Senate statement regarding the tragedy in Greenland

CONCORD - Senate President Peter Bragdon and Democratic Leader Sen. Sylvia Larsen released the following statement today regarding the tragedy in Greenland that took the life of Chief Michael Maloney and injured four other New Hampshire police officers:

“On behalf of the entire state Senate, we want to send our sympathies to the Maloney’s and the families of the other officers who were injured. New Hampshire is a small state filled with close-knit towns like Greenland so a tragic event like this touches us all. The loss and wounding of police officers is a painful reminder of the dangers our brave men and women in blue face each and every day. Our thoughts and prayers are with all those who are suffering from the Greenland tragedy and we look towards healing for the entire community.”
