New Hampshire Health Assessment and Improvement Plan

Welcome to NH Lives Well!

With support from the NH Department of Health and Human Services, the NH State Health Assessment and Improvement Plan Advisory Council developed NH Lives Well in 2020 as a framework for the most recent State Health Assessment and State Health Improvement Plan.

The phrase “NH Lives Well” comes from our vision of how we want people in NH to experience health and wellness: in all places, in all ways.

The purpose of this website is to share important information from the most recent New Hampshire State Health Assessment, and the State Health Improvement Plan that will follow.
