Member of the Commission,

Attached is a file showing the historical data for cash deposits net of refunds from the BPT and BET taxes and a file showing the rate changes to the BPT over the years. The rata change file may have more data than what the Commission requested in the last meeting but they are useful information.

As to the information on foreign dividends reported to NH, unfortunately, we do not track that data to be able to provide that information for this study.

Thank you,  
Keen
