**Forrester praises LCHIP grant awards to preserve NH historical sites**

Concord, NH – Today, LCHIP grant awards were announced in order to preserve historic sites and land conservation throughout the state of New Hampshire.

Senator Jeanie Forrester (R-Meredith), Senate Finance Chair, issued a statement following the grant announcements.

“I am pleased that the legislature took a leadership role in restoring and protecting the LCHIP dedicated funds and making grant awards like those made today possible. As a former Main Street executive director, an LCHIP board member, and now a legislator, I’ve experienced first-hand how LCHIP grants successfully foster public-private partnerships to conserve and preserve New Hampshire’s historic buildings, beautiful vistas, and landscapes, giving our state its distinctive character,” said Senator Jeanie Forrester (R-Meredith).

“As an LCHIP board member, I had the opportunity to visit three sites from Sanbornton to Bristol to Haverhill which were granted LCHIP funding for restoration and preservation, including a house of worship, a town hall and a former academic building. Maintaining these sites is a valuable endeavor for New Hampshire and I am committed to ensuring that this dedicated fund is maintained.”
