10. Fiscal Impact Statement (Prepared by Legislative Budget Assistant)

FIS # 22:218, dated 11/2/2022

A. Comparison of the costs of the proposed rule(s) to the existing rule(s):

When compared to the existing rules, the proposed rules may increase costs by an indeterminable amount to state citizens and independently owned businesses.

B. Cite the Federal mandate. Identify the impact on state funds:

No federal mandate, no impact on state funds.

C. Cost and benefits of the proposed rule(s):

The Department of Revenue Administration states approximately 50 percent of taxable land in the state is subject to this alternative use (Current Use) valuation model. The proposed rates for Cub 305.03, Cub 305.04 reflect minor changes in the valuation of the income-producing capacity of forest land in the state and are being readopted with amendments in order to implement the assessment ranges recommended by the Current Use Board for open space land assessed on or after April 1, 2022. RSA 79-A:4 requires the Board to meet annually to establish a schedule of criteria and current use values to be used for the succeeding year.

The proposed rules make the following changes to the range of assessed values for land in current use:

Assessment Ranges for Forest Land Categories				
	Existing Rules		Proposed Rules	
	Minimum	Maximum	Minimum	Maximum
White Pine	\$123	\$185	\$123 (no change)	\$185 (no change)
Hardwood	\$64	\$96	\$65	\$98
Other	\$40	\$60	\$40 (no change)	\$60 (no change)
Assessment Ranges for Forest Land Categories with Documented Stewardship				
	Existing Rules		Proposed Rules	
	Minimum	Maximum	Minimum	Maximum
White Pine	\$74	\$111	\$74 (no change)	\$111 (no change)
Hardwood	\$38	\$58	\$39	\$59
Other	\$24	\$36	\$24 (no change)	\$36 (no change)

There is cost or benefit for Cub 305.02, Cub 305.05, and Cub 305.06

A. To State general or State special funds:

None

B. To State citizens and political subdivisions:

To the extent state citizens own land falling within the affected categories, their costs may increase slightly based on the assessment changes. The proposed rules will result in a minor reapportionment of local tax burdens due to the changes in distribution of value and minimal impact to local tax rates.

C. To independently owned businesses:

To the extent independently owned businesses own land falling within the affected categories, their costs may increase slightly based on the assessment changes.

11. Statement Relative to Part I, Article 28-a of the N.H. Constitution:

The proposed rules and rule amendments do not mandate fees, or additional local expenditures, on a political subdivision of the state and, therefore, do not violate Part I, Article 28-a of the NH Constitution.
