

STATE OF NEW HAMPSHIRE

Inter-Department Communication

DATE: May 5, 2022

FROM: Michael A. Morrell
Acting Administrative Rules Director

AT (OFFICE): Legislative Services

SUBJECT: Final Proposal 2022-6 DES Standards Applicable to Certain New or Modified Facilities and Sources of Hazardous Air Pollutants

To: File

Attached are Kim Reeve's comments on Final Proposal 2022-6 from the Department of Environmental Services (Department) regarding the readoption with amendment of Env-A 501.01, Env-A 502.01, Env-A 503.01, and Env-A 06.01 on standards applicable to certain new or modified facilities and sources of hazardous air pollutants.

There is a note to JLCAR on page 2 which is also relevant on page 4. The note to JLCAR explains that the State's delegation agreement with the Environmental Protection Agency is the reason that the updates in this proposal will not impose any new requirements on any sources in New Hampshire. The standards being proposed here are already in effect for existing sources.
