**METHODOLOGY:**

This bill authorizes the Secretary of State to develop an election information portal allowing voters to access new voter application, request an absentee ballot or request changes to the statewide centralized voter registration database, such as name, domicile address, mailing address, and party affiliation.

The Department of State indicates the estimated cost for designing, building, and testing the portal is \$426,000. Additionally, the Department anticipates annual maintenance fees of approximately \$84,000 and the need for a new ongoing position, specifically a Program Assistant III, labor grade 23, to help get the portal project up and running and then transition to handle the increase call volume to assist voters and election officials with the new portal.

<b>Costs</b>	<b>FY 2025</b>	<b>FY 2026</b>	<b>FY 2027</b>
New Portal Design and Construction	\$426,000	\$0	\$0
Maintenance Fees	\$42,000 (6 months)	\$84,000	\$84,000
Program Assistant III Position	\$87,000	\$90,000	\$93,000
<b>Total</b>	<b>\$555,000</b>	<b>\$174,000</b>	<b>\$177,000</b>

It is assumed the fiscal impact from this bill will not occur until FY 2025. Additionally, this bill does not establish or provide an appropriation for the new position. Nor does it provide an appropriation for the new portal.
