

Solid Waste Disposal and Operating Fees in U.S. States
10-Jan-13

	State	Fee(s)	Comments
1	Alabama	\$1.00	Fee for all waste disposed in landfills
2	Alaska	Varies	The department charges the facilities for its actual cost of reviewing, inspections, compliance etc. This funds about 20% of their program.
3	Arizona	- \$1,250 - \$12,500/yr - \$122/hr - \$4.50/ton	- Range of annual fees for landfills depending on size - Hourly plan review fee - Special waste handling fees <i>These fees are proposed as the result of recent legislation</i>
4	Arkansas	- \$1.50/ton - \$1.00/ton - \$0.50/ton	- To be paid by a landfill operator or an out-of-state transporter - To be paid by landfill operator for the state Post-Closure Trust Fund - For private industry landfills
5	California	\$1.40	Disposal fee at landfills. There are also fees on tires, used oil and electronics. <i>According to the information compiled by the State of Missouri</i>
6	Colorado	- \$0.13/cy - \$125/hr (\$1,000)	- Charged for waste disposal - Hourly review fee - Annual fee for facilities not subject to disposal fee
7	Connecticut	- \$1.50/ton - \$400 - \$2,750/yr	- For waste disposed at WTE facilities (Connecticut has no landfills) - Range of annual fees depending on the type of facility
8	Delaware	\$84/ton	Tipping fee at the state owned landfills

9	Florida	\$1/ea	Purchase fee for every tire sold in-state, which funds entire SW program and then some.
10	Georgia	\$0.75/ton	For disposal of MSW and C&D
11	Hawaii	\$0.35/ton	Disposal fee <i>According to the information compiled by the State of Missouri</i>
12	Idaho	No operating or disposal fee	
13	Illinois	- \$2.00/ton - \$1,050 - \$52,630/yr	- Fees charged at landfills receiving over 150,000 tpy - Range of annual fees for other landfills depending on size <i>According to the information compiled by the State of Missouri</i>
14	Indiana	- \$0.05 - \$0.10/ton - \$500 - \$35,000/yr	- Disposal fee at incinerators and landfills respectively - Range of annual fees depending on facility type and size.
15	Iowa	\$4.75/ton	- Disposal fee that is reduced depending on how much waste diversion occurs in a planning area. <i>According to the information compiled by the State of Missouri</i>
16	Kansas	- \$1/ton - \$125 - \$5,000/yr	- For waste disposal - Annual renewal fee depending on type of facility
17	Kentucky	\$500 - \$7,500/yr	Range of annual fees depending on facility type and size
18	Louisiana	- \$7,920 + \$0.75/ton - \$1,980 + \$0.20/ton - \$660 + \$0.20/ton - 25% of base fee	- Annual fee and disposal fee at industrial solid waste landfills - Annual fee and disposal fee, exceeding 75k tons at non-industrial solid waste landfills - Annual fee and disposal fee at C&D landfills - For all landfills in post-closure
		- \$1/ton - \$25/ton	- Various fees on defined "special wastes" disposed at landfills

19	Maine	- \$1/ea - \$143 - \$12,805/yr	- Fee on each tire and battery sold in state - Range of yearly licensing fees depending on facility type and activity
20	Maryland	\$2/ton	Paid by generators of coal ash
21	Massachusetts	\$865 - \$14,240/yr	Yearly fees within this range depending on what type of facility it is
22	Michigan	- \$0.75/ton - \$0.36/cy	- To fund a perpetual care fund established by the landfill operator, capped at \$1,156,000 - Surcharge for solid waste disposed of at landfills
23	Minnesota	-9.75% -17% - \$2/ton	- Tax imposed on mixed MSW services by a residential generator - Tax imposed on mixed MSW services by a commercial generator - Tax on the management of unmixed solid waste <i>This appears to work like a sales tax.</i>
24	Mississippi	\$1.00	Disposal fee <i>According to the information compiled by the State of Missouri</i>
25	Missouri	- \$2.11/ton - \$1.40/ton - \$2.00/ton -10%	- Fee for landfills and transfer stations shipping waste out of state - C&D landfills - Fee on infectious waste - Of charge for infectious waste management when waste is shipped more than 300 mi.
26	Montana	- \$0.40/ton - \$0 - \$4,200/yr	- For disposal of waste at landfills and incinerators - Range of annual fees depending on facility type and size
27	Nebraska	- \$1.25/ton - \$500 - \$7,500/yr	- For landfill disposal in-state or disposal out-of-state from a processing facility - Range of yearly operating fees depending on type of facility

28	Nevada	\$1/ea	Fee on each tire sold in state
29	New Hampshire	No operating or disposal fee	
30	New Jersey	- \$6,006/yr - \$540 - \$13,695/yr - \$115/hr	- Yearly registration fee charged to all facilities - Range of annual compliance service monitoring service fee - Hourly fee that the state may charge for services
31	New Mexico	No operating or disposal fee	<i>According to the information compiled by the State of Missouri</i>
32	New York	No operating or disposal fee	
33	North Carolina	- \$2/ton - \$2/ton	- Landfill disposal fee - Waste transfer fee assessed at transfer stations
34	North Dakota	Varies	Large industrial and ash landfills are charged for the cost of an on-site inspector. The fees are renegotiated every year.
35	Ohio	\$5/ton	The sum of four different fees to be paid for transfer or disposal of solid waste. <i>Note: fees are not charged twice for waste staying in state</i>
36	Oklahoma	\$1.50/ton	\$0.25 - \$0.50 of that fee is retained by the operator to pay for projects required by the SW program.
37	Oregon	- \$0.81/ton - \$200/yr - \$0.13 - \$0.21/ton	- Disposal fee - Compliance fee for facilities receiving less than 1000 tpy - Compliance fee for other solid waste facilities <i>According to the information compiled by the State of Missouri</i>
38	Pennsylvania	\$6.25/ton	The sum of three different fees for disposal at landfills and WTE facilities

39	Rhode Island	No operating or disposal fee	<i>According to the information compiled by the State of Missouri</i>
40	South Carolina	Varies	Advanced recycling fees on white goods, tires, batteries and oil
41	South Dakota	\$1/ton	For disposal at landfills
42	Tennessee	\$1.25/ton	Disposal fee at lined landfills <i>According to the information compiled by the State of Missouri</i>
43	Texas	\$1.25/ton	Fee on waste disposed at landfills
44	Utah	- \$0.13 - \$2.50/ton - \$0 - \$66,000/yr	- Range of disposal fees for wastes disposed at commercial landfills - Range of annual fees charged at municipal landfills depending on size
45	Vermont	- \$6/ton - \$0.75/ton	- For disposal in landfills or incinerators whether in-state or out-of state - Based on permitted capacity, not applied to municipal facilities or recyclables
46	Virginia	- \$0.115/ton	- Landfill disposal fee
		- \$0.055/ton	- WTE disposal fee
		- \$1000 - \$7500/yr	- Range of annual fees assessed at other facilities depending on facility type
47	Washington	No operating or disposal fee	<i>According to the information compiled by the State of Missouri</i>
48	West Virginia	\$8.75/ton	For waste disposed of at landfills
49	Wisconsin	- \$13/ton	- The sum of four different fees for disposal of solid waste in landfills. <i>Note: Wisconsin's fee schedule is fairly complex. This represents approximately what a typical MSW landfill would pay.</i>
50	Wyoming	No operating or disposal fee	

COLOR KEY:

XXX	= per ton tipping fee
XXX	= special waste tipping fees
XXX	= unclear / other

It appears that 35 states have a per ton disposal fee
