NH Senate Redistricting Committee

Hillsborough County Public Hearing Testimony

To Whom it May Concern:

It is of utmost importance to note that 74 towns in NH, many of which are in Hillsborough County, have passed resolutions calling for fairness in the redistricting process. Fairness has bipartisan overwhelming support throughout the state.

Enclosed as part of my testimony, please find Goffstown's warrant from March 2020, calling for fair redistricting. As you can see, it passed by a wide majority.

Thank you for heeding and abiding the voices of the citizenry you represent.

Barbara Schult

ARTICLE 14

Shall the Town urge the New Hampshire General Court, following the 2020 census, to redraw the state's political district maps in a fair manner providing for effective representation of New Hampshire's voters. And, in order to fulfill this obligation, the New Hampshire General Court shall appoint an independent redistricting commission to draw the district maps in a way that does not rely on partisan data favoring political parties of candidates.

Within 30 days after the Town Election, the record of the vote approving this article shall be transmitted by written notice from the Goffstown Select Board to all Goffstown state legislators and to the Governor of New Hampshire informing them of the results.

Submitted by petition.
