

Dear Special Committee Members,

I support the redistricting maps pass by the House in their current form. The House maps have done a better job of representing New Hampshire, ensuring that our elections are fair, and that both “sides” can have a seat at the table.

Specifically, the House's Congressional map kept more shared Police and Fire Departments, shared water and sewers systems, and regional planning areas together. As you know these are all services that rely heavily on federal funds and it is imperative they have a untied voice.

I ask that you please pass the maps in their current form.

Thank you,

Jim & Nina Kelly
