Attached are Christina Muñiz's comments on Final Proposal 2021-126 from the Department of Health and Human Services (Department) regarding the readoption and readoption with amendment of He-W 549 on home visiting for prenatal, child, and family support services.

There is a minor substantive comment on page 4 which relates to the public interest due to lack of clarity. Specifically, the comment outlines that there are subclauses that should be broken out into their own paragraphs as they do not flow from the introduction language and should be written as separate requirements.
