Senate President Thanks Election Officials and Poll Workers

CONCORD - Today, Senate President Donna Soucy issued the following statement regarding the 2020 General Election:

“As polling locations begin to close across the state, it is imperative that we thank the hard working election officials and poll workers who made it possible for Granite Staters to safely and securely cast their ballots in the midst of a pandemic. This year has truly highlighted the dedication of these volunteers. On behalf of the New Hampshire Senate, we thank you for your service.”
