the specific criteria and substantive education program that delivers the opportunity for an adequate education, the general court analyzed the current education delivery system established jointly through the legislative and executive branches. Specifically, the general court reviewed the standards for public school approval and the state’s curriculum frameworks. As part of its review, the general court determined which of the standards and curriculum frameworks provide the opportunity for an adequate education. In analyzing the school approval standards and curriculum frameworks, the general court recognized that they were developed with the widespread participation of educators, business people, government officials, community representatives, and parents. As a result of the quality of both the standards and the frameworks, the general court identifies the standards in RSA 193-E:2-a and the curriculum frameworks that support those standards as the specific criteria for an adequate education.

V. The general court reviewed and debated numerous bills attempting to determine the specific criteria which constitutes the opportunity for an adequate education. An integral part of this legislative process was the gathering of public input through forums throughout the state at which educators, government officials, and members of the public offered their opinions on draft legislation.

VI. The specific criteria for an adequate education, as enacted in this act, are formulated to permit common understanding, foster meaningful application, and allow for objective measurement and assessment.

VII. This act is not intended to stand in isolation from the other statutes and rules relating to educating New Hampshire students as required by state and federal law.

2 New Sections; Substantive Educational Content of an Adequate Education; cost of an Adequate Education; Resource Elements; Legislative Committee on Costing an Adequate Education. Amend RSA 193-E by inserting after section 2 the following new sections:

### 193-E:2-a Substantive Educational Content of an Adequate Education.

I. Beginning in the school year 2008-2009, the specific criteria and substantive educational program that delivers the opportunity for an adequate education shall be defined and identified as the school approval standards in the following areas:

- (a) English/language arts and reading.
- (b) Mathematics.
- (c) Science.
- (d) Social studies.
- (e) Arts education.

- (f) World languages.
- (g) Health education.
- (h) Physical education.
- (i) Technology education, and information and communication technologies.

II. The standards shall cover kindergarten through twelfth grade and shall clearly set forth the opportunities to acquire the communication, analytical and research skills and competencies, as well as the substantive knowledge expected to be possessed by students at the various grade levels, including the credit requirement necessary to earn a high school diploma.

III. Public schools and public academies shall adhere to the standards identified in paragraph I.

IV. The school approval standards for the areas identified in paragraph I shall constitute the opportunity for the delivery of an adequate education. The general court shall periodically, but not less frequently than every 10 years, review, revise and update, as necessary, the standards identified in paragraph I and shall ensure that the high quality of the standards is maintained. Changes made by the board of education to the school approval standards through rulemaking after the effective date of this section shall not be included within the standards that constitute the opportunity for the delivery of an adequate education without prior adoption by the general court. The board of education shall provide written notice to the speaker of the house of representatives, the president of the senate, and the chairs of the house and senate education committees of any changes to the school approval standards adopted pursuant to RSA 541-A.

V. The general court requires the state board of education and the department of education to institute procedures for maintaining, updating, improving, and refining curriculum frameworks for each area of education identified in paragraph I. The curriculum frameworks shall present educational goals, broad pedagogical approaches and strategies for assisting students in the development of the skills, competencies and knowledge called for by the academic standards for each area of education identified in paragraph I. The curriculum frameworks shall serve as a guide and reference to what New Hampshire students should know and be able to do in each area of education. The frameworks do not establish a statewide curriculum. It is the responsibility of local teachers, administrators, and school boards to identify and implement approaches best suited for the students in their communities to acquire the skills and knowledge included in the frameworks, to determine the scope, organization, and sequence of course offerings, and to choose the methods of instruction, the activities, and materials to be used.

VI. In this section, "school approval standards" shall mean the applicable criteria that public schools and public academies shall meet in order to be an approved school, as adopted by the state board of education through administrative rules.

#### 193-E:2-b Cost of an Adequate Education.

I. The general court shall use the definition of the opportunity for an adequate education in RSA 193-E:2-a to determine the resources necessary to provide essential programs, considering educational needs. The general court shall make an initial determination of the necessary specific resource elements to be included in the opportunity for an adequate education.

II. The general court shall create a process for the periodic determination of the specific resource elements essential to providing the substantive educational content of an adequate education. This review should occur no less frequently than every 10 years.

III. The general court shall complete the determination of the cost of an adequate education in accordance with the provisions of this chapter as expeditiously as possible following submission of the findings and recommendations of the joint legislative oversight committee pursuant to RSA 193-E:2-d but no later than the end of the 2008 fiscal year.

193-E:2-c Resource Elements. The general court recognizes that schools with greater educational challenges will benefit from varying resources. Schools with varying educational challenges often exist within a single school district. The general court is committed to addressing the varying educational challenges that exist among the schools of the state.

#### 193-E:2-d Legislative Committee on Costing an Adequate Education.

I. There is hereby established the joint legislative oversight committee on costing an adequate education. The members of the committee shall be as follows:

(a) Five members of the house of representatives, which shall include at least 2 members of the house education committee and at least 2 members of the house finance committee, appointed by the speaker of the house of representatives.

(b) Five members of the senate, which shall include at least 2 members of the senate education committee and at least 2 members of the senate finance committee, appointed by the president of the senate.

(c) The governor or designee as ex officio member of the committee.

II. The committee shall review and study the analytical models and formulae for determining the cost of an adequate education and the educational needs and resources needed to deliver an adequate education for children throughout the state.

III. The committee shall also study and review transition assistance for school districts that as of the effective date of this section do not provide public kindergarten in order to enable those school districts to provide public kindergarten in accordance with RSA 193-E:2-a.

IV. The general court recognizes that the ability to benefit from educational opportunity varies from school to school. Schools with varying educational challenges often exist within a single school district. The committee shall develop and propose criteria for identifying schools with enhanced needs and identify and propose any resources these schools may need.

V. Following a public hearing, the committee shall report its findings and recommendations as required by this section, no later than February 1, 2008 to the governor, the speaker of the house, the president of the senate, and the state librarian.

3 Reference Changes. Amend the following RSA provisions by replacing "equitable" with "adequate": RSA 21-N:1, II(c); RSA 193:1, I(c); RSA 193-E:1, II; the section heading and introductory paragraph of RSA 193-E:2; the section heading of RSA 193-E:3; RSA 194-B:3, II(i); RSA 195:14, I(c); RSA 195:14, I(d)(2)-(3); RSA 195:14-a, I; RSA 198:41, II(b); RSA 198:41, III; the section heading of RSA 198:42; RSA 198:42, I-II; RSA 198:43; RSA 198:48; and RSA 198:48-a, VII-VIII.
