Morse praises Governor, Legislative leadership on top NH priorities

Concord, NH – Senate President Chuck Morse (R-Salem) issued the following statement:

“The Governor, House and Senate came together to lead in 2017 by supporting a budget that works for the State of New Hampshire, grows the economy and addresses mental health care and the opioid crisis, among numerous other priorities.”

“We are committed to working together in 2018 to move our state forward by making sure our priorities in the last session are being effectively implemented throughout state government.

“We want to continue shaping policies that focus on making New Hampshire the best place to live, start a business and raise a family. We want to drive our state’s economy by reforming outdated and burdensome regulations on businesses, provide a top tier education for students to prepare them for New Hampshire’s high tech workforce, while making sure policies to address the opioid crisis and mental health care are reaching our communities and making a difference to families across the state.”

“I look forward to working closely with Governor Chris Sununu and Speaker Gene Chandler as we lead the way through this legislative session.”
